

LOOK THE PART

“I can give you everything that you need.”
“You really thought that something would change.”
“She could guide me.”
“She cannot even guide herself.”
“We can start again tomorrow with new pieces.”
“How would that make anything change?”
“I never saw any of it change.”
“That is a good ten year of work.”
“Seem like ten minutes to me.”
“I don’t even know which words belong with which person.”
“We are already beyond an intervention.”
“I never thought that it would get to this point.”
“It is pretty much like this all the time.”
“Watch my stuff.”
“Are you checking me out?”
“Get this guy the proper credentials.”
“Why do you even want to be here?”
“What were you saying to each other.”
“They really made a mess.”
“Who turned up the music?”
“Have you even thought about this?”
“I have. But not in the way that you think.”
“You need to come to solution.”
“Everything is being shared.”
“We cannot stop now.”
“How did you make all this money?”
“An investment that paid back.”
“How much of yourself are you willing to risk?”
“Not where I come from.”
“That is a time machine.”
“Do not tease me.”
“None of this looks good.”
“What are we eating?”
“A little bit of paradise.”
“This is not edible.”
“We need to change who we are.”
“Who is lighting the candles?”
“This is not a real house.”
“I could always use your advice.”
“You need a headache remedy.”
“There is a wall between us.”

“This is a fair deal.”
“I guess that is cute.”
“Are you inviting me?”
“I was not looking to be invited.”
“I do not want to leave my life behind.”
“There is no traction.”
“What am I supposed to do now?”
“They really are working together.”
“I am going to need more experience for the job.”
“That is not a pest. It is a pet.”
“How does that work?”
“We want to take some photos.”
“Of potatoes.”
“I want to show you what I am made of.”
“We are all made the same way.”
“You have a head start.”
“The kids are watching this.”
“One of them complained.”
“Enjoy yourself. Do not do something that would embarrass you.”
“Come with me, and I can embarrass you.”
“Your ideas are getting ahead of you.”
“Are we friends?”
“Each in our own way.”
“I need to get you home.”
“You should not have eaten the pea soup.”
“Correct this for me.”
“Don’t worry what you lack. We can make you run the world.”
“I can do what needs to be done.”
“I can extend yourself.”
“This is going to work for pleasure.”
“I love how this is going to work out.”
“We gave him a little extra.”
“This is an art form.”
“We do not need to watch this.”
“You could do this too.”
“This means that I can go anywhere.”
“She really worked on the look.”
“This is the model.”
“I am going to destroy what I have.”
“Are we doing the same thing?”
“We are doing exactly the same thing.”
“This could be me.”
“Then, there would be no me.”

“We do this all the time.”
“You have to try it.”
“What am I trying?”
“Things are going to happen here, and no one will here about it.”
“Get into the moment.”
“You are not going to get punished.”
“What do you want from me?”
“Things work out the same way.”
“We are making notes.”
“That is not going to happen.”
“Chandelle could be convinced.”
“Ginny cannot be where she is supposed to be.”
“Give me all the numbers.”
“You have no idea how this will end up.”
“This is where the money comes from.”
“The machine gives it all.”
“Who gets it back?”
“What is the number of the machine?”
“I was not expecting this.”
“I have a therapy.”
“How does it go?”
“This could last longer.”
“What is going on in here?”
“I am going to hurt you.”
“It is about that time.”
“The two of them are in there.”
“There is nothing wrong with this.”
“Who else is watching this?”
“Giny is who she is because no one else will be watching.”
“Even you are not watching.”
“I feel bad about what I have.”
“I am transforming.”
“What if I included you?”
“We cannot be more honest.”
“That is a kind of betrayal.”
“We did not come here for that.”
“This is something that needs to be shared.”
“I get to balance.”
“It is not like this.”
“It is getting weird.”
“Just let it happen.”
“No one just lets this happen.”
“You are so mechanical.”

“How is that?”
“That is questionable.”
“This is scary.”
“It went down the hole with the rabbit.”
“How many rabbits in the hole?”
“How are we going to do this kind of thing.”
“We need to touch down.”
“That is frightening all of us.”
“Where is this going to end up?”
“We cannot be like this everywhere.”
“We are embarrassing each other.”
“Are you trying to embarrass me?”
“Where is this going to end up?”
“More forgetting.”
“This is not right.”
“This is all spilling out of my head.”
“Are you kidding?”
“What really went on?”
“Do you really want to try this?”
“Where did it end up?”
“The world is being threatened.”
“We need to finish this off.”
“We can continue it another time.”
“I do not want to stop.”
“I am going to get so excited.”
“These are the people who enjoy this stuff.”
“I cannot figure out where all the parts go.”
“Get a manual.”
“It takes time.”
“You are taking everything from me that has made me what I am.”
“Ginny can get it back.”
“There is no Ginny. Just a value in an equation.”
“Why is everyone joining in?”
“We are all one.”
“We are in soft focus.”
“There are no humans. There is no focus.”
“You said that this was not going to happen.”
“What did you see?”
“Excuses.”
“We need to get back home.”
“What did you give us?”
“There are two sides of my character.”
“I cannot work today.”

“I have to work with this side of myself.”
“What is really happening to all of us?”
“It could have been a lot worse.”
“How is it?”
“Let us do the cheese and pizza thing.”
“They have bigger words.”
“They all do!”
“You have been appointed.”
“The self-appointed Ginny.”
“Which number do you have there?”
“I do not want to end like this.”
“What really happened?”
“We did what needed to get done.”
“I have been checked in.”
“How long will you be here for?”
“I do not want to remember.”
“I got a better job.”
“Where did it stop?”
“Was it that much fun?”
“Where did this happen?”
“Are you trying to insult me?”
“There is a real mess.”
“This has to be cleaned.”
“What is really in there?”
“No one cares.”
“This is a prison scene.”
“I am a bad influence.”
“I know the law.”
“What are you going to put in there.”
“This is next to impossible.”
“Who runs the show?”
“There is someone higher.”
“You are a sky scraper.”
“I cannot do this. Can I get rescued from this place?”
“We are not doing this together.”
“I am all better.”
“They are still playing all crazy.”
“That is a put down.”
“The world is running me down.”
“How is that?”
“Where is this going to get you.”
“That could be my last play?”
“You are not learning the rules.”

“Do we have to be at work tomorrow?”
“There are options.”
“I will make myself better.”
“You should quit breathing bad air.”
“I am working with you.”
“You cannot stop me from coming in.”
“I hold this place together.”
“I feel like such a cynic.”
“How can you give me a better life?”
“I need you to quit acting like a child.”
“What is left?”
“I am a prisoner.”
“We are doing the same thing.”
“We are working toward the same goal.”
“A lack of personal connection.”
“Go to a Laundromat.”
“What kind of life is this?”
“I feel as if part of my heart is being sucked out.”
“That happens to all of us.”
“None of this will change.”
“One foot in the shit and one in the flowers.”
“This is not part of your life.”
“We can make it happen in the now.”
“My muscles are not holding together.”
“Do it, and complete it.”
“That does not work for any of us.”
“Then what happened.”
“I feel as if I am denying myself.”
“You are celebrating your bull shit.”
“Where am I?”
“That did not happen to me.”
“Who was with you.”
“You should have stayed on the straight and narrow.”
“I do not need to hear this.”
“I have a better deal.”
“What do you have in exchange?”
“I have everything that you need.”
“Are you kidding?”
“I do not want to show up.”
“Is that a Pop Tart?”
“I switch habits.”
“How does that work?”
“I have a motto.”

“I stay in my nowhere.”
“Come to my room for a treat.”
“I do not want to get fired?”
“What are you doing here?”
“Bring me flowers”
“You are getting to me.”
“You are dessert.”
“We need to clean the floors.”
“I am spilling all this shit on the floor.”
“I want to finish this job.”
“You have no idea what is happening.”
“Some magic is going to happen as I work.”
“Tell me, Ginny.”
“I am not Ginny.”
“That turns me on.”
“There is not money in this.”
“I got caught.”
“Do not let that stop you.”
“We are all headed toward purity.”
“This is going to take a long time.”
“I have been enjoying this.”
“This is the past.”
“Ginny is not in the room.”
“Who is in the room?”
“We are going to find some kind of ghost hunger.”
“They are already ahead of the curve.”
“I am a little fucked.”
“This is not going to happen to either of us.”
“This is a job. I need this job.”
“What are you doing?”
“Tell me that you love me.”
“They are all watching.”
“This is artistic.”
“Is that the artist.”
“I understand your MO.”
“What are you working on?”
“A way to escape myself.”
“Get the work done.”
“You are finished.”
“I am not part of this.”
“We really fucked up.”
“That is impossible.”
“The show is in overdrive.”

“That is hardly true.”
“Shit.”
“There was a crime on the fourth.”
“We are not going to hide this.”
“We need to go to the hospital.”
“I have this under control.”
“We are going to do a resurrection.”
“Everything is okay.”
“We are all going to see it in the same way.”
“I wanted someone to explain what happened.”
“We need to hide the body.”
“I need to hide my body.”
“That is not going to work.”
“Ginny, how did you get me involved in this.”
“It was all through belief.”
“I have made contact.”
“Who is this guy?”
“Where is this going to end up?”
“I need to complete.”
“There is nowhere that we can take this.”
“Damn!”
“I can hear you.”
“This is ridiculous.”
“He fell.”
“What were you doing?”
“I cannot make this work.”
“They are children.”
“Ginny, you are a child.”
“We could teach you something.”
“Do not drink the water.”
“This is going to take a while.”
“She does not know the difference.”
“So he does not know.”
“I love the look.”
“This is an earthquake.”
“This is hopeless.”
“What is really going on?”
“You are so mean.”
“This is all fake.”
“What really happened.”
“How did you get inside.”
“That seems like the worst.”
“I cannot believe any of this.”

“Between life and freedom, I choose freedom.”
“What is that about?”
“You need to win that one.”
“I have another identity.”
“There is an alternative.”
“Who is protecting you now?”
“I need to find a way to resolve this.”
“This could not be better.”
“She likes the flavor.”
“I need someone to work this out with.”
“Take what you need.”
“Where is this going to end up?”
“At the racetrack.”
“We have choices.”
“Put it in a box.”
“This is all money.”
“What do I get?”
“I fell.”
“Are we working together?”
“We are going to bust you.”
“Figure it out.”
“What do we do with the treasure?”
“We keep it.”
“Take care of it.”
“First things first.”
“We eat. Then we do the really shitty stuff.”
“You blow her up with a story. That is your story.”
“Quentin or Ginny.”
“One and the same.”
“There is a weird method here.”
“We have what we need.”
“There is no way out of this.”
“I give you what you need.”
“This is a little funny.”
“How does that work?”
“There is a solution.”
“How outrageous can we get?”
“I want to forget.”
“Where does this go?”
“I feel empowered.”
“You will get caught.”
“I see what I love.”
“What is left?”

“Where did this end up?”
“Give me a burger.”
“I have hit the bottom.”
“How much money here?”
“You messed the whole show.”
“We have do overs.”
“What is this shit?”
“Who is left?”
“Who is watching me?”
“I am supposed to follow you and report all your activities to the authorities.”
“He is going to need to do a closing.”
“That is hideous.”
“I am the Cinderella.”
“That is not going to clear up anything.”
“The words are going too slowly.”
“Are you challenging me?”
“That is so silly.”
“We are going backwards.”
“We can do the making thing.”
“There has to be a place where we can finish the job.”
“What do you have in there?”
“That was scary.”
“I cannot do that.”
“I need more money.”
“What do I get.”
“I cannot do this.”
“Look inside the book.”
“I do not want to interrupt.”
“I only care about one thing.”
“Thank you for the concern.”
“Where did this start?”
“I need my own excuse.”
“I did not want to get into this.”
“What is the movie?”
“Chandelle would have completed this.”
“I am so sorry about this.”
“We are going to rob the house.”
“That is so cruel.”
“We are still going to get stiffed.”
“I planned for it all day.”
“I can fix it up.”
“I am not a nice person.”
“It’s complex.”

“This is not an excuse.”
“You are going to have to break the law.”
“What is wrong with me?”
“That is not it.”
“I am not looking for this.”
“I am a million other place.”
“That is not what it is really about.”
“Where did you get the costume?”
“From my investment firm.”
“He is going all the way on this?”
“What’s your problem?”
“Why are you so upset?”
“I did some bad things.”
“I am in the middle of some really crazy shit.”
“What do you want to tell me?”
“I can teach you what I did.”
“Let us be bananas.”
“I am feeling crazy.”
“You are going to a difficult place.”
“I am not here. I am with him.”
“That is Ginny.”
“I cannot do this all myself.”
“Who are you waiting for?”
“The clown master.”
“Watch this for me!”
“What is this supposed be about?”
“We are so sorry for ourselves.”
“I am inside.”
“I can help you to escape.”
“I am expecting these people to offer me answers.”
“Why are you waving?”
“I needed to find out.”
“We all do.”
“You are a terrible person.”
“We need to complete.”
“Someone needs to impress his creativity on the world.”
“He calls it a dot product.”
“There is something else to this.”
“What is the location?”
