

## THE POWER OF PHYSICS

“This is a physical thing. This is how the universe is. It is slanted in my direction. It is an expression of our being. Look at it. I am manifesting that desire. There is no other way to think about it.”

“Honestly.”

“I am a source, and everything flows my way. All the waves of force flow in my direction. I only need to nod, and everything is balanced in my direction.

“Am I physics in action?”

“Do you need a system?”

“What could that possibly mean?”

“The machine moves in that direction.”

“Do not waste you money in trying change me.”

“This is good enough for me.”

“My life is an investment.”

“And this is something that you wanted for your own benefit.”

“My body is an expression of the future of the universe. All these forces are coalescing towards a triumphant moment.”

“I am here for you.”

“Be where you need to be.”

“Did I make a mistake?”

“Did you wear the boots?”

“I wore the hat.”

“And we are going to stay like this.”

“We are washed in the blood of the lamb.”

“That is some crazy washing.”

“I am next.”

“You know what I am planning.”

“I am slow to respond.”

“Respond quickly.”

“A comet is coming in my direction.”

“I do not see a comet. Is that a riddle?”

“I am looking at the big picture.”

“I am adding a frame.”

“Then I learned what it is truly about.”

“You are going to need more physics to describe who we are.”

“We burn in place.”

“That is only beginning of scripture.”

“What follows?”

“You need to admit that you did some bad things.”

“Bad things.”

“Is there evil in the world?”

“I look at an evil system. And you are part of it.”

“And what do they see when they look at me?”  
“They see a ray of light.”  
“Why do you burn with such power?”  
“It is part of my nature.”  
“You are getting too close to know.”  
“Where were you when I needed you.”  
“Asleep.”  
“The lights were turned off.”  
“I get turned off.”  
“Save me.”  
“They stole my underwear.”  
“What is the name here?”  
“Another riddle.”  
“Riddle me this.”  
“I have free lane.”  
“I hunger and thirst for your love.”  
“Splash with me.”  
“What did you sell?”  
“Souls.”  
“That is a terrible way to think about the world.”  
“We have a place for you.”  
“It is not as bad as it seems to be.”  
“Is this a cure?”  
“You will float on the top of the water.”  
“I was floating in the air.”  
“I was betrayed.”  
“Who makes this a go?”  
“They took me somewhere, and they told me things.”  
“What did they say?”  
“Don’t hurt.”  
“Don’t love.”  
“Don’t love too much.”  
“Where is my audience?”  
“The universe offers you what you know.”  
“You are tearing at me.”  
“I had a lucky break.”  
“I have good days, and I have bad days.”  
“Is the sun shining?”  
“The symbols no longer apply.”  
“I want to stare.”  
“I always wondered.”  
“I let go of all my knowledge.”  
“Who else is left?”

“What do you want to hear?”  
 “All the energy was attracted to this point.”  
 “I wanted this to be me.”  
 “Where else does this go?”  
 “There are times that we have forgotten.”  
 “We can build upon that.”  
 “Is this an institute?”  
 “I am chasing after the same thing.”  
 “And you do what you can to please the people.”  
 “They stole my identity.”  
 “It was taking you nowhere.”  
 “What am I going to do now?”  
 “You are going to work more and less back in return.”  
 “And that will work for you.”  
 “There are other facets of the universe.”  
 “And this is all about me.”  
 “About me.”  
 “Do you want an audience?”  
 “How to get an audience?”  
 “How to lose an audience?”  
 “I missed the notes.”  
 “I hit the notes.”  
 “If I wanted people to realize how great I was, would they finally realize what kind of  
 power I have?”  
 “It is difficult to trying to describe the created world.”  
 “We could start with the hidden part.”  
 “You have the power of love.”:  
 “There is a body.”  
 “This is my wound.”  
 “What are you missing?”  
 “You work extra hard, and what do you have to show?”  
 “I have a lot of attitude.”  
 “It is going to be difficult to talk about anything else in your experience. Everything is so  
 focused on your self-recognition. Another pound of flesh.”  
 “This is the basis of my sin.”  
 “We could start from here.”  
 “I focus on the screen.”  
 “I watch things develop.”  
 “You live to eat.”  
 “I am going to think about the universe in that way.”  
 “I am going to carve it up.”  
 “What else is there?”  
 “You see what you want to see.”

“It burns in place.”  
 “Why tonight?”  
 “The tides,”  
 “How can you manipulate the tides?”  
 “This is all that I ever had.”  
 “Stripping away curtains.”  
 “You are my everything.”  
 “This is the human architecture.”  
 “What is on the first floor?”  
 “The foundation.”  
 “We are going to build up.”  
 “Who is going to live in the building?”  
 “Who is going to knock on the door?”  
 “Is there a way out?”  
 “Brice, what can you say now? You have to go to work.”  
 “That could be what I need.”  
 “The now of the now.”  
 “Fantastic.”  
 “And it all quieted down.”  
 “You are more than the show.”  
 “There is too much faith in what we see.”  
 “How do you keep it going, and you do not peel back the next layer?”  
 “I am at the center.”  
 “What is on the outside?”  
 “Brice, you are the the main star in the system.”  
 “Why do things move in my direction?”  
 “Explain the great calamity.”  
 “That is too much of a challenge.”  
 “I am a challenge. They think that I am a mystery. They believe that this is all that I need.”  
 “What do you know that I do not know?”  
 “I escape the orbit. I attain a direction for myself.”  
 “This must be genius.”  
 “Bring me the toast and jam”  
 “There is no room.”  
 “That was supposed to be my move.”  
 “Move on!”  
 “I cannot look at that.”  
 “I am going to charge you for this.”  
 “This becomes a shadow of a shadow.”  
 “Give me other words.”  
 “Other words.”  
 “When you break up the structure, there is this massive energy that continues to propagate

in the universe.”

“This is a whole lot of nothing that turns into something important.”

“I gave all my years to you.”

“I gave all my years to you.”

“I gave all my years to you.”

“Not this.”

“I quit pretending.”

“I am doing this for myself.”

“That is where I become afraid.”

“No one will ever understand.”

“I only need you to make a few steps to liberation.”

“Liberation.”

“We can escape.”

“We can know.”

“You know that I am there.”

“It will be there for you.”

“Come to the light.”

“And the light wipes me out.”

“We pretend.”

“You never went through this.”

“That is pure magic.”

“That is all that I could do.”

“I am a writer.”

“I am an anti-writer.”

“What is that?”

“There are so many bad things in my head.”

“We can erase them.”

“That gives me time to sleep.”

“Why am I in this boring job?”

“What do you bring to the table?”

“Dinner.”

“Hot wings.”

“And that is going to be all of the story.”

“I want something more substantial.”

“Take this. It is wonderful.”

“I need to live like this all the time.”

“That is substantial.”

“I get to our place, and you keep telling me that you need to think about getting up in the morning for work.”

“We can cheat time.”

“Do you know me?”

“I am you.”

“You took that, and what did I get back.”

“I want to be nice to you.”  
“Hang on for another bite.”:  
“I am here for you.”  
“I ordered the grilled cheese.”  
“I need to so love the world.  
“Love the world.”  
“Give me the now.”  
“What about our plans?”  
“Can you do her?”  
“What does that mean?”  
“Learn her gestures. Be her imposter.”  
“Why would you do that?”  
“She is physics.”  
“You are going to make it there before me.”  
“Why are we back here again?”  
“We want things.”  
“We are getting to the chorus.”  
“I work extra hard.”  
“And where does that lead?”  
“I have personality.”  
“What does the frog say?”  
“Submerge.”  
“Take a breath.”  
“Let it go.”  
“You have everything for this moment.”  
“You need a better show if you have a show.”  
“I thought that this was brilliant.”  
“Today, I only saw what I did wrong.”  
“I will cheer you on.”  
“I will need to stop for a moment.”  
“Why are the stars moving together?”  
“I have lost direction.”  
“He is my direction.”  
“You are perfect nature.”  
“Shake my world.”  
“I tried to scrape off my reality  
“What did you show?”  
“Winners all the way.”  
“Does not hurt that much.”  
“Live it all in a day.”  
“Do not die today.”  
“I cannot move.”  
“There is more to figure out.”

“I am everything in the universe. Then I am nothing.”  
“Nothing is me.”  
“I want something, and I get it.”  
“Get it for being in space.”  
“I lock in.”  
“You need to understand when things do not happen.”  
“Why did you get like this?”  
“Brice answer me.”  
“Then what do we do?”  
“You plant a garden.”  
“You are already pretty amazing.”  
“When will you tell me more?”  
“There is so much more to tell.”  
“I cannot match these things.”  
“That is progress.”  
“You were going to give me a physics lesson.”  
“All hail the conquering heroes.”  
“It all happens at once.”  
“I do what needs to get done.”  
“I can bring you in.”  
“I am dying on the table.”  
“And you get paid for love.”  
“I wish that I had.”  
“You need to hate in order to love.”  
“I am not going to do physics with you.”  
“Balance the accounts.”  
“I can add to your blance.”  
“What else do you want?”  
“I can only sympathize so much.”  
“Add to the show.”  
“What did you do in there?”  
“I conspired with the enemy.”  
“I forgot.”  
“I know the name.”  
“She is the best.”  
“I remember it all too well.”  
“What are you doing at home?”  
“Causing mischief.”  
“This is what is happening to you.”  
“You are turning to dust.”  
“There are no other options.”  
“This is more than wonderful.”  
“What are you planning.”

“A cure.”  
“This was the heart of the force field.”  
“The human interest heads in multiple directions.”  
“I cannot do this all on own.”  
“Should I even look?”  
“I had a purpose.”  
“And you had a porpoise.”  
“And raisins.”  
“None of that goes anywhere.”  
“I am really out of myself.”  
“That is not perfect.”  
“I went there on my own.”  
“Rookie, I do not see what you see.”  
“I want more than that.”  
“Please do not come back.”  
“Please do not come back.”:  
“That is my pleasure.”  
“I peel away all the layers.”  
“How did I get screaming?”  
“I know what the words mean at this moment.”  
“I want more than that.”  
“How did this end up here?”  
“It is always the same three things.”  
“The Milky Way.”  
“A taste treat.”  
“What is missing?”  
“Brice left.”  
“She has other needs.”  
“That works for me all the time.”  
“Can I charge you for this?”  
“I am comparing the options.”  
“The bones on the plate.”  
“Did you eat all the wings?”  
“I made a serious mistake.”  
“Did you call me Rachel?”  
“Which version of happiness am I ?”  
“The moving kind.”  
“I need more complexity to convey the idea of a physical connection.”  
“The complete logic.”  
“Geometry of the body.”  
“How do we stretch that?”  
“Where does it end?”  
“That is hilarious.”

“That is such a distraction.”  
“The body of the body.”  
“This is not an obsession.”  
“I ate the sardines.”  
“Give me a clue.”  
“I am giving others the clue.”  
“Give me a hint.”  
“Taste this.”  
“That is not going for anything.”  
“Damn.”  
“I am training.”  
“I am.”  
“All up to you.”  
“Why does that work?”  
“What are they doing?”  
“Defending themselves.”  
“I only have a little of what I need.”  
“This will all be clear in good time>”  
“The prophecy is not working.”  
“What are you doing differently?”  
“I am running from a wild dog.”  
“Run faster.”  
“The dog is fast.”  
“You need to fly.”  
“It is a small dog.”  
“These are different levels of threat.”  
“Who is going to watch the kittens?”  
“That hurts more than you know.”  
“Have another piece of cake?”  
“What about the candy?”  
“It all comes out in the wash.”  
“There is a lot of waiting.”  
“Are we back in the same place?”  
“Were we just there?”  
“That was us.”  
“Leave now.”  
“There are no residual feelings.”  
“How do you create a feeling for someone else?”  
“You came to the wrong place.”  
“You are hungrier than I am.”  
“Chill out.”  
“You are pure.”  
“I cannot do anything more for you.”

“There is no touch.”  
“There is no feeling.”  
“Do not interfere.”  
“You need to follow to deviate.”  
“Where does that start?”  
“I am drawing lines.”  
“It will work.”  
“For all the effort, it should not be so difficult.”  
“It is so difficult.”  
“You are getting distracted.”  
“I want some one thing.”  
“The eternal substance.”  
“More cash.”  
“That should cover for three sessions.”  
“It does.”  
“It explains you.”  
“What more do you want?”  
“Some maps and a destination.”  
“Can you take it from there?”  
“I can offer immortality.”  
“You need an alternative path.”  
“I have taken so many alternatives.”  
“You were so much part of my life.”  
“Talk about my father.”  
“Can I sit there?”  
“Go ahead.”  
“Leave now.”  
“What is in that?”  
“Some kind of poison.”  
“That is part of my nature.”  
“Then I cannot see anymore.”  
“I cannot see a thing.”  
“It is happening to me in spite of myself.”  
“This is a great song for laying wallpaper.”  
“Or not telling the truth to yourself.”  
“What are you hiding?”  
“Information from the last tenants.”  
“This seems like an important motivation.”  
“We will get there.”  
“He has everything that I need.”  
“He is someone, who is decaying before my eyes.”  
“That is all gone for good.”  
“All good for gone.”

“That must mean something.”  
“Something.”  
“This is for you.”  
“Should I react.”  
“Do not let anyone know what you like.”:  
“I like you.”  
“That will not work for this show.”  
“We react in different ways.”  
“They put me in a line up.”  
“What is that about?”  
“Do you know this guy?”  
“What should I answer?”  
“I have been staring at him in a mirror all this time.”  
“How are you holding the body together?”  
“You really seem distracted.”  
“You need a cause.”  
“I could be your cause.”  
“I do not want to go to a ceremony.”  
“This may work for you.”  
“What have you put in your body?”  
“That is better for me than you know.”  
“How do all those things work?”  
“By zeal.”  
“By hook or crook.”  
“Everything is going down the drain.”  
“I am nervous.”  
“You need to focus.”  
“A lot of crazy stuff is going on.”  
“I show up for work every day. And what is this.”  
“What is this?”  
“Do you do anything?”  
“I do what you do not.”  
“I am feeling very sick.”  
“Take one of these.”  
“I did.”  
“Let him lead you to the destination.”  
“You are a million histories.”  
“How does he believe?”  
“Some shoes and some hair.”  
“Shit.”  
“That is so bad.”  
“I want the real thing.”  
“We all do.”

“Maple syrup.”

“She caught me at an inopportune moment.”

“What do you have?”

“An idea how things are going.”

“Things are going.”

“I need to break.”

“What else do you have?”

“You turn on the world.”

“Physics.”
