

WAITING TO HEAR

“That is certainly what I have been waiting to hear.”
“This is what happens when you can’t make the perfect shot.”
“Is this what you do with your time?”
“There is no assistance.”
“I need some real help.”
“Are you kidding?”
“Can we eat that shit?”
“Just swallow, and don’t worry.”
“I am going to need to my stomach pumped.”
“There is nothing better than this.”
“There has to be a point when this does not work.”
“The court is in your park.”
“How does that work?”
“Close your eyes here.”
“No tricks.”
“You must really love each other.”
“We both stopped developing at a point in our lives.”
“Near the beginning.”
“We love the pie.”
“I don’t really like this dessert.”
“We have to negotiate.”
“That is absurd.”
“You are not going to put it into words.”
“Who are these two?”
“Where is this going to end up?”
“In the pudding cup.”
“You could have hung on.”
“Where will this end up.”
“These two.”
“You need to be broken up.”
“Let no man put asunder.”
“What is the real difference?”
“What are we in for?”
“I cannot even move.”
“You need to get thawed out.”
“Where is this going to end up?”
“Gather all your belongings in one hand.”
“What am I missing?”
“No one has a choice.”
“Why would you accept this guy?”
“The complaint.”

“Run on out.”
“This is so ridiculous.”
“Tell me what you want.”
“This is going to be fantastic.”
“How did we end up here?”
“We are going to end up with the shit again.”
“I never saw a picture.”
“I could enjoy this.”
“You worked out things so well.”
“Make a move.”
“I have missed the move.”
“This is not going to be completed.”
“Is that career?”
“I am finished.”
“That is not going to work.”
“I want a cut.”
“We are opening up a new operation.”
“We need seeds.”
“Where did you get them?”
“Who invited you here?”
“What can you give me that I don’t already have?”
“What do you like? What do you like to like?”
“You should not be here.”
“I went all the way over the wall.”
“Who is staying here?”
“There is a room upstairs.”
“I am going there.”
“You are one of those.”
“I need to stretch out my being.”
“That doesn’t make a difference.”
“What just happened?”
“Do have something else to worry about?”
“That is not going to work for either of us.”
“You have to clear out.”
“How do you want to describe it?”
“That doesn’t work.”
“Go back.”
“Are you thinking about this?”
“This is a sign.”
“I didn’t mess up.”
“I need to get out of the house.”
“You are not very good at this.”
“I do not really need you here.”

“You are going to have to pay for the glass.”
“That is not too promising.”
“I have another show for you.”
“This is not going to work.”
“It wasn’t meant to work.”
“You know what it is really about here.”
“What is it about?”
“What is missing?”
“You have all the parts together.”
“What should I say?”
“Wake them all up!”
“Are you kidding?”
“That is funny!”
“This is a way of life.”
“We are all hoping for more than that.”
“I am going ride the roller coaster.”
“Do not force me.”
“You shouldn’t interrupt.”
“How does that work?”
“What do you two do?”
“That is not possible.”
“Admit it.”
“I made a mistake.”
“He is not an actor.”
“That seems impossible.”
“What are you talking about?”
“You need to let it go.”
“This is not going to let go.”
“Where did this start?”
“This is impossible.”
“Are you going to bark?”
“This is the end of the show.”
“I was going to quit, but he got in my head.”
“We all ended up in the same place.”
“We need to get back to the house.”
“You move on.”
“I am never going to make it back.”
“You caught us.”
“It was not meant to be like this.”
“You have five minutes to finish.”
“That is impossible.”
“I wrecked the show.”
“How is that?”

“I want the sail, not the boat.”
“You have the look everyone is talking about it.”
“I made you.”
“What do you want to do?”
“Where is the mystery?”
“Don’t make me call this all a lie.”
“Do not cry.”
“I love how I am.”
“What is in there?”
“Give me a time to focus my will.”
“This is where I am.”
“We need to clean the grill.”
“Where are you going?”
“I didn’t know that he was there.”
“That was a cheap shot.”
“Are you blaming me?”
“I don’t know who to blame.”
“Blame the author.”
“Who is the author now?”
“We will fix him up.”
“That is not going to work.”
“We could use a manifesto.”
“What is philosophy.”
“What do you need to tell me?”
“Are you going to fuck with me?”
“I just want to let you do your thing.”
“Who is watching?”
“I need to get something out of this.”
“How about belief?”
“What am I holding on to?”
“What are you hiding?”
“This is unbelievable.”
“I have already seen the show.”
“They just turned the lights out.”
“That was everything of brilliant.”
“Start with the first thing on the list.”
“We have been there before.”
“Are you going to do this to me?”
“I need an auto repair person.”
“That is not working for either of us.”
“I need to talk to the bosses.”
“They are not in the mood to talk.”
“Have I been there before?”

“You can play the role.”
“Why did I never play a part?”
“Did you say that I could come in?”
“You deliberately made a mistake.”
“What are you asking me?”
“I do not want to interrupt.”
“What do you have for me?”
“I have been through a number of variations.”
“Fold, and rip.”
“I always thought that we would be better friends.”
“We are best friends.”
“This is too late to even start.”
“Is there something that you need to tell me?”
“There is a lot of me to go around.”
“Where is this headed?”
“Who broke my heart?”
“Someone like you, but not someone who is you.”
“That hardly seems fair.”
“I can console you.”
“I am worse. I am cruel when I need to be.”
“What am I reading?”
“A book about how to eat a sandwich.”
“What do I need to know?”
“What are you telling me?”
“This is the end for both of us.”
“You have not given your life time to develop.”
“What did I just miss?”
“What is your upset?”
“That I am going to mess up somehow.”
“She is going to look up.”
“She is in touch with a higher purpose.”
“Wow! That is driving me crazy.”
“This doesn’t mean much of anything.”
“I like the sweater.”
“What can I offer?”
“What is security?”
“I am a cynic.”
“Too much time around disappointment.”
“I did a bad thing.”
“That is not very fun.”
“Are you blaming yourself?”
“I am practicing legal maneuvers.”
“Everything came to an end.”

“What are you doubting?”
“I am floating in the cold water.”
“Someone needs to give me mouth-to-mouth.”
“No one really lives a life like this.”
“What do you really worry about?”
“Was she teasing me?”
“I used this as an advantage.”
“What are you learning now?”
“I moved.”
“That was the stupidest thing that I have ever done.”
“I like what you did with your hair.”
“Did she really say that to you?”
“Want to know the truth?”
“She is hear to destroy our lives.”
“You deserve to be happy.”
“You could make me happy.”
“You need a conscience.”
“This is your choice.”
“The music is going to make me do some strange things.”
“Remember everything that happened.”
“Remember what happened when everything was happy.”
“We are back to where we started.”
“That is not going to work.”
“I like to destroy myself.”
“How does that work?”
“I knock on the door before I go in.”
“This is where it all started.”
“Does this remind you of something?”
“I could do it all over again in a different way.”
“The food is challenging me.”
“You missed my call.”
“What is missing from your life?”
“That was nothing like you thought it was.”
“You want to be hurt so that you can memorialize your pain in your art.”
“Someone is going to take what you really love.”
“Who are you?”
“The invader.”
“They are getting closer.”
“How does that work out?”
“We are all going to destroy what we adore.”
“You do not care for me as much as you used to.”
“I have work to do.”
“It does not work like that.”

“What is your objection?”
“That is hardly fair.”
“There is no alternative.”
“You can give blood.”
“Now, we are talking.”
“Butterscotch.”
“That is going to turn me on.”
“I am the guilty party.”
“What is the guilt based on?”
“How did we end up here?”
“None of that worked out.”
“I am along with you.”
“I plan to do something stupid.”
“It is not going to take long.”
“What are you smiling at?”
“Creation.”
“What has always been.”
“Where is this headed?”
“We are going to get snowed in.”
“It does not snow here often.”
“I need to leave the house.”
“What are you trying to tell me?”
“Love fades.”
“This is a way to win.”
“I played when I was a child.”
“That is way too close.”
“I have waited for this all my life.”
“That is about one hour.”
“You did something wrong.”
“I have waited for this all my life.”
“You needed to say something.”
“She took her sandwich, and she left.”
“None of this happened.”
“I need to tell him.”
“Did I see this before?”
“Was I this place before?”
“I was saving. I was holding all the emotion inside.”
“What happened?”
“What were you doing while I was gone?”
“There is only one way to win.”
“How is that?”
“What is your complaint?”
“Who won?”

“This is for all of you.”

“This will work.”

“I have an appointment.”

“I am a winner.”

“They want to know.”

“Who does that really work?”

“It is going to end badly.”

“Have a peanut?”

“How did you get here?”

“I am finishing the job.”

“I need to make a delivery.”

“I feel abandoned.”

“This will give me everything that I need.”

“You know where this is headed.”

“You have everything in your life.”

“I have more than enough words.”

“It is not as bad as it seemed.”

“I wanted to do this.”

“There is more to it.”

“What do you need to share?”

“I will be back soon.”

“I do not want to watch television. I am tired feeling as if my life is programmed by some kind of system.”

“That is the first lie.”

“This is not going to work.”

“You have to lie.”

“He is checking up on you.”

“You have potential.”

“You need to care about something important.”

“How will this end up.”

“We will both be face-to-face with the absurdity of our lives.”

“The shoes say it all.”

“I am coming here for you.”

“I should be asleep now.”

“What is not working out for you?”

“What was your greatest challenge?”

“Realizing that I was not doing anything to change the world around me.”

“What about your father?”

“That is not this story.”

“Are you trying to control me?”

“I just want someone to understand.”

“That is so silly.”

“Who is laughing?”

“We are destroying ourselves.”
“I have none of those things.”
“Are you going to leave me down here?”
“I don’t want to ever leave you.”
“An emotion better saved for another story.”
“Are you going back to him?”
“Do you want to tell me what happened?”
“You say that you are fine, but you are letting off these strange emotions.”
“I have been broken.”
“This is going to be about something else.”
“He knows.”
“They all know.”
“I am not into this song and dance thing.”
“Where is this headed?”
“I do not want to be left alone.”
“Is this what you to happen?”
“That is rather disturbing.”
“I need you to be honest with me for once in your life.”
“Are you the last honest man?”
“Are you the least bit suspicious?”
“Of your lies.”
“You have to know how to complete.”
“There is no objection.”
“Do you want to confront me?”
“What do you want to reveal to me?”
“Where are you?”
“Did you get paid to say this?”
“You need to clean up.”
“Let us do this one more time?”
“There is not a cast.”
“Look at the script.”
“Are you kidding?”
“We are both kidding each other.”
“That was not a good place to start.”
“We are both lying to each other.”
“You are lying about important things.”
“This is going get technical.”
“How does that work?”
“I cannot answer all your questions.”
“This is going to get very messy.”
“That was worse than either of us could have imagined.”
“I will be right there.”
“We have got caught.”

“You smell too clean.”
“We need to stop this.”
“We are doing this.”
“And we need to stop this.”
“We are stopping this.”
“We can do a redo.”
“I got caught.”
“We both got caught.”
“That is everything that I have always wanted.”
“There is no security.”
“We need to explain this.”
“I am seeing another side of this.”
“I am good at this.”
“What is really going on there?”
“Something that we need to discuss.”
“Are you upset.”
“You must think that I am stupid. You must think that I do not know.”
“I have been saving this all my love.”
“You fuck up. Then you say that you are sorry. Then you say that enjoyed it.”
“You are not making this easier.”
“You are not making this easier.”
“This is much easier.”
“The car blew up.”
“Who set the dynamite?”
“I did it myself.”
“How do you know that?”
“I was going to win.”
“That is fair to both of us.”
“What is your complaint?”
“You are using your sociology to keep me in place.”
“I made it before you marked it.”
“Do you want me to say that is perfect?”
“We are already out of each other’s lives.”
“I will put it all back in place.”
“I was there.”
“You need to keep reading.”
“There are two stories.”
“We both got caught.”
“What do you really need to tell me?”
“This will be over soon.”
“This will all be over soon.”
“Are we going to do this together?”
“I know it all.”

“I know what is really going on.”
“This was perfect for the both of us.”
“My mind is so potent.”
“Think about it.”
“I am.”
“I cannot get you out of my mind.”
“You are playing more word games.”
“Which word is going to work this time?”
“I only need an explanation!”
“I have been a million places at once.”
“What is your complaint about me?”
“I have lost that loving feeling.”
“Is that your excuse?”
“I felt that honesty was not getting me anywhere.”
“We are working on this together.”
“That is not going to do it for either of us.”
“Do not go down there.”
“We are both behind the times.”
“Make the move.”
“Here we are.”
“Close your eyes, and I will get it done. That will give you a clear conscience.”
“Here is some carrot juice.”
“I need to gain certainty.”
“This is your turn.”
“There is no turn.”
