

DIALS (2)

What made me the way that I was?

“Dials describe who you are. They track what you desire.”

“You desire what is in your grasp?”

“You desire what is outside of your reach.”

“What do you want to know?”

“Do not inconvenience me!”

“Tell me what you love!”

“I love what you can give me.”

“Who invited you in?”

“This is going to be special.”

“You go through these stages of self-revelation. What is known, and what cannot be known.”

“I dialed you up.”

“I dialed you in.”

“I have a great idea.”

“Look me in the eye.”

“This is personal.”

“This is going to lead to happiness.”

“Everyone has a road to happiness.”

“You were there.”

“This is embarrassing to me.”

“It happens to us all.”

“Are you going to come back?”

“Write it all down.”

“I knew this guy.”

“Is he right for you?”

“What is the one thing that will get you going?”

“I am being watched.”

“That one got away.”

“I was watching him all night.”

“What did he say to you?”

“I wanted him to talk to me?”

“Where are you hiding?”

“Do you have something that you want to say?”

“Kindness is primary.”

“What makes him the way that he is?”

“He makes me think that I am important.”

My friends thought that he was special.

“What about the next one?”

“He was distinguished in his own way.”

“We all feel distinguished.”

“He made me feel smart. Or I felt smart, and he made me feel good. Or he made me feel really good.”

“What else is there?”

“Put something in my drink to make me feel right.”

“What do you need to help me to feel well.”

“Why are you talking to me like this?”

“What can you do without this guy? How are you ambitious?”

“There is the really fun guy.”

“This other one was going to turn me into something.”

“I was thinking about my life in a whole new way.”

“What do you need from me?”

“Do not leave me alone.”

“I am not worried.”

“I don't want to think about that shit too much.”

“You don't have to. You are good at what you do?”

“Do you have a directory?”

“Of fun people.”

“I love fun people.”

“Whose words are these?”

“Those are my words.”

“What do you know?”

“Who do you?”

“This is not good for either of us.”

“Where does this end up?”

“Swallow your pride.”

“That is not happening now.”

“He has that look.”

“Do you want to talk to me about something?”

“Do you look the part?”

“I am trying to be myself.”

“Who is filling in the missing parts?”

“This is not going to turn out well.”

“Don't stop now.”

“What are the three options?”

“Smart, fun, and really fun.”

“I am not sure of myself.”

“Take the fun.”

“This is going to end up in a long chase.”

“Do you want to be with him?”

“If he wants me.”

“They say smart, but they are not thinking about this stuff all the time.”

“Do you learn?”

“I am not looking for another guy that.”

“What is he like?”
“He is a lot like everyone else.”
“I didn't like the way that you looked at me.”
“What do you want me to do?”
“Be like everyone else.”
“The store is closed.”
“Why do people get like this?”
“You think that you have no choice.”
“He didn't have much to say about my job. But he made me feel fun.”
“And that is not going to be much of a job.”
“Then there is the one who really did a job on me.”
“Who are you working for? Who are you working with?”
“We did stuff at home. He promised me that we could change the world?”
“Did it?”
“That was all that it did!”
“You still have time.”
“How much time do you really have?”
“How much to you really need?”
“Do you still have a career?”
“You are a killer.”
“That stuff is not good.”
“We were working together.”
“You think that he has something that you need.”
“Here is where it gets difficult. He is all that you ever wanted. He is all that you ever needed. And he knew it. That is the risk.”
“Do I have any other options?”
“There are few alternatives.”
“We had so much fun. Then we faded.”
“We will have loads of time to do this.”
“And what are you doing in return.”
“What is helping to you?”
“That is a bad day.”
“Where is this going?”
“Do not bother me!”
“You are not as good as you used to be.”
“I was trying to figure out what I was supposed to be doing.”
“We think that kind of thing is more important than it really is.”
“How do I get out of there.”
“Are you trying to cut off my ear.”
“Who is responsible?”
“Where is this going?”
“I am breathing.”
“How does that work?”

“I BREATHE THROUGH YOU.”
“I want what I cannot get.”
“That is going to follow me around.”
“Is this going to be free?”
“He makes me feel that I am way more than I am.”
“I need one more bite.”
“THIS IS SO FINAL.”
“You were nice in the beginning.”
“That is a racket.”
“This is not emotional.”
“Where does that come from?”
“I object.”
“This is the court of life, not a court of law.”
“That is so fucked up.”
“I am focused.”
“Try not to hurt me.”
“You are listening to everything that I said.”
“What did you do to me.”
“He didn't even pay me.”
“That was a total accident.”
“Call someone to help.”
“I have a visitor to the house.”
“That had little to do with me?”
“Then you went down again.”
“That is the one who really gets in your head. And you do not know enough to resist me.”
“This is so disgusting.”
“He made me feel wonderful. But he thought that he could get away with anything.”
“This was a different kind of control.”
“That is like Goldilocks and the broken chair.”
“This one is just right.”
“What made him so good?”
“He seem like a good guy.”
“We all have a good guy gene.”
“What is that all about?”
“You can't leave him there?”
“This is never going to work.”:
“Who is that guy?”
“I got pinched.”
“That is the definition of reality.”
“You get pinched.”
“Where is this going?”
“He deserved to get hurt.”

“What is the basis for your mistake?”
 “He looked at me. He recommended a book.”
 “That is sick.”
 “You have no idea what this is about.”
 “Someone is coming for a visit.”
 “This is such a mess.”
 “I do not want to leave.”
 “Where is this headed?”
 “I want an answer. Give it.”
 “That is ridiculous.”
 “There are laws.”
 “He knew which laws to break. And he broke me in two.”
 “You follow the path.”
 “That is what I always wanted.”
 “That is what she is looking for.”
 “This is what is on the itinerary for the weekend.”
 “Who is going to buy this shit?”
 “I can give it to you for nothing.”
 “I was sure that I was next.”
 “Who are you working with?”
 “I did not do it.”
 “You thought about it. That is all that really matters.”
 “You messed with me. Now, I am going to mess with you.”
 “This is all clean.”
 “You did not do your job.”
 “This is special love delivery.”
 “Do you know who this guy is?”
 “A friend to children and animals.”
 “You went for the mean guy.”
 “I didn't know that you were hurting.”
 “I am being followed.”
 “That is not happening.”
 “We are working together.”
 “This is called a flashback.”

“The world doesn't choose you. You choose the world. You do have alternatives. But they may be limited. That is how the deals come in. They help apply to your alternatives. What are you looking for? What do you want? What do you need? Where is any of the scoring?”

“I'm on the road to ruin. I'll take you with me. That doesn't sound very good. Never is. There are additional charges. That's what I'm afraid of. I'm trying to redo the story. Trying to bring other characters in. But they all seem very similar. They seem similar to you. And similar to me. Of course you're an observer. And I'm the one in the middle of the action. I'm not sure exactly what that means. I'm not sure where that ends up. But there's some danger awaiting all of

us. You can except it. Or you can take risks. So why do I take risks. One of those risks.”

“What do I know about my Dials. What do you know about my Dials? I know that you would like to be different. Do you want a different story? You wanna be welcomed by other characters. So how is one guy different than the next? You see yourself as is artistic. But you're also very practical. Maybe, you haven't pursued your artistic interests. You become caught up with some thing unusual. You've taken a risk. I've taken the wrong risk. And you go down that road. And there's other people waiting for you. You wonder if it amounts to much. You wonder if you have enough.”

“You have the insurance. You know the feeling. There's always someone on board. And you're happy to oblige. What does it all mean? Why do you feel mean? Where are you really hiding? You find someone else who is a little like you. He takes you out now and then. He doesn't depend on you for money. So latest this seems like the perfect thing. It's not just that you can turn this into a relationship. Do you think it might turn into a life? He doesn't want to commit. He just goes along with things. He's afraid to be dangerous.”

“He's only dangerous. He likes to risk when he's not working. Maybe he's into mountain climbing. Maybe he's a skier. He lives for the adrenaline rush. He gives you the adventure that you can't find in your life. You hold hands, and you say it's wonderful. You go to this place. You become this place. You become one with this place. I need the adventure to becomes more intense. There's only two ways to get out it. You get closer to death. You get closer to life.”

“And he makes you think that the latter option is going to be the best. He seems a little daring. But he's too intermittent. He can give you passion now and then. It summons something still missing. Then there's another option. He seems to have the answers. He listen to them. Do you think it's going to go somewhere. You listen well. You take notes. Review you review your notes. Is that going help? Is that going to get you anywhere? Are you taking the easy way out.”

“You read a couple of books. That still doesn't do it. Are you being easy on yourself? What's the risk here? When does it really matter? It matters right now. I need to try to make that right now into a forever. So your forever is going along with his forever. Do you think that's a commitment? You believe that's enough of a commitment for the both of you. You're sort of getting turned around in place. Do you think that you're part of some thing. But that's some thing it's something outside of anything you know. Now, you're really going to have to take a risk.”

“It's not mountain climbing. It's not surfing. You're not just risking your body. You're risking your soul. And he has you. And you want it. You want that knowledge. But it's so wrapped up in bullshit. Do you want it anyway. Because it seems easier than you thought it would be. It seems so easy. It's right here for you. What else do you need? Do you want to be funny? Do you want the world to come alive. Do you wanna know what he knows. Where you going to come out now? You're trying to go as fast as you can. You are meeting stiff resistance. It is as if you were going against the headwind. But it does not stop you. You feel as if you were on to some thing. The revelation is close. And you're even closer. There are so many variations ahead. Which do you know? What remains unknown.”

“You believe that you were closer than you are. And you believe everything he says. This is your horoscope. This is your face. This is your dial. This is the explanation. This is the only explanation that you will ever need. You accept it for what it is. You head down that road. He realize that it's going to get difficult. Bother. Look at yourself. Face. And you think make us. Do

you think that you're ahead of everyone else. Going so slowly. He seems to be holding you up. You're leaning on him. And you accept that.”

“That's the only thing that matters. You're over taking risks. But he's the only risk with taking. And you're counting down. Can you believe that you're closer than you know? And that's all that matters. And you finally arrive at your destination. It's the only way to go. He is your destinations. What has distracted you? Why have you gotten caught up in the search. Who else is leading you along. You're trying to increase your speed?. It's not enough. You're moving in his circle. And he's making everything happen at once. That's all that matters to any of you. You're all moving at the same speed. You're all full of the same energy. And you love it. And he loves it. When you think that there's nothing else. You're convinced there's nothing else. This becomes your faith. He guides you into his ritual. And you want to know something else.”

“If you think there's something else. But you're not even close. You're not even in the vicinity. You're seeing some thing that is so wrong you're being some thing that is so right. He walked down this alleyway. You carry on this path. You try to stay warm. What do you have in your favor. Who is working with you? You feel that you were blessed. What is missing from this picture. You are missing from this picture. What are you missing? You're missing everything. Do you want someone to rescue you? To take you home. To give you everything that you need. You're dodging the raindrops. Your loving your movement. You have arrived.”

“There is no doubt. At this point, there's no doubt. It was only regret. And you were afraid of that. You were not able to get enough momentum to keep things going. That left you wanting. I left you wondering. You're caught up in your past. And it was reappearing again and again. This was physics to you. Someone called it a form of time travel. You're heading in the same circle time and time again. But this time, he had made promises. He was going to help you out. He was going to guide you in a new direction. He was telling you how do you could get it all right. And you believed him. You wanted it all to be true. You needed to confess. You needed to decide. There were no points of decision. You were caught up in the motion. You were moved along by every single moment.”

“You were robbed of your integrity. You push John. He thought that you could make it. No one was helping you. Everyone was hindering you. What was us about? What were you about? Where was this headed? What were you protecting? The questions continued. You were seeing that he could not give you what you would expected. He was only adding to your aggravation. He knew this. He wanted to hang on. He was willing to persecute you just to keep you in place. There is no movement forward.”

“You're only caught up in this constant illusion. You couldn't take a breath. You couldn't save yourself. There wasn't any hope. And you need to find inner strength. Need an answer. You didn't even know what day it was. All of this was running out. All of this was slipping away from you. You were being pushed out of your life. But there was nowhere else to go. That was frightening. You weren't going to let this slow you up. You had cried. You had courage. You needed to make a choice. What was happening to you? How could you exist in this place? How could anyone exist in this place?”

“You needed to turn on your engines. You need to find some thing that made it all possible. There had been two places in inside and I was outside. Now there is only an outside you're letting outside of yourself. They didn't do you any good. Nothing did you any good. What

did I need? I wanted a clear solution. I want to understand inevitability. I was ready for all of it and more. I open doors. I needed to be invisible. What was going to make everything fall into place? What focus did I need need? Why was everything shaking back-and-forth I needed silence.

“You need silence.”

“Do you think you know do you have a good starting point to work from. How long is this going to take? What do you lack? You were searching for someone to drive. You're looking for someone who has a place where you can stay. You don't want to go home. You're seeing life in a new way. You should've been much further ahead. He's going to guide you. He's going to tell you things. He's going to for fill your dreams.”

“You've been here too long. It's not going to amount to much. It's going to be everything that matters. They're hanging off you. It's a different kind of awareness. I have your life planned out for you. This will bear fruit. This is a war for your knowledge. This one will haunt your development.”

“I can do it for you now. It all stops. I can't give up that much control.”

“ But you do. You do over and over again. That is the deal. You have just enough to give you self-awareness. Anyone would love this show. It has poetry. None of it really matters. You can ask somebody if he can do something for you. You can ask somebody if you can do something for him. Nothing really matters. And it's not going to go anywhere. You can't save anyone. These are things you've held to. Then somebody's going to shut you off. And you're not going to mind a part of your show. And you slam the door. You're going to shut him out. And he's going to come back, and you're going to let him in.”

“ Once you stop doing that, I'll be somebody else I can help you out with your little problem. Finer problems bother you. Are you become a fighter you're not going to let the big problems bother you. And then you get a real big problem. It's like. I think that you could hang on. Do you think. You're way out there. And none of that really matters.”

There was a moment when you opened some doors. It was a moment when you believed. This is going to be enough for a belief.

“This morning and last night. I'm not asking for an accompanist. I'm going to play the piece. I'm going to do an official I'm glad you learned something from this. I'm glad we both want some thing. You're way beyond yourself. Afraid of yourself. That's all that matters; you only want one thing. And that's all that matters. I'm not part of any of this.”

“ I'm glad it was that easy for you. I'm glad it's everything is that easy for you. Where is this going to end up? I've seen it all. I know it's upstairs. We all know it's upstairs. We go upstairs. And everything makes sense. Then you have to get up for work. You have to go somewhere important. Someone's falling you. Everything is happening the way you like. Everything is falling into place. When you have to go upstairs for hours. There's no connection with the future.”

“This was lovely. How much did I lose? I'll take you anywhere. I'll be long gone. I'll tell you what you want. You just need to ask. This is a fake. What do you want? What do you really want? When is that going to matter? No one seems to ask? Just go upstairs, and get a drink. It doesn't work like that. Here read this. It's taking too long do you have a plan? I don't even like how this sounds.”

“I was so close to some thing that made a difference. And I don't like how this sounds. No one's ever going to tell you. No one is ever going to tell you. There's something to hear. There is something to be taught. When you hear it, you're not going to understand it. Without any awareness, you're going to walk away. That is all that matters. You're going to tell yourself if you have a program. You're looking for your personal it's not going to last. You're going to find assistance. There are people who can help you.”

“You can't be helped this point. Because you're beyond help. Because it doesn't make any difference. You don't want to think about this. You're moving on. Moving on. And you're done. That's great. Welcome to the party. Here's your seat. Sit there and say nothing. Sit there, and smile. And then nothing means anything. What the fuck? Don't even ask that!”

“This couldn't be worse. But it's so much worse. It's coming down all around you. You put too much of yourself in the moment. Kept happening this way. People to slow you down. But you don't want to slow down. Is this shit? Doesn't matter for anyone. The only thing that matters. This is the only thing that you're holding onto. It's really going on.”

“No, I don't. This is taking longer than I thought. We're getting too close. You're asking for something I can't give you. I'm never going to be able to give that to you. You can keep telling yourself it is a blessing. You been through this before. And you see another way. You're coming back to the same thing. Wasting more than you have. Can you think you're a lot closer than you are?”

“He can guide you. He can guide you for now. What are you going to leave with? The only thing that you could ever know is this wound. This wound is so much deeper than you know. And everything you put into this experience comes down to that same effect. And it's affecting you just this way. Why should you complain? Why should you expect it to be any different? It wasn't meant to be any different. You weren't meant to be any different.”

“You're trying to breathe. To see yourself. Don't even bother. I need you right now, and I get both of us killed taking crazy chances. Wow. I'll join in. Join with me. Be friendly. I can help get you something anytime.”

“I want you to give me an address action. Police people. I need to play somewhere now it all makes sense. Why are these things messing up all over you. You have a system. They have a system. Regarding our system. That's very good. You're helping him. He's keeping on. It's not going to affect you. It never can. Back to where we need to be. We're doing what we need to do for each other. There's no substitute. There's no halfway. I'd like to tell you this. I'd like you to keep on. I don't know which way to see this.”

“Since your language. Is it to your advice? If I walked off would understand? How much money. How much money did you spend? Someone to care of the bill. Care of them, please understand., Understand nothing. I have come along way. But it's not even close. I need to do this quickly. I don't know if I forget.”

“There's so many other ways to think about this. You have nothing to do with it. Why are you bothering me. Why my boring myself?. It could be better. He's looking at you. He's smiling at you. Why is this version any different than the bad version? Because the bad version is so bad it's another version of bad. I'll trade you before I get home. I'm here. Some reason. You can ask.”

“I'm the guy who talk to you. I'm the guy who talk to the guy you talk to you. He just goes with the territory. I have nothing to do with us. Something that's going to being serious.

Interfering with something serious, you're trying to gbe a nomad. Don't let it drop. I'm going to drop in your hand. Going to drop all of it. Thank you. Get this guy's number to help you. He is a service. He cleans up. I'll clean up. I'll love you forever. I'm staring at something I love. I'm staring at the only thing that matters."

"None of this is going to go anywhere. It was done with work. Shira, what kind of what kind of time can I give you? I can give you my life. There's a ceiling. And you're never going to give you on this point. A fight for it. It's not going to happen. There's no possibility of an escape. So just do simple facts. Be nice to people. Don't ask for anymore. Don't pretend that you can do anymore. If you do, you're going to piss somebody off. That's going to piss you off. And there's something really bad is going to happen."

"You know what I'm talking about. You've seen it time and time again. That's part of your little story. That's part of the story with your friends. That's why I can't hang around. Describe the Diles. What do you see it? No? This is all about dimension. And each time you add, you only add to it's already there. You should know this. You should've already known this. I'm not going to hang around. This is ridiculous. I don't care about this. There's nothing you can ask me to do."

"I need someone else I need someone to make the bed. Been up in this mess. I need you to clean up the mess. Nudity honestly. I don't want to play games. That is childish. It's not in writing. It's not anything that I've ever accepted. It's not anything that's anyone in the real world would except. I don't have time to go through this with you."

"You will never see really going on. You spend so much time, and I'm not there to help you. Not even there to help yourself. You're going to wake up, see your face in the mirror, I'm going to smile back. And everything's going to be fine. That's all well and good. That's today. And that's all you get. That's all any of you guys. I am way beyond in this place. I gave you an offer. You're not going to take it. I have a meeting to go to. It's with important people. I'm going to do important things. Something Happens."

"One day, something snapped. From that day on, some thing really snapped and he found a place to sleep. He found someone who could give you everything you ever needed. And it couldn't be better. Let's look at this critically. Take this guy out of the equation. How have you moved? You are a good functionary. You do a lot of work for us. You couldn't be any better. There's someone I care about. You're someone who I care about. Caring about the people you care about. I'll give you that. You are at all annoyed. That's how the world works. Tell me what they tell you. I want to know that too. I'm involved just as much as you're involved. I'm filling in the blanks. I'm understanding things that no one else understands.

"I'm doing the necessary work. I'm filling in for what the law doesn't explain. It's all about the guts. It's about what you want. It's what you've been getting all this time. As what you pretend to care about. What you take? I am in the show. I'm running the show. I've got it all down perfectly. You need to match this perfectly. Come by the office. We have a job for you. We need someone to clean up some things. You can answer some questions for me. None of you are moving any of this forward."

"No one really understands. You wouldn't be doing what you did if you did. I'm glad that you made the best decision for you. I'm observing this. You're making the best decision for you. Congratulations I'm glad that you're making the best decision for you. Hesmiles at you. He's making the best decision. This is your story once and for all. If you have what I need, I'm going

to ask you. If you don't, I'm not going to bother. It's that simple. You don't even know if I care. I can't care. I can show up. I just want an answer.”

“I just want to humiliate you. That's what he said to you. That's what he said yourself. That's how the deal works. You could've got away from it along time ago. But you were already submitting to it. So this is your complete show. And someone is helping you with this. That could've happened anywhere. Don't cross the street. Don't watch the news. Don't look at yourself staring back. Don't be afraid to be alone. Because he's not giving you anything. And you're not getting anything from him. This is going to be your shit forever and ever. I will hold hands, and we pretend they were part of the same thing.”

“But none of that's going to matter for any of us. You're getting distracted by the same bullshit. So is everyone else. It's all part of the world. That's all part of what you want to see, and what you can't say. This is the only thing that really matters. This is the only person who really cares. This is the only one who's going to guide me where I need to go. I am completely finished here. My work is completely finished here.”

“I can't even explain this year. I don't want to explain it to you. This is the only thing that I can explain to you. Let me tap the wound. Let me show you where it hurts. Let me write the story for you. Will you make this better for the both of us. This can't be the same as it was. It never should've been. I know how far is gone. I know how far the both of us have gone. I've never come to this. I can't come to this. I don't want to come to this. Give me the food. Give me everything. Give me things that matter. I'm in patient right now.”

“That's all that makes a difference. That's all that I really care about you need to get over this feeling. I need to clean things up. I don't think you'll even understand. No one here will understand. These are little things. I'm not not like you. I never will be like you. You missed your calling. And then, if you were going to get it back. You can hang off people attend. Pretend. You can tap. Make things happen. That's all that matters. That's the entertainment for the night. And add some more later on. Maybe we can include you.”

“If you wanted to include me, then you would have picked me out.”

“You picked me out. You asked me for things. You filled in. You tell yourself that this is going to make a difference. But it doesn't. You jumped in like everyone else.”

“THIS IS A FORMULA!”

“This is not going to happen for any of this.”

“You are too late for your own funeral.”

“I made a good choice.”

“Where is this headed?”

“Do the favor!”

“I didn't know that you wanted me.”

“Do you want this to work out?”

“I can take whatever I need.”

“That is not going to be good for either of us.”

“This is seeming to be a little cruel for the both of you.”

“That is funny as shit.”

“Take care of it.”

“There is no other way to do it.”

“How did you find me?”

“How does anyone find you?”

“They ask!”
