

THE RECKONING

I thought that I shared things, important things with Eddie. It could have been anything. I was simply going along with the same illusion. I had been raised from childhood to share these beliefs, but there wasn't that much that we had in common. It wasn't enough that we had the same background. Down deep, we were totally different. And I needed to end that connection. I realized that I could make it on my own.

How did I want to look at the world? Was there someone else who could understand what was happening to me? I no longer thought that desire would enable me to escape the pain in my life. I did not need a cure.

Where was I supposed to begin my new life? It was not a matter of dressing for the part. This was something that I needed to figure out on my own. I couldn't run in the street and seeing the answer looking back at me.

"You are supposed to laugh at this."

"Who is trying to influence me?"

"This is going to be hilarious."

"I have too much of myself invested in this body."

"We could attempt to develop a different philosophy."

"What is the basis?"

"Do not feel bad about your failures?"

"Are you giving me a pep talk?"

"This guy has to be the worst."

"I can hear you loud and clear."

"Let me give you a name."

"What are you getting at, Lea?"

"I have one on the line."

"That is impossible."

"Make this very clear."

"What it would it mean to be a worse example?"

"Who is making dinner?"

"We are at a restaurant, and we are waiting for dinner."

"I have a business proposition for you."

"I have to go to class."

"I need a massage."

"I need to massage the numbers."

"This is looking good."

"How did you afford this place?"

"My parents. It is theirs. They say that I could stay for the summer."

"It just turned summer."

"We need to go to the river."

"There is always a river."

"You are going to have to learn how to swim."

"I do not think that I can make this work."

“We will work it out tomorrow.”

“I cannot tell if I am the victim or the master of ceremonies.”

“This is going to be fantastic.”

“I need to strip the veil.”

“What is wrong with you?”

“I can send him by.”

“Lea, what do you want in your life.”

“We can make this happen right before your eyes.”

“I arrived in the house a little late. I did not feel like myself.”

“This is serious. I just don’t want you to touch the food before eating”

“What kind of request is that?”

“You have changed my life.”

“I wish that I had the skill.”

I needed an art to express my witness to a deep revelation.

“Are you looking for a tour guide? You can get rid of your guide book.”

“Fire up.”

“This is going to be wonderful.”

“How do you afford this hobby?”

“I am trying to do something to change the world in significant way.”

“Where do I start?”

“How did you get into my bank account?”

“This is not a question of bank account.”

“This is not going to work.”

“What are you trying to tell me?”

“I feel like more of the fool.”

“You are getting into the television show.”

“It says something about who I am. What I cherish. All of that stuff.”

“Where do we start?”

“With a doctor’s analysis.”

“We can work on this.”

“Eat what I tell you.”

“I want to eat it all.”

“I am counting the numbers.”

“This is perfect.”

“This is absurd.”

“I am eating the flowers.”

“That is a bad example.”

“This could not be worse.”

“You look sick.”

“You are not thinking.”

“I can tell.”

“This is a game. You are going to need to think things through.”

“I bought this for you.
“This could be much more serious.”
“Are you trying to get your revenge?”
“I have bought something that I can use in my next life.”
“I do not want to lose my treasure.”
“You have a couple of house to figure this out.”
“I have everything that I need.”
“I need to leave, Eddie.”
“Eddie was already out of the picture.”
“I do not want to be left alone.”
“Is there a beautiful song to go along with this?”
“What are you doing to destroy thing?”
“I am not involved.”
“I am feeling bad pain.”
“Do not let any of that bother you.”
“It all makes sense.”
“Who was that?”
“Are you kidding me?”
“Are you eavesdropping?”
“I am going to serve you the lamb.”
“I do not eat meat.”
“I can give you the vegetable dish.”
“It exploded in my face.”
“That is a terrible fate.”
“One accident can thrown you off your game.”
“Is your room all wet?”
“What does that mean?”
“There was a flood.”
“Is there a song?”
“This is could not be worse.”
“This is not supposed to be that way.”
“I never had my close up.”
“Who are you waiting for?”
“That guy.”
“What has the money.”
“Are we wining?”
“You ain’t kidding?”
“You can win and lose your mind.”
“For the last time, I need your help.”
“Lea, you are acting as if this is convenient for you.”
“This is convenient.”
“We are not laughing.”
“Where does this end up?”

“We need a more complex understanding of humanity.”
“I think that I said too much.”
“Get this done.”
“Who do you have on the line?”
“Someone who believes my shit.”
“You have a thing with clothes, and you appear to have some serious influence.”
“I cannot do all this.”
“I will give you everything that you need,”
“You gave me everything that I need.”
“This is a real victory.”
“How does a victory begin?”
“What does he expect to find in here?”
“This is going to lead to hell.”
“Let us meet in the hall.”
“A restaurant.”
“I want you far away from the bedroom.”
“That is not going to work.”
“You have a favor to complete.”
“He is always working.”
“What do you expect to get in return?”
“I have a big fish.”
“This is more than fantastic.”
“This is a blessing.”
“She is ahead of the curve.”
“How do you do it?”
“This will not work.”
“I am an artist.”
“I have a blessing.”
“This is the human realization.”
“What is that?”
“Where am I?”
“Do not try to humor me.”
“I only need one.”
“What are you looking for?”
“This will last forever.”
“This is me.”
“Where are we headed?”
“The tower.”
“Is this a blessing or a curse?”
“I have been punished for wanting too much.”
“Don’t you have anything else.”
“This is going to destroy me.”
“Are you trying to poison me?”

“This is all that you need.”
“They are being cleaned.”
“Your money is being laundered.”
“You need more of a story.”
“It is a little early for that.”
“There is one way to get in.”
“Are you laughing?”
“What do we have here?”
“Are you working all the time?”
“That is not going to work.”
“I have felt stronger.”
“Do not try to destroy me.”
“What is the trick?”
“We have worked this out.”
“You need to change?”
“What are you hiding?”
“Do not take anything from this room. It could be evidence.”
“This could not be worse.”
“What is the telephone number?”
“This is the love number.”
“I can offer what you need.”
“How did that happen?”
“This is masterful.”
“That is the last piece of the puzzle.”
“This is hilarious.”
“Who is at the other end of the phone?”
“You did me a favor.”
“How is that?”
“You revealed a part of myself that I did not know.”
“That is next to impossible.”
“How is this going to end?”
“We are so sorry.”
“Let us call it even!”
“That will not work for either of us.”
“Where will this end up?”
“That was quite a set up.”
“Do not invite him over again.”
“This is not comedy.”
“You did me a favor, and you wrecked my machine.”
“That is hideous.”
“I am coming right way.”
“We need to find somewhere to lay the blame.”
“All this stuff is real.”

“I am not going to make this right.”
“I need to be fair.”
“I can make you feel better.”
“Grab a pen.”
“What is this supposed to be?”
“I am coming your way.”
“How does that work?”
“I will make this perfect.”
“Do not try to undo me.”
“Why have you betrayed me?”
“There is one more step.”
“That was called destruction.”
“I am looking for someone to wreck my world.”
“She looks too confident for what she has.”
“I changed my mind.”
“We are both facing a formidable opponent.”
“Yes, I did.”
“What are you going to do about it?”
“How does that work?”
“Give me the antidote.”
“How is that?”
“This is an emergency.”
“I cannot help you.”
“What is this about?”
“I am going to destroy you.”
“I need to ask for your assistance.”
“Press the button.”
“That does not work.”
“That is a little twist.”
“I need another idea.”
“This is a terrible way to end it.”
“It is the only way.”
“I cannot make everything perfect.”
“You have the perfect persona.”
“How does that function?”
“I want to make it right.”
“That is impossible.”
“That is humorous.”
“I have made it all work.”
“That is hilarious.”
“The car is not working.”
“Fill it with this shit. It makes the engine go.”
“Thanks for the blessing.”

“What do you need?”
“I misjudge you.”
“Speak for yourself.”
“He truly cares for you.”
“I do not know who you are talking about.”
“How long is this going to last.”
“She has everything that I need except for the one thing that I need.”
“What are we doing here?”
“We are bored as shit.”
“Are you kidding?”
“Enter the final ACT.”
“There are different ways to thinkg about this.”
“We need to separate.”
“I need a guide.”
“What are you going to offer me?”
“We are not going to returning to the planet’s surface.”
“What is the significance?”
“I continue to go around in circles.”
“My memory is not working.”
“We need to get out of here.”
“Are you in the wedding picture?”
“What dos that mean?”
“I was sure that you were going to bring be dinner.”
“That is not so funny.”
“Point out where I am supposed to go.”
“Who is organizing the meeting?”
“This is a meeting of the minds.”
“I want to stay liquid.”
“Are you kidding?”
“And that is impossible?”
“The anger circulated everywhere.”
“I cannot think about it.”
“That is so ridiculous.”
“I get a second chance.”
“Do you have a script?”
“I read all this on my phone.”
“That is impossible.”
“This is a perfect blance.”
“I want to get in on the inside.”
“Where did this end up?”
“Let it go!”
“We are going to end up in the same place.”
“How is that?”

“Who is going to fill me up”
“We could call it a partnership.”
“This is soothing.”
“That is everything that we want.”
“No one else is still here.”
“What is ice cream after it has melted.”
“What have you been doing?”
“I feel turned on.”
“Where are we headed?”
“There is no we.”
“I feel isolated.”
“Someone is asking me questions.”
“Are you kidding?”
“Can we eat this shit?”
“Where will it end?”
“How did we arrive?”
“You seemed so wonderful a little while ago.”
“It is not getting better, and it is not getting worse.”
“I do not want to spend everything that I have.”
“Are you kidding.”
“This is perfection in itself.”
“I need a guide.”
“She can be the guide.”
“How does that function?”
“We have succeeded.”
“We have each other.”
“I am not sure how much each other we can stand.”
“I am running out of heroes.”
“We should be able to do this on our own.”
“I am moving in. And I am moving down.”
“What is the last step?”
“The touch step.”
“We will meet again.”
“They took something, and they gave it back.”
“What made us this way?”
“What were we creating.”
“That is not going to work.”
“What did you leave for me?”
“I failed.”
“I need to quit writing.”
“What are you writing?”
“None of this stuff is effective.”
“That will never work.”

“Eddie was only an interruption.”
“I feel like rice.”
“I am all mashed up.”
“We can let it go.”
“I hear a barking.”
“This is funny.”
“Where are we headed.”
“We need to collect.”
“That is turning me on.”
“Someone is in here with us.”
“I am by myself.”
“I feel hopeless.”
“None of this is really fair.”
“Did that happen?”
“Where do they go?”
“You are inside.”
“Who is that?”
“That is not fine.”
“You need to immerse in the ether.”
“There will be no one else.”
“Why did you ask me to come to this house?”
“I need you to explain how you get on with your friends.”
“This is your last chance to spend all your credits.”
“I looked in the mirror, and there was no one there.”
“I spent a lot of money.”
“They are going to look great on you.”
“Do I have to go along?”
“We have a visitor.”
“What should we do?”
“That is too much for me.”
“I need to get free.”
“I am building from the ground up.”
“I saw you as more of an interruption in my life.”
“I had a brilliance.”
“What am I supposed to tell the world?”
“You tell me.”
“I hurt myself.”
“You do not have to do it all.”
“I feel like an icicle.”
“I am seeing all of this at a distance.”
“We eat. We sit around.”
“What are we telling ourselves?”
“How do we make things?”

“We have been cheating ourselves.”
“This is not going to work.”
“I do not want to be hearing about your explanation.”
“What is that about?”
“You cannot make it happen on your own.”
“I cannot make it happen on your own.”
“You have different options.”
“Just squeeze, and it will happen.”
“Where do you want to be?”
“None of that stuff is going to work.”
“This is hideous.”
“That is funny.”
“Your turn.”
“I am not going to share.”
“I accomplished something.”
“Do we have enough to share with each other?”
“Let me run free.”
“It is never as bad as it seems.”
“You need to create a system.”
“I need a better starting point.”
“Where does it end up?”
“I need to show up every day.”
“You have arrived.”
“It always looks that same.”
“They found it.”
“Someone is here.”
“It does not work like this.”
“We are being tortured.”
“How did my body get like this?”
“They do not feel comfortable.”
“This is what I wear at home.”
“What is really happening?”
“We are being spied on.”
“People say that.”
“Who is behind all this?”
“What is going on?”
“Where is this headed?”
“They are coming for us.”
“I am all myself.”
“There is not talking.”
“I am so sorry.”
“It is not as bad as it seems.”
“That is silly.”

“Where are we?”
“This is indeed a horror show.”
“I want to join in.”
“What is really going on?”
“You have everything that I need.”
“Who is leading the show?”
“I do it all myself.”
“This is a noe kind of existence.”
“I felt more secure.”
“They got back at us.”
“This is absurd.”
“That is a little impossible.”
“They are doing this for us.”
“They are doing this to us.”
“It never works like that.”
“Everyone is screaming.”
“That is planned.”
“This is a negotiation.”
“That is impossible.”
“I do not even believe that.”
I no longer knew how to be myself.”
