

CATCH OF THE DAY

“I don’t want you to force me to do something that I do not want to do.”
 “If I was really going to sort this out, I would need to start with clearer instructions.”
 “You feel just as certain, and you are really fucking things up.”
 “I have an intuition.”
 “You need to leave me alone.”
 “You are very impressionable.”
 “That is not going to cut it.”
 “You are offering me another alternative.”
 “That is going to really jack me up.”
 “I want someone to hold my hand as I work through this shit.”
 “You give me a sense of importance.”
 “What is my name again?”
 “Don’t you know?”
 “I can easily forget.”
 “I need to blow you off the table.”
 “Take one of these.”
 “What is that?”
 “A sugar pill. It will give you confidence.”
 “I am willing to try some crazy shit.”
 “That could be a bit of forever.”
 “You are my forever.”
 “I want to find the best option.”
 “Are you at the bank now?”
 “I need to get in the bank.”
 “Are we besties?”
 “If we get in this account.”
 “Where does this come from?”
 “Total confidence.”
 “You need to keep your self up.”
 “I do not see what you see.”
 “I can tell. I have been watching too much television.”
 “And what do you do?”
 “Now, we have a chance to get to the heart of the matter.”
 “Face to face.”
 “I have a lot of work to do.”
 “Why is that work?”
 “What are you attached to?”
 “Where did you go?”
 “That was not me.”
 “You tell me.”
 “Why do you do what you do?”

“I am looking for someone who know.”

“I know all too well.”

“I cannot last.”

“Hello, I need to talk to you. You just passed out.”

“Huh?”

“Do you have a problem?”

“We could work in tandem.”

“I am being distracted.”

“Does any of that work?”

“How do I move around?”

“Where am I headed?”

“I need to find another flavor.”

“Peppermint and spearmint.”

“Where do those names come from?”

“You need to pose.”

“Stand in the square please.”

“Will this be my life forever?”

“What are you trying to prove?”

“Imagine if I created a game to help me to get over my heartache. This would be a real challenge for me. What factors would prevent me from overcoming a breakup. How could I move forward with my life? There were enough factors to prevent me from moving on; that would be motivation to get me totally involved in this game. I would take the steps to break from my past. But my nostalgia would still weight me down and make me a potential victims of his appeals. That was why the game is so involving. In the game, I am reliving the worst emotional moments. But I am committed to moving on. I cannot let regret slow me down.”

“This became the first step in the game. I was making critical decisions for myself not to go back to my old ways. I saw the opportunity for growth. I got rid of the self-destructiveness. I started to realize that my success depended on seeing how I had participated in my own demise. This becomes a real tug and war in myself. And I struggled to assert my independence.”

“This first obstacle could be immense. It was so difficult to let go something that is cherished. And I gave so much of myself to this relationship. I was always making up for his weaknesses, and this led me to believe that he was someone greater than he was. I was giving him credit for my emotions and my triumphs. Every time that I tried to break, I would remember these wonderful moments. They were my breakthroughs, but I associated all that with his efforts. What did any of that mean?”

“If I was going to get out of this trap, I needed to be more honest with myself. He really had me in a vise grip, and it was immensely difficult to break free. That was scary itself. I kept flashing back to those time that we spent together. He was still trying to get in my head.”

“The game was pointing my way forward, but I was still being shunted back into that same life. I was caught in this give and take. And I needed to win this tug of war. The game reminded me that my first failure could be related to returning to my old life. I would walk right back into that same situation that I had left. The game would have left me suspended in indecision. I would not win if I stayed like this. I needed to apply an extreme commitment to

change.”

“I realized what was at stake. And it was now more evident than ever. I had made what appeared to be a definitive break. But I was a sitting duck. Every move forward left me stripped of any will power. I was not going back to my ex. But I did not have the resources to maintain anything more secure. I could be tossed back and forth by a wind gust.”

“The game made me a victim of new situations that posed a greater threat to my development. I was ready to get broken down by these threats. And they were insistent. It wasn’t occasional. Once I slipped down, I had trouble raising myself up. In the midst of these influences, I could sense a more pressing concern.”

“For the time being, I truly believed that I was on the verge of a breakthrough. I had found a lasting alliance that could rescue me from my doldrums. I would no longer be confused, I would have discovered a strong motivation, and this would offer me marvelous strength. This was fantastic. I did not realize That I could liberate myself from my past. I was was now on the verge of something that could sustain me for a long time.”

“I really thought that this was different from these short-term connections that weren’t giving me any direction.”

“Did you win the game?”

“This was almost worse than when I started. I assumed that I had discovered some kind of liberation. And I regaled this individual as if he was my savior. Unfortunately, he felt nothing that I did. He had played me all the while. I had become deluded by this situation. The game had lured me to this place without any hope of escape.”

“Did it get worse?”

“You tell me. Are you trying to manipulate this game for you own benefit?”

“What are you asking me?”

“You realize how I am weak. You wanted me to design this game. But your beliefs are written all over this presentation. Are you trying to manipulate with you game.”

“I thought that you designed it for you benefit.”

“You have so manipulated the programming.”

“What is the fear?”

“That I have no feeling for you. I had a life, and you took it away from me. And you are trying to replace it with your values.”

“I am trying to provide you with help.”

“Do I really need that?”

“What does any of us need?”

“Are we back to relativism?”

“What do you want?”

“Get to the source of the pain.”

“Where are you in this game?”

“What is the source?”

“We adjust our dreams?”

“Is that my failure to win?”

“How does that work?”

“You do not do what you need to do.”

“You do not leave the beaten path.”
 “You know what is expected of you, and you just do it.”
 “You do what you are supposed to.”
 “What do you suppose?”
 “I have put a lot in this.”
 “Others put a lot of commitment into personal rituals.”
 “What keep you going?”
 “I saw the movie.”
 “I pressed all the buttons.”
 “What does that show about you?”
 “I have a winner’s instinct. But I do not always do what it takes to win.”
 “What could that be?”
 “Liking what I hate.”
 “I have learned the game.”
 “The game has learned you.”
 “Is it that complex?”
 “We wish it were not.”
 “Where is this going to end up?”
 “This is something that I wished never happened.”
 “Do not interfere.”
 “I am the middle of something confusing.”
 “Press a lot of the buttons.”
 “Reset.”
 “The game does not have physical parts.”
 “This get into some wild shit.”
 “Mind control.”
 “Does the mind care?”
 “Can you ever care in that way?”
 “There is a moment when I need to clear out of here.”
 “What do you really want?”
 “I want to be tickled.”
 “How sensitive are you?”
 “There is something else going on.”
 “You can knock the walls out.”
 “I was not prepared for any of this.”
 “We all have things that we like.”
 “Chocolate pudding.”
 “Am I being tortured now?”
 “Where did that come from?”
 “This game starts as some kind of fantasy generation. The next thing you are trapped in your bull shit.”
 “Daddy is calling.”
 “Someone is trying to do away with him.”

“Where does that come from?”
 “Where is that going?”
 “I am at the end of my rope.”
 “ROPE!”
 “ROPE!”
 “You remind me of that guy with the torch.”
 “We could forget everything that you fighting.”
 “Do you have a cream sauce?”
 “There are layers.”
 “A layer cake.”
 “I will not scream out in pain.”
 “I will not scream out in pleasure.”
 “That is how the game works?”
 “How do I go to the next level? How can I figure out if I won?”
 “Victory does not depend on personal enjoyment.”
 “Do I need to gather points.”
 “Help me out.”
 “You are too perky,”
 “Dinner is served.”
 “This is not an eating game.”
 “Moir, do you like your life.”
 “I have got my life together.”
 “I do not want to interfere.”
 “Interference pact.”
 “I like the pudding.”
 “It is a metaphor.”
 “Everyone wants a literal connection.”
 “Who else is coming?”
 “I can make the best deal for satisfaction And you do not have to consider the consequences.”
 “I am going to win.”:
 “WIN.”
 “Shake the game up.”
 “Who else is playing”
 “Turn on the machine.”
 “Is that affecting you in a positive manner?”
 “I heard about the food.”
 “I heard about you.”
 “Someone is digging this.”
 “And I am back to the same shit.”
 “How does the game work?”
 “There are no moving parts.”
 “This is a moving life.”

“You have no idea.”
“This could have been my chance,”
“Try that again.”
“I can feel it. It is inspired. Then it moves toward nothing.”
“There is nothing to be gained here.”
“What are you spending on?”
“I am spending on you.”:
“That is a pose in the game.”
“What else is controlled?”
“That is so boring.”
“I told him that. That only made me want to stay more.”
“Who is going to figure this out.”
“This is the opposite of working.”
“Someone did some work to figure out this game.”
“And you fucked up by putting your imprint on it.”
“I should be doing my homework.”
“Then you are back with him,”
“Better than be creeped by you.”
“I am freaked by all this.”
“What kind of life will the game give you?”
“You need to drink some more water.”
“And the door closes, and you are dancing.”
“What are you talking about?”
“Talk.”
“You have advantages.”
“Then there is just a body.”
“Could this be worse?”
“Here, we are.”
“Where does this go?”
“I am glad that someone can take care of you.”
“This is not just about enjoying yourself.”
“Make some juice.”
“And this will matter.”
“It is that time of year.”
“This would have killed me?”
“I took less.”
“The game shut down.
“All the circuits got overloaded.”
“You kept playing.”
“I did not want to go back to what I had been.”
“Someone turns on the massager.”
“I do not want to be lulled into ignorance.”
“One day.”

“We all understand how to move to the next place.”
“I need to tell you that I love you.”
“And that gets you back to where you started.”
“And if that happens, the world ends.”
“What is that really about?”
“If you are rewarded, what gets you going?”
“What is missing?”
“We are beyond ourselves.”
“We are ourselves.”
“I want the forgetting to be stronger.”
“Nothing else will happen.”
“I need to ask.”
“They all got out of here.”
“Did I miss an opportunity?”
“That could have been some real shit.”
“We need to leave while we can.”
“Do you know what you have been doing?”
“I have been working hard.”
“Do not think that you are the source.”
“I have been rewarded.”
“Are you sisters?”
“What kind of role in the game is that?”
“The game has been eliminated by desire.”
“I do not want to explain.”
“Explain.”
“He has it all down.”
“Touch the candy center.”
“The cherry.”
“He is dealing with total shit.”
“I am grooving.”
“We all like to play.”
“I am over that shithead.”
“It still makes me sad.”
“This will blow you away.”
“What am I supposed to think of that?”
“The mark of Cain.”
“The shit that I have dealt with.”
“It will all add up.”
“This is all the tie that I have.”
“This is what we are aiming for.”
“That holds it all together.”
“The stimulating part.”
“So much forgotten.”

“You rushed it.”
“What else is there?”
“The rest will not be as exciting.”
“That is more than it seems.”
“You are covering for so much shit.”
“I programmed this game.”
“It was fun at the time.”
“How do you make that work?”
“We can use the game to assess things politically.”
“Can we fix the world?”
“Not everyone wants to play.”
“They are fucking with our lives.”
“I want something else.”
“That was one night.”
“We are doing our part”
“All this stuff is free.”
“You need better security.”
“What are we looking at?”
“We are making ourselves worse”
“I am sure that you will love this place.”
“I love it already.”
“Send me the needed parts.”
“I do not want to think about where I have messed up.”
“That is all that I want.”
“I see things differently.”
“I am back at that silly job.”
“Who are you working for?”
“If you break the glass ceiling, it will rain down on you.”
“He is watching.”
“The world wants to escalate.”
“Why?”
“Someone wants to run things.”
“They have destroyed my hiding place.”
“It is not about that.”
“How can he keep it going?”
“He has simple goals.”
“I am protected for a few days.”
“I think about it all the time.”
“Yes, Moira, you do.”
“I have got it.”
“One more day on the line.”
“There are no alternatives tonight.”
“I do not want to go back to that guy.”

“And you did.”
“Not my story.”
“I am not here to help.”
“You have all that you need.”
“I do not want to be going to this place.”
“You are already there.”
“I am being eaten up in this machine.”
“This is a relationship.”
“What are you talking about?”
“The dragon is going to bake before eating.”
“I am glad that you are happy.”
“Tomorrow will be a lot like today.”
“Who else knows?”
“The make of the game.”
“I was almost there.”
“I am drowning in the hotel swimming pool.”
“You really tanked it.”
“What the hell?”
“I do not believe in anything important.”
“Even if you did.”
“I have catalogued it all, but it does not turn into much of story.”
“These are the things that I have been programmed to like.”
“How does this all work together?”
“I can shut it down in a heartbeat.”
“It will take me seven for check.”
“Where have you all been?”
“A cake contest.”
“I need to find another place to act this out.”
“I did this all against you. You would not be able to save me.”
“Here is what you need to say.”
“You are trying to control me.”
“I want to help you win.”
“You want to win this game.”
“Why do you call it a game?”
“I can cut you down to size.”
“I have a house.”
“I need to leave.”
“Moir, what do you have?”
“REVEAL!”
“This is hopeless.”
“These words do not work this way.”
“I love your work.”
“Do you know what this reminds me of?”

“The lipstick on a big.”
“The pig.”
“Shit.”
“I have been practicing.”
“I make noises.”
“Shit.”
“I believe that I am more than I am.”
“Are you going to save the world?”
“What are you really trying to say?”
“I need info.”
“Are you some kind of humorist.”
“I cannot laugh about this.”
“I am almost there.”
“I will win this.”
“And lose your life.”
“That is human sacrifice.”
“Popsicle stick.”
“Who is interfering.”
“I need to hang on, and I will be declared the winner by default.”
“I am healed.”
“You are back to zero.”
“The circuit needs to be grounded.”
“I got caught.”
“You don’t get two chances to get kicked out”
“Give me all the money.”
“You are determined.”
“We are all on top.”
“I want you to be someone more than you are.”
“Play the game.”
“There is a flow.”
“Amazing.”
“When I am done, I will fold.”
“Are you entertained?”
“Do you know who else is involved?”
“What really happened.”
“I cannot join in.”
“Have you been working at this?”
“You called me.”
“What does that mean?”
“We all quiet here.”
“Are you inviting me?”
“I am getting you ready,
“I made a promise.”

“That is all that is needed?”
“There is a choice.”
“How can you look the role, but not play the role?”
“I have got a life.”
“I am trying to get away, and you are running right into the fire.”
“Where does that go?”
“Do you have other questions.”
“I will watch from the bed with a camera.”
“What is this going to help me to forget?”
“Can I watch?”
“This is something important.”
“That is how the game is played.”
“I watched you walk out.”
“I am trying to figure out what else was risked in the game.”
“I was in this shitty relationship. Every road out was a road right back in.”
“If you had something real to your life, you would not be here.”
“I do not need to be here.”
“It still is early.”
“Not as early as it seems.”
“I am being used.”
“We all are in one way or another.”
“I am not that tolerant.”
“I needed to get you in.”
“The door is closed for good.”
“We let you in, How do we get you to leave?”
“There is no hiding now.”
“And that is going to work for you.”
“We are both sharing blood.”
“Where does that come from?”
“This was going to work for a long time.”
“Are you that good at this?”
“Why should I waste my time?”
“I think about it. Where is it leading me.”
“You are pinching me.”
“My neck is sore.”
“I need to leave.”
“What really happened?”
“I broke up.”
“This has nothing to do with me.”
“You designed the game?”
“It is alive.”
“Will you notice?”
“My heart is beating fast.”

“You look better.”

“I do not want to be transformed.”

“Take it for what it is.”

“Did you pay?”

“You made the game for me.”

“I need to get out of here.”

“Out of here.”
