

UNRAVEL

"I need to go away for a long time."

"What are you going to do?"

"I am going to go for a long swim. I am going to submerge in the healing waters. When I come back, everything will be okay."

"I have listened to other side of the argument."

"You cannot admit to the reality of my experience."

"Get to the root."

"There is no root."

"I can see it on the skin."

"What does that really mean?"

"There is another way to see this."

"That is not going to help you."

"This is not going to work for any of this."

"I need to learn how to float."

"This an offer an explanation."

"The waters pull you down."

"I need to understand this better."

"That is not going to offer you a better understanding."

"I almot drowned."

"You swallowed too much water."

"The ocean was not friendly to me."

"I could help you to see a different way of seeing yourself."

"There is a lot of salt in the ocean."

"Where does this come from?"

"What do you care about?"

"Why should anyone care about what you care about?"

"I have tasted the water."

"This is an origin."

"There is a book that goes along with it."

"What is that book called."

"A good book. A bad book."

"It could be a book of instruction."

"This is how transgression starts."

"Do not eat the bones."

"They have nutrients."

"You need to do this without parts."

"This is the biggest failure."

"Why should I bother."

"This has nothing to do with me."

"Give me vanilla."
"It never happened like this."
"That is funny for me."
"I really like ice cream."
"That is a different kind of origin."
"No crying over spilled milk."
"That gesture will not work."
"Drink the spilled milk."
"That is the cat."
"That is all that I need to know.]"
"Why should I care?"
"Why should anyone care?"
The ice cream all melted.
"What about your dreams?"
"You could be sure of yourself."
"Do you want to know something?"
"I am at the center of the universe. There are things that I need to know. I am not good at asking questions."
"I crashed."
"We all crashed."
"We need replacement parts."
"I need to be better at this."
"That is all that I want to know."
"What is happening in your place"
"I am thinking about it."
"That will not assist you in changing."
"This is about something else."
"Gluing together pieces of an egg."
"We can do it so well now that no one knows the difference."
"We all know the difference."
"That does not do it for me."
"I finally resolved on a happy form."
"Why does that work for you."
"Am I allowed to say what I truly feel?"
"Is there another form of expression?"
"Why I do things that I do not want to do?"
"This is a contract about emotions."
"How did he make it in?"
"That is funny."
"Where does that originate?"
"Where does that originate."

"I am in a hurry."
"I need to slow it down."
"Who is taking the picture?"
"This is where it gets difficult."
"You are so far beyond this."
"It is helping on multiple levels."
"The family can help."
"This is where I need to be."
"There are added parts."
"My family gave me advice."
"They told me to watch the currents."
"The currents are the source of the origins."
"Everything connects."
"That is everything that I wanted."
"You cannot explain what is really happening here."
"I have already give you all that."
"I saw that."
"This is the only thing. And this is the only that matters to me."
"They scattered me in the water. I came back to life."
"What good is that going to do?"
"They were confusing bodies of water."
"You have been uninvited."
"I am not acting in a creepey way."
"I am ready to get sick."
"I do not want to look."
"Look at the sail."
"They had better boats."
"That is a big deal."
"How could that lead the attack?"
"That only matters to you."
"They sunk my boat."
"You are very far along."
"I need a better explanation."
"Get the book."
"That is made up shit. The belief is more important that the real thing."
"Do not give me that funny look."
"I do not think that is going to help."
"Do it very quickly."
"This is not very far along."
"The water spreads out the ashes."
"You are offering one thing."

"We go hunting."
"Do you know how to read a map?"
"I am losing my way."
"You need to ask for something else."
"I am understanding."
"I cannot be something that I am not."
"What is happening deep in the ocean?"
"There was a miracle."
"Where else could this happen?"
"On dry land."
"He declared himself a god."
"I do not believe in such false things."
"How is that going to work?"
"Will he see?"
"Everyone is offering something that has been removed."
"There is a book that explains it."
"That is the infidel's text."
"What is your text?"
"You cannot fly without sufficient understanding of aeronautical forces."
"You did not notice any of this."
"There was a different scripture."
"This is a way to love. This is a way to hate. And this is a form of praise."
"This is how he appeared in another time."
"How does he appear now?"
"Where should I be looking?"
"On the skin."
"How long will I have to participate?"
"Until I can peel the skin down to bone."
"You will feed off of me."
"That is the shark's way."
"The sharks are getting hungry."
"There is one perfect place to compensate for all the imperfect ones."
"I am looking for something else."
"PASSION."
"PASTE."
"You need to ask."
"I already know."
"I am going to panic."
"We can make this happen."
"We need to be more specific."
"You need to learn how to recharge."

"That is why they call them healing waters."
"It will finally end without a clear resolution."
"Drowning could occur."
"You need to come up for air."
"I didn't think that it would end."
"It won't end like that."
"I am only about solutions."
"I need to hold here."
"The water is gushing."
"This is not that kind of story."
"Will you tell me what I need to hear?"
"I cannot give an answer."
"You need to be more open to others."
"That is the only thing that you care about."
"I am trying regeneration."
"Who is taking the pictures?"
"A friend."
"What is he asking for?"
"Where did you come from?"
"Where is this going?"
"You go off the rails."
"You describe yourself in a different way."
"I need to go deeper."
"There are weird creatures down there."
"There is only one thing that is important."
"Are you a living being?"
"The stone is living."
"I heard a description."
"This is good for all of you."
"He is a miracle-maker."
"These miracles do not go well with my nature."
"This is another exaggeration."
"You believe what you need to believe."
"A shipwreck."
"The Roman fleet."
"That was temporary."
"You could make it all happen in a blink of an eye."
"You have enough time to build up resources."
"I think that they knew."
"There were alliances."
"They affected your nature."

“What is missing?”
“Anything that is needed.”
“I only want one kind of response.”
“I was waiting for a confession.”
“That is not part of our tradition.”
“Too much silence.”
“What do you want to hear? What do you need to know?”
“This is going to work.”
“That will be the end.”
“I need to make it stop.”
“That is not what is expected.”
“They were trying.”
“None of that is going to make a difference.”
“They have technique to revive the dead.”
“How do they do that?”
“They get close to the spirit.”
“That could be a sacred rite.”
“Or a cult.”
“This is a deep form of belief.”
“He is good with miracles.”
“There needs to be another level of being.”
“You have not found anything else.”
“I only want one thing.”
“It is gone.”
“Do you know who she is?”
“I know all too well.”
“Find it for me!”
“You believe in things that never happen.”
“This false accord with miracles can damage the psyche.”
“This is false belief.”
“How do I get to the real thing.”
“Find the gods!”
“What does that mean?”
“That is not going to explain a thing.”
“What is the currency.”
“They want to see me in court.”
“Someone is going to have to lose.”
“Where does that come from?”
“You have gone all the way.”
“Where are you supposed to be?”
“It does not work that way?”

"We have gone past chemistry."
"This is a different kind of design work."
"Let us go to the bank."
"That is what akes it all work."
"Where have you been hiding?"
"You know what you want!"
"None of this is helping."
"Where are you working now/?"
"I do not want to get caught."
"That will not help."
"I need to stand up."
"This is another stage."
"Have I asked you before?"
"Give me something."
"Why are your eyes looking weird?"
"That is not funny at all."
"That does not work for anyone."
"Please disappear."
"The world has jumped out of the window."
"There is a book with the answers to the accounting questions."
"I am not good at accounting."
"I cannot hear any of this."
"I want all of this."
"This means the hisotry."
"I need to wait until the end."
"Why am I supposed to know"
"This will turn you on."
"You accept living in shit."
"We all do!"
"We need different rules."
"I am in training."
"The world is following your nonsense."
"You spend all your time becoming involved in a distraction."
"The middle of the middle is way on the other side."
"This is not part of your life."
"You cannot do that here.."
"There are rules."
"You need to ask."
"I will find an answer."
"Have some ice cream!"
"You are percolating."

"You are going to need to need to make a deal."
"How many times before you need to see me?"
"We do not need someone looking in the soul."
"How is that supposed to work?"
"This is way beyond me."
"She learned a special technique."
"Who is leading you?"
"Who is eating off your plate."
"Are you here?"
"Oh, dear."
"I can assist you with the odds?"
"How does that work?"
"There is nothing else left."
"AND YOU DO NOT WANT TO COMPLAIN!"
"BOO! HOO!"
"WOW!"
"So much wow, and so little solution."
"You are all here."
"I think that we can push a little further."
"None of that will give a solution."
"And that will work for you."
"No one cares!"
"No one cares."
"That will not help anyone."
"Help me!"
"We would need beliefs that do not accord with our culture."
"This was your culture. It was in the sand."
"Did you care?"
"We could do something with it."
"I saw something that I shouldn't have."
"There are so many facets."
"I REALLY DO!"
"This is better than I could have imagined."
"You will hear more of it."
"That is shocking."
"I am cutting up."
"Something is messing with me."
"I am not part of any of this."
"There are too many voices."
"That is the only thing that I care about."
"It is a lasting mark."

“Like a burn.’
 “The body does not work like that”
 “They are all here.”
 “That is not good for me.”
 “There is another episode.”
 “This is under water.”
 “This is in the water.”
 “We onoly need a little more.”
 “That is ridiculous.’
 “You are hiding from the fatal bite.”
 “Give it to me.”
 “I am in that circle.”
 “I will not taste.”
 “This is going to be worse than anything.”
 “That is completely without merit.”
 “That is funnier than funny.”
 “Where can I find everything that I need?”
 “In the monument.”
 “This is about the waters.”
 “This was sacred.”
 “None of it is.”
 “Shut up! Seriously!”
 “There is no place for the sacred.”
 “Did you know where I was hiding?”
 “This was not about hiding.”
 “Do not breathe.”
 “I am going to be destroyed by these beliefs.”
 “That took something from me.”
 “And it gave me something.”ond banking.”
 “This is beyond banking.”
 “It is gold dust.”
 “Human ash.”
 “Clean up!”
 “I think that I have time to complete this”
 “Your math is terrible.”
 “I need to find him.”
 “You need to offer a clear reflection.,”

Do you wanna know about rebirth methods. It is all a matter of understanding the essence. You build from that. You generalize. You make a connection to all the key points in the universe. And you manifest each one. That results in a solution. You’ve been working on this for a long time. That is the only way to offer you any kind of salvation. You do it again

and again. You make it matter. You tell others about it. You divide your time. The division of time is the relationship that connects the self in the present possible selves in the future. That is how you revive the soul. You find those connections I don't long lasting and you make the means. Do you think that you have some thing. If you don't you have to go back to you are and what you were. You could be walking dead. That means that you have to recover your soul. It can be no recovery of the soul as long as you remain caught in that kind of thinking you were exposed to these influences. And they make you think that you have a power that you cannot. Nevertheless, there is a way to focus on some thing specific. And that can give you everything that you need to surpass the present. You move to this other connection. You find a deeper blessing. That's all that matters to you. You're not excepting when it's given to you. You're getting out of all that, and you're finding something else. This could make a difference for the rest of your life. Often, it does gonna have to make a decision. You're gonna have to work with you available resources. And you're gonna have to anoint the body. That blessing will bring it back to its original state. Such a movement is essential for a complete rebirth. There's a place you can go and you can make all this happen. There's someone that you can say they can help lead you along. You need to remember this. There is a solution. Do you remember in the morning. You can tell your friends. It's something that you can eat. It's some thing that revives you. It takes you to another state of being. I know it's going on here. I know how you're trying to understand things that are impossible. You need to get a grip on reality. Things were so bad. And they were supposed to change. And someone said that it wasn't gonna be the same anymore. But everything went back to the way that it was. And all the things that you knew became things that you didn't wanna know. All the things that you couldn't deal with became things that you could deal with. Your fear became your sense of humor. They all connected. There's easier ways to make it happen. You need skills. You need to understand where I'm going. This frightens me. This truly frightens me. You know what I'm offering. I don't care who shows up. I just wanted someone to show up. I want someone to say this is fun. Just bring your friends. Just bring your enemies. How we bring someone back to life. It's a special trick. But it's a place that you want to go. We go to this place, and it gives the ability to regenerate the skin. All these things that have been hurting you no longer have that same affect these things change. You change. Someone else is driving. Someone else is piloting the boat. Someone else is taking you to a place that you don't want to go to. What the fuck is going on here. I promise that I was going to get out of this. Now I have to stand a stupid body. Why did you give me this? You said that it would transcend. And now it's staying with us. Are you kidding me. Are you kidding all of us? This is ridiculous? This is really ridiculous. I need to be quick. I was sure that it was going to make it work. But something got in the way. Something made me hurt. We need to do this a little later. Will start early, and we can finish a little later. I stare into space. I have a confession to make. I couldn't stay any longer. How does any of that work. Serve me another drink. Serve me two more drinks. I thought I saw you. It wasn't you. I felt clueless. This is supposed to be an explanation. This was supposed to take me places. I couldn't go anywhere. I can't take you anywhere. If this is a bell. This is the only thing that matters. Is the only thing that hurts. This is the only thing that

doesn't hurt. If I could teach you this, then you could teach me something that I need to learn. I need to go back to the drawing board. I had a good explanation. There were people who I could tell Kate. Now nobody wants to know. They do not believe the magic. They say that the magic is only an exaggeration of the mind. The mind sees what it wants to see. It bypasses the science. It avoids the inner eye. It plays tricks on you. Do you want to say no. You want to say that you can't do this anymore. You want to say that it doesn't work. But it all works out too well. This was supposed to happen. But none of it happened. This is all scaring me. All the lights are on. Someone's been in the house. Someone's eating my porridge. This is not fair. You said that you weren't going to do it like this. But someone ate all my food. I feed myself from creation. I really believed that everything was possible. Now, only one thing as possible. Where do I hang out? Or do I wait? What am I supposed to eat? I was here, and then I was gone. Everything made sense. Everything had a script. Why would you do this? Why do you wanna do this? Let me show you this and you will understand. If you do not understand you understand nothing. This is a perfect moment of belief. This is the perfect connection between the now and the never. Who's waiting here? He collapsed on the grass. He brought them to wife. He claimed them for yourself. You said that you were going to make a family. But there was nothing familial about it. It all ended quickly. Everything went out the door. Maybe we could start again. Too much to think about. Too much to enjoy. I need to get all of this out of my head. There was a moment that something made sense. I said something that made sense. I said something and made total sense. Why did you come in at this moment? What do you have to give me? I'm feeling tense. I want to get outside the body. There's this rebirth process. Is this another example of transmigration of souls? Why do you go from one place to another. There's no scientific basis for any of this belief. Are you pumping in peoples minds. Why do you get into criticizing me? I'm trying to explain to you what's going on. This is a simple process. It starts with simple ideas. When I need you, you will not be there. It's not what you think. It's not what you think it is. That's what you think it isn't. This is crazy as shit. How do you do this? How do you bring those things back to life. It's not magic. It's not belief. It's all real. It's science. I don't want to think about science in that way. Is it a conspiracy? You're using special devices. You're teaching us new techniques. What does that even mean? What do you mean? What do you need? I'll give it to you. I'll give you everything that you need. I'll help you grow. This grows like a germ. And you think that you're protected. You think that you're protected from everyone. What do they want from you? I've dealt with this kind of thing before. I've dealt with your people before. I've been in a place that you were before. I've been doing this all wrong. And it kept working. Now I need to do it right. Please show up. Please tell me what I need to hear. Please tell me that you love me. Please help me focus. I'm glad that you came back. You have no idea where this is going. What did I do last week? I think I have an idea. I'm gonna have to do it again. I'm gonna have to apply the technique. Things are getting a little scary. But I can make it all happen in order I don't have to worry about this right now. I just need another way to get the money in there. I'm gonna be giving this to you. I want you to trust me completely. You know where I want you to put this. This is fire. This is water. This is transportation. This is energy. And I'm not here to destroy you. I

want you to be part of some thing special. Don't get too close! It doesn't work like that here. There's this other place. Some people have answers. Some people drink the water. Some people are the answers. I want to be an answer. I want this to be more than just anyone question. I never thought that I could get to this point. But there's something that I need to tell you. And we keep going over the same things time and time again. And you're still not saved. What's it gonna take? Who is it gonna take? Where is it going to go? Do you want to come with me? We're going off somewhere. We're going off to read. We're going to read things that we shouldn't look at. I'm almost there. This is the last week. This is the last day. This is the last supper. What's on the plate? What culture is this? This is before before. This is where it all started. This is where you said what the fuck. Where the fuck is this guy. Where the fuck is this guy? I'm bringing good news. I'm bringing a cheer. Tell you some thing that you've never heard before. Everything Hass to come from you. You need to know these things. These are things that you've been thinking about. You need to believe these things. You're too close to the ground. I'm not feeling sorry for myself. I'm not feeling sorry for the story. This hurts. I need an explanation. I need to tell the world about this. This is going to be funny shit. Tell your friends. Invite them to come. Tell them what's really going on. This is the love of life. You need to understand where I started. I needed to describe it in different ways nothing was intentional. It only happened. And only served a purpose.
