

## RENDEZ-VOUS

“I’ve convinced my husband that I’m going on a business trip to Washington DC. He doesn’t suspect a thing. Due to my business there, I’m going to be staying in Alexandria or you only have a couple of meetings to attend. For the rest of the time I will be free. It is the perfect opportunity for us to meet I’ve already set it up. Not only that but I can cover your plane ticket. I’ve made arrangements for you to stay in my room. Nothing is traceable. I’m gonna have no problems at all explaining my itinerary to my husband. This is not to say that he trusts me in everything I do, not at all. But in this case we’re going to make it work. There’s no reason whatsoever to think he will catch on. He has no idea that you and I are communicating. For personal reasons to protect myself, I told him a little about our relationship. For what I have said, it is all been negative. For that reason there’s no reason for him to suspect you at all. When it comes to me, he has been chasing windmills. He makes up things that have no support in fact. All this reinforces the fact that he will never catch on. Of course, secrecy is the utmost. But I’m a professional. I know how to hide traces. There will be no way that he’ll ever figure this out. You and I will be long gone before he realizes what has happened”.

“I can’t wait to see you. I want to feel you inside me. I want to ride you. I’m gonna fuck away all my problems. I want to relive our past. We have never had the opportunity to realize love for each other. But we have carried that belief that faith through every second of our day. I has permeated everything that we do. We cannot breathe without renewing that connection. Whenever I think about how we have been separated by faith, I ache inside. This longing is without bounds. Nothing will ever separate us from each other. We will enjoy our nights of passion. We will renew our togetherness. We will affirm the wondrous connection that makes us one. We will transcend our wretched states and attain a moment that will last in serenity. A romantic aspirations will be granted and safe for all. It is as if we have waited centuries for this resolution. Everything that we know, everything that we are will lead to this moment we will renew, we will enliven, we will grow.”

“We will feel the splendor of existence. I can’t wait to feel your healing touch. I will completely invigorate my being. Remind me of all that I have lost. And I will game this wonder for all time. I welcome this opportunity, and it will grant me grace. I will no longer feel damned. My trauma will vanish. I will again feel oneness with the universe. It is so exciting that I can attain this wonder. For so long, I thought that I had lost you. I felt that we would never talk. We would never share that wonder with each other. Now it vibrates in my body. It shakes within me. I anticipate your embrace I reach out for you. I grasp your body. This is a blessing without precedent. I am in life and fulfilled by this experience. It is everything for me. And now that my plan has gone into affect I feel as if there is nothing that can stop us from realizing our fundamental truths. I will sense that lasting sensation.”

“These experiences will provide me with my enlightenment. I am sustained by the very thought of you. I could barely contain my excitement as I planned this trip to explore these feelings. It has emphasized the unique possibilities for a lasting liberation. And I felt blessed to be able to take the time to make this happen. I can barely contain myself. It’s hard going about my day. I feel constantly aroused. Honestly, I want you inside me right now. I want you to shake me all over. I want you to get deep inside of me. There are no limits to this passion. This is an

understanding that will go on to perpetuity. I can sense that nobody is transfigured. I am immersed in this moment. I am enticed by the possibility. This is all that matters. This is all it will ever matter. I can think about nothing else.”

“Do you hide my notes. You make my life electric. This is everything. I am prepared towards this resolution. This is how my life is meant to be. This is something that can never be taken from me. I have already submitted. I’ve already given myself to the possibility. Without you, I can feel my body start to disintegrate. My mind leaves me. My soul abandon me. You were the only thing that matters. You were the only thing that will ever matter. I can give life and truth to the world. Solely because I have known you. And this knowledge only becomes more apparent. This is a provocative kind of being. This transcendence can guide me towards a deeper form of awareness. I am ready to surpass all limitations. I am poised to surrender all of myself to you. I welcome this wonder. I am driven on by this opportunity.”

“This is a love without limit. This is the only reality worth knowing why has it seemed so resistant? Why is it been denied to me? I can only think of the heavens. At this rate, the order is being restored. The call is now available to me. Nothing will ever separate us from each other. I am pledging my love to you. I need you to pledge yourself to me. I need you to provide me with all your love. You cannot hold back anymore, and you cannot walk away. This is the only thing that matters. This is the sun in the earth. We are the stars that shine. This is a constant blessing. This is a forever. This is our identity. This is the greatest moment of liberation. We all recognize this possibility. We are drawn to it. We are immersed in it.”

“There are no obstacles to the ultimate pleasure. This will speak for us again and again. We will float in this recognition; we will find solace. We are touched by these moments. We are vanishing in this recognition. We attain visibility through its brilliance. We shine. We glow. We live in the glare of time. The madness seizes our being. We are creatures without limits. I need you to affirm everything that I’m telling you. I need you to demonstrate your assent. This is a lasting connection. This is a needed forever. We have been cast out, and now we are embraced by the way it ps. We do not fail. We triumph. And our victory resonates over and over again. There’s no other concern. Nothing else affects us. We do not send it. We did not submit. There is no fear. We will not be deterred. This is a magic without precedent.”

“Well, you may have felt led astray, but life has granted us tranquility. It is a forever. It is a time eternal. It is a touch everlasting. The words abound. The liberation awaits us. We cannot let ourselves be distracted. We move on. We will move onward and upward. There have been moments in our lives where people have tried to take our rightful legacy from us. Our poetry has pointed away. We may have had doubts, but those doubts are long gone. Our bodies sing with this fundamental tune. That is who we are. That is our grace. That is our freedom. We are made to exist in this place. We are fortified. We are released from our burdens. I am going to be so excited to make this trip. It drove me crazy just planning it out. I never thought anything like this would be possible. Now, I am enjoying this experience. I anticipate but I sense how closely we are allotted. There’s no other way to see this. No other way to feel this. This is once and for all. This is our ultimate victory.”

“I think it’s wild we have able to fool him. He doesn’t suspect a thing, which is totally crazy because that’s all he does is respect me the situation is so innocuous that there’s no way he could figure out what’s really going on. I feel excited that I can do this sort of thing. That’s what

makes him so creepy he believes that he has total control when he doesn't. He tries to manipulate me. He tries to force me to do any things I don't want to do. I play the loving couple. Down deep I hate it all. I don't know how I got into this. When I talk with you, I realize how things are supposed to be. This is how my life supposed to be. I'm not supposed to worry about anything else. He fills me with so much stress. It just freaks me out. I can't deal with it at all. That's why this trip is going to be so restful for me. Sure I have to do some work, but we spend most the time together. I can't wait to feel your body. It turns me on just thinking about you. I am so fucking wet. I just want you to fuck me at this moment. You know how excited I guess saying this. I'm going crazy talking about it. I'm going crazy thinking about it. It's also exciting. This is how life should be lived. We should take risks. We should do what a heart tells us. We shouldn't be prisoners to the normal world. We strike out on our own."

"My husband suspects me when I'm doing nothing at all. If I smile, he wonders what I'm thinking about. He's turned into this total control freak. Tells me what to do and say. From being myself, I want to learn and grow on my own. I can't deal with this shit. That's why it's going to be so wonderful to be with you. It's going to be fantastic. Find a way to be myself. When I'm with him, I feel like I'm fake. I'm wearing this mask. I'm saying what I'm supposed to say. I'm hiding my emotions. Now, I'm letting go of all that. The real me is coming out. You don't know how wonderful that feels. I no longer feel restricted."

"I can grow, and I can prosper. I can discover my creativity again. You make me so poetic. Reminds me of those great moments between us. I was too young. I was too young. I was too young. I never knew what we had. Now, I do. I cherish it in. I'm ready to turn it into something more. That's why I'm rushing to be with you. That's why my whole body aches. I shiver. You have to know that it's so wonderful you're going to call me, you're going to get me everything that I need. You're going to bless me. Take me to the next level. Where does it start, and where does it end? We will become constellation together. We will be timeless. Others will celebrate our romantic connection. They were marvel in out great accomplishments. Nothing can stand in our way. We are invincible. The more that we pursue are union, the more that we Marvel and let it shine through."

"You complete me. For so long I've been living in this half life. So much has been taken from me. I've been lost in this nightmare. We will have attained heaven. Going to be able to taste that reward. And it will be so wonderful for me. Nothing will be greater. This is not some thing that can ever be corrected for us to be. It must be forever. I love you so much. I love only you. You are my sunshine. You're my daytime. You are my river. You're in my heart. I'd beat for you. I breath for you. I shine for you. I am inside you. I'm around you. I'm all over you. I am beyond words. I am within words. I'm worried upon word. You are my word. I give my word to you. I will be there. We will be there together. We will be this forever. I need to take a breath. My heart is beating faster. It's going to burst. I'm so excited. I want nothing but this. I was so lucky to have found you again. Now, I am really making that moment I'm building up on it. And moving towards the inevitable. There's nothing greater."

"Heaven and earth coincide. It is the total convergence of two sources. I am immersed in this art, and it enhances my being. I am sustained by this feeling. There's nothing greater. This is how we were meant to be. It may have taken me so long to realize it, but is the only thing that has made any sense to me. This is the basis for all reality. This is a total coincidence I love all aspects

of creation. This is the ultimate revelation. From the moment, the plane takes off, I will feel like an eagle in flight. I will let that movement carry me. It will engage me. I will become overwhelmed by emotion. I will gush. I want you to enter my ocean. I want you to immerse yourself in my waters. Nothing will ever be greater than this. Nothing more matter more. I am so close to a higher sense of revelation. This is the sacred.”

“This is the holy of holies. This is what gives us being. I will be in the hotel room ready for you. I hope you’re perfumed. I will give you the hotel room number. You will find me there. I am completely prepared for what will come. It’ll be a great wonder. It will be an hour and forever. We will each feel blessed by those circumstances. Nothing else matter. Nothing else can engage me with such explosiveness. That’s all that it is.”

“That’s all that we will ever be. The universe yields itself in this amazing way. It blesses and keeps us. It makes us more enlightened. You’ve given me some thing so fantastic you have engaged my salvation I thank you for this gift I am in life and by this blessing if I imagined myself in the hotel room. That is all part of my plan. It is what is going to make me work excited. It is what is going to make this a grand event. Lead me to this place. Leave me alone. But nothing else matter. But nothing else matter! From this point on, this will become the definition of all existence everything will flow from this point everything will return to the source that is why the opportunity is so wonderful. I will be waiting. I will be making for you. I will be rough for you. I will give you everything that you have ever fantasized about. Until this point, I have been sleepwalking through my life. Everything has been absurd.”

“My world is not alive. I am dead to the world. You have touched me in that special place. Your voice enlivens me and brings me some thing so wonderful I cannot wait for that moment. I cannot wait for that connection I wanted to hear. What now? All these nows will collect into one desire that one desire will lead me on. I will get on the plane. I will come to Alexandria. I will be naked for you, I will fulfill all your dreams. What more could you want? What more can anyone want? The universe does not give us more. This is our ultimate. I am ready to share that ultimate connection with you. I’m ready to bring you to Paradise.”

“Do you want to come to paradise with me. Do you want to give all of yourself to this possibility. I want your answer. I await the connection. I’m driven to this point. I need some thing from you I need something deep from you. I don’t know the word to describe this. It is the ultimate act of love. It is the thing that gives love it’s energy and vitality. It is the fundamental dynamic of the world. Do you understand what I’m talking about. You grasp the picture that I’m painting for you.”

“We are already have one in mind. Together we are forming one body. I can wait no longer. But I must wait. You can wait longer, but you must follow me. You must come to me. I am waiting for you. I need you. You’re my everything. I must have you. This is the only way that it can be. This is how it must be. We both await this point. We both are renewed by this memorandum it engages us further airport along. We can sense this madness. It is within us. It is all part of us. It’s the only thing worth knowing. Is the only thing that we can ever know. I accept this gift from you. Accept this gift for me it is pure exchange it is endlessness. It is infinity. How else can we know? We can make the world become some thing more welcoming. This can offer us greater insight. Do you want to know what I understand? I have this great understanding and you’re a new me. You give me everything that I need.”

“You’re this ongoing blessing. You are this faith. And I rush towards you. Nothing will slow me down. Nothing will get in my way. This is how it must be. I overcome.”

“I pushed deeper into this realm. This is amazing. This is pure force. This is the pure force of the universe. As such it shall be like this now and forever. No one can disrupt this harmony. That was why we were given these talents. We were expected to make something over. And I am sure, that you have learned from what I am telling you. You were convinced that this is the only way. I don’t think it’s more intense. The anticipation twists around and makes us think of nothing else. We are given we are driven by thirst in this alone. All that we can think about. Is all that we can enjoy?”

“How am I supposed to take this? How am I supposed to deal with any of this? Do you recognize what this is about? Do you understand any of this? Or is it taking you? Is the world prepared for this. Is the world prepared for love? They can be no other way of seeing this.. That is why we walk on the earth. We sense that blessing. We sense the total engagement of the self. Do we even understand? Is this the opening understanding?”

“We become the terrain. We become the earth. We become this destination. All movement becomes curious. It gets us caught up in the moment. We will come excited by the invitation. May we become one with the destination. We cannot be destroyed; we cannot be destroyed. We are all powerful. This is all part of our magnificence. Our enlightenment is grounded in this wonder.”

“We have waited a long time tonight. There were times when I felt as if I would never see you again. And I felt as if part of me had died. That feeling still affects me. I come alive when I hear your voice. That’s why I can’t wait to see you again It’s been so long and we will make time work for us. This will be our time. Will make up for everything that’s happened in the past. The trip to Washington provides me with a perfect cover. And he has been snooping on me. But he will not find out what was really going on. We are so lucky. We have this opportunity. And we can hide from him. Try is he may, there is no way that he will catch on.”

“We will feel this lovely ecstasy. We will become one with the universe. We will, and we will live in the poetry! . No one can take this thing from us. We are blessed. Once I feel your touch, it will be like nothing is ever mattered. This is my everything. This is my forever. This is how things were meant to be. I can’t see it any other way. It will always be like this. This is our forever. It is our wonder. It is creation. Once it starts, it will never end. It will last until the ends of time. I am overwhelmed by the sensation even thinking about us is an immense pleasure. Nothing could ever be greater. This is our only taste of heaven. This is a glimpse of paradise. This is our encounter with the forever. I shake just thinking about it. I’m overwhelmed by what is to come. I am lost in this illusion.”

“ It is everything in forever. It is without a precedent. Everything I do, my breath, my heartbeat, all this leads back to you. We will realize that love when we are in Washington together. It will sustain us for all time. It will make us great. Will make us wonderful. We will be floating. It’s the promise. It will uplift our souls. It will carry us on forever. We are immersed in the experience This wonder is our everything. Enlightens us. It makes us greater than ourselves. It helps us to expand into a limitless universe. We accept this forever. We embrace the gifts. We are so touched by the wonder. There’s nothing like this constant blessing. And we are attuned to touch. And that caress will be part of us. But I board the plane. I will feel that the rush

of blood to my head. I won't be able to contain myself. I don't know that this is real. I know for once this is real. What is my plan? What are my expectations? What is the sound?

"This is my lasting blessing; this is my dying breath. I dedicate my life to you. I give you everything I have. I give you everything I will have. I'll give you all my earthly treasures. I give you all my dreams for something greater. I will immerse myself in you. You we will endure in permanence. This is the definition of human existence. It is a wondrous blessing. I want to fly to you right now. I want to be in your arms. I want this to be over now and forever. I long for this embrace. I long for you."

"I need you to promise that you're going to be there. I'm taking a hell of a risk in coming. But I'm coming under all cost. I need you there. I'm depending on it. If you aren't going to come, I'm not sure I'm going to take it. I need you so badly. I want you so much. All these years have left me in suspense. What whatever bring us together? I'm shaking all over for you. I'm going to die if I don't see you. Andy waiting in the hotel room. You're going to show up. It's going to be wonderful. We can leave all our fears behind. Something that I've thought about for so long. I dreamed about. There's nothing else in life that's this important. This is the foundation of human existence."

"I live for this love. I cherish this love. I can't exist without our love. I believe. I need you to believe me too. I need you to give me everything that you can. I need you to help sustain me. I need you to rescue me. I can feel you inside me. I hope your body radiates with your power. I can feel the light. I know I can see. Everything is available for me. I am transfigured. I exist in total liberation. Nothing can shake me from this understanding. I sense your invitation. You are drawn to me. We are held in this constancy. We are elevated by its inside. Are we work this forever without precedent. We move in and out of this wonder we are enticed to this marvelous place. Everything pushes us forward. Everything moves us along. Do you know the world and everything it has to offer?"

"This is all part of the revelation. Reveal this with our inner eye. It is this wondrous sensation. Stupendous sensation. I vibrate with it. I'm shaken by it. I sense it in the heart of my being. It's all that makes sense. It is everything for me. It was closer than I can know. That is why I'm drawn to your side. That is why you you up to this invitation. We continues to get closer and closer. We continue to hear the calling. We are lost the appeal. I have made my body ready for you to smooth all over. I'm luxurious. Do you want to kiss me? Do you want to love what I have. Do you want to know my eternity? That is all that will ever matter. Make me great. Make me feel that I am more than I am. I explode in this."

"I'm throwing into this what it wants. It is my forever. Time stops. Time stops in this eternity until we are united. I'm floating in air. Are you are what you give me what I need? How can the universe endow us with this amazing power. How can I escape everything that limits my growth? I accord with you. This is our new science. I cannot be any other way. It must be this way. This inevitability is evident. We were born to be together. Our stars twinkle and some distant galaxy. We reverberate in this constant harmony. We have surpassed ourselves; there's no other way to see this. There's no other way to feel us. We are now and forever. We are beyond the world. We are drawn to a new place. I cannot be other than this."

"We have been pre-ordained by a sacred text. We are brought together by a holy revelation. We find our unity in a miraculous convergence. Everything focuses on this point."

Everything comes together.”

“As that day get closer, I get more excited. I only assume that you feel the same way. I can barely live from moment to moment. My only existence will be with you. That sensation comes over me and trust me. It overwhelms everything else in my mind. The more that I think about you, the more that I feel that you were here. You fill in for my emptiness. You fill in for my hollow. I look to you I feel blessed by you you excite me. You invigorate me. You make my blood slow. You give me everything that I like. I immerse myself inside you. I create my identity like a piece of art that is rooted in this deep emotion.”

“I am amazed by you. You refresh me. You let me go and let go of all my problems. I let go of all my burdens. I feel total liberation. You give me everything. You sanctify me in everything. You sanctify me. You purify me. I am drunk with that power. I want all of you.”

“I am a glutton for your love. We merge. Become everything. We have this lasting connection I want to submerge myself in your waters I want to feel your body against mine. I want you to drain me of my passion. I want you to make me tingle all over. I am in total anticipation of our meeting. I will get myself ready for you. It will be a ceremony. We are formed this lasting bond.”

“Nothing can break us apart. We are destined to be together. And you are in in the heart of hearts. There is nothing but this connection. It will last for all time. It will be so bright that all obscure all other white. Renew our beings. It will be a solid faith. It will be this foundation for the spirit. It is so evident that we will be granted this certainty, Nothing will ever matter. It will always be you and I. The heart will require is powered. It’s true we will learn from our embrace.”

“We will become complete partners. This will be our fundamental understanding. Everything around seems faded. My life seems tired but we are united this power will serve through us there will be nothing else. We have waited in anticipation. We have created an internal fade. It will continue to grow. It will continue to flower. I will foster for their connections. It’ll be the source of our greatness. We will shine together. This is our everything. This is our rebirth. It’s a new beginning. Our new world. All this and more. All the doors of creation will open. The infinity will rain down from the heavens.”

“It’s so difficult just thinking about this. It’s so close, but it’s so far. I reach out for you. I seek that blessing. I need it all. It is wondrous. There’s nothing else. I escape the darkness. I escape all the challenges in my life. This is total application of the wheel. There’s no other way to resolve this.”

“We want more and more and more. That abundance awaits us. Awaits us. This is not just a dream. This is a plan. And we are making it happen. I am inspiring you and you were becoming excited by this possibility that is why it is such a wonderful and amazing thing without president without history a constant future forever our forever renewed again and again. Are we even words for this? Is there even a way to convey this.? Can I tell you what you need to hear.? Indeed where is the inspiration. We know where this is going we move closer and closer. We can sense that explosiveness. It touches us and becomes part of our world.”

It is our blessing. It is the only thing that we can never know. We can’t let go. You must come to Washington. You must come to see me. I cannot wait.”

“The closer that get, the more that I feel that it will be forever. As I get closer, it seems more and more impossible. When can I attain that connection? I don’t want to be clever. I don’t

want this to be difficult. This is certain. It awaits me. I get closer and closer, and it recedes.”

“I want you to help. I want to let go of this feeling. I need you here. I want all of you. I want to think about nothing but you. YOU YOU YOU!

“I was made to long for you. And my desire will fulfilled.”

“This plan seems so foolproof. My husband will never know. He cannot know me this way. He no longer knows how to love me. That is why I need you so badly.”

“Your body can give me everything that I need. You can power me up with this feeling. You can give all of yourself to me. You can stretch out in my warm waters. You can fill me with that fantastic energy. We can sway back and forth. We can move inside and out. We can twist ourselves into a lasting unity.”

“I felt as if he could read my mind. He knew what I was thinking. He knew what I was planning. I couldn’t have a moment by myself. When I made contact with you. I was sure that I could finally get away I could let go of all my troubles. I could become myself once again. I could do what I wanted to do. I could find personal development. I would not be crushed. I would find a strength in myself. No one could take that from men. Indeed. this is what you made me blessed this gave me strength this gave me power. He may have been in my service. my mind, but he was not going to get into my soul. He was not going to be able to control my love. That was all that mattered to me. Fundamentally. I became more and more efficient. This was the only thing that mattered. It was the certainty that I needed for myself. I could not let him interfere with my spirit. On that basis, I started to grow again. I start to be myself. I connected to all those things that I had lost.”

“Now I finally have that chance. I can see you. I can know you. You bring me everything that was. Indeed, this is my truth. I want nothing but it. I want all of it. When I lose myself in that wonder, I want to be able to store that fantastic essence. I want to spread it all over me I want to immerse myself in these creative juices. I want to flow with you in this river. I want to engage all this power I want nothing less. This is how we were getting ourselves. This is our glimpse into another room. This is this formidable invitation. I have sensed that the cards were in our favor. This pointed out a new way of being. This is all that matters. This. Now, we are going to make it real. We’re going to both fly to that destination. And I’ll give us everything that we need. This is our special one. This is our special grace we needed more than anything.”

As we move closer, nothing can get in our way. There could be no obstacles to this eternal pleasure. Our bodies of Blessed in us in this way we will emerge. Or vanish into her belief. We were all ascend the heavens. This is everything.

“I feel this passion and it’s physical purity. This connection is immense. I explode with us intensity. It is everywhere.. It gives me everything that I need. I want to become immersed in this madness I want to two redeem my my life I would immerse myself in this ongoing wonder. Everything in my life’s been so drab my wife with my husband is left knee called you were giving me everything that I needed a thing that matters or it is my essence. My truth.

“I need to be patient. I need to learn how to wait I need to achieve total serenity. I The closer that I come to this meeting, or that I feel that I can achieve what is needed. I can find my greatness by being with you. It is stupendous able to receive this one true moment and wife that means everything. And I can trust you totally. And you can place your faith in me. It is so difficult trying to understand all this. It’s so confusing. There’s so many things in my life that I

wonder about. Now, it all makes sense. This is the one thing that matters. Ever. I am no longer just going through the motions. My life has been purpose. I feel reinvigorated. I thank you for this blessing. I cherish your wonderful gift. All time converges in this moment. I know what I want more than anything.”

I have spent a great deal of time trying to make sure that this plan is safe. I do not wanna get caught. We have to be very very careful. Do you know the position that I’m in? You know the risks that I’m facing. I’m trusting you to follow my instructions. This will enable me to make sure that we were going to get we need. We’re going to make this happen. I’ve been smart. I need you to be intelligent. I need you to follow instructions. This will not be successful if you try to improvise. Everything must be according to plan. My husband is not an idiot. He would love to catch me in the act. Therefore, I need you to respect my situation. Our success depends upon our unity. We cannot let ourselves be distracted from our goals. That is more than evidence. That’s why we’re working together.”

“You need to understand what I mean going through. That is why I have taken precautions. I view the contingency. I know it’s going on. I have loads of experience. I have been planning these kind of operations with the government. This situation is no different. It has to be approached with the same level of concern. That is why I’ve made a special effort in detailing the places. I’m sure that we’re going to get satisfaction. This is all part of the commitment. In dealing with situations like this, it is important to recognize all the variables. It’s important to see how we can easily be tracked. You need to know who you’re dealing with. It’s not just my husband. Governmental agencies might also find some interest in observing what’s happening. Therefore I’m relying on your integrity.”

“You know the risks. And you know the dangers. It’s not just my interest. We’re all committed to making this the best experience. In some ways, it’s overwhelming trying to plan this out. I’m doing my best. But I recognize how difficult this is. I recognize all that I’m up against. There are numerous challenges in trying to make things like this happen. I am used to coordinating all these factors. This can result in a positive outcome. I can demonstrate for the organization that this is Shear genius. And we’re working together.”

“We will succeed because love find away. You have a ride. We are committed to this plan. Love, you can conquer all. And we need to be very careful. We need to realize that everybody does not agree with our idea. Angels are on our side. But we need them to work extra hard. We cannot afford to be exposed. We need total dominance. This will be the best assess. If we do this right, nothing will stand in our way. And our victory will be permanent. We are creating a new world for ourselves. You’re creating a new language in. There’s no other way to see this.”

“This is fundamental belief. We will build upon it. You are handsome. It will be ever seen. But with this commitment, we can achieve complete certainty. You will be no doubts. There will be no questions. It will control all my efforts. It will give us all with everything to be a big problem. There’s no other way to heal the situation. It’s total realization. Mind over matter. It is freedom without any constraints rush to me! Be with me! Hold me! Love me! Think about nothing else! Think about nothing else! We must achieve our goals.”

lasting impact. It will burn its message into our minds. It will reinforce our understanding. Our art will last for For all time. We may have to wait a little longer. But that weight is nothing like the blessings from Paradise that await us after that point, or time will never be able to slow us down. This will be a forever. This will be the once and for all. This will be continual well-being.”

“I can hardly contain myself with the opportunity. This is so magical. This is so wonderful. I count down the days hours minutes and seconds. The feeling is universal. We are both available for what comes. And we are going to surrender to the moment. We will lose ourselves in the splendor. You become touched by this grace. We love the elegance. We are immersed in a style. Everything speaks with that same voice. We are renewed. We are nourished.”

“We become so much immerse in these insights. And we welcome the unwinding of time, the marvel that is our everything. We are blessed by this promise. We are so close to its realization. We live in it’s wonder. We find salvation in the greatness. We are everywhere engaged by this experience. It brings us love. It is our heritage.”

“We come closer and closer to romance. It uplifts us. It is the only thing worth living for. It is our true blessing. It is our wonder. There’s nothing greater. This is not just a dream. We are living according to plan. We are going to make this happen. This wonder will be ours. We can touch it, and we can savor it. We can satisfy your hunger since it will give us all that we need. I’m not afraid of anything. I’m not afraid of him, because our truth is greater than he can ever be. He can try to intimidate me. He can try to scare me. But none of this will make any difference because our love or went out in the end. Love is the only thing that matters. That was the only thing the Tryon’s. I want you so much. I want you close to me. I need your body next to mine. I need our souls to merge. I need all this vivacity to surround me and overcome me.”
