

BRAINWASH

“What do you have in there?”

“This is not going to hurt.”

“This is more than enough information for the both of us.”

“Our fear is following us.”

“We are not going to make it out of this.”

“This is not forever.”

“Where are you going?”

“You set me up from the beginning. You knew my story, and you were working with him.”

“I need to show you something.”

“You always say that. You are leading me on.”

“We are both being led along.”

“We need to quiet down.”

“He has escaped.”

“He set us both up.”

“Make a little noise.”

“The book is gripping.”

“There is a surprise ahead.”

“We will all be surprised.”

“That one move says it all.”

“You do not trust me.”

“I can’t trust anyone.”

“I have the money.”

“Let us get out of here.”

“I cleaned everything up.”

“We cannot do this on our own.”

“No one is safe here.”

“Wait until daylight.”

“We are destroying each other.”

“I have my future in ere.”

“I did not mean any of this to happen.”

“She fell.”

“That is an excuse.”

“I asked the story to give me an excuse.”

“Daylight will find us.”

“How does that help any of us?”

“Who say that we have to do it this way?”

“This is hideous.”

“I have found the turn.”

“This is a blessing.”

“Don’t you know this.”

“It is not really like this.”

“She is more than a blessing.”

“She is not finished the book.”
“You are not finished the book.”
“They were waiting for us.”
“I need to turn myself in.”
“Is there something that you want to tell me?”
“I am not going to be needing her.”
“Who else is waiting?”
“There are loads of problems.”
“I need to disappear.”
“What is in the case?”
“Freedom.”
“What happened?”
“He locked me in.”
“We all have our persecutors.”
“No one can be trusted.”
“He sacrificed herself for you.”
“She will come back from the dead.”
“I never thought that this would happen.”
“I had nothing to do with any of this.”
“I gave you the model for the story.”
“You need to move quickly.”
“They identified the both of us.”
“You are going to need more than a car.”
“I need an identity.”
“Read this. It will give you everything that you need.”
“You didn’t think that you could get away from me.”
“Not at all. I expected you.”
“Why did you do it?”
“It was a terrible accident.”
“It could have happened to either of us.”
“It happened to her.”
“Are you asking for forgiveness?”
“I am asking you where I should start.”
“I am on the other side of the fence.”
“Today is not the day.”
“He challenged me.”
“I am challenging myself.”
“You could take a little longer.”
“Five minutes.”
“What do you want me to say?”
“I never hurt anyone.”
“Everything is an accident.”
“We are both going in the same place.”
“I want millions.”
“I can’t get you millions.”

“That is nothing.”
“I have some crumpled up clothes.”
“She has a pizza.”
“I can no longer see her face.”
“The reader is looking right at me.?”
“You are a psychopath.”
“You want money.”
“I want chocolate.”
“Are we going to get together?”
“I need someone to help me to my room.”
“It looks as if you could use a doctor.”
“You are both getting too close.”
“She is everything that I need.”
“She has a very short book.”
“And a short life.”
“The police are going to stop us.”
“What do they want?”
“They want to look in my eyes.”
“Do not look nervous.”
“I am nervous.”
“Do not let them know?”
“Who is telling me this?”
“The reader.”
“Your eyes say it all.”
“You need to be better at this.”
“Do you have fingerprints?”
“You were the last to see her alive.”
“Keep moving.”
“We are friends.”
“We need money.”
“You look guilty.”
“You acted guilty last night.”
“Why are you lying?”
“I had a wife. But she didn’t want to keep on with the journey.”
“I had a bad time.”
“I guess.”
“I guess that you are guest.”
“Take him with you.”
“He is free now.”
“We do not have the same name.”
“You are both good.”
“What are you guys hiding?”
“We are partners.”
“We are going to run for it.”
“There was only one thing between us.”

“We brought her back to life.”
“I told you that it was an accident.”
“We have a good ten minutes.”
“None of that is real.”
“Drink the soda.”
“You are going to have to go off the beaten path.”
“She is way off.”
“That is not money.”
“You are working for the bank now.”
“Is that a secret?”
“You are working for the bank now.”
“I am waiting for you.”
“I need information.”
“I have been informed.”
“I am so afraid.”
“I have arrived.”
“We have both arrived.”
“That is not me.”
“I have finally escaped from myself.”
“We both have.”
“We need to get out of the trap.”
“We will never make the airport.”
“We need to leave from a different location.”
“You can give me the world.”
“I am tragic.”
“You have to keep moving.”
“Someone is following us.”
“That is not going to work for either of us.”
“You are setting me up.”
“That guy is staring.”
“Everyone is staring.”
“Who is he looking at?”
“I was never there.”
“Neither of us were.”
“I need to see the book.”
“We have a few moments.”
“Where else are we headed?”
“You are not a nice person.”
“You could be wrong about me?”
“We are all wrong.”
“We will find out tomorrow.”
“I am more than disappointed.”
“Are you hating on yourself?”
“You are still being followed.”
“He wants a little something.”

“Everyone wants a cut.”
“Not enough to share.”
“Should I trust him?”
“He got out on his own?”
“There are just some silly books here.”
“They are on top of you.”
“I was sure that you had millions.”
“I should have just kept what I found.”
“Blackmailers are never satisfied with a little information.”
“It was that easy to get rid of him.”
“Where did you really end up?”
“In the middle of nowhere.”
“She was saved.”
“She cannot be saved.”
“Who knows that I am here?”
“Are you trying to forget yourself?”
“I do not want to die in my sleep.”
“I am really a nice guy.”
“We are both laughing.”
“How did you know that I was here?”
“What do you have on me?”
“I have it all.”
“That is not going to work.”
“We will get him.”
“I like deals.”
“The world just close in on you.”
“I have one more option.”
“He is going to try to disappear in the crowd.”
“He thinks that he is faster than that.”
“We are getting close to a story.”
“What are you asking me to confess to?”
“What do you have on me?”
“You have found something pretty fantastic.”
“How is this going to work out?”
“What do you want from me?”
“You can’t have everything that you want.”
“What is this all about?”
“I am not guilty as charged.”
“Is this going to make up for your melancholy?”
“No one can do that.”
“I was always fair with you.”
“I wanted to escape.”
“It did not happen as you hoped.”
“We are going to have to do this in a different way.”
“I am not going to admit to anything.”

“What is this about?”
“I see the shadows move.”
“I have an idea.”
“What is happening here?”
“We are being followed.”
“That is always an excuse.”
“So be it!”
“I need to clean up.”
“He is not going to escape.”
“There are many ways out.”
“Desire is a key motivator.”
“I cannot share this with you.”
“You are doing nothing for me.”
“Are you talented?”
“There is an alternative.”
“He led us down a dark street.”
“What is your interest?”
“Is anyone really going to help you?”
“I feel as if the darkness is on my side.”
“You do not even know what is hiding in there.”
“We have seen this before.”
“They were working together.”
“You have nothing on me.”
“What is this?”
“This is self-defense.”
“I never admitted anything.”
“It’s what you didn’t say.”
“This was indefensible.”
“And the state manages this way.”
“You are not getting anything, Judas.”
“What do you have there?”
“I have the ransom.”
“I can’t even count the numbers.”
“It was an accident.”
“It was all an accident.”
“I was trying to get free.”
“What is your excuse?”
“I was following your example.”
“Where did this all end up?”
“Why did you tell them?”
“I had little choice.”
“This is not a good way to end.”
“They wanted some kind of victim. Someone who they could blame.”
“Blame me if you want to blame someone.”
“Why are you hanging out here?”

“This is where I used to live.”
“Why should I even be interested in this?”
“You are not going to have to eat anything.”
“Where do we want to stop this?”
“Who are you threatening?”
“Are you even here, or are you really here?”
“I have the property?”
“Does any of this matter?”
“I can’t hear what they are saying?”
“I need inspiration.”
“How would that work?”
“You need to chill out.”
“Are you ready to clean this up?”
“Everyone is looking.”
“They always are.”
“I need to do better.”
“You can.”
“I am in a different place.”
“There is a team.”
“We work together.”
“Smile.”
“I found the key word.”
“Do you see what you need to see?”
“We all do.”
“This is brilliant.”
“You are making more of this than it is worth.”
“You can teach me.”
“They all get sick.”
“What do you have?”
“I am convinced.”
“You have had more than enough.”
“This is all underground.”
“This is my job.”
“What do you do on weekdays?”
“I enjoy the spoils. I pretend that I am working on something important.”
“That could not have been more important to any of us.”
“What language do you speak?”
“Humor.”
“That would be so easy for me.”
“I want another level of easy.”
“You are going to need some convincing.”
“Where are you going?”
“Back to safety.”
“Back to your shitty life.”
“I love it for what it is.”

“That is never enough being.”
“You are in a trance.”
“I am.”
“I found another word.”
“You’re asking for it.”
“I am only asking.”
“Show me what you have there.”
“Do not interrupt.”
“She is being followed.”
“They are friends who want to help her to get home.”
“Is that all that is left for me?”
“Bones.”
“Steel.”
“Where are you leading me?”
“To bed.”
“They did not make arrangements for me?”
“Why are you still waiting?”
“Each one of you contributes a little.”
“He will not be back for another show?”
“How did I get like this.”
“She is racing ahead.”
“You can follow her in.”
“There is no point to any of this.”
“I became disappointed sifting through the tea leaves.”
“What keeps you awake?”
“A desire not to go back to my life.”
“She is escaping.”
“He is following.”
“What is he bringing?”
“Humanity.”
“She wants more than that.”
“There is never more. There is always an immediate moment.”
“Did you bring candles?”
“Why did you even waste your time?”
“I have been looking through your trash?”
“That is really not allowed.”
“There are only so many places to escape, and only so many definitions of a good person.”
“How can you even care?”
“You are good at doing ordinary things with an extraordinary touch.”
“Who can you save?”
“I call this a date.”
“We switched places.”
“I need to catch up.”
“She is going to follow me.”
“I want more of a stimulus.”

“How will this make any of us safe?”
“We could be friends forever.”
“That could make me free for a long while.”
“That little bit.”
“I cannot go back.”
“I am usually so good”
“I am better than good.”
“She doesn’t have to change.”
“That was the competition.”
“I could not get over the competition.”
“This will all make sense.”
“Sure, it will.”
“We are moving towards another explanation.”
“He controls the explanations.”
“This is going to excite us all.”
“I have been blessed.”
“That is not going to do it.”
“Who are you trying shock?”
“It is great to do a lot of things badly.”
“She is living in the now.”
“How can that benefit anyone?”
“Fight to the finish on Lee St.”
“We both walked away from this.”
“How do I get rid of this guy?”
“He is going to continue to seem creative?”
“Is he really?”
“Eat the burger.”
“That will not help.”
“Did you have lessons?”
“You are making me feel worse about myself.”
“Are you teaching me something?”
“If we don’t finish, this. There is no going back.”
“We already decided that.”
“We are in the editing stage.”
“We are in the revealing stage.”
“I need to be smart here.”
“I am in training.”
“I need to be smart here.”
“Do you have everything that you need?”
“I got destroyed.”
“I wanted more than I could ever get.”
“There is something bigger coming up.”
“Quit mumbling.”
“Why would I feel safer in there?”
“We are watching you closely.”

“I hope that there is not some kind of interruption.”
“You need to push yourself further.”
“What do you have left?”
“My teacher is here.”
“Why do you call him a teacher?”
“He leaves me in here with his lessons.”
“I do not want to involved these suckers.”
“There has to be another way out.”
“Another way.”
“Another way out.”
“She is laughing at his jokes.”
“She is his only joke.”
“We are finally together.”
“This needs to go faster.”
“I am moving as fast as I can.”
“She is not in the show.”
“Who is in the show?”
“You are exactly who I need you to be.”
“You need more than hope.”
“I can give you everything.”
“I am gambling on my future.”
“Your friends are all gamblers.”
“I do not want to come along.”
“What is burning?”
“They said that they were going to check you.”
“I only have to do the job.”
“What about the risks?”
“This is too much for me to handle.”
“You can do this.”
“Tell me how it works?”
“What have you been doing since?”
“What is the big risk?”
“This is the center of the world?”
“We are all open.”
“We could start anywhere.”
“We did not start anywhere. You started with me.”
“Is that an ethical decision?”
“Who let him in?”
“There are procedures.”
“Too much of my fate has been wasted on this shit.”
“I am getting my revenge.”
“There is not enough time.”
“How many variations do you have?”
“Few of us have variations.”
“There are other complications.”

“What are the complications.”

“Quit acting so tough.”

“Who is left?”

“How do I get out?”

“There is no escape route.”
