

EXTRAS

“We do this now, or we do not do it at all.”
“We are taking off from where we left off.”
“This is someone else who wants an explanation.”
“This is a perfect match.”
“Do you want me to believe that this is an effective way to to grow?”
“I can watch you walk back an forth.”
“It is not that story.”
“I will complete it for you.”
“Who will listen to this guy?”
“I am here to be listened to.”
“This really does make a difference.”
“Where did you go?”
“To complete my homework.”
“We could handle this in a more efficient maner.”
“I cannot save all the souls.”
“How many can you take on?”
“Where does that work?”
“Who does that work with?”
“Pretty well everyone here.”
“That is hardly a testimonial.”
“Run scared.”
“They will get you in the dark.”
“Do you want to bother me?”
“We are at the zero level. And there is a minimal point of manifestation.”
“It did not happen again.”
“I felt as if it might change.”
“What else has been cleaned up?”
“Do not come to talk to me?”
“And you are different?”
“You have learned how to control our desires.”
“I am not going to wait another day.”
“Don’t wait another moment.”
“Don’t think about it.”
“This looks like a trend.”
“I am very conscientious.”
“What about loyalty?”
“What is the basic principle?”
“Total satisfaction.”
“Occasional consideration.”
“We can picture what is going on.”
“That is the only thing that I care about.”

“There are two different ways of seeing things.”
“There is too much fluff.”
“I want a purpose.”
“This is not working for me.”
“All of this is a frill. It makes no difference. A garnish.”
“It is not going where you think.”
“We all get a little bit of the picture.”
“I am collecting all the values.”
“I am getting the hamburgers.”
“How many buns do I need?”
“Enough to fill all the orders.”
“That is not going to work.”
“Ketchup.”
“Accountability is everything.”
“Where does this lead?”
“Put me in the car.”
“Someone is going to need to take a chance.”
“I do not even want to be friendly,”
“Are you homicidal?”
“Can you solve a crime?”
“There are so many crimes that no one wants to hear about.”
“That hardly works.”
“Do you dress the same every time.”
“I would hate myself if I did that.”
“This is a level of self-hatred that i cannot deal with.”
“Waht happened?”
“That is not a happy occurence.”
“Everyone must go.”
“That is not a good ending.”
“It is always the same.”
“There is more to reveal.”
“I realize that this is supposed to look special.”
“Where else can we go?”
“I have not revealed myself completely yet.”
“We can hold like this.”
“I did not finish my dinner.”
“None of this worked for me.”
“What were you saving?”
“What do you have to save?”
“That can help.”
“I want you to do it for me.”
“What are you talking about?”
“The dance of the veils.”

“All of that looks real.”
“Where else?”
“That is a danger.”
“Hold out.”
“I remember.”
“Let me contribute.”
“You are not going to get anything.”
“What kind of purpose?”
“Where does this end?”
“You get a speaking role.”
“What is your objection?”
“Where is this headed?”
“Working on something important.”
“Language, numbers, vitality, speed.”
“What does this have to do with me?”
“What are you waiting for?”
“Something that does not work for anything.”
“I am glad that you have a simple answer.”
“And what are you going to be working on?”
“Is any of this real?”
“And what does this do for you?”
“You are a more dangerous version of the same thing.”
“I get what I want.”
“And it is very funny.”
“This is not something that I really want.”
“You want a little more.”
“Something distracting.”
“I will be doing something else.”
“Nothing means anything anywhere.”
“This is not a place thing.”
“How is that?”
“Everything is a displacement.”
“Can you explain that.”
“You will have a script, and you will play a role.”
“Where will that end up?”
“You will have to stop.”
“I am not sure when to stop.”
“There is no way to get in.”
“Slam the door.”
“Crawling on the ocean floor.”
“It is fucking dark down here.”
“It is all one kind of test.”
“And that is perfect for you.”

“I want to get out of here.”
“You are not programmed to escape.”
“Someone needs to ask.”
“They always do.”
“Do you think that I fucking care?”
“I KNEW THINGS. THINGS OF THINGS.”
“This is so hellish.”
“Not getting back.”
“It is all waiting for me.”
“The temporary is more than temporary.”
“This is all that I have.”
“How long will that last?”
“Until someone asks.”
“I am preparing to ask.”
“I WANT A RAISE!”
“This is not even a job.”
“I cannot stop.”
“Stop it.”
“Executive decision.”
“On my life.”
“We could start all over from this point.”
“A wedding in blood.”
“Someone is missing?”
“You’re deserting the cause.”
“What is the cause?”
“Better opportunity for all.”
“Opportunity can be a terrible trap.”
“I trade up.”
“This is shit.”
“I am getting things that i do not want.”
“You are getting out of your game.”
“Someone needs to ask.”
“She is really getting fucked over by some people. It is a long histroy.”
“It needs to come to me.”
“I see what I want.”
“She is really getting messed with.”
“I do not want to see this.”
“You need to complete the act.”
“How do you do that?”
“I don’t know.”
“You’re not a psychiatrist.”
“I always have a motive. I’m a killer.”
“Where does this happen?”

“There is no moral exemplar.”
 “I started with a fesh deck.”
 “How long did it take you to mark the cards.”
 “The order is different.”
 “There are things thatg you need to change.”
 “You are do far out there.”
 “I gave you a cue.”
 “I told everyone what needed to be said.”
 “I have all your records from high school.”
 “That ended so quickly.”
 “This is about people who last longer than that.”
 “You are creating a mythology about this lifestyle.”
 “This is public philosophy.”
 “You never stop. The biology is set up so that this never stops. You live off these
 cues. These little flavors.”
 “It begins right here.”
 “I cannot take payment.”
 “Someone is going to have to take care of it.”
 “How will this be resolved?”
 “Add to the price.”
 “He can do it all.”
 “Give it to me all at once.”
 “Do the same thing.”
 “We are going to have to make changes.”
 “HOW DO YOU PREPARE THE BODY, AND HOW DO YOU PREPARE THE
 MIND?”
 “A lot reading.”
 “This is too much interference.”
 “I feel like nothing.”
 “When did that take place?”
 “Everything coincided?”
 “I need another angle.”
 “What more do you want?”
 “I do not understand the overall process.”
 “There is a lot of time of not getting.”
 “You need to go through thousand of pages to come to a resolution.”
 “Then you figure it out.”
 “Why do you look at it that way?”
 “I held on.”
 “What is this about”
 “You can leave now.”
 “*You think that you are playing a more extensive role.*”
 “*I am looking at the high points.*”

"Should I have rewarded you?"
"That does nothing for me?"
"When is the changing of the guard?"
"I do not want to lose what I have."
"But you lost all of it."
"Please do not keep this going."
"I am looking for someone who really gets this."
"You really get me."
"What keeps the situation going?"
"We are all going to explode together."
"This thing that I really want."
"He is like a net for all this shit."
"Someone needs to hear what it is about."
"That is not a good way to end."
"All the money went down in the lake."
"You cannot offer anything."
"What are you doing creatively?"
"There is no risk here."
"This is a different kind of partnership."
"I am a star in my own life."
"What does this say?"
"I am going down for my own shit."
"That is not a good way to think about this."
"I could give you a follow spot."
"I did so well. This is a silent performance."
"We need to be further along."
"I do not know what you mean."
"I do not care."
"Can you listen to this twenty four seven?"
"Where are you at?"
"You need to step out of your comfort zone."
"I need to rest."
"This is the most important that ever happened."
"Move on!"
"This is all so done."
"This all about timing."
"I missed a word."
"Get back."
"I am going back."
"There is nowhere to go back to."
"I became distracted."
"That is half of what I need."
"I knew that was coming."
"Just say what the fuck."

"It was life and death."

"It was."

"I need more guidance."

"I am doing what everyone else is doing."

"I was so close to escaping."

"That will not happen."

"There are options."

"My eyes are closed."

"I am groping my way."

"There will be no resolution."

"There is another way of adorning time."

"There is this person in the background, and she knows things about investment."

"What is any of this about?"

"Where are you going?"

"I went down one path."

"There are a million paths that way."

"This is a little funny."

"What is that mix?"

"The more that we continue, the more fucked up we become."

"You are becoming."

"This is a way of becoming."

"Who can really understand?"

"Everyone wants to protect their interest."

"The market is never going to be fair."

"How do you want to respond?"

"This is never going to be about anything other than work."

"This is all about work."

"I want to be paid to breathe."

"I put up an effort."

"I did not even ask."

"I was given what I needed."

"There is only one alternative."

"That is a great deal of effort for so little in return,"

"And what do you see?"

"A society in decay."

"An ability to set things right."

"CAN YOU GIVE ME A RIDE HOME?"

"She wanted something from me that I was not going to give."

"If you do not get this, then you do not get this."

"Where are we?"

"This is headed toward nowhere."

"We have two variations."

"One is in training, and he thinks that he is contributing something of significance. He is good at belaboring the obvious. Then there is the obvious."

"Give me names."
 "Drib and drab."
 "This is much more comfortable."
 "Please do not disturb."
 "One has a good job, but a bad life."
 "And one has a bad life, and a bad job."
 "This is going to get very exciting."
 "What do you want to know?"
 "What is the power of the pen?"
 "She could change her costume, and they would be as one."
 "The connection."
 "Belaboring the obvious."
 "And the obvious."
 "Give me names."
 "Now and then."
 "Sit down, and shut up."
 "That is all that I know."
 "Do not leave me this way,"
 "Do you have any taste?"
 "You need to ask."
 "Are you a user?"
 "Your reason to be here is to distract you from what you need to know."
 "How do they all do this?"
 "I did not like how that went down."
 "This is alol that every matters."
 "I am going where I need to go."
 "And where is that?"
 "To the ends of teh earth."
 "You are my avatar."
 "I want more than that."
 "There is a cause."
 "I would prefer that you found somewhere else to be what you need to be."
 "Are you telling me that I am not essential to this story?"
 "Take what you have, and make it real."
 "I am not going to waste my best lines."
 "You are really prepared for somethijng greater."
 "I may not seem that way, but I am working on something very important."
 "You can ask."
 "Can you make the planets move more quickly."
 "What is this about?"
 "I do not want to think about that."
 "I am creative."
 "I am getting fucked up."
 "I am not a nice person."

"You could be a little more friendly"
"What do you want from me?"
"I am not here to give blood."
"There are people who are going to interfere."
"Give me a name."
"I do not like to be bothered."
"Will that help to change my life?"
"Put things together!"
"I am looking out for you."
"My mind got wipe again."
"Is your name Wintergreen?"
"Are you being mean to me?"
"Where do you work?"
"I do import-export."
"Can I really trust anything about you?"
"I can teach you things about the computer."
"I am so glad."
"What did you wipe from your hard drive."
"Pictures of Winetergreen."
"How far do I have to go to get rid of these influences?"
"Across the country."
"Next door."
"That is going to change things."
"You will really love this."
"This is more involving than you know."
"Bad blood."
"You understand things about yourself."
"I have an apartment, I have a job, and I am here."
"We are all here"
"This is the only thing that makes any difference."
"We will all be sitting in different parts of the room."
"This is assisted-living for adults."
"We do not get along."
"I have been there."
"I am there."
"I get it all too well."
"None fo that should mater."
"But it does."
"Take what you will."
"What does that mean?"
"We are very isolated from each other."
"This is not my decision. The committee tells me what to do."
"You need to make things happen for yourself."
"I do. I have my own business."

“And you print your own money.”
 “We are into cottage industries.”
 “That only provides a limited application of industrial resources.”
 “You can make things work more efficiently with less environmental challenges.”
 “We are not going to get into discussions of currency formation.”
 “We can trade shells.”
 “I have a diamond.”
 “I have gold.”
 “None of that makes much of a difference.”
 “I am creating something for myself.”
 “You are one step ahead.”
 “Tell me, Wintergreen. Where are we going?”
 “I am going to lead you down a one way street.”
 “And what more do I have?”
 “You need to issue bonds.”
 “What is that about?”
 “We are trying to fix the economy.”
 “You need to focus.”
 “They say that. What am I looking at?”
 “I do not want to interfere.”
 “This is cutting edge.”
 “Does it make any difference to you?”
 “I am learning things in class.”
 “You have all of this and more.”
 “Who has more?”
 “Last night was my night.”
 “There is a code.”
 “I am trying to enforce it.”
 “We are all so tolerant.”
 “I do not want to be alone.”
 “You do not know the difference.”
 “I love you more than I know.”
 “This is getting really difficult.”
 “It is all worse than I know.”
 “I could get a better name.”
 “Let me explain to you.”
 “This is all about mother.”
 “You dont’ think about that.”
 “Where are you headed?”
 “That is not going to amke it any better for you.”
 “This is a marriage manual.”
 “What are you saying?”
 “I want to understand.”
 “That is all that makes any difference.”

"I will give blood."
 "I will give ice."
 "Wintergreen, you are not in the room. Nor is Northeasterly."
 "This is too complex for humans."
 "This is a human problem."
 "You are guiding the ship."
 "I hate this."
 "I am going to be waiting."
 "This is a completely different way to see this."
 "Do you know how to change this?"
 "Ask Northeasterly."
 "Ask the wind."
 "How does that happen?"
 "History is one long headwind."
 "I am going to have to go into full-action mode."
 "That will take a lot of resources."
 "I need to make this happen without moving anywhere."
 "I have not shared this."
 "Where is the wedding party?"
 "That is a religious experience."
 "This is your only chance to overcome."
 "That does not happen like that."
 "Who is paying for the room?"
 "Who is paying for the mic?"
 "I shut off debate."
 "None of that is cute at all."
 "It is worse than that."
 "THERE IS SOME DISASTER THAT SEEMS TO DEFINE OUR LIVES."
 "You do not have to see it in such stark terms."
 "I feel as if I am among sharks."
 "They are so means."
 "Tell me what to write, and I will write it."
 "I am not that trivial. I have values."
 "You really have no values. There is nothing that you really care about. You are another shark smelling blood. How am I supposed to respond to any of that?"
 "That could be me."
 "So it could."
 "How do you understand the movement of history?"
 "Like currents in melted ice cream."
 "I do not want to fall in the water."
 "I cannot think about that."
 "I did not give that much of myself."
 "They carried me out in a stretcher."
 "Please get me out of here."

"Get me out of here."
 "Now, it all makes sense."
 "There is a blood shortage."
 "There is not enough indie."
 "Was that good for you?"
 "That was a lot of spending. And what did you get for that?"
 "I got a lot in return."
 "Do you want more value?"
 "What are you talking about?"
 "Make your move."
 "That is all that you care about."
 "Blood type."
 "I am coming back for more."
 "None of that matters."
 "But it does matter."
 "That is all that I care about."
 "That is a caring experience."
 "You found a way out."
 "The front door."
 "You are destroying society with your views."
 "Where is this headed?"
 "That is all that matters."
 "Give me an exit code."
 "Use the key."
 "It is connected to a circuit."
 "I want to follow it. But I am too deep in capturing a scene."
 "I cannot take it any further."
 "How do you really want to say it?"
 "I cannot hear this."
 "Wintergreen, I cannot find your fucking apartment."
 "It is somewhere around here."
 "Give me an address."
 "I am not good with addresses."
 "Point me out where."
 "This is going to get better."
 "I want to ask for more."
 "That does not work here."
 "I am not part of this."
 "Does that make you better?"
 "I am going to pass my calculus test."
 "I will take it for you."
 "Of course, you will."
 "You seem to be all knowledgeable. There is no either/or. Where is your fucking apartment?"

“I need an address.”

“Does this matter for me?”

“We all worship in the same church.”
