

INITIATION

“You were recruited because of your analytical skills. I realize that you do not realize our mission, but we feel that you can be a unique asset. We have seen your tests, and we know that you would be a perfect fit. We hope that you will agree to help.”

Help—I wanted to help. That was my mission. I had a great deal to offer. There were enough fucked up things in the world. I could contribute to making those things right. I believed that information could be used in an appropriate manner. I trusted my ability to see the whole picture. On this basis, I could make an accurate assessment of what was occurring. In fact, I relied on my ability to determine what was occurring in the world. I could add to this picture. I could fill in for whatever gaps might exist. This would enable an accurate picture. That could justify my actions. I did not want to feel as if I was compromising my beliefs. At the same time, I was only given an incomplete picture. Nevertheless, my skill made me invaluable. On that basis, I was included in major plans. I was playing a significant role in the organization.

In any organization, there is an individual, who appears to understand all the activities of the organization. That individual is in possession of all the important resources. The person’s job description may not include details of this access. And the employee has not assumed an executive role consistent with this understanding. Nevertheless, conditions subsisted, that one person could exercise total control based on this information.

I believed that I was such a person. I was only offered a partial picture, but I believed that I was privileged to more. I had no idea what I was placed in this position. They continued to share more with me, and they kept giving me more responsibility. They had no idea what I could do.

“All of a sudden, you are running the organization.”

“I did not say that.”

“You are essentially implying as much..”

“You think that you are more adept than you are.”

“I know what I am expected to do.”

“How did the rumor get passed around?”

“We all know each other.”

“Does this give you a sense of power?”

“Who are you trying to hurt?”

“You assume that you can create this place of total penetration. Information can move effectively in your favor. But it is all going to come back against you. You cannot say whatever you want.”

“I want to keep talking.”

“And you have that right.”

“I confess every night, and I violate that confession.”

“We destroy people, and we believe that they will not come back to hurt me.”

“None of his affects me.”

“It hurts the most when it is repeated.”

“She is like a child. She speaks her mind. She only has a limited understanding of context.”

“Can you save me?”

“The truth will set you free.”

“That is the purpose of the Vice Principal. He enforces discipline. You report infractions to him.”

“And what does he do to improve the educational environment?”

“He makes sure that the truth predominates.”

“I need my public to be a martyr.”

“This is not going to work for me.”

“It is all gossip.”

“There is religion and sacred truth.”

“That is why I was hired by the organization.”

“I work hard for my rewards.”

“Where is this headed?”

“I am very conscientious.”

“This is all very serious.”

“They teach you how to twiddle the knobs.”

“And what does that tell us about information?”

“You abandoned your place.”

“I am not here to solve anything.”

“You want to get to the top.”

“There is no top. There are only competing narratives.”

“That is how control is maintained.”

“I can help.”

“I will save the world.”

“I want to tell you something in confidence.”

“There is no confidence. There is only a snake that wraps around the world.”

“Pull tightly.”

“Kiss the fools, and make them cry.”

“You need to pause the action.”

“It will never stop.”

“God hates you.”

“That is the message of the organization.”

“Someone will catch you in a lie.”

“That is how information is disseminated.”

“The agency has its rules.”

“I have a request.”

“I want someone to give me the organizational chart.”

“Let it all hang out.”

“Do not be so mean?”

“I was going to offer to help.”

“No one can help.”

“I am now in the penalty box.”

“How long will this last?”

“This is supposed to last forever.”

“This is a fuck.”
“What is that about?”
“You are brutal with your language.”
“This is Murder Inc., and I am supposed to be sympathetic.”
“Do not blink.”
“I am not blinking.”
“Did you take some shrapnel?”
“I was a real jerk.”
“We all have information on someone.”
“ I wish that I could do this.”
“I guess all daggers were planted well.”
“I am the student.”
“This happens in a more intense manner.”
“I am so sorry.”
“You rise by having a dossier against your enemies.”
“You are so good at assuming a pose.”
“We need a better act.”
“We are all going to rise from the dead.”
“You hit me hard.”
“All the hate came back.”
“You look great.”
“Should I apologize?”
“What is your advantage here?”
“Get the truth here.”
“There is not enough structure to create any kind of moral order.”
“Is everything permitted?”
“This is a war.”
“That is hardly the way to socialize.”
“That is not fair to anyone.”
“Who is really bothering?”
“The director controls all these details.”
“You finally realize what is my function.”
“This is not the truth. This is your truth. In other words, you are gathering dirt on people.”
“I admit that I am not a good person.”
“I am not a good person.”
“I am not sorry for what I am doing.”
“Information is power.”
“How many crates do you have?”
“We do not do arms shipments.”
“Do not look me in the eye.”
“Do not even think about this.’
“Give your friends closer.”

“Can you detail targets?”
 “Targets of targets.”
 “They took me to a secret place.”
 “I want to see pictures.”
 “This is a safe house.”
 “I want to be safe.”
 “I want a story.”
 “That is how the organization works.”
 “You are good at this.”
 “We give you a family. We give you a family story. And we give you a professional story. That is how the organization works.”
 “I want to go home and pretend.”
 “You cannot pretend.”
 “That is all that I want to do.”
 “I want to cry.”
 “I have this. And I have this. And I have this instead.”
 “I will not surrender.”
 “I need new blood. I need fresh blood. I need blood that is not tainted by my knowledge.”
 “That is too many layers of human kind.”
 “We sell our body parts.”
 “We sell our love.”
 “Do you understand how the intelligence services operate throughout the world?”
 “I go home and make sense of it all.”
 “It will feel better in the morning.”
 “I need to get out of here.”
 “This is your opportunity to be famous.”
 “What is the opposite of famous?”
 “The wretched. We are the wretched.”
 “The intelligence service will take the most wretched story and exploit it for value.”
 “That is a hedge fund.”
 “How does that work?”
 “What is the resolution.”
 “I can give you the unvarnished story.”
 “I am proud how I live.”
 “I like to show off.”
 “That is how I live in this world.”
 “I am filling in.”
 “MY DOG LOVES ME!”
 “We will give you a family if you need one.”
 “What is the real story here?”
 “What does anyone know about me?”
 “That my aim is true.”

“I have good intentions.”

“You are already fucking with the world.”

“I want to understand all of this.”

“They make up languages. They make up sentences. They make up people. Then they kill.”

“I do not do any of this.”

“I like to work.”

“I like to help.”

“I like to care.”

“I will not criticize you.”

“Do not pretend to be something that you are not!”

“I am top spy.”

“I am the boss of the world.”

“I can work that for my own advantage.”

“I want you to dissect me.”

“WE HAVE COME TO A RESOLUTION.

“I did not like the family that I was given.”

“The poor you will always have with you.”

“I feel evacuated of any personality.”

“That is how they work you.”

“I have my own skills.”

“Believe that!”

“I do. I do all so well.”

“You do not have to be so ambitious.”

“That is how the firm works. People want you to believe thing.”

“You are asked to develop some kind of missionary zeal. That gives you the feeling that you are doing good for the world.”

“I am doing well.”

“I am a publicist for social change.”

“ONE PERSON CAN ONLY DO SO MUCH!”

“One person can know.”

“Who makes decisions for the organization?”

“We have rules, and we have ethical concerns.”

“You are all a bunch of ambitious motherfuckers.”

“I am pure.”

“I want to get to heaven first. It is an exclusive place.”

“HANG OUT WITH A SAINT!”

“That is not going to work.”

“What does work?”

“There are lines of force.”

“There are moral connections.”

“I wish that I had what you have.”

“You can give in to this moral presupposition.”

“Do you advertize?”

"I am a free agent."
"You are messing with my show."
"Talk to the Director."
"How do you effect this hierarchy?"
"I will not show up."
"I told you, and you told a little bird."
"The bird confesses to the Lord."
"This goes so far."
"This is going to get exciting."
"I cannot stop myself."
"That is a definition of our physical being."
"We all reveal."
"We all submit."
"I want to see more."
"You want to see souls."
"There is a lot of soul revelation."
"You need to take care of these problems"
"Write up a white paper."
"You have been listening too intently."
"What do you see?"
"A revelation circle."
"And you are staying?"
"I am here to confess."
"I could try to catch up."
"Just do what you need to do."
"I still have a lot more to say."
"In the hidden language, you say what you will about others."
"I want to participate."
"I am trying to catch up."
"What is there to know?"
"I do not know all the players."
"You need to understand how they do things here."
"I was trained."
"I am teaching you first hand."
"Am I supposed to love you?"
"There is too uch love here."
"There is too much hate."
"You can switch channels."
"That is the only thing that ever means anything."
"What is the body count?"
"You bear more responsibility than you know."
"We are waiting for the right moment to let you in."
"An initiation."
"A body count."

"Move quickly!"

"We all face constraints."

"I am tired."

"I like to be watched."

"I have been wounded twice just sitting here. I thought that we were protected against shrapnel."

"I am hearing this for the first time."

"Welcome to the show."

"You are a participant."

"You need to get the day right."

"This will save you."

"He finds a level of delivery."

"He is going to address us all with some important advice."

"I am watching the world."

You want to destroy to create."

"It never goes like this."

"These are rules for personal development."

"What do you think that I do?"

"I open and close door."

"I am a reactive person."

"What are you reacting to?"

"This did not even get started."

"You have this down better than anyone. What kind of information do you have on me?"

"I am good at confessing."

"We are going to mess up in one way or another."

"There is an order."

"Valentina, you need to be careful. There are a lot of people here who are envious of your position. They feel that you have been promoted too quickly. And they resent the fact that you are intelligent. So they are going to do things to hurt you."

"How am I supposed to respond to that?"

"You tell me."

"I need you to ask."

"We are all here to ask."

"This organization is not run on the basis of ability. It is all about influence. And some of these people act in ways that are detrimental to the development of the firm."

"I do not want to be manipulated."

"That is why I am giving you a warning."

"Why are you different?"

"Why does any of this make a difference?"

I took that warning from the director very seriously. I understand my role, and I realized what I needed to do to succeed. I didn't see myself as a cutthroat. But I was dealing with people who were out to hurt me."

"Someone is out to hurt me."

"You need to understand what is actually happening here."

"Is this something that I want to watch?"

"This hurts."

"I cannot relate."

"Deal with this shit forever."

"So this is surveillance on surveillance."

"Thank you for checking in."

"There is a pecking order."

"There are too many pigeons here."

"Where are you headed?"

"There is no home. There never is. I am going to take you in a special room There is a cloak of secrecy."

"Who is next to the show."

"I have heard all of this before."

"Go piss on yourself."

"This could not be worse."

"They are already operating secret interrogation facilities."

"We are operating secret interrogation facilities."

"This is hideous."

"I am glad that you have a real grasp of the pigeons."

"That does not work like that."

"I need to puke somewhere."

"You have been trying to manipulate too many things for too long."

"This is a special day."

"I cannot even look."

"It is too early to stop."

"Someone is responsible for all this."

"I still think there is a model."

"One of ours."

"A rival"

"You need to take a stand."

"You have already filled your book with so much."

"They still do not trust me."

"I am doing my best to cover my ass."

"That is not going to make a difference."

"I want to clap my hands."

"IF THERE IS A WONDERFUL MOMENT OF REVELATION, THERE IS AN INEVITABLE MOMENT OF DARKNESS AND DEFEAT."

"Why do things happen in that way."

"You are more than I know."

"You are everything that I know."

"There is one intrigue."

"I show up."

"I show up."

“How much more off-handed do you want this?”

“If I knew what was happening in the organization, I would quit.”

“Has anyone really pulled you aside to tell you what is actually occurring here?”

“This hurts more than you can know.”

“We are in the assassination business. We do not put people on trial. We are the judge and the jury. That may contradict our legal principles. But it supports our moral beliefs. Even though you do not support this policy, you continue to support a system that allows us to make this policy.”

“This is getting ridiculous.”

“There is no reason that we should believe that you didn’t know what was going on in the firm. You have been conducting these kinds of operations all along. And you are feigning innocence. You were the one, who devised a long-range communication system to facilitate communication among the operatives. And you have been acting as if you had no part. Of course.”

“We all need to protect ourselves.”

“I can give you what you need.”

“We all can.”

“The Director has all these accounts.”

“Seriously, how many people here have slush funds.? How many of those funds are justified by the organizational structure?”

“We are all passive.”

“We are going to have an internal audit.”

“And all that will be obvious. None of this is audited.”

“Do you have any idea?”

“The Director makes every effort to break down each analyst.”

“What is the point?”

“I should be watching all this.”

“I had a moment.”

“There is a legal principle.”

“Do you have a book that explains all this.:

“I never worry about any of this.”

“What is the philosophy here?”

“Every rat for oneself.”

“Do I even want to be part of this?”

“Does any of this matter?”

“This is the seriously interesting person.”

“I feel that I know everything about all the poeple here.”

“Oh, baby!”

“Shit!”

“Do you even realize what is happening here?”

“This is where morality goes out the window.”

“There are no windows in this office.”

“Do not try to get in my head!”

“Is this any reason for this?”

“One connection.”
 “I can turn on all the lights.”
 “And I will understand all of this.”
 “Is it worth it?”
 “THEY HATE OUR WAY OF LIFE.”
 “YOU ARE THE MOST CRAVEN, IMMORAL CULTURE THAT HAS EVER
 WALKED THE FACE OF THE EARTH.. YOUR RULING CLASS MAKES ANCIENT
 ROME SEEM LIKE A CHURCH PICNIC.”
 “HAVE A FUCKING DOUGHNUT!”
 “YOU ARE A DEATH CULT.”
 “DO NOT DO THAT ANYMORE!”
 “I AM READY TO DO VIOLENCE!”
 “The organization does violence.”
 “We only share information and protect our assets.”
 “What is this really about?”
 “I do not understand.”
 “The director can do whatever he pleases.”
 “He is printing new identiy card for everyone.”
 “I am going deeper.”
 “Where are we meeting?”
 “Who is running things.”
 “The chaos”
 “They are not that good.”
 “There is someone in a room.”
 “There is someone eating a candy cane in a room.”
 “Where will this resolve?”
 “I want this as far from as me as possible.”
 “There is some bad blood in the organization. And they are going to try to get in your
 way.”
 “This could not be worse than worse.”
 “Yes. it could.”
 “They resent you here.”
 “Admit it: I am the only one who is even doing the right thing here,”
 “No information is safe.”
 “This is the moment of total revelation.”
 “I think that you need to get rid of the Director.”
 “Do you think that you run the organization?”
 “I have information on him too,
 “That still is not going to be enough.”
 “There are a lot of shitty days.”
 “I am good at revelation.”
 “You essentially fucked me over.”
 “You made me into a punchline more than once.”
 “That is hardly fair.”

“There is nothing fair here.”
“There is a picnic motive all the time.”
“I was sure that you were long gone.”
“How do you run this?”
“We need to make a move.”
“Moves were made.”
“That is how the firm goes.”
“It could not have gone more favorably for me.”
“There is a better plan.”
“The snake pulls tighter.”
“We could knit it tighter.”
“I saw none of this.”
“This is a form of sight-training.”
“He does it well.”
“You need to dress the part.”
“That is what the Director tells people all the time.”
“He says it before he tells them to fuck themselves.”
“We need to show more manners.”
“I am not even part of the show.”
“I was cleared out in less than a day.”
“You need to use a more efficient method.”
“I can get one thing to work.”
“Quit trying to be humble.”
“Analysts have been doing this forever. They poison the organization.”
“There is an organization.”
“People do pretend.”
“None of that happened.”
“We only want so far.”
“That will not be sufficient.”
Why do you even bother?”
“We have eight minutes to make history.”
“The Director will need to be replaced.”
“What about the rest of the organization?”
“I gave you an organizational chart.”
“I thought that you do not agree with the aims of the firm.”
“I am here to do the least possible damage.”
“What am I supposed to say now?”
“Who is in charge?”
“The person with the most information.”
“Close!”
“What do you have to work with?”
“There is something else that I understand.”
“I am good at what I do.”
“This is truly an accounting problem.”

“Funny, funny.”

“There is always a new storm.”

“I need to take a breath.”

“Something...”
