

THE DOORSTOP

“Is there something that you want to teach me?”
“You are a very bad person.”
“I am not getting any closer to any kind of solution.”
“I am not like I seem to be.”
“My desperation is confusing me.”
“You finished this already.”
“Why are you so anxious for this to be your life?”
“It is a million years in and a few seconds out.”
“I am so done.”
“I am coming to you.”
“I am destroyed.”
“Wow!”
“I am talking to the garbage can.”
“What is going up there?”
“We do not even have a pool.”
“I fell down.”
“We were never here.”
“Why did you do this?”
“There has to be a peaceful resolution.”
“There is a wizard.”
“You have been emotional up to this point. There is no logic.”
“You have the only thing that I want.”
“We could give him a life.”
“We can drop you somewhere.”
“What is the whole problem?”
“Are you kidding?”
“Did you talk about prison?”
“What can the wizard do?”
“Eunice, have you figured out what the wizard is for?”
“She seems perfect.”
“There could not be a better place.”
“This is too small for me to say.”
“I need a long explanation.”
“I need to feed the need.”
“He does not have freedom.”
“Did you capture a wizard?”
“I thought that he was trying to destroy me.”
“Do not make noise.”
“You have been advised.”
“How are you developing an explanation?”
“We have arrived.”

“We have an intruder.”
“This is not going to be good for either of us.”
“He was asleep, and he came back to life.”
“I could help.”
“I could offer advice.”
“How can you eat at a time like this?”
“You need to exercise.”
“This is not affection.”
“Help me with the revision.”
“I need to exercise.”
“Let me go to the golf course.”
“Do you play golf?”
“No one will care.”
“No one knows that you are here.”
“The body tells you things that remain hidden.”
“This will make sense, or it will make no sense.”
“We need some analysis.”
“Who took a bite out of the apple?”
“You are going to have to provide an answer.”
“This is too much work.”
“Did you plan this.”
“You have the opposite side of the spectrum.”
“This is not something that I want to think about.”
“What do you think that you are going to do?”
“I need to protect myself.”
“Does it work?”
“What does the rabbit do?”
“Eunice, we are going to get graphic.”
“Where does the universe go?”
“There are so many variables?”
“The trash needs to be disposed of.”
“There is a solution
“I am good at this.”
“Do you know the chords?”
“They are representative.”
“Why don’t you want to learn about my show?”
“What are some alternatives?”
“This can work for the off days.”
“The wizard is eating better than we are.”
“What are you worried about?”
“We can trade something.”
“This destroyed me.”
“Eunice, why does this upset your so much.”

“I need to give meaning to my life.”
 “What does this mean?”
 “What is this supposed to mean?”
 “You might be able to understand where I am. What I am thinking. What I am prepared to do.”
 “There are millions of solutions.”
 “This is not a good time.”
 “They closed the place before I had a chance to get anything done.”
 “I wanted to buy some sweets.”
 “This would be a good story for me.”
 “You are going to need to shut him up.”
 “He has other options.”
 “Are we communicating?”
 “We need to cut our losses.”
 “I never saw the menu.”
 “Why do you need a wizard?”
 “For a magical universe.”
 “I am stuck in the moment.”
 “My fingers hurt.”
 “Let us make a deal.”
 “I love my life.”
 “I have resolved.”
 “I am flying in the ether.”
 “Wizards are not good at using their reason.”
 “What is next?”
 “What did you do next?”
 “Who else is there?”
 “I am not going to get involved.”
 “I am already involved.”
 “Take a taste.”
 “Let me complete this.”
 “We can make a deal.”
 “Let me eat my dinner in peace.”
 “This was not my intention.”
 “What is the purpose of the dinner?”
 “The wizard has taken your will.”
 “I am going to take what I am looking for.”
 “I cannot let this happen any other way.”
 “He has been cured.”
 “What did the wizard do?”
 “I have no idea why you were involved.”
 “This seems pretty monstrous.”
 “What is the choice?”

“Take the spice out.”
“This will last less time.”
“I am not feeling well.”
“We could use a revelation.”
“This is a preview.”
“I needed to show what I was thinking.”
“This is a point of sharing.”
“Would it make sense?”
“I was feeling a little crazy.”
“I thought that this was genius.”
“You wanted to end up like this. That was the wizard’s choice.”
“Send her my way.”
“Everyone has excuses.”
“The wizard influenced me.”
“What are you telling me.”
“How does that happen?”
“Everything is free until you are hooked.”
“The wizard explains the levels of attachment.”
“I need to escape.”
“This is absurd.”
“This was a challenge.”
“This worked for all of us.”
“We can repeat the technique.”
“What will the authorities say?”
“Magic is the only authority.”
“We need to orbit the planet.”
“I need to knock on the door.”
“How does this work?”
“What is your issue?”
“Get on your broom, and get out of here.”
“That is ridiculous.”
“That is impossible.”
“Was he like that?”
“Has she found a solution?”
“She can do much better than me”
“Who is involved?”
“I did not anyone to know.”
“What is your secret problem?”
“She is closing up.”
“Eunice, have figured out this episode?”
“I am making copies.”
“He would have recruited another member for the cult.”
“What is the point?”

“She wanted to participate.”
“How many characters?”
“This is beyond the pale.”
“I am looking for some clarity.”
“Can we cross-examine the evidence?”
“I am next in line.”
“My excitement corresponds to the excitement of the universe.”
“Has this been solved?”
“We are giving you what you want.”
“There was no blood.”
“We will not do it again?”
“Where are you going to leave me?”
“Back in your old life.”
“What would a wizard do?”
“How can you develop life in this manner?”
“I am being followed.”
“What are you going to figure out?”
“When you finally leave the story?”
“There is craziness on your side.”
“Do not try to manipulate me!”
“How would you explain this?”
“This is going to be forgotten?”
“I made a small mistake.”
“Give him back to the universe.”
“You are full of your own life.”
“Where does this go?”
“We were all part of this?”
“I had two chances, and I messed up twice.”
“I keep raising the ante.”
“This is even better than I thought.”
“This was supposed to be perfect.”
“It is.”
“The wizard can round the edges.”
“What are you going to do?”
“What is the next step?”
“You keep taking this to the next phase. What kind of body is left?”
“The wizard has increased your capabilities.”
“There is not much between us.”
“I need to solve the problem.”
“You are crass.”
“What do you bring to the show?”
“I know the guy.”
“The wizard guy.”

“Who told you that this would be okay?”
“I haven’t heard a thing that you said.”
“What do you want with me?”
“You are a hunted man.”
“No laughing.”
“No peace in our time.”
“That is hardly what I expected.”
“He invaded.”
“We let him go.”
“Your prints are everywhere.”
“I don’t want this to be my life.”
“This was all set up.”
“What is left?”
“I am not that good an actor.”
“I do not want to go through this again.”
“There is too much noise to think.”
“That is what a wizard does.”
“Everyone down.”
“That hardly seems fair.”
“Walk away.”
“I feel shame. There is only shame.”
“Go deeper.”
“I am not going to walk away.”
“That never happens like that.”
“Get up and make it happen.”
“We always open that last door.”
“Of course, we do.”
“What do you see?”
“There has to be a way out of here.”
“The rock was slippery.”
“Am I going to have to listen?”
“Silence.”
“This is brilliant.”
“This is simple.”
“The is deranged.”
“This makes no sense.”
“Take a half hour.”
“He does not want to leave the house.”
“He feels pressure.”
“What do you want to know?”
“How she expects these special powers to bless her?”
“You are going to wait to make the magic work.”
“Have another taste.”

“Who is watching?”
“This is so silly.”
“We are all embarrassed.”
“We believed you.”
“That is all that was important.”
“Everyone else loved it.”
“It is a ballet.”
“Can I move along?”
“You are going to look silly.”
“She is dramatic.”
“That is not going to attain the same level of unity.”
“What do you want to know?”
“I got blown away.”
“A new form of energy.”
“A way to escape from your terrible influences.”
“A way to make a new life for yourself.”
“Eunice, you get upset.”
“This is something that I will never understand.”
“Don’t you have a better way to communicate.”
“I made some more money.”
“What is on the one hand?”
“I fucked up.”
“I will clean it up tomorrow.”
“You have arrived.”
“You have given me what I need.”
“I am blessed.”
“She is the blessed one.”
“I will have to go back to the source.”
“Who cares so much?”
“Who cares?”
“I have a book that explains the technique.”
“I am training my imagination to accept.”
“You are looking for a convincing event.”
“We all are anticipating a convincing event.”
“I feel as if I am giving too much of myself to get too little in return.”
“They could be in your machine.”
“I can give you everything.”
“That story is long over.”
“I can do all that and more.”
“He says that he has skills”
“Who is working with you.”
“I will eventually get there.”
“Who is going to go with you?”

“Who will follow you?”
“You can talk about wizards. There are a lot of squeaky guys.”
“What does that tell me about myself?”
“There is no myself moments.”
“Why do you call yourself a writer?”
“Eunice is a reader.”
“What is the difference?”
“She can select from different books.”
“There is someone who brings it all together.”
“You never can pull it all together.”
“What ails you?”
“How can you prove that your imagination can result in a win for everyone?”
“You are going to have to solve a puzzle.”
“Eunice, what is the puzzle.”
“I am so out there.”
“You are reminding me of bad memories.”
“Can you believe what they are saying to each other?”
“I made a mistake.”
“I did something really silly.”
“With a million variations.”
“I can give you some of what I need.”
“I need you to reveal some things about me.”
“You have it all.”
“Can you do variations?”
“I have a machine.”
“Is the wizard pushing this.”
“You need a solution.”
“This could not have been more wonderful.”
“That is some creepy shit.”
“We must seek revenge.”
“How does the universe do that?”
“I need to end this right now.”
“Where is this going?”
“I am doing an investigation.”
“Who is responsible?”
“Who isn’t?”
“This will take a long time.”
“Do you understand me?”
“I need a convenient symbol.”
“How does convenience work?”
“Where did she come from?”
“Eunice, how did you get in the story?”
“A door opened.”

“I can be a friend.”
 “What are you afraid of?”
 “When will you come out?”
 “What is filling my time?”
 “Bad dreams.”
 “This is not going to be any easier.”
 “I got caught.”
 “You are going to have to dig deep to reach the liberation.”
 “Where is this going to end up?”
 “She is the writer?”
 “How do these books work?”
 “You need to put something in there.”
 “This is all about life.”
 “He is everything that I want him to be and more.”
 “What is this place?”
 “Who are you trying to run away from?”
 “I did my best.”
 “I do not want to be a character in your book.”
 “What is in the book?”
 “A description of my physiology.”
 “What do you want to know?”
 “How do you describe suffering?”
 “Do things which are not expected!”
 “Do things which are not expected.”
 “Where did this end up?”
 “I need to revolt against my creator.”
 “You need to eat to live.”
 “Where did we start?”
 “In savior mode.”
 “Where does that leave me?”
 “What can personality do for you?”
 “I realized that I could not help you.”
 “This is a big waste of time.”
 “And how is this going to protect you.”
 “It could be a whole lot worse but you have no understanding because you have never
 been here.”
 “My life keeps seeming like something smaller and smaller.”
 “This is the halfway point.”
 “I am afraid to give so much of myself to uncertainty.”
 “What can I do with my time?”
 “Show me what you have left.”
 “I have everything that you have.”
 “She was there yesterday.”

“Eunice, where have you been?”
“I have found someone who understands me.”
“It does not work like that.”
“How does it work?”
“What are you trying to say?”
“How can I change my life in three easy lessons?”
“How can I run faster?”
“I do not want to move.”
“This could not be better.”
“She was setting there.”
“Where do I go?”
“Where is this going?”
“The attack ships.”
“Who is giving the commands?”
“The wizards.”
“I am not trying to nurture you.”
“This is messing it up for me.”
“How are you trying to change me?”
“Where have you been hiding?”
“That is not going to change a thing.”
“You need to take the medicine.”
“I am not going to report you.”
“What does the lizard know?”
“It knows what you tell it.”
“Why are you trying to wreck me?”
“The wizards are trying to mess with the world.”
“So what.”
“The balance of good and evil.”
“Put it in every day terms.”
“All for you.”
“Where did you get that?”
“What do you want from me?”
“Eunice I want to know the secret of your writing.”
“Where do I start?”
“You do not seem to be well off.”
“I am well off.”
“How did I get this far from myself?”
“How did I get this close?”
“She has answers.”
“She did the hand gesture.”
“She did the mouth gesture.”
“She winked.”
“What is this?”

“That is not going to work.”
“Can we go there now.”
“I need to make some food.”
“You cannot buy happiness.”
“We said silly things, and none of it was real.”
“A selection.”
“We have found success.”
“I am due now.”
“Leave me.”
“There is nothing that you can do.”
“What have you been doing?”
“This is too late.”
“You have transformed into something that I don’t know.”
“None of this amounts to anything.”
“The wizards are here.”
“Close the damn door.”
“Where are we going?”
“This is not going to to work.”
“She is a philosopher, and you are a witness.”
“Eunice is much more mundane.”
“Who do you want to be?”
