

A LITTLE BIT OF EVERYTHING

“I gave everything to you.”
“You do not know about the time before.”
“Now, he is hiding something.”
“My past is my past.”
“You made it back this way again.”
“That is funny.”
“This is going to be out of this world.”
“You cannot skip the line.”
“Give me a few days.”
“What is hurting you?”
“What has been taken that cannot be given back?”
“How is that?”
“I am a kid in a candy store.”
“The sugar is going to kill you.”
“They want it both ways.”
“When will the system crack?”
“What are we supposed to do now?”
“You will not be protected.”
“How does that happen?”
“You have an opportunity to save the animal.”
“What are we listening to?”
“He just walked through the door.”
“What does he want now?”
“He wants to see my papers.”
“This is fantastic.”
“Does not work anymore.”
“I need you to confess to the this wonder.”
“Hold your breath.”
“That did not do it for me before.”
“I will get it right.”
“Clean the house.”
“Clean the cell.”
“I have succeeded.”
“This will make it all work.”
“Who ate my homework?”
“What do you want to know?”
“Who is the boss here?”
“He wants to be the boss of the boss.”
“They are all lead astray.”
“The master story is coming.”
“We can make this last a long time.”

“This will last long time.”
“I can make it funny.”
“When are you coming back?”
“I do not want to quit.”
“We have to make it to morning.”
“It is coming down all around me.”
“I will find a way to get free.”
“Run quickly.”
“This is not supposed to happen.”
“I need you to help me forget about everything.”
“I have forgotten.”
“I need you to help me to forget.”
“I am getting too close for comofort.”
“There is no humor here.”
“No laughing.”
“Cut it off.”
“I am finished my day.”
“We are in this together.”
“We are friends.”
“This is not bad.”
“I get the job done.”
“Are you going to finish me off?”
“What is the quest?”
“You have to pay the fee.”
“And you think that is right.”
“You destroyed the possibility of change.”
“There is a legal solution.”
“I need you to explain the law to the world.”
“I am going around in circles.”
“I am laughing.”
“Do not end it here.”
“I cannot help.”
“We have a few minutes.”
“We much more to worry about.”
“Who can set it right?”
“Do not mess me up?”
“I have a special friend.”
“Lea, I need you to be everything.”
“I want to be asked to leave.”
“I want to be different.”
“Hit the showers.”
“There are other ways to make it happen.”
“Clear out, children.”

“That is funny shit.”

“We can solve this on our own.”

“What am I supposed to care for? I work. And I want some kind of blessing that is going to provide comfort for the sadness in my life. I do not want any of this to be pretend. I want something that is lasting and real. I have no idea how I got this way. Where is this going?”

“I do not want to yield to emotional blackmail. I am looking for a lasting connection. Something that can sustain me in the darkness. A sun that will warm all my days. What is getting in the way of my liberation. I do not want to believe that I am my own worst enemy.”

“I do not want to be forced to be a certain way.”

“Where do I start my journey?”

“Why do you call it journey? You are sitting still.”

“You cannot interfere with my life.”

“The nice becomes mean.”

“We are staring in the darkness.”

“This is not love.”

“How am I supposed to say it?”

“I need to get out of here.”

“We are going to need gas money.”

“What are you going to say happened?”

“This is going nowhere.”

“I could review my options.”

“I want a quiet place to sleep.”

“You have nothing to fear.”

I wondered who was listening to me. I knew what I wanted to happen.”

“The only way out is the way in.”

“How far in was I?”

“I need to get close.”

“Too close can be fatal?”

“How did you manage that?”

“We are going to be working together.”

“Who is WE?”

“There is no we.”

“I feel very along.”

“I felt very alone.”

“You are imitating someone that I know.”

“They let me leave on my own.”

“You have all the parts. What is missing?”

“Memory to drive the machine.”

“I have got caught.”

“They will not get me.”

“I am going to abandon this thing.”

“They are coming at me from a thousand directions.”

“Why are you so confident that this is the right thing to do?”

“That is what I am wondering.”
“There is something in the way.”
“I need to be good at this.”
“Park this thing.”
“They are going to get me.”
“I am walking out.”
“You should not have done this.”
“There is only one choice.”
“Run as if your life depended on it.”
“It does depend on it.”
“We are coming to an inevitable point of no return.”
“Sign me up.”
“You have a lot to learn.”
“We are going to need to jump.”
“The leap of faith.”
“Where are you?”
“I am with you.”
“We are everywhere together.”
“Jump on.”
“We are now together.”
“And this will solve everything.”
“What about the past?”
“We are the past.”
“We are the past and the future.”
“I was never here.”
“We were never here.”
“Where are we now?”
“You know what is coming?”
“I cannot afford that.”
“I have a few dollars saved.”
“You are going to have to commit your life.”
“The world turns around us.”
“Who is watching? Who is laughing?”
“He said that it would be perfect.”
“There is no destination.”
“I was never there.”
“Where am I?”
“In a life that barely ever changes.”
“I can get this down.”
“Is this a class?”
“Is this a blast?”
“Do I get paid?”
“They were supposed to send me to another place.”

“Who said that you could wear your slippers and pajamas to work.”

“This is designer outfit.”

“Does it fit you right?”

“I have options.”

“I am going to get sick.”

“I had pea soup.”

“I am tired of the children’s performance.”

“What is real?”

“Someone took the wrong ship.”

“Do not make me do what I do not want to do?”

“Who let me in the cage?”

“The brown bear is in the snow.”

“Why am I not hibernating?”

“You missed the rhythm.”

“I want love to be perfect.”

“Let me alone.”

“I am free.”

“This will never work out.”

“We are looking at different colors.”

“How did you manage to get this role?”

“Are you waiting for someone?”

“This is the distinguished speaker.”

“I am dealing with fear in my life.”

“That is not an explanation.”

“I missed my chance.”

“I can show you around.”

“Onward traveler.”

“The picture does not do you justice.”

“I am not impressed.”

“How did that happen?”

“We can go even on this.”

“People will continue to be people.”

“Why is that?”

“Do not hurt yourself?”

“These are not safe emotions.”

“I can sleep for a while.”

“Where did she go?”

“I am so close to awareness.”

“Why did I give so much of myself to this dream? The dream becomes a body, which is staring back at me. This is so coincidental and offers little for me in the way of human development.”

“Who is looking after the children?”

“I need someone to look after me.”

“There are going to be two steps.”
“I am getting pushed.”
“This means nothing.”
“I give all of myself to you, and what do I get back.”
“Who is asking the question, and who is asking?”
“There are some last minute answers.”
“I do not want this.”
“I want to get free.”
“I do not want a body that denies my body.”
“We will try one more time.”
“We are trying.”
“Where is this going to end up?”
“What is the complaint?”
“I turned off the world.”
“Turn off the world.”
“That is not possible.”
“What do you think that you are doing?”
“My hands are dirty.”
“I am not ready for this.”
“Why are you being like an adult?”
“Lucky that we never touched.”
“We cannot go back on this.”
“I guess that this ruins everything.”
“What are you looking at?”
“Where do we all get together.”
“I love the jacket.”
“Are you instructing me?”
“This is what real people do.”
“What do you want?”
“What kind of person are you?”
“When do you become an adult?”
“That is not excuse.”
“This is going to sink both of us.”
“That is silly.”
“I have people who care for me. You are not one of them.”
“Give me a second chance.”
“We cannot let this go on.”
“Mother said no.”
“Everyone said no.”
“You are not enough for sharing.”
“How did I end up here?”
“I cannot go back to this place.”
“This did not happen like that.”

“Are you making another excuse?”
 “We can try it another way.”
 “We can get someone else to fill it in for us.”
 “Take the eraser.”
 “This is not going to work.”
 “Are you kidding?”
 “You cannot make him any better.”
 “I am going to get sick.”
 “We were having so much fun telling jokes.”
 “I do not feel like one of your books.”
 “This is not going to work for either of us.”
 “That could be dangerous.”
 “There are people following us.”
 “I am sitting with all my friends. And they are all watching.”
 “You are still giving yourself to stupid choices.”
 “We can sit across from each other and pretend.”
 “Who is the boss here?”
 “I am the reader.”
 “The reader stops here.”
 “We cannot stay here.”
 “There are a million possibilities.”
 “I need you to open your heart to me.”
 “That does not happen.”
 “What do you want from me?”
 “You get used to getting something from someone. But it is nothing that is good for getting right.”
 “The last on the right.”
 “I need to tell you who I am.”
 “Who can I watch?”
 “You are a freak.”
 “Why did you bring a freak into our midst.”
 “Why are you such a monster.”
 “This is not intentional.”
 “I want a door that I can close and keep everyone out.”
 “This is not helping.”
 “What is the song at the beginning?”
 “Who let him in here?”
 “This is more of an assignment.”
 “Can I get in the cage?”
 “Can you get out?”
 “They have not prepared for us.”
 “The world is beyond us.”
 “This is going at the speed of the human being. We need to speed up.”

“You can do this on our own.”
 “This is everything that you want and more.”
 “I do not have the concentration.”
 “No one has the concentration.”
 “You have no idea what I have.”
 “That is not at the speed of humanity.”
 “They have forgotten all this.”
 “That does not happen.”
 “Why can I trust you germs?”
 “You are inside of me.”
 “Have some Cheetos.”
 “What am I eating.”
 “This will not solve your hunger.”
 “Who loved me this much?”
 “I am filling in for your emptiness.”
 “And you are telling me that is going to solve something.”
 “There is no solution here.”
 “I can wait.”
 “I need to be sure what I am getting.”
 “Eat this.”
 “Celery.”
 “Do we care?”
 “Are you going to sing?”
 “What else do you want in your life?”
 “Do you do work?”
 “Work takes everything away from me.”
 “I could have taken the blessing.”
 “Just because you take something from me does not mean that you can take something from me.”
 “This is getting more hopeless.”
 “I was looking for a special power.”
 “The princess power.”
 “I can give you part of the day.”
 “Give me the fun.”
 “I need more than fun.”
 “They created a moving object.”
 “They held it up.”
 “It is going to break.”
 “We used steel.”
 “We used mashed potatoes.”
 “They are the chorus. They help us to be ourselves.”
 “Why are you giving money to the monsters?”
 “They are all monsters now.”

“How did they silence us?”
“I am here.”
“Look at me.”
“Swim in the deep waters.”
“Someone dropped some ketchup in the ocean.”
“We can all work together.”
“How does that happen?”
“What if you go away?”
“It is coming after all of us.”
“This is not impressive.”
“My brother knows things.”
“What is in the bag?”
“I want to eat all the vegetables.”
“Do not mess with me.”
“We all have someone who cares.”
“It does not function like that.”
“They are both showing too much.”
“We meet at last.”
“What do I get here.”
“Watch them. I need to get away.”
“Where are you?”
“I am the caring one.”
“I am changing.”
“I am in a hospital.”
“Are you getting the operation?”
“They are changing me?”
“There is more to it.”
“The body does things that we do not understand.”
“I want a new assortment.”
“Take this box, and try it on.”
“Take one pickle from the jar.”
“When do these people work?”
“I work all the time, and I do not have anything else.”
“How does this happen?”
“The door slammed.”
“I cannot make this happen.”
“Well, he is here now.”
“You have to give me more.”
“That is not enough more.”
“5h5.”
“Does it ever work?”
“I followed the principle.”
“This is the principle.”

“I have something for you.”
“This is a train ticket.”
“There are others.”
“Take the bread.”
“Take the frozen Brussels sprouts.”
“Take Brussels.”
“I do not even care.”
“I want someone who can be honest about everything.”
“What did she bring?”
“She brought a body.”
“I want a body for myself.”
“This is too much myself for one person.”
“Don’t tell me that you came back.”
“I need some more balance.”
“All the switches have been tripped.”
“We are not going to revisit that.”
“Do I have to go through with this?”
“Who is the teacher, and who is the student?”
“I thought that I was good doing this on my own.”
“I paid for the grilled cheese.”
“I am all done.”
“I destroyed the world.”
“I am a rattler.”
“That is not going to happen.”
“We all have a heart.”
“Many hearts.”
“There are hearts in orbit of hearts.”
“You are that easy.”
“It says to get over this.”
“This is terminal.”
“We can both sleep.”
“Can I touch this?”
“I did not open this.”
“They all bring something.”
“You are falling apart.”
“Why did you bring these people with you?”
“That should not happen like that.”
“There is a solution.”
“I can make it on my own.”
“This is the wrong house.”
“What is the mistake?”
“How do they do that?”
“You planned this all day.”

“That is not going to solve my wonder.”
“Do not cheat!”
“This is not a good way to end.”
“That is a little cruel.”
“You try next.”
“This is not trying. I need to succeed.”
“You have such confidence.”
“You need to do the job before you get the reward.”
“This is perfect.”
“What were you missing?”
“Then you realize that he is not contributing to your betterment.”
“Good.”
“Give me a cola.”
“That is not going to help.”
“You look perfect for now.”
“This stuff is making me sick.”
“This can solve the problem.”
“I need answers.”
“We are the answers.”
“They cannot do what we need.”
“I don’t care.”
“I don’t care that you don’t care.”
“Do what you need to do!”
