

A NEW KIND OF FAITH

“What have you been doing up to this point?”

“I have been developing a cosmology.”

“Does this hurt?”

“I am not coming back.”

“This is not really cool.”

“You do not have the answers that I need.”

“Where is the child?”

“Every part of the room needs to look wonderful.”

“This is exploding in my face.”

“I cannot help anymore.”

“I love the dress.”

“It set neither of us free.”

“Do not touch.”

“Where is the extension?”

“Why did you give me this body?”

“Why did you give me this mind?”

“Lea, I am not Eddie.”

“Eddie, I am not Lea.”

“This is not a good place to live.”

“I cannot tell you apart.”

“What is the basis for your problems?”

“This is a place where I do not belong.”

“You are on a different wellness grid.”

“How does that work?”

“I am trying to create a source of understanding.”

“Please listen!”

“Know what you need to be.”

“I am changing my way of being.”

“What does this toy do?”

“It is a reflection of our being.”

“It is an invasion of our sacred space.”

“You just can’t come in like that.”

“How will this resolve?”

“I want what you cannot give me?”

“You want to contribute.”

“I wish that I could teach you something worthwhile.”

“I like how I am.”

“I will talk to you later.”

“You may know something.”

“This is even more of a bother.”

“Is this permitted?”

“Where did you start?”

“Make it up as you go along!”

“I have heard too much of this.”

Lea stood up as if she wanted to address the whole room.

“I am too afraid to offer a cure. I do not know who I am curing.”

“I do not think that I will be able to help you.”

“What are you asking me to do right now?”

“What is your defense?”

“I am living with my parents right now.”

“You are way out of control.”

“You are ruining it for the both of us.”

“Who are we?”

I was so glad that we were not living under the same roof. Bilia was going through such different challenges than I. I wanted to be more sympathetic. I had been taught that my intellect would be the key to my liberation.

The disease was stripping me down to nothing.”

“Who are you, Lea?”

“I know who I really am.”

“Is this our day out?”

“The whole neighborhood detests you now.”

“Do not leave the cave.”

“You are losing it.”

“I will worship you.”

“Who is talking to whom?”

“We did not spend enough time on this.”

“The police are here.”

“This is not a friendly call.”

“I will resolve this.”

“What made you like that?”

“The nature of the push and shove.”

“There are consequences.”

“Do not hurt me: EVER!”

“I am going to win this.”

“What is the color red?”

“This job takes forever.”

“It could be worse.”

“I could face a threat.”

“The hospital awaits.”

“That is hardly fair.”

“All is fair in love and war.”

“I lost my mind.”

“I am in the darkness.”

“How does this work?”

“We have only started.”
“That is a nice ring.”
“That has a nice ring.”
“No one really loves you.”
“We will always be freaks.”
“Do you scare me?”
“Where is this taking place?”
“You seem as if you are too hot.”
“I am drenched.”
“This is everything that I want.”
“I cannot offer a cure.”
“I am here for the remedy.”
“What am I looking for?”
“This is disgusting.”
“That is impossible.”
“This needs to keep going.”
“I need to find the cure.”
“There is none.”
“What do you see in me?”
“I cannot stop working.”
“What do you have here?”
“This will offer you the best.”
“I am all liquid.”
“I need to let go of all the pain.”
“I will remember.”
“That is all that makes any difference.”
“Different folds have different results.”
“It all leads to the same kind of result.”
“He knew how to shift the blame.”
“This is another family.”
“How long will we stay here?”
“How long do you want to remain?”
“That was my salvation.”
“None of this is really working.”
“This is really doing no good for either of us.”
“Lea, you have taken me all the way.”
“None of this ever worked.”
“I love what this is.”
“Who are you?”
“I am Lea.”
“Who am I?”
“I do not know.”
“You are so dreamy.”

“Where are you?”
“Let me show you freaks what I’ve got.”
“They will remember this.”
“What are you bringing to the tournament?”
“A lot of knowledge.”
“I still do not feel moved.”
“I am exhausted.”
“This is a day out.”
“That is so disgusting.”
“What in in the bag?”
“I feel as if I can get a clearer picture of what is going on.”
“I do not feel close enough to th action.”
“Go through this door.”
“You are going to need a new suit for this job.”
“It is getting unbearably hot.”
“We are going to do a reading.”
“This is my life.”
“The other life.”
“We asked him to leave group. He was interfering with the progress of everyone else.”
“I think that something else is going on.”
“Were you looking?”
“I am not sure if you can help.”
“That does not help.”
“Do you mind what is happening to you?”
“There is enough risk in my life.”
“What is the objection?”
“Do not move.”
“I have alternatives.”
“That crashed me completely.”
“What pushed you over.”
“I can feel the decay.”
“I need to find some positive energy.”
“This is where we all come back.”
“You have some opportunities.”
“Who changed my job?”
“What are you milling?”
“The sharpener has been applied.”
“This did not work.”
“We need to do this again.”
“I never heard a word.”
“The comfort has worn off.”
“That is not going to work.”
“I haven’t been awake that long.”

“Lea, I was going to offer compensation.”
“We have been here too long?”
“What do you know?”
“This is not going to improve my career.”
“Do this or you will have nothing.”
“This is not going to work for anyone.”
“My awareness of the world is creating a close connection.”
“Where do I go from here?”
“How do I follow up?”
“Do not follow me.”
“The vultures are gathering.”
“I have invited you to a wonderful place.”
“What are the recommendations?”
“How is that going to save me?”
“The clock has run out.”
“BOOM!”
“We started in the wrong way.”
“You have been asked a question.”
“Make it a go!”
“I gave all of myself away.”
“That is not going to happen.”
“Where is the door?”
“Will this stimulate my desire for something more?”
“I need you to put on the white dress.”
“What is this for?”
“You can be an angel.”
“I do not like that.”
“I tried to do you right.”
“No one can do me right.”
“This is a wild night.”
“It will never end.”
“How did I end up in here?”
“I need to get clean.”
“I am going to burn all this shit.”
“Where did this start.”
“I was not born to be this way.”
“Eddie can figure it out for me.”
“This will take forever.”
“I need to make this right.”
“I am half here and half somewhere else.”
“This is so much fun.”
“Did you know?”
“We are enjoying all the fun moments.”

“Where did this end up?”
“That is a wonder.”
“I need to create a new body.”
“She will help.”
“The party will never end.”
“Where are you taking us?”
“That will not open the safe.”
“What is in there?”
“None of this really matters.”
“I am descending in the flesh.”
“This is not going to happen.”
“Where did you leave me?”
“That can help.”
“Jump on in.”
“That is funny!”
“That is impossible.”
“See you later!”
“I do not want you to leave me.”
“We did not face the problems.”
“That works so well.”
“I can stay up all night.”
“You are walking in your sleep.”
“Lea, you may not be the right person for this role.”
“I need to show you how this can work.”
“This is all beyond me.”
“Noone of that means a thing.”
“We have arrived.”
“You are taking this away from me.”
“I am at the crossroads.”
“What else can we do?”
“So that is how it happened.”
“We cannot finish.”
“We will repeat.”
“I love the look.”
“Wake up.”
“Make it work in the morning.”
“I do not want Eddie. I do not want anything.”
“We are in the middle of some crazy shit.”
“Let this explode in their faces.”
“I want someone to love you.”
“I want someone to love me.”
“Eddie, I need an explanation.”
“There is none warranted.”

“This is getting worse.”
“There is not cure.”
“I can pursue that later on.”
“We have been rendered clean.”
“And that is all that matters.”
“I feel as if I am being skinned alive.”
“Why are you like this?”
“Questions asked.”
“No questions asked.”
“I live in the moment in-between.”
“We know nothing.”
“They changed positions.”
“What is the game?”
“My world has changed.”
“You tell me.”
“I am close to an understanding.”
“How does that work?”
“I need to finish this.”
“Let me try this again?”
“This is not working.”
“This is just work.”
“Why are people watching?”
“Who is taking advantage of my knowledge?”
“That is not going to work for either of us.”
“We can use this as a plan.”
“What do we do when we are not planning?”
“I cannot deal with the simpler things in my life.”
“This will keep us both preoccupied for a while.”
“I need to get back to work.”
“I have something to do before I am done.”
“Tell me what you have done.”
“I am not sure if I am here.”
“Lea, you are right here.”
“What do you want to know?”
“Eddie, there is nothing that you could tell me.”
“How many choices?”
“You are embracing the shit in your life.”
“This is the last volume.”
“I need to reverse this shit.”
“We can stop before we have started.”
“I cannot deal with the splendor.”
“This is actually a career choice.”
“I am counting the reindeer who walk by the mailbox.”

“What do you have there?”

“You go first.”

“I see hope.”

“You can promise hope, but it does not always work.”

“What can you do that is different than other plans?”

“This plan comes without Eddie.”

“This will be a long night.”

“Where is this headed?”

“I wasted everything that I have.”

“I have answers.”

“Here is the quiz sheet.”

“That will not benefit either of us.”

“I am going to get angry.”

“That is hilarious.”

“I am all in.”

“I want to finish while I can?”

“This is too far beyond.”

“We are slicing reality.”

“Lea, you are giving me so many parts of the real.”

“She has seen it all.”

“I will punish.”

“I am an expert at it all.”

“This is so sketchy.”

I felt that I was already too far along to get any kind of knowledge. That did not stop the constant push to carry on. What was the motivation?

“This is going to be a lesson to you.”

“I thought that I was seeing something of value in my life.”

“Does anyone care anything about this?”

“What is the blessing?”

“I need things to match.”

“What keeps you going?”

“Who is watching?”

“The man in the room.”

“Who is that?”

“I am getting shaken.”

“Who are you?”

“I work in real estate.”

“This is hideous.”

“You are not going to change a thing with your relationship.”

“That is not possible.”

“I felt this electric current pulse through me.”

“I have been developing a cosmetology.”

“What will next year be like?”

“This is going to take a few hours?”
“No one is catching on.”
“Where is the money?”
“This probably not improve.”
“Lea, you are getting distracted.”
“There are numerous other attractions.”
“I am seeing these flashes of light.”
“You are returning to yourself.”
“YOU HAVE SEVEN MINUTES TO MAKE A DECISION.”
“What is this doing for me?”
“We had lost our way.”
“The door is unlocked. Just push it.”
“What are you moving?”
“Do not touch the piano.”
“How does that work?”
“Answer the mail.”
“I am not sure what is going wrong.”
“What do you have in the jar?”
“This can make everything clean.”
“We are actually progressing to a future.”
“There is something in my name.”
“Do you need a friend?”
“I need to sleep.”
“This is shaking my confidence.”
“I only want a place to cool down.”
“Lea, what is wrong with you.”
“Is that edible?”
“What is in there?”
“We have a fish swimming around.”
I was having problems expressing affection.
“What is good for you?”
“I want to influence others.”
“Are you doing something to me?”
“Do not worry about it.”
“I had a great day.”
“I am trying to find my direction.”
“Move ahead.”
“I lost track.”
“Scientists have developed a different view of the universe.”
“I cannot participate.”
“Give it time. It will all work out.”
“What is really going on at home?”
“You are pretending to be someone.”

“I am eating dinner with my friend.”
“I am not going to interfere.”
“Lea, what are you doing here.”
“You said that I could stop by anytime.”
“This is a bad time. You needed to call first.”
“I assumed that this was an open invitation.”
“You read the script wrong.”
“Who is leading the interpretation?”
“I have no idea why I ended up here.”
“What is going on?”
“I am getting caught up in the passion.”
“Who was at the door?”
“Lea, she wanted something from me.”
“How many years did it take?”
“We went through stages.”
“Baby doll, there is some kind of obstacle to our self-realization.”
“Take this.”
“My heart is beating quickly.”
“Are you going to reveal yourself?”
“I am not tense. I am being real.”
“It does not hurt as much as you think.”
“What was the bother?”
“What is the trick here?”
“I need to understand some basic principles.”
“I am turning into toffee.”
“I am getting pulled in multiple directions.”
“I am getting eaten from the inside.”
“How did you end up here?”
“Were you trying to trick me?”
I needed to reorient.
“Look at your hands.”
“That does not tell us anything.”
“We are progressing.”
“What is really happening?”
“I cannot explain any of this.”
“I cannot explain anything.”
“This is coming apart in my hands.”
“Beyond my years.”
“I have this figured out.”
“This was supposed to be more than a personal thing.”
“I am not looking for convenience.”
“That is the best place to end up.”
“Clean this up.”

“That is not the way it works.”
“This hurts.”
“That is not funny.”
“Who is at that table?”
“Lea, you need to make things right for all of us.”
“He is lucky.”
“I washed all the garbage down the drain.”
“That is exhausting me.”
“Sure it is.”
“There are choices.”
“I need to stay warm.”
“You cannot free yourself.”
“Lea, give me what I need.”
“Where did that come from?”
“That is the past.”
“Day one.”
“Who gave you this shitty script?”
“How can it be improved?”
“How can I be improved?”
“I have always been through some bad things.”
“This is all relative.”
“Ask my friends what they think.”
“I have to do my homework.”
“I am feeling social pressure to conform. I have my own experience, but I need to put them in perspective. What will my friends think?”
“I need to get away.”
“You should not have interrupted my performance.”
