

THE CRITIC

“You were supposed to explain this to me.”

I was being watched. They would have realized that we were talking.”

“Why was that an issue?”

“You know who I am working for. They don’t want their business broadcast to the world.”

“Everyone knows.”

“Not everyone. The police don’t know.”

“The police know everything. And you know that for sure.”

“How can you say that?”

“You have told me as much. You have been in custody before.”

“How does the society accommodate for this kind of thing?”

“They are keeping everything under wraps.”

“Why don’t they just arrest you?”

“Why don’t they just arrest you?”

“If they can monitor people like you, it won’t get too out of hand. They know that there is a demand. But they need to keep this kind of things under control. So they let it prosper. They encourage it, because the alternative would be more volatile.”

“Where does all this come from?”

“Where does any of this come from?”

“Where do we go from here?”

“Do they really care what you do?”

“Do they really care what we do?”

“We need to be very calm.”

“This all will get very out of control.”

“People think that they can get away with shit. They are above the law.”

“It is a convenience that they will apply when they can.”

“That probably give you this attitude that you are something that you are not.”

“We could say that.”

“Aidan, what is not being said?”

“Aidan, what is not being said?”

“Is there some kind of echo in here.”

“There is a fucking echo.”

“Ride that wave.”

“I am not going to do this unless I have to.”

“Do not bother with this.”

“Give me a little magnification.”

“Give me what I can.”

“Make this simple.”

“I am only looking for some thing.”

“What are you really after?”

“That was assimilated.”

“The police are going to come down on you.”
 “Be honest. I am the police.”
 “What is that about?”
 “There is no independent thought. Everyone wants to go faster.”
 “This is getting extra exciting.”
 “Someone is going to interrupt me.”
 “My friends are here. I do not want to think about this shit.”
 “What is that little bit?”
 “What is that little bit?”
 “I want it to be just like this.”
 “What machines would work?”
 “Why would you want to do it?”
 “Because it could be done.”
 “There is a criticism.”
 “Do not make light of this kind of shit.”
 “My life already does.”
 “There is an organization whose sole purpose is to benefit from the hardship of others.”
 “How does that work?”
 “Reducing the world to a few basic noises.”
 “Oink, oink.”
 “You are served.”
 “Everyone knows what you are doing.”
 “That is why they come to me and ask for what they need.”
 “And what do they need?”
 “A transmitter boost.”
 “Does that go in another way?”
 “This is minor genius.”
 “I can increase my memory. I can improve my performance.”
 “A strong memory can make you a more efficient worker.”
 “You are very efficient.”
 “How did I arrive here?”
 “You are up for grabs.”
 “They all have it right.”
 “I am wiping up.”
 “They have open up another asylum.”
 “Someone has the food service contract.”
 “Is that all that is needed for change?”
 “You do not want to consider the alternative.”
 “You want to forget things that should not be remembered.”
 “That makes me work harder.”
 “You need to wipe the drool off the chin.”
 “What is this all about?”
 “You are asked to do too many things.”

“These are not things that you want to remember.”
 “And thus you will stay.”
 “I feel pain.”
 “Take this.”
 “That is not strong enough.”
 “Make it stronger.”
 “It cannot be any stronger.”
 “Who takes care of this during the daytime?”
 “Someone at the clinic.”
 “I do not deliver.”
 “Is this going to last?”
 “I cannot keep doing this?”
 “You don’t have to keep working.”
 “That could not have been better”
 “It will be better.”
 “It is not enough to remember what happened. You need to create rules for change.”
 “And what are they?”
 “Like Newton’s laws.”
 “This is important stuff.”
 “Everything is crashing down and twisted around.”
 “There is an untwisting equation.”
 “This is genius.”
 “Of course, it is.”
 “But there is a germ.”
 “The movement gets more momentu,.”
 “You are a little late.”
 “Someone will have to explain this.”
 “These are simple principles.”
 “But things can get complex.”
 “Only through the construction of some kind of obstacle. That can regulate the system.”
 “What are you talking about?”
 “I am describing how to control a physical system.”
 “This is crazy crazy stuff.”
 “You have it.”
 “I am the one to destroy you.”
 “How did you give Aidan a micropone?”
 “He was trying to describe the influence of the organization, so that this did not seem like
 some kind of imposition.”
 “This was all very important for you.”
 “How is crime an impediment to social development?”
 “They symptom gains more authority than the source.”
 “Ask me a question.”
 “They have one concern.”

“Aidan exaggerates his importance in the organization.”

“He is going to have to do some wild shit if he wants to go anywhere.”

“He is not going anywhere.”

“Everything shifted.”

“The explanation changed.”

“He may be connected to the organization. But he not strictly connected to the organization. They are monitoring his actions. And his interactions provide him with this sense of self-importance.”

“He is very full of his own shit.”

“Why does this remain an interesting story?”

“You need to work yourself through this situation.”

“I am completely devastated.”

“What else do you do with your time?”

“I am trying to map the whole organization.”

“What good is that going to do?”

“How efficient is this going to be?”

“There is a fly on the wall.”

“The fly does not sufficient cognitive ability to describe much of what is going on in the room.”

“I did not invest.”

“I did not invest. I only took my place.”

“Are you going to close your eyes to this?”

“He was told what to say.”

“Matt, is something wrong with you? You let things ramble on. How are you influencing change?”

“I have no idea where I should focus.”

“You are not suppose to focus.”

“You will do this kind of stuff all day.”

“There is too much coming at me.”

“The splatter syndrome.”

“That world.”

“It worked all too well.”

“The next step is protection money.”

“Then you go overboard.”

“None of this is going to work for much of anything.”

“We all know you.”

“I have been undergoing a transformation.”

“I could develop a better method for generalization.”

“I need to get out of here while I can.”

“What is enough for a signature.”

“What distinguishes this alternative?”

“I do not have enough time for this.”

“They are all tied together.”

“Do you know what that means?”
“They are going to remove the one connection.”
“We are going to close it down.”
“The body is stretched at this point.”
“Is this another dimension?”
“Not at all. There needs to be actual stimulation to make the point.”
“Chemical stimulation?”
“I do not want you interfering.”
“I want to do your chart.”
“Do not leave you place!”
“How did you get out of here?”
“I took a breath.”
“I am going to follow teh line.”
“You are many places.”
“And a whole lot of nothing.”
“Follow this plotting.”
“I think about it.”
“But it does not go anywhere.”
“A whole lotta nothing.”
“There are no mysteries.”
“Or there are only mysteries.”
“This is twisted up.”
“Count all the twists.”
“This is a different kind of crossing.”
“Where is this headed?”
“Is anyone kidding anyone else?”
“We don’t need a pitcher. We need a glass of water.”
“What is that about?”
“Some con artist shit.”
“And this is good for your development.”
“This is when I pick up my ticket.”
“What are you reaching for?”
“My keys.”
“This is not well-formed.”
“I sent him on a wild goose change.”
“He loves wild geese.”
“And that is the summit.”
“Little things.”
“I wait in line to get a box. And the box is full of a figurine that I already have,”
“I missed that one.”
“We are switching.”
“Why are you prepared?”
“We are all prepared.”

“Something is missing.”
“We took trips.”
“Something is missing.”
“All the zeros are evident.”
“We are fucking stuck.”
“IS that how it works.”
“Somoene is going to to say no.”
“It is just a day.”
“There is no room to fuck up.”
“This is a pretext to fuck up.”
“How is that?”
“It will be a couple of days to explain it all.”
“When do we start?”
“This is your day.”
“I want to celebrate with you.”
“What did you stay?”
“Where are we going?”
“These are alternating states.”
“Why are they in pairs?”
“That is the question?”
“I have lost the thread.”
“I am almost there.”
“On-off-on-off.”
“Even at this complex stage.”
“I tried to be friends.”
“I am getting so confused.”
“I cannot love everyone.”
“Anyone could take over right here.”
“You cannot touch all the points at once.”
“You can hope.”
“If not Aidan, some other crime boss.”
“The sanctity has been pierced.”
“We were all damned together.”
“Simply alternative states of emotion.”
“What is the foundation for any of this?”
“This will make it all much easier.”
“How does that work?”
“I like to spend.”
“There is a desire to spend.”
“I am leading you into the wilderness.”
“This is the moment when you admit that you have been a real shithead.”
“This is one kind of connection. And this is another.”
“There would be another level of excitement.”

“I am not going to dignify it.”

“Shut the fuck up.”

“You do not even understand the basis for such confusion.”

“We have been doing this for a while.”

“Where does this operate.”

“This follows the opposite path.”

“That is a good explanation. You follow the exposition from the other point of view.”

“There are not a million points of view.”

“There are.”

“Maybe not.”

“I am protecting my investment.”

“Take another break.”

ANOTHER BREAK:

“What is this all about?”

“This is not good.”

“Stop it before the resolution.”

“My company comes up with solutions.”

“This is terrible.”

“There is so much terrible.”

“What follows?”

“Can anyone else figure it out?”

“We all accept something that we cannot control.”

“This place is all about solutions.”

“Aidan followed a path.”

“And what happened?”

“Do not ask me what I am doing.”

“Different ways of doing the same thing.”

“Even in the same person.”

“How did I not notice?”

“He was working with people.”

“Who are these people?”

“He does not want to give up his associates.”

If you observed his actions, you would discover the development of the organization.

Every precaution is for a reason.”

“We boil it down to a few connections.”

“What else is this about?”

“These flips.”

“Switches.”

“You could add it all up.”

“What are you doing?”

“A jolt.”

“And then we go back to work.”

“We keep going back.”

“And who is going to form you into a workable solution?”
 “Aidan knows how to add the pixie powder.”
 “That makes it all something.”
 “Why are you interrupting?”
 “I used the same combinations and came up with a different solution.”
 “I have two solutions.”
 “Who else is working on this?”
 “If Aidan finds someone else who does what he does, he will destroy him.”
 “None of that makes a difference.”
 “You really think that is going to work.”
 “There is one escape value and one immersion value.”
 “The immersion only gets worse, and the immersion gets nowhere.”
 “You need to act quickly.”
 “I do not see the alternative.”
 “You are given credit.”
 “I need this to be explosive.”
 “Don’t let this affect you.”
 “Do not ask.”
 “Should I bother.”
 “My heart is beating faster.”
 “This is a simpler version.”
 “I am a simple person.”
 “Is that all that I get?”
 “Aidan can make it all seem better than it is.”
 “This is not about him. It is about the organization.”
 “This is all tha I can get.”
 “This is all that you can get.”
 “Check in.”
 “It’s a boost.”
 “I am jacked.”
 “Are you keeping track?”
 “Are you kidding? This is too crazy to keep track of.”
 “There is an alternative means of entry.”
 “We said that. We are going over old territory.”
 “You are not even good at making a connection.”
 “You have this silly story about guns.”
 “Gin.”
 “I am not following any of this.”
 “You need to ask.”
 “You can ask.”
 “I don’t want to ask.”
 “I am seeing things.”
 “Who is your associate?”

“That makes no difference here.”
 “Who are your other associates?”
 “Who else is part of the show?”
 “I keep my eyes on all my associates.”
 “You are either working with me, or you are working to shut me down.”
 “Fuck me up.”
 “There are different ways to get to the same point.”
 “What are the alternatives?”
 “Bring a checkbook.”
 “Not a happy coincidence.”
 “I can work it out.”
 “There are two ways in.”
 “Someone needed to do this better.”
 “Leo’s Lending Service.”
 “Don’t you work with bail.”
 “How does that work?”
 “Are you a flight risk?”
 “How the fuck are you going to get out of this shit?”
 “Where the fuck am I going to go?”
 “Back to where I started.”
 “I cannot find much more inside.”
 “We are going to have to look at the three alternatives.”
 “I could shut it all down.”
 “We all have bad days.”
 “I am visiting.”
 “You were perfect.”
 “I need to be careful.”
 “Aidan, you are the opposite of careful. Someone is going to fuck you up so badly. I am surprised that you even take chances.”
 “I am running this. I will really fuck someone up if they try to get in my way.”
 “You know what will happen if you try to do that.”
 “Help me out.”
 “You are both working in the same way.”
 “I should get out before they catch up with me.”
 “Do not go out of your way.”
 “I am going out of my way.”
 “I have one goal here.”
 “There is no goal.”
 “I am trying to go legit.”
 “You do not know legit.”
 “This is where it gets fun.”
 “What else are you doing?”
 “I bring it all.”

“Yes, you do.”
“This will end.”
“It is already over.”
“And you leave the cave.”
“It was a cult.”
“It is based on initiation.”
“Who is making it a go for you?”
“They would concentrate on this one issue.”
“Who makes them want they are?”
“That is my real question.”
“I am not here. Do not tell anyone that I was here.”
“They always report on my shit.”
“How did that happen?”
“There has to be police here.”
“That guy is five-O.”
“He is too stupid to do anything.”
“What are you telling me?”
“He is one of the stupidest people I know. I felt embarrassed to be at this place.”
“He is a police informant.”
“He is a very nice guy.”
“I am on a clear path.”
“I am on a clear path.”
“We always hated people like that.”
“There are a lot of people that you hate.”
“Trust no one.”
“This was not supposed to be about you.”
“This is the roots of everything.”
“I have forgotten.”
“They are going to raid your shit.”
“You have little choice when you are that vulnerable.”
“This could be a bloodbath.”
“Not here.”
“This could all backfire.”
“I want to know.”
“These are choices.”
“People get what they want.”
“GUNS OR BUTTER.”
“This sounds like something good to eat.”
“Rice pudding.”
“Doughnuts.”
“The cure.”
“This is the cure for everything that ails you.”
“Who can I tell about this?”

“We can review the alternatives.”
“There are many alternatives.”
“Probably three. Alternating positions, a weak side development, and a strong side.”
“She loves this song.”
“You are the lucky one.”
“What do you have there?”
“The solution to human kind.”
“PURE LUCK!”
“What else could you have done?”
“I am seeing part of myself.”
“We could have done this differently.”
“You have learned everything that you need to know.”
“Recovery is important.”
“Do you want this to be more glamorous?”
“I serve two masters.”
“Monsters.”
“You could tell me everything.”
“This is more than a little genius.”
“You will never never understand”
“BOOM!”
“Where does this start?”
“I cannot see the underpass.”
“I am flying.”
“No one is along for the show.”
“I treat myself so much.”
“You need to live. You need to get out.”
“That will work.”
“I have one purpose in my mind.”
“Make the move.”
“What is this all about?”
“I am pretty important.”
“I see everything.”
“It would be so simple to be wrong.”
“He has prepared for this moment.”
“Don’t go creepy on me.”
“I am watching it all before me.”
“And what have you realized.”
“We are going to reform everyone.”
“This is the magnificent moment.”
“It always is.”
“What do I share?”
“How did it happen that way?”
“You figure out a solution.”

“That is not going to work for me.”
 “Who cares about that shit?”
 “Who cares?”
 “I will retire to the comfort of my place. Then it will all make sense.”
 “There is happiness all around.”
 “Someone will bless me.”
 “We will have gutest.”
 “This is the dead zone.”
 “We will take care of it.”
 “I will be right back.”
 “Did they make you feel wonderful?”
 “And what did you get?”
 “I missed a connection.”
 “We are going to need to be more active.”
 “Then I retreat to base.”
 “Aidan, this is not your story.”
 “And this all seems worthwhile.”
 “I need more car repairs.”
 “I need to repair my life.”
 “Where are you running off to?”
 “I do not want the cops following my every move.””
 “Who is the friend, and who is the distraction?”
 “They reached deep inside.”
 “I cannot even follow an alternative path.”
 “You were set up.”
 “How did she get set up?”
 “She had spies.”
 “You are going to need to do a revision.”
 “He is successful at handling this shit.”
 “They had a place for me.”
 “What skills do you have?”
 “I am uncontrollable.”
 “All that effort, and nothing has changed.”
 “It all changed.”
 “What is that?”
 “Everything is confused.”
 “There was a point when I felt that I was in control. And that only fucked up with things more than I realized.”
 “Is there a possible explanation?”
 “Who can do this role better?”
 “Everything is constructed for this purpose.”
 “Will there be another formulation?”
 “He has the money.”

“There are so many layers.”
“And can you reverse any of this?”
“You are not getting out of here until you reveal the entire operations.”
“They will rescue me,”
“Not before I have everything figured out.”
“I do it very differently.”
“Each time that we go around adds to the overall presentation.”
“That will never work for me.”
“I want to be impressed.”
“Can there be an alternative?”
“A magician. Someone who wants things to happen quickly.”
“I have done a great deal of work to get to a whole lot of nothing.”
“You will need to read this page. That explains pretty much all.”
“How is that?”
“You will never understand.”
“This will never have anything to do with you.”
“I am still waiting.”
“It’s a panic attack. It’s dehydration.”
“He is being tortured.”
“He knows nothing.”
“It is an act of desperation.”
“They only want him to go along.”
“You need more skills.”
“What do you have there?”
“I have spreadsheet for the whole organization.”
“Someone is going to get herself killed.”
“I am not going to reveal any of this.”
“What is an alternative explanation?”
“It is all a matter of shading.”
“How do you want to see this?”
“With my eyes closed?”
“Is this some kind of classic drama?”
“The deed has been done.”
“I want to get paid!”
“You will get your money!”
“I need evidence.”
“I am evidence!”
“This is very simple!”
“This is exploitative.”
“What are you exploiting?”
“My ability to breathe.”
“Social change is not an excuse for entertainment.”
“What the fuck does that mean?”

“I am flying!”
“Fly with me!”
“I did not think that we would end up here.”
“Where is that headed?”
“You need to walk off.”
“I cannot move.”
“He has worked a long time trying to make something happen.”
“It is not.”
“He has some books in the car.”
“That is fantastic.”
“They are religious scripture.”
“Will this work well for you?”
“Perfectly!”
“That is the past.”
“Did you find what you needed?”
“I brought oxygen.”
“That will not last for long.”
“Do you have five dollars.”
“I found it on the ground.”
“We are going for bigger amounts.”
“People have been killed for less.”
“You are going to have to crawl out of here.”
“Will you finish a sentence for me?”
“What is this?”
“Someone needs to ask.”
“Ask!”
“Where is this going to end up?”
“I didn’t wait this long without prospects of some kind of return.”
“You reading yourself into this.”
“I went to eat my dinner, and someone took it out of the microwave.”
“That could be a big event for you.”
“It was more than that. It was all about the integrity of the individual.”
“This is my identity.”
“It was consecrated.”
“Of course, it was.”
“I was asked to leave.”
“Eat this, and you will live forever.”
“How does that work?”
“You know how it works.”
“Eat, and do not swallow.”
“Absorb through total belief.”
“That belief was taken from me.”
“This has nothing to do with me.”

“This is not pretty.”
“But tasty.”
“How do you want to do this?”
“There are various ways.”
“That is never going to work.”
“This is a special meal.”
“It is immaculate.”
“I need to make this happen.”
“I am not involved.”
“This is a lot of money.”
“It does not pay off the debit.”
“Who is listening.”
“What are their thoughts.”
“I could spend time thinking about it.”
“Are they going to keep you on staff?”
“Put something in the microwave for me.”
“Is that all that you have been looking for?”
“If you really believe it, you could say it in a different way.”
“This is bigger than the both of us.”
“You did it well once.”
“That is not enough for social change.”
“You needed to put two in.” ou d
“That is a convincing story in itself.”
“I think that this has been coming.”
“What are you talking about?”
“I had no idea what was going on. I got pciked up and tossed in the back of a van.”
“We have a few questions for you.”
“What is if I decide not to answer?”
“This is all beyond me.”
“I have been saving up.”
“How can I save up?”
“Who are you defending?”
“You have gone way too far.”
“This has been presented in different ways.”
“There is a manifesto.”
“Who made this mistake?”
“This is slipping down.”
“Is that all that it takes to make you speak?”
“I got hired to do the job.”
“You got hired to brush your hair.”
“I did that.”
“You got hired to clean out the barn.”
“Why am I being kept here?”

“Matt, you have a lot to answer for.”

“One of my sources got picked up. The organization is coming down on me. This was one transaction. I had nothing to do with it. Meria claimed that this was going to be beneficial to the development of a social movement. I am not even sure what she meant. Is she trying to improve the educational system.”

“This is something that I really care about.”

“I am face to face with the opposition”

“There will always be someone who is willing to put up with shit.”

“Where does this start, and where does it end?”

“These people think that they are a lot tougher bthan they are.”

“They are hard as nails.”

“What is this: somed kin of commando group?”

“I finally realize that none of this will function in a favorable manner for me.”

“Go over this one more time.”

“This will not work out for me?”

“I should have been nicer.”

“Now is your opportunity to make things right for you.”

“Who is behind all this shit?”

“There are no greater purposes.”

“Don’t you think that I know this”

“You can be convincing.”

“I need to show you my M.F.A. thesis.”

“How do you know that this will work.”

“There is no heart.”

“Someone cared.”

“We all care in our own way.”

“I truly do care.”

“Does that make any difference to you?”

“I need to see a position paper.”

“What is in there?”

“Assessment of forces.”

“Do what I do!”

“There is some hot dog shit.”

“Where is this going to end up?”

“In an armed confrontation.”

“Did I really piss someone off?”

“I can’t be a million places at once.”

“There are loads of things that you want to ask me.”

“What do you see now?”

“I see it all.”

“They take your meal, and then they threaten your life.”

“You have been watching too many movies.”

“The payment will be made.”

“What is in there?”
“What is not?”
“Hot dog convention.”
“This represents something more.”
“You are running out of options.”
“I never thought that I had any.”
“You have what you need.”
“Take out the trash.”
“Find me about the credit.”
“There is something more.”
“What was Meria going to do with those guns?”
“She had these guys who were going to take over a command and control center.”
“Are you willing to obey these orders?”
“If you don’t, you will suffer.”
“Where is this headed?”
“This could be more confusing.”
“Are you going to do two jobs to maintain this life?”
“You could pay for a house”
“A lot of people are off for days.”
“They are working with this group.”
“What do you need to tell me?”
“No one knows the whole story.”
“You are a story in yourself.”
“Matt, what do you know?”
“Everyone knows you.”
“This is a whole different thing.”
“You are already condemned.”
“I work twice as much, and I get twice as much.”
“These are things that you cannot hold on to.”
“Is all this effort worth it?”
“What makes you so committed?”
“This goes beyond a few people getting fucked over. You notice a pattern.”
“You did a graph.”
“How does this work?”
“This is the source.”
“I need to get away.”
“You have no idea how this happened.”
“I have power.”
“You have to do this to get that.”
“What is that about?”
“Do it all at once.”
“You realize how to focus power.”
“That is why she made the deal.”

“There was no idea.”
“Are these things even related?”
“Why would you talk about it that way?”
“I thought that you knew.”
“You are going to get blasted from the sky.”
“I do not know how any of that works.”
“How does any of it work?”
“What can you break.”
“This is only a little part of the story.”
“I am getting paid better.”
“Nothing is going to happen with this.”
“What happened to the guns?”
“It has turned into some kind of money thing.”
“It will all boil over.”
“And you show up.”
“She is not part of this story.”
“Is someone doing this?”
“What are your goals?”
“No one can explain this.”
“What happened to the revolutionary unit?”
“What are you talking about?”
“Meria and her call to action.”
“It was all bull shit.”
“She got the guns.”
“Someone wants to do away with her.”
“It is becoming emptier.”
“There is on more play left.”
“This will not work out well for you.”
“It is fairly advanced.”
“At this point, no one can stop.”
“This is not about stopping.”
“Matt, you need to explain it.”
“They fucked with me.”
“I should have taken what was available.”
“I have been able to remake myself completely.”
“How does this work?”
“I was quick.”
“You need to intervene.”
“Do not intervene.”
“I confused you with someone else.”
“There is going to be no alternative.”
“Will you be able to help?”
“I cannot stop myself.”

“This is the worst that I have ever seen it.”

“There is a lot more to come.”

“This will not form a description in itself.”

“That worked out wonderfully.”

“Is there something about torture to get information?”

“Why did you stop talking to me?”

“You would repeat my shit.”

“Do you want to fight me?”

“They do not operate like that.”

“I see what I want.”

“So does everyone else.”

“You don these uniforms and pretend that you are some kind of liberation movement.

Where does any of this come from? There is no basis for this kind of action.”

“I wanted you to start a little easier.”

“One look, and I was out of there.”

“This was not about me.”

“Where does this start?”

“Don’t get on their bad side.”

“Let me show you what I got.”

“We cannot be friends here.”

“Where will you end up?”

“Where I need to be.”

“And where is that?”

“Nothing that will last for very long.”

“We are working on this together.”

“That is not going to help for anything.”

“Who is Meria working for?”

“She is a cartoon.”

“Who are you with?”

“Do not disrespect me.”

“She wants your dick pickled in a jar.”

“What is that about?”

“She is fucking pissed with me.”

“Who invited you aboard.”

“I have a permanent invitation.”

“The ark hit a sand bar.”

“The waters receded.”

“This fucking ark is jutting off some mountain.”

“Did they get the animals off?”

“The Syndicate is easing through it all.”

“I want to ask you three questions.”

“You are the one.”

“What does all that shit say?”

“Do not underestimate the power of the individual.”
“I am on vacation.”
“That is too much to think about.”
“You have been asked to an exclusive location.”
“That is some wild stuff.”
“That is everything to to me.”
“Do I have need go along with the Scripture.”
“I am not going down!”
“You need a clear path.”
“Follow all the bridges.”
“Where will this conclude?”
“You keep going over all the bridges.”
“And it works that way.”
“There is no clear path.”
“Why do you all know this?”
“We have been brainwashed.”
“I could do it slowly.”
“You are going to end up in the water.”
“This is some kind of paradise for me.”
“Complete a sentence for me.”
“How did you end up in the show?”
“Keep talking!”
“This will work for me.”
“You must feel good about what you do.”
“I am coming back for more.”
“You break from the group, and you are super glue for all the psycho-killers.”
“What is your given name?”
“None of this is working.”
“The numbers are right.”
“She is going to turn the pages for me.”
“She is the one main page.”
“The visitor.”
“The visitation.”
“The Lord came to me in a vision.”
“If someone comes to you in a vision, it must be some kind of higher presence.”
“The Lord came to me.”
“The Lord has things to tell me.”
“This is perfume.”
“This is wine.”
“This is honey.”
“Why does anyone trust this shit?”
“These are basic stimuli.”
“I am all broken up.”

“Take me to the river.”
“More Jordan shit.”
“This will get excellent.”
“All the trouble will come my way.”
“This is my favorite song.”
“I was never there.”
“I am out.”
“Matt, do you print money in your basement?”
“Complete my life!”
“Complete this sentence.”
“That is where I want to end up.”
“The organization has this hide out.”
“What is that all about?”
“I want to join.”
“Do you have the key?”
“I can do it all with my mind.”
“I love this part.”
“You cannot do that here.”
“I want you to love me.”
“You are loved.”
“Is that all you need?”
“You do not do enough for me.”
“We are down to the bones.”
“What makes them rattle?”
“None of that will change anything.”
“Who are you working with?”
“I am the head of the Syndicate.”
“That is a form of knowledge.”
“You are a little late.”
“Late is all good here.”
“This was a transition to the next phase.”
“There was something in the wine.”
“That was the miracle shit.”
“Wow! That stuff is good.”
“Make the move.”
“Do not hurt me!”
“We are here.”
“Add it up!”
“We need to get beyond that.”
“There are identities.”
“That is how it works.”
“I am the only one.”
“We are all picking at the bones”

“Pick away.”
“Give blood.”
“There is meat on the bone.”
“You take what you can get.”
“This is a shopping list.”
“There needs to be a plot.”
“You fill in”
“The plot thickens.”
“Why is this so important?”
“You think that you can win this.”
“You would destroy the world to save one person.”
“You have the theft of the food, the arms deal, and the breakup.”
“There is some property division.”
“There is a better question that you can ask.”
“We could do a map.”
“There would be a treasure hunt.”
“They have no idea.”
“What is your purpose?”
“You have a purpose.”
“Why is the hot dog so important?”
“Victor?”
“Are you into symbolism?”
“No one makes it out alive.”
“I am watching half-baked performances.”
“Where does it work?”
“At a bakery.”
“What are they hiding?”
“They break into a bank.”
“I need to slow you down.”
“I am here to keep it all together.”
“Will that lead to some kind of understanding?”
“We get into the bank accounts.”
“That is you and your friends.”
“You will never do anything more.”
“I can try.”
“I can work on this.”
“Is your calendar full?”
“Are you talking to Meria?”
“She is very intelligent.”
“I no longer know what that means”
“There is an alternative.”
“How do we place that?”
“I thought that you were not going to do that job?”

“I am going up in smoke.”
“I am in smoke.”
“That is perfect for me.”
“We all want a confession.”
“This is all for you.”
“That hardly mattered.”
“There was some kind of animal sacrifice in there.”
“It was a Memorial Day wiener roast.”
“I tell different people different things.”
“You can make predictions.”
“You can be the prediction that you want to be.”
“There is a vein of rational values. And they can be used to win jackpots.”
“Isn’t that the method that you are using to make things happen for you?”
“There is more going on.”
“You were much better at it in the past.”
“Someone is following me.”
“The guy wants his money back.”
“You are much more predictable than you believe.”
“Find the proper subset.”
“Do something to it.”
“That is a perfect combination.”
“I could spend my time thinking about it.”
“What is making you tick?”
“Who invited you in?”
“That will do for me.”
“I have been pushed off the right path.”
“You only need some one path.”
“I am buying this for you.”
“This is too much effort if you just want one thing.”
“They have all abandoned me.”
“I will be back”
“I will ask.”
“I need to be sure.”
“We all do.”
“Where is the mystery?”
“You are not involved.”
“I am not going to tell you.”
“I should have come here long ago.”
“Really.”
“This is turning into something wonderful.”
“I need this done quickly.”
“Can you do this cheaply?”
“Collect the treasure.”

“Are you keeping points?”
 “I want to feel as if I am floating on air.”
 “I am up in the air.”
 “You know what that means?”
 “I am here to mess up.”
 “But there is a moment when you turn away from the shit.”
 “Finish the life for me.”
 “I did. It is dead end.”
 “That is the next episode.”
 “I know you from somewhere.”
 “You could come in and put it all together.”
 “Where does this end up?”
 “Here is the script. Put this on. The doctor will be in to take care of you.”
 “All the stuff crashes down here.”
 “It cannot get worse.”
 “I want to love you.”
 “Breathe deeply.”
 “Complete the sentence.”
 “Give me the fucking medicine.”
 “Meria, will that be part of the story.”
 “They will all come back.”
 “What are they coming back to?”
 “I am going to get obliterated.”
 “Obliterate for me.”
 “I will be back.”
 “All that you have to do is to say something.”
 “How is it all connected?”
 “I am going somewhere lese.”
 “I cannot describe growing up in this shit hole.”
 “That is not consideration.”
 “I have not left here.”
 “I am all here.”
 “Damn!”
 “You have a book.”
 “Too much book for me.”
 “You have one solution.”
 “That is never going to work for me.”
 “I need to work this better.”
 “Now, I know who you are.”
 “You take it chill.”
 “I need to go hide somewhere.”
 “What else if here?”
 “The solution to all my problems”

“I was here.”
“You want to gratify the clinic.”
“What are you talking about?”
“We have found a necessary solution.”
“Pose for me.”
“What would you do?”
“This is everything to you.”
“Why does none of this yield an answer?”
“You are answerable to no one.”
“Matt, explain your process.”
“He could never get this done.”
“What does that mean?”
“You must know.”
“These are various facets of my mood.”
“Where have you been hiding?”
“What is hiding?”
“Everything is manifest.
“I will come back to you.”
“I believe that his means something.”
“You made your escape.”
“There are a series of traps.”
“Alligator holes.”
“Where does that come from?”
“How else should I describe it?”
“I saw what I was looking for.”
“You warned me.”
“I have the solution.”
“Is she here?”
“Make me feel more important.”
“I will.”
“I will.”
“I will.”
“I will.”
“I am good with time.”
“I have a proposal.”
“These are words.”
“I want to know.”
“That is the end.”
“I lost my mind.”
“The mind goes places.”
“This is a different beat.”
“This is the change of pace.”
“The different drummer.”

“How does that really work?”
“Maybe, you understand in a special way.”
“That is all that works.”
“You brought me to a standstill.”
“Do you have a piggy bank?”
“This is where it all gets so wonderful.”
“It all the same.”
“There is a process which will end it.”
“What does scripture say?”
“In the beginning was a lot of shit.”
“Then the shit got all crazy.”
“This is a higher level of social awareness.”
“The stimulation is more intense.”
“What do you notice?”
“That works for me.”
“I am watching the eagles fly.”
“Everyone is.”
“The insects are squirming along.”
“Is this a negative thing?”
“With the worms.”
“They do not mean that.”
“This does not solve anything.”
“His business is all about solutions.”
“What did I miss?”
“I missed an explanation.”
“I am a good person.”
“No one will ever come to a solution.”
“This is great.”
“I have received the disease”
“This is perfectly distributed.”
“There is another revelation.”
“Someone stole all the medicine.”
“I want more of that.”
“Give me more.”
“I am losing my direction.”
“There is a witch.”
“This is wicked.”
“Done.”
“Nothing to worry about.”
“I am in a program.”
“This is the best part.”
“I can hang out, and I don’t have to work.”
“Where is that going?”

“I can describe what makes the world go around.”
“I want you to understand.”
“Salt water toffee.”
“There has to be more.”
“Rice cookies.”
“I want to scream.”
“He went creepy on me.”
“This is not how it is meant to be.”
“What dose the critic need to know?”
“The reader only needs to turne the pages.”
“These are hours.”
“Who is running the show?”
“They let me watch television all the time.”
“How is that going to prepare you for life?”
“I cannot deal with mornings.”
“You keep busy so that you do not need to deal with shit.”
“I am getting to the heart of the appeal.”
“Jump out.”
“I have something for everyone.”
“I want to win.”
“I want to compete.”
“They let me sit here and watch television.”
“There is something more that I want.”
“I want to learn how I can do this foever.”
“Do it.”
“It is hard to make the body be like this forever.”
“I do not want to move.”
“They feed me a snack.”
“What is in it?”
“Will she return?”
“They have been wondering.”
“I am melting.”
“This cannot be resuscitated.”
“The world came to a halt.”
“There is only one person who know.”
“I will be with soeone who is debilitated by life.”
“That is too easy.”
“Get the hot dog from the microwave.”
“I only want an explanation.”
“We work together.”
“That is perfect.”
“Ask me anything.”
“We are arriving at perfection.”

“I only need to know one person,”
“The way, the truth, and the life.”
“This is getting interesting.”
“There is hope.”
“What is it?”
“I am breaking down time.”
“What is that?”
“The promise of something more.”
“The promise of something else.”
“You do not understand.”
“How do you work it?”
“Who is not going along?”
“I need to get out of the car.”
“What has he told you?”
“He keeps me talking”
“The guy in the corner knows it all.”
“Revive the body.”
“This is gruesome.”
“I want someone to be able to put the ideas together in a coherent manner.”
“This is worse than coherent”
“Someone will understand.”
“Give me oxygen,”
“We can develop a program.”
“I will take it.”
“I want more.”
“What does the world give you to keep you attentive?”
“The doctor.”
“I want someone to guide me.”
“Force me
“Stop me.”
“What is in my porridge?”
“Something to calm you down.”
“I need to train another body.”
“Make me stronger.
“She is here.”
“How did you arrive?”
“Meria never understood.”
“She was not supposed to.”
“Who came after?”
“Jeanne.”
“That was already investigated.”
“Simon says.”
“I am squirming with the worms.”

“Oh hell! Bleed with me.”
 “With me.”
 “You are all damaged.”
 “Meria, where di you go?”
 “I am in a constitutional law seminar.”
 “When did everything go so wrong?”
 “On another night. Everything is perfect now.”
 “Indeed. It is.”
 “Add something else.”
 “I need something familiar.”
 “There is more to it.”
 “I do not want to consider the alternative.”
 “There is none.”
 “There is crying all around me.”
 “You are a simpler version of the same thing.”
 “I can use this as a recruiting tool.”
 “It never works that way.”
 “There is always another example.”
 “Pull tighter.”
 “Another example”
 “I do not want to pretend. There is nothing more here. Not more talent. Not more involvement.”
 “I need to learn how to stop myself.”
 “It is to early for a change.”
 “Run it.”
 “What are you eating?”
 “What is the Nikei saying?”
 “Sell.”
 “We are going to come back to a solution.”
 “There is only one”
 “I know that the question was better.”
 “How is that going to work?”
 “It is a different kind of drug”
 “They found about the heart problems.”
 “What is that?”
 “I want to give you more of my money.”
 “This is all off label.”
 “Find a place to put the needle.”
 “That is what I want.”
 “There is a zero level.”
 “You could present it in a different way.”
 “Do you really want to do this?”
 “There are different considerations.”

“Someone needs to change the station.”

“No one in the room is laughing.’

“I could be more pathetic.”

“There is a more explosive moment.”

“I do not want to know.”

“We see things in a different way.”
