

## THE AMERICAN PATRIOT

“You have the right to satisfy your desires. You don’t have to worry about what is happening to the rest of the world. Just be nice when you’re on camera. And be yourself the rest of the time. If you can’t be yourself, you can’t be anything for someone else. That is all part of the world order, and you need to understand. If your method of self-gratification ends up getting the better of you, you can find another method. Don’t lose track of the self; otherwise, you will lose the game.”

“Sebastian, I need your help. I have exceeded my quota.”

“You need to work this one out.”

“How does it feel?”

“It feels like I want it to feel.”

***“I want her all coated in chocolate sauce, and I will lick it off.”***

***There were some things that were so disgusting that he did not want to contemplate it.***

***“What is the results of bad times?”***

***“You are a very good person.”***

***“You have what you need.”***

***“I need silence.”***

***“We will pray.”***

***“Prayer does not resonate for me.”***

***“One nation under God.”***

***“That is not me.”***

***“It will be. Just praise the almighty dollar.”***

***“All praise.”***

***“You heard Leo’s lesson.”***

***“I think that I missed that one.”***

***“There can be no other result.”***

***“Do you laugh at the misery of others?”***

***“Do I know others?”***

***“Do you know yourself?”***

***“What is your complaint?”***

***“I work hard.”***

***“This is tasty.”***

***“Do not send this over the edge.”***

***“I have rights.”***

***“We all do.”***

***“What is really going on?”***

***“This is going to be challenging.”***

***“America has a plan.”***

***“Work hard, or die.”***

***“Work hard, and die.”***

***“Is this the right path.”***

***“It is very late.”***

***“Who is calling us?”***

***“This can be traced.”***

***“Your identity has been taken, and you want to get it back.”***

*“Working on my event, I’m on my own schedule. You’re invading my private space. You shouldn’t be eating my mind. What is this all about? I never got off my home. And I on the time. Where is the score. Rates. I need to forget. Give me space I’m leaving my spot. This is turning into a confrontation and confronting things about myself. This way I will if you’re ever up in the spring. Don’t tell me things. You can do whatever you want. Just don’t get caught. What’s the catch? I’ll be a little more careful next time. You better keep your eye on your burger. If you get up from the table, I’m going to eat it. I owe you a gift. I owe you lots of things. I really do you love her. Why can I give you love but I owe you? Fair. I see my life?. Now I put all the pieces together. There’s still one more piece. We need to leave me alone. Right out. Working. I feel much better. Give me a yes or no answer. It’s more than nothing I don’t want you to hate me. These are some great ideas. I don’t want you you’re wonderful. You’re hurting me. This is worse than anything could be. That is funny. When are you gonna stop? Or are you on the air. I need to do something dangerous. I need to take off all the masks. I need friends. I need to reveal. This is the key to life. This is the most important thing in my life. What is it? Shocker sauce and ice cream. A chocolate sweet. Chocolate on ham. A ham sandwich. I two sandwiches for the price of one. A fish fry. Some things are really messed up here. Take a breath. You’re cured. There is no cure for my love. It’s not that bad. You got out just in time. When the going was good. And the dangers were obvious. When I didn’t look closely. Got distracted. More chocolate sauce. Fireworks. You made your own bed. Do you have what I need? We’re all in this together. This is lovely. It really is. Just couldn’t be better. It’s not gonna hurt is it? It never does. Take care of yourself. All that matters. Where do we start? We start at the end. We do the dishes. You didn’t do all your dishes. Don’t worry about it. Period are you going somewhere I’m all good. I’m better than good.”*

*This was the time for revelation.*

*“I didn’t tell you what was happening. Now, I am rich, and I cannot share.*

*“This should not be happening the way that it was.”*

*“I am doing this for your own good.”*

*I didn’t realize that it was going to take this long. I had been waiting for him to make a decision.*

*“I am moving the business.”*

*“Who is doing the real work?”*

*“What are you doing when you are not working?”*

*“This is more difficult than I thought that it would be.”*

*“This is creepy.”*

*“This is not healthy.”*

*“This is going to be bad for all of us.”*

*“Have a chocolate cookie!”*

*“What is left out?”*

*“Dear heart!”*

*“What is at the center of your dream?”*

*“Honey.”*

*“Do you hate me?”*

*“I love what you do.”*

*“It is later than you think.”*

*“I am going to fall down the hole.”*

*“I do not even know what they are doing. But I go along with their beliefs.”*

*“You want to be rewarded.”*

*“I felt cursed by the rewards.”*
