

THE EQUATION

If the results of the portrayal were reversed, the individual could resist efforts to limit independence from her circumstances. The observer made a particular effort to entrap the self in a judgement. These observations could be supported by the narrow appeals of the aggressive actor. This view restricted the flexibility of the self to respond in different ways to her circumstances.

People resented those who tried to control their actions by some form of surveillance. However, a situation could easily be manipulated to yield a singular view on the part of a person. Victor recognized this power. And these beliefs were supported by Russell's actions. He was proof in person of these beliefs. He knew how to adapt these ideas. He was getting others to desert their own principles. This affirmed his skills and advanced the power of thought control.

These views only confined the aggressiveness of the dominant power. The system could track people who acquiesced to social pressures. It could reward these actions appropriately. There was a way to resist.

Conrad was a more adept practitioner of this method. He did not disguise his outlook. There was an alternative way to encompass this space. For Conrad, there was a singular vantage point. He could assign a value to each point of desire. And these functions expressed a direct path to his immediate satisfaction. He was a heat-seeking missile looking for total obliteration of his opponent.

"Do not portray me a victim of your brutality."

"It was never that bad."

"You are not going to like anything that I did."

"I need to escape."

I believed that it was possible to observe this situation in a more favorable way for the individual.

"Is this a mug shot?"

"I have no control."

"There is no other way to see things."

"The world is attacking me."

"I do not want to be observed."

"It is possible to portray a positive outcome?"

"Victor is out of control."

"Is he everywhere extensive?"

"He blacks out as he extends his reign."

"That is the basis for this map."

"What remains unseen?"

"And that is creating pleasure."

"You can treat people like celebrities, but you can't not justify that outlook."

"What are you working on?"

"I want a suitable place for my kitties."

"Slow down."

"We are describing a transformation that liberates greater flexibility for the self."

“Do I need to understand the complete representation?”
 “This is the only way to escape.”
 “I thought that you were someone else.”
 “I can be whatever you want me to be.”
 “Isn’t that Victor’s point of view? He empowers you to love him.”
 “Tomorrow is never today.”
 “That is all a matter of growth.”
 “I will mop up.”
 “That does not make a difference.”
 “Make me clean.”
 “I can feel his surveillance.”
 “This is a point of resistance.”
 “I feel as if the process has been hijacked.”
 “That is my fear.”
 “That cannot be.”
 “Where did it all go?”
 “There is something fraudulent here.”
 “She is the only one who care.”
 “This is a caring universe.”
 “The machine shuts down.”
 “Do the connections still stand?”
 “Someone will step out of her assigned place.”
 “That is the reason for the mathematics.”
 “Everything was doing so well.”
 “Of course, it will.”
 “Wake up, and get this taken care of.”
 “Where should I go?”
 “It was that easy.”
 “This is all about positionality. In this overall description, the actual place does not make a difference. Instead, the observer is able to exhaust all these points.”
 “Are you threatening me?”
 “Someone is engaged in massive fraud.”
 “Does the body allow for all those beliefs?”
 “Conrad does not care. He assigns values. Ane all values can be mapped sequentially.
 This map can focus new values.”
 “Are you watching me?”
 “Everyone sees you.”
 “What do I get?”
 “They have taken my good will.”
 “Someone can resiist.”
 “The theory does not allow for that.”
 “You cannot change me.”
 “That is not earth-shaking.”

“There are so many monsters everywhere.”
 “If you talk to him, you cannot resist.”
 “What is his name?”
 “Vaugn.”
 “Did you run me off?”
 “I do not know these people.”
 “This is going to trigger an investigation.”
 “I owed some money.”
 “That is the official story.”
 “What is the unoffical story?”
 “”This is a slowly developing sotry.”
 “We only need values to fill for the time.”
 “We jsut need a function. And we can specify the appropriate values.”
 “I can resist the characterization.”
 “This is a story that Victor cannot see. Russell cannot see it.”
 “They all see it. There is no alternative. Every person desires to know the universe exhaustively.”
 “That is some kind of phishing site.”
 “”What do you see?”
 “Seeing and knowing is coextensive. We see a simple transformation.”
 “Who will care?”
 “I do not want to watch this.”
 “You brought me to this hell hole.”
 “Why do you feel so empowered.”
 “That is completely impossible.”
 “It should not admit to verification.”
 “I an trying to hide what I feel.”
 “Evan had broken you down to simple reactions.”
 “All that he has to do is map your emotions to his. He succeeds even if you try to be resistant.”
 “This is as boring as shit.”
 “You are not allowed to look.”
 “I am not threatening you.”
 “This is a scam.”
 “You do not have a publicist.”
 “This is what you life is about.”
 “I have messed up so badly.”
 “I know what I like.”
 “Do no sit next to me.”
 “I am going to satisfy mystelf.”
 “You neee a enough gasoline.”
 “I have a leaf blower.”
 “What is enough?”

“Nothing that will add to my skills.”
“I had a motive.”
“I do not want to get distracted.”
“I am melting.”
“I feel a chill.”
“Where are your investments?”
“In my life.”
“I need to prepare.”
“Do you have what I need.”
“This will help me sleep.”
“I want to come out of this smarter.”
“What is smart?”
“I breathe.”
“This is a discipline.”
“Knock me down.”
“I want to stand up.”
“Make it electronic.”
“I am hooked up everywhere.”
“I do not want to feel better.”
“I cannot encompass that gesture.”
“I want to leave.”
“I am going to deal with this differently.”
“I do not want to look.”
“I do not understand.”
“Ask me.”
“I want it all to make sense.”
“Can I join in?”
“What is in?”
“That is some kind of scam.”
“She is working at it.”
“This is not an individual thing.”
“I was giving form to this interaction.”
“Are you kidding?”
“There is no kidding.”
“Please leave.”
“Please, please me.”
“You cannot affect me.”
“There is something else.”
“We could start with a few people.”
“They could all be in earnest.”
“I am not going to go along.”
“There are family and diseases.”
“That is not going to work for me.”

“I only like one thing.”
“We can take care of that for you.”
“The lowest common denominator.”
“The prime factor.”
“Or the composites.”
“These are basic principles.”
“What are the cues?”
“I AM LOOKING FOR HARD COCK!”
“SOMETIMES, I FEEL LIKE A PLASTIC SURGEON.”
“Snip, snip, I am creating a new me.”
“I want you to be exactly who I want you to be.”
“I can improve on good.”
“You pressure girls to have sex with you.”
“I am so out of control.”
“You really are.”
“You want to meet her to destroy her.”
“You came her for dick.”
“You need to submit to a program.”
“You can’t make me do that shit.”
“My life is making me that way.”
“He is so alluring.”
“Everyone is headed for the lowest common denominator.”
“To fuck all points of the universe.”
“The SUN FUCK KING!”
“I am the desired one.”
“Where is that headed?”
“We are in the fourth quarter.”
“I am not playing a game.”
“It is a long hour.”
“You are still going nowhere.”
“You can come with me.”
“That is tasty.”
“I am on the road to disaster.”
“I love that song.”
“No song is going to do it for you.”
“This is going to get worse. You are going to have to do something totally fucked up to get everyone’s attention.”
“You get used to that.”
“When you need an audience, you have to scape the bottom of the barrel.”
“You are going to embarrass the world with one of your incident.”
“Follow a new mom.”
“Are the people who we love our art?”
“You’re a drone. You’re one fuck away from self-realization.”

“Cut his head off and throw him overboard.”
“I didn’t get that last fuck.”
“Talk to the random guy.”
“I’m here to fuck my life up.”
“I can stop if I want to.”
“I’m Jesus in a box.”
“I’m not expecting him to be any different.”
“You are afraid that you will be no different.”
“I LOVE YOU.”
“He is my guy.”
“You are pathetic as fuck.”
“I am learning the power of invisibility.”
“He is looking for new circus animals.”
“You can be so many things.”
“You stay devoted to the same job.”
“I am trying to plan it out.”
“You cannot have my free time.”
“It will take a week or so.”
“I need to make it happen.”
“Make it happen.”
“Think on it.”
“What have you figure out?”
“Take a picture.”
“Learn something that you never knowed before.”
“Tell me what to do.”
“The body is not built that way.”
“I am exhausted, but I want to keep on.”
“Why will next week be different?”
“There is a way to escape.”
“Do not look at him.”
“Just like Medusa.”
“You are going to lose your mind.”
“Take a picture.”
“Go off the rails.”
“I get what I want.”
“I hold my breath.”
“This needs to mean more than that.”
“We can manipulate people.”
“Can’t you do more than that?”
“Scream on camera!”
“I like that.”
“Follow me.”
“Put a dollar values on that.”

“Where are you going?”
 “Put together the script. You can actually do something unusual.”
 “We are fixing the electrical grid.”
 “We are smashing our way out.”
 “This is spiraling out of control.”
 “There is no point of control in actual situations. There is this illusion that you can do something.”
 “You had your head down.”
 “That is not how it plays out.”
 “Why are you here?”
 “I was warned.”
 “There is going to be a match.”
 “That is all that I care about.”
 “Midnight snack.”
 “Spelling bee.”
 “How do I use word in a sentence?”
 “What is the ethical argument?”
 “Do not do it.”
 “They all do.”
 “The machine value.”
 “I am loved. I am valued.”
 “I want to get into it with you.”
 “This is another version of fantastic.”
 “I could do better.”
 “I am much better.”
 “I get it.”
 “I am more than wonderful.”
 “I want you to bother me.”
 “This is not about you.”
 “I am lost in San Diego.”
 “You can get out.”
 “I do not have enough cash.”
 “I will go for that.”
 “You need to be able to describe the rotation in space.”
 “How does that work?”
 “In a rotation, you can describe that action of these points.”
 “I am looking for alternatives. It is not all about fucking Conrad.”
 “What can you do?”
 “You are part of the big lie.”
 “This is a quiz question.”
 “You go for the wrong questions.”
 “There are other ways to rotate.”
 “I am beginning to understand.”

“This is always the starting point.”
 “I am not looking at this.”
 “I am not looking for this.”
 “This is not enlightening.”
 “I feel too safe.”
 “I am not looking.”
 “That is why I am here.”
 “I cannot leave until the sun goes down.”
 “He is going down.”
 “We are all going down.”
 “He does not play.”
 “I warned you.”
 “There is nothing that we can do.”
 “I have made too many mistakes.”
 “REVERSE IT!”
 “I owe some money.”
 “You believe that you can attain great understanding. You spend your time hanging out with Victor. And you want him to give you answers.”
 “Are you telling me that there are answers available for me?”
 “I am glad that you arrived.”
 “I am here.”
 “Go ahead, and believe it.”
 “I am more than a believer.”
 “It is eating me up.”
 “I am waiting my turn.”
 “I AM WAITING FOR MY TURN.”
 “THIS IS A DICK!”
 “AND THIS IS ANOTHER.”
 “Life does not work like that.”
 “We all contribute.”
 “You need to work this out.”
 “What did you tell me?”
 “I will find the solution.”
 “Rotation.”
 “I can slip out of his gaze.”
 “He has watched every alternative.”
 “And that is the end.”
 “YOU WANT IT ALL YOUR WAY.”
 “We can go away from that.”
 “I had a request.”
 “We need to move much more quickly.”
 “I have this down.”
 “Of course, you do.”

“What else is missing?”
 “I thought that we were moving away from the same old shit.”
 “I need to earn money at this.”
 “How many fuck points do you have?”
 “Quit being bitter. I will not be saved.”
 “You are on display.”
 “All that is over.”
 “What do you mean?”
 “I can never give you what you want.”
 “That will not give you anything.”
 “I came back.”
 “This means as much as it could.”
 “What about quantum.”
 “People have no understanding of that. It adds another layer of energy. More observation.”
 “But there is nothing else.”
 “I did not get a dick.”
 “That is my exit cue.”
 “Do you really have an exit?”
 “Are you kidding?”
 “That is how you almost figure it out.”
 “What is the smoking gun?”
 “How does that work?”
 “I am not that self-confident.”
 “I feel as if you are always judging me.”
 “I am.”
 “I am part of the circus.”
 “I am on display.”
 “I say silly thing.”
 “Everyone is moving to the fucking center.”
 “This is not happening anymore.”
 “This is a place for real social change.”
 “How does that work?”
 “You need an historical understanding. And you need to recognize how you have power in the work place.”
 “Is this some kind of revolution shit because you do not want to acknowledge the work of producers in society?”
 “The real production is people-caring.”
 “This is a wonderful moment.”
 “This is historical.”
 “That did not turn out well.”
 “It’s too real.”
 “I am paying cash!”

“I am in love.”
“You are wasting away.”
“This is heaven.”
“That is what Conrad said.”
“He threw an arrow.”
“They are all looking at me.”
“You are going to look back, and it is going to be fun.”
“I got blood from a stone.”
“I am down in the hole.”
“That hurts me.”
“That will work for me.”
“Reunion is my show.”
“Where are you?”
“Everyone races to the bottom in pairs.”
“This is not going to work.”
“You destroyed me.”
“You destroyed yourself.”
“Is that too much to ask?”
“They let other people do their dirty work.”
“I knew that I would have to sacrifice her to get what I loved.”
“I need get in your heart.”
“Why did we fuck this up?”
“You need a clean point.”
“Conrad found it out.”
“We got ripped apart.”
“Just get it done.”
“That is impossible.”
“I love it.”
“That is magical.”
“Rainbows.”
“I cannot see that.”
“What do you need?”
“You can leave the business if you want.”
“Say more than that.”
“That is crushing.”
“The Crusher.”
“That is funny..”
“I lost my way.”
“Where else do I go?”
“Do the walk of shame!”
“There are sending me up the river.”
“There is too much current.”
“I need to work.”

“I am going to write a novel. Better than my shitty life.”
“It could be about a waiter at a fish restaurant.”
“Mutiny on the Bounty.”
“You didn’t fall in love with him, did you?”
“He is another cock.”
“How does that work?”
“You are our only hope.”
“She found a way out.”
“My money is untouchable.”
“Who are you?”
“That is the real horror.”
“They are going to get it all.”
“It is all about the body.”
“We broke in.”
“Where does this end up?”
“What is this about?”
“Get the ice cream.”
“There needs to be another way to get out of there.”
“There is. But it is not ideal.”
“Don’t exaggerate.”
“It is all excess.”
“She has the means.”
“Keep me on ice.”
“How does that work?”
“You think that you can hide from the American people. This will be worth nothing.”
“Do you really care for me?”
“My life was shattered in two.”
