

DO YOU SEE HOW I AM?

“Did you work on this? Do you have a standard? Here is the questionnaire. I need you to fill it out. We can match a situation. Can I brush my teeth? This time is all yours. I had nothing to do with this terrible situation. I do not create terrible situations. Everyone loves dirt. We are all plants. We dig deeply into the earth. Even that falls apart. I want to move. I want to go places. I want to feel hunger. Where does that matter?”

“We are reviewing all the forms. We are tabulating the data. This is data about you. What do you like? How are you liked? Do you like sweet? You are from a small town. You live in the city. I am saving this for you. This is all that is important for you.”

“I saw you when you were the most vulnerable. And you gave just enough of yourself. I am watching all of this for you. I am hanging on with you. When you look in the mirror, know that I have been watching you.”

“What do I want? What do I need? How have you been draining me?”

“Are you going to watch the game? This will end soon enough.”

“I need to stop.”

“I need to join in.”

“How did I get the body?”

“Who are you working with?”

“I liked the mystery.”

“Are you kidding?”

“I look long enough, and I figure out that you have a mystery to reveal. I could not keep focused.”

“I am here to help with the physics homework.”

“How do I give you a physical exam?”

“Start with the head.”

“This is my head.”

“We are not allowed to talk about a head.”

“What are the other parts of the body?”

“He is very much loved.”

“This has started.”

“You have turned me on.”

“I do not remember any of this.”

“I can explain it to the other.”

“We had a real show going on at home.”

“They cannot find my brother.”

“You already gave up so much of yourself.”

“Tell me what you truly like.”

“How long will it take you to figure it all out.”

“I did not complete the job.”

“I was not tuned in.”

“You tell me to think about it when I am working.”

“I am thinking about it.”

“I am doing my best to remember your name.”

“THIS COULD ALL BE ONE CONVERSATION.”

“Who are the disciples?”

“We figured out who they were.”

“There were all of them. Then there were those who fell away.”

“Evrn if you give me your name, the name will not remain associated with the person. They will process you in a different way.”

“What do you want to say about me?”

“You really think that you are more important?”

“I do not want to see this.”

“We have been together at work.”

“Give me the tour.”

“The two people in one body theory.”

“This is total integrity of the self.”

“Are you in the leadership program?”

“You have made a lot of effort just to get to this point.”

“And I am involved.”

“We learned from last year.”

“Keep up with yourself.”

“And you are going to find what you expect.”

“You are everything that I could ever want.”

“That looks so familiar.”

“I need you to try to escape from who you are.”

“I am not allowed to check out.”

“Do you know what you are getting? Do you know what it is in body and soul?”

“Valentina, do you realize how they made you give in?”

“Honey, you are not even here.”

“Where have you been all my life?”

“Who is digging deeply in the dirt?”

“What is buried there?”

“My old self.”

“Bang a drum.”

“That is not part of my show. That is not part of my life.”

“Do you care about this?”

“This is part of my stock porfolio.”

“That is not exactly what we are talking about.”

“This is all messed up.”

“You are talking as if he is a all aboard.”

“You need to intervene.”

“We are all going to the same place.”

“Actualym we are not.”

“Where are we going?”

“I was part of a different show.”

“This is a lot harder than you think.”
 “You are doing a great job at makin this a go.”
 “We all are working together.”
 “There are laws that work against our revealing our identity.”
 “I am slowly getting out of here.”
 “I will guide you.”
 “I feel so much freer.”
 “Are you working in a group?”
 “Are you kidding?”
 “What are you good at?”
 “Are you in software sales?”
 “This is not that interesting.”
 “You can make money at that.”
 “I stitch up people.”
 “Where are you working?”
 “This is awful.”
 “I do not want to hear any of this.”
 “That is so aggravating.”
 “That is glued in my head.”
 “They have names.”
 “What is your name?”
 “What are you doing when you are not yourself?”
 “I am exaggerating.”
 “In some weird way, I feel betrayed.”
 “How much were you paid?”
 “I am not looking for a lesson.”
 “You find these explanations that are not accurate.”
 “This is my friend.”
 “I am trying to keep track of all the names”
 “I only need to know one person.”
 “The survey is supposed to be anonymous.”
 “Look at me: how can I ever be anonymous.”
 “This is much easier than anything that I could know.”
 “You are PERSON ONE. We could start it all from you.”
 “I could go over the script. We fired the whole cast. We needed more experience
 actors.”
 “Do you want someone to ask?”
 “I am watching a movie. I am only at the beginning.”
 “We could go over what happened.”
 “You sit there for couple of hours talking about your parents.”
 “What do you want me to talk about?”
 “Your work.”
 “How does it help you to be creative? You have shown me one side. You are bored.

You really hate the shit in your life. Then you really hate it.”

“I am doing a serving job.”

“How could you change this?”

“I am working in a high pressured situation. I get money. I spend money.”

“I am dealing with people who spend a great deal of money at the restaurant. And they feel as if they own us. I wonder how I can leverage any of this to my advantage. How can I make this my job?”

“You go weird on me.”

“Did you hear what I said?”

“We could make some history.”

“Make it now!”

“After a couple of go arounds, it ceases to be history. It is a trap. It is your shit.”

“And after that?”

“When do I have the power to affect the economic system.”

“How can they make things better here?”

“I hate myself.”

“You need to find that moment when you can activate your realization in a creative manner.”

“This is very interesting.”

“You are interfering.”

“Neither of these stories matters.”

“Russell could help.”

“Russell could make sense of it all.”

“We assume that it is story.”

“What does Duke know? He could put it all together. The hours spent working, the time watching other try to forget, the time away trying to create something more.”

“I am obsessed.”

“Do you all work together?”

“Where do you assert yourselves collectively?”

“What are you aksing?”

“You could be a scene somewhere.”

“Where is that?”

“That look is ridiculous.”

“I am not that far off.”

“You are losing your place.”

“I am not going to get this wrong.”

“Who has it wrong?”

“I need some of this to eat.”

“This is my eating money.”

“This was a mix up.”

“Are you kidding?”

“That should ot have happened.”

“What did I hear?”

“Do you live to work?”
“The door is there!”
“That is so evil.”
“I do not want to talk about that?”
“You want a resolution that is inconsistent with the overall picture.”
“She did it to me.”
“I feel as if she made it up.”
“I do not want to be so radical.”
“I want to back off.”
“This is prime posing space.”
“Work to live.”
“This is where it gets tricky.”
“Maybe five solid minutes in the day.”
“I have seen you.”
“I have see you before.”
“What have you come across?”
“I spend a lot of time thinking about it.”
“Bring me a glass.”
”Your story.”
“This is awful.”
“My friend is coming back.”
“I feel such shame.”
“This is a family with shame.”
“Who is the source?”
“Honey, do not ask me about such things.”
“Your eyes are bloodshot.”
“I am having a tough time.”
“I need to be more specific.”
“Look at the hands.”
“I am writing for children.”
“This is your first love.”
“Blame the job.”
“What is a society/”
“What is the worst that you felt this week?”
“What is the bad news?”
“This could be La Gioconda.”
“How would that work?”
“We could talk about composition.”
“Look at the eyes.”
“What does it mean symbolically?”
“Do I smell alcohol on your breath.”
“That is mouth wash.”
“They always have a complaint.”

“I was supposed to describe the clothes.”
“I described the look.”
“This was the politics.”
“What are your hopes.”
“I am trying to help you escape from your life.”
“He sees you for what you are.”
“Nothing more.”
“I live to work.”
“This is when it gets interesting.”
“I review documents for an intelligence organization.”
“You cannot take it.”
“You can ask me questions, but you cannot take what I have.”
“Take it for what it is.”
“You claim that you are going to change.”
“We prepare for more of the same shit.”
“You expressed your allegiance.”
“Your body works fo a defense contractor.”
“And you see that you are viable.”
“You do not want to wait in line.”
“I could imagine a different portrayal.”
“This is going to be so tasty.”
“And the next day will be even better.”
“None of this is that important.”
“I kissed the wall.”
“Why do you care?”
“I need someone to give me validity.”
“You are being led around by the horns.”
“I want time to be nice to me.”
“There is only one way to see this.”
“I am not like you think.”
“I will start working on something important.”
“A catalogue.”
“We get useed to it.”
“We are more than used to this.”
“That is better than good.”
“You want to make sure that it is working perfectly.”
“I will be here as long as I need to.”
“Eat it up.”
“We are not connecting on one important level.”
“There is that moment when you realize that tings are fucked up.”
“Then you do what you can.”
“And you cannot stop yourself.”
“You need to ask me something. Others have asked.”

“It is not enough to have a viewpoint.”

“I thought that we were on the verge of changing this place. We could escape the shit in our lives. We could accurately describe what was going on at work. We could take the steps to occupy these spaces.”

“You need to get to the command and control center.”

“Everyone needs to go along.”

“I do not want to deal with the shit.

“There is going to be a strike.”

“Where is the objection?”

“The system.”

“The kitchen.”

“We are not going to make your shit anymore.”

“Then they go elsewhere.”

“We are going to work together.”

“I am a fair boos.”

“It is not about that.”

“I made a lot of effort to get to this point.”

“I could have attended.”

“Where were you when everyone else was somewhere else?”

“I do not like to drive at night.”

“Do not stop yourself.”

“I asked you to come along.”

“You make this go.”

“I want to see the numbers.”

“One, two, three, four.”

“This is an important discussion about politics.”

“Do you get this stuff for free.”

“I can go deeper than that.”

“I need to be nice.”

“These are different tempos.”

“I see how they all intersect.”

“You can ask.”

“You cannot ask.”

“Ask.”

“You can pretend that the question cannot be answered.”

“Where did you go?”

“This is a different city.”

“We can talk about good will.”

“I am willing.”

“That will not work.”

“How long should I take this?”

“You go off the script.”

“Everything is crazy until we get to your place.”

“Why were you here?”
“Something calls me out.”
“Assume that there are other people involved.”
“Someone is messing with my happiness.”
“That cost a chunk of change.”
“That looks great.”
“That was spontaneous, like flowers.”
“That took a little long.”
“You will quit your role.”
“Do you see what I am looking at?”
“You opened me up to that, but I do not see it in any ways the same.”
“I am spending too much time waiting for my favorite song.”
“At least, she is honest.”
“I have been wondering.”
“Where did Mr. Wonderful go?”
“When will you start writing the story?”
“When I realize that something is really wrong.”
“And you all go back to the shit that is shit.”
“Step out of the shit that is shit in your life.”
“Did you fill my chalk board with answers?”
“Do you live in the power of life after death?”
“What are you asking?”
“We want to test out the program.”
“I can try.”
“That is a loser.”
“They can tell.”
“I am off.”
“I earned a lot of cash.”
“That is who I really am.”
“I need to leave and get back to my cat.”
“We are working together.”
“She can ask.”
“The fantasy character comes in.”
“Is she following you?”
“Do you even care?”
“Something to rub on.”
“We are not allowed to communicate by email. You need to use the site.”
“They quite the show.”
“They were looking for results.”
“I do not want to crowd the field.”
“Do not move.”
“You have arrived.”
“That is perfect for me.”

“You are intimidating.”
“I learn that technique at work.”
“This does not work.”
“That angers me.”
“We have different opponents”
“That will work.”
“I need to write you.”
“I want to convince you of something important.”
“You need to quite that job.”
“You have the opportunity to be different.”
“There is not much opportunity to reverse the stress trigures in your life.”
“We could develop different associational paths. That could create the possibility for a different representation.”
“I could see it a different way.”
“It is pretty much the same thing.”
“I want it more electric.”
“Plastic or electric.”
“Get out of my daughter’s life.”
“I am glad that someone is looking out for me.”
“That will not even work for me.”
“You do not have to worry about it.”
“And that shit will fly.”
“It flies away.”
“I cannot believe it.”
“What is that about?”
“I have no idea.”
“This is about latitude.”
“Where does this go?”
“I need another interruption.”
“This is automatic.”
“This occurs too quickly.”
“That is what turn you on.”
“Let me get involved.”
“What are your dreams?”
“We start dealing with an insurance payment.”
“How long does that cover it?”
“I do not want to switch.”
“This was going so well.”
“I cannot consider switching.”
“Stay with what you know.”
“I will buy it from you.”
“Do you even bother.”
“What do you do when you are not burying bodies”

“Making bad jokes.”
“I cannot explain it.”
“I do not know the face.”
“What do you own?”
“I own this kid.”
“We are all owned by this external interest.”
“That is how you dress.”
“We work on it together.”
“So many variations on one theme.”
“One them.”
“Will we consult.”
“This is your shitty life.”
“This is a book to read that can make you feel better.”
“I am not interested in change.”
“I love myself the way that I am.”
“I need some private time.”
“This is what I truly care about.”
“I AM WATCHING YOU.”
“How good is your memory?”
“I am in the trenches.”
“You are making up that shit.”
“All this matches.”
“When was this kid shit?”
“I want to make a deal.”
“There is a lot of living to do.”
“What can you give to us?”
“I can tell you about my father. He is a cop.”
“This is getting good.”
“Do the describe your whole life?”
“That is what you like.”
“I do not want to wait in the pews for him to arrive.”
“There is that look.”
“He will come.”
“It is natural selection.”
“Who are your friends?”
“It’s not as if there’s a door that you can just walk out.”
“There is a door.”
“I need to take some of that money.”
“It moved a little faster than I expected.”
“You are going to need to grow a second skin.”
“It is not going to happen here.”
“The ghost is inhering a different body.”
“Do you understand the process?”

“I am the process.”
“Why can’t you escape?”
“You get tired of wading through bull shit.”
“This is all a failure.”
“We try again.”
“Not here.”
“You are here. These are the notes for this place.”
“Don’t think about?”
“Daytona, I wish that you could tell me what happened.”
“I have everything that I have ever wanted.”
“Where is the talent.””
“I was told to be here.”
“We are going to need an expert.”
“I am an expert.”
“Keep talking.”
“That is enough for you.”
“Lack of sufficient insight.”
“It is not enough to watch the game. You need to be the game?”
“You are in the lead.”
“I can wait this out.”
“I am so glad that I did not even try.””
“I did not even try.”
“I found out something important.”
“This is going to take me somewhere.”
“Clown.”
“Fall on the ground.”
“Go back to work.
“We need a belief.”
“I have been expecting you.”
“You do not need educators.”
“This is clever.”
“Wonder.”
“Duh!”
“We like different things.”
“I am going to get some money.”
“This is a fun place.”
“Go to the Canyon.”
“That is not that interesting.”
“You are like a publicist.”
“”Strip you down to nothing.”
“I can explain it to you.”
“I cannot do this twic in a week.”
“You are perfectly nice.”

“I do not liek the name.”
“I am listening to the baby monitor.”
“A time travel technique.”
“You find people just like you.”
“We work together.”
“Fuck this shit.”
“This is boring.”
“I wish that it was different.”
“I fall over, and I am dead.”
“Get up, you motherfucker.”
“What is that about?”
“Where is all my cash?”
“In a cash money account.”
“What is the hedge?”
“Go bakc to the forest.”
“I did not here that.”
“I am lisetning to the different drummer.”
“That is confusing.”
“The beats a intermixing.”
“We need to stop.”
“You still have not replied to my letters.”
“They are watching me.”
“You need to quit looking back.”
“Look back.”
“I am having trouble achieving enough mobility.”
“You are too tense.”
“It is not a closed system.”
“They go through a set of state levels, and they repeat.”
“That is a freak show.”
“You need to wash your hands.”
“You needc to clean your mind.”
“What is your role?”
“I am an animal in the circus.”
“This is a hate show.”
“Where does this end up/”
“They are consolidating.”
“Who is the boss?”
“My boss.”
“You need to aske.”
“Look me in the eye.”
“I am so much out of myself.”
“Give me eye contact.”
“That is weird.”

“You touched me.”
“That was an accident.”
“That was divine.”
“You need to reply to my messages.”
“They are watching me.”
“I do not want to end like this.”
“Show me the rest!”
“You do not have to continue.”
“What do I need to do.”
“Never stop.”
“You need to end this.”
“Order dessert.”
“They destroy themselves.”
“They look great doing it.”
“What does that mean?”
“That is more than brilliant.”
