

YOUR TURN

“I sit here and stare into space. I have one idea, and it explains everything else.”

“What are you going to mortgage to get that shit?”

“This is deep.”

“We all end up at the same place.”

“It is all biology.”

“Pick up sticks.”

“Where did I fail?”

“You tried too hard.”

“I got everything I want. And she does not know.”

“Shit.”

“I need to tell someone.”

“What do we have here?”

“Did that work?”

“This is going to be very quick.”

“You were almost there.”

“All there.”

“That is a big fucking deal.”

“One deal.”

“That is too much for me.”

“Blow me away.”

“Where does that go?”

“It is a sum.”

“You tell me.”

“They had an opportunity.”

“We saw it differently.”

“There is another level of evil.”

“We have it now.”

“How can we get history going?”

“I would give you the house.”

“What does that have to do with nuclear energy?”

“How the universe is put together.”

“To make me love you.”

“Do you come with a house?”

“Do you get a ring?”

“What about our rights to self-determination?”

“What is the full character of patient’s rights?”

“I will care.”

“That is money.”

“That is total comfort.”

“This is stuff that I take for granted.”

“And what does this have to do with anything that takes place in nature.”

“We are creating nature.”
 “Come ask me.”
 “I will leave not knowing.”
 “You are a romantic.”
 “You are psychotic.”
 “You are the knower in the group.”
 “This does not lead to anything.”
 “I can tell.”
 “What are you expecting?”
 “There will be a cultural showdown.”
 “What were you raised with?”
 “This is the model.”
 “I am doing a hand stand.”
 “You need to ask.”
 “I will.”
 “What more will I want?”
 “Does Brice want to play the game?”
 “Brice is the game.”
 “I am not good at games.”
 “I am not good at posing.”
 “What do you like?”
 “I want to be graded.”
 “I am one in my skin.”
 “What about things that you know?”
 “There are words that I want to know.”
 “The miracle grain.”
 “Where is this headed?”
 “It will all come together on television.”
 “The night is still early.”
 “What are you saving?”
 “Give me a test.”
 “Give me a reason.”
 “That stuff is slick.”
 “That does not work.”
 “I will die here. I will die here because I am repeating this same shit.”
 “I am waiting to get the message. But the impact of the message will not make up for the waiting.”
 “What is a super message?”
 “Queen.”
 “Oppression.”
 “What does that mean?”
 “Learn about different forms of government.”
 “They sit in a room and pat each other on the back.”

“And he belabors one issue.”
“What about the people?”
“If you do not empower the people, there are no people.”
“I am good at doing this.”
“And you plot the night out.”
“The rationalist method does not work. You know more about the projection.”
“Where is this headed?”
“Brice knows that this is the important chapter.”
“Brice knows a hell of a lot of shit.”
“Sort it out.”
“I can get in, and I can get out.”
“Love means knowing how the world is put together.”
“I combine different possibilities.”
“I am the possibilities.”
“I spend all my life in an office, on the floor, in a box.”
“Somewhere that I do not want to be.”
“You are boiling me.”
“Let me out.”
“Brice, help me out.”
“There will be someone else tomorrow.”
“He will understand.”
“That will make it all blow.”
“Slow it down.”
“You are casually giving it all to me.”
“Why did not ask?”
“I believe in the shit.”
“That makes it a go.”
“If you could do it, it would be everything.”
“Cut me off, feed me back to myself in different portions.”
“This is your chance.”
“You can get it.”
“I see what I want.”
“I am watching.”
“Shit.”
“Shit.”
“I can figure it out at home.”
“That is what I want.”
“I need a diagram.”
“I need an account ledger.”
“Take this from Peter and give to Paul.”
“Paul wants it all.”
“I need to share.”
“I need to escape.”

“I was kissed by an angel.”
“It was not like that.”
“What did you do for the next seven hours?”
“What happens in the next seven after that?”
“Who really grasps it?”
“I will give you that.”
“That is not resolvable.”
“I am feeling hurt.”
“You pick out all values.”
“When do you get selective?”
“After you have been exhaustive.”
“You get discretion.”
“You chase Baby across the world.”
“Why did you cheat?”
“I am not ready to go home.”
“What is her actual name?”
“Lucretia.”
“The taste of blood.”
“And no one will learn.”
“I get it.”
“What is this about?”
“It will not happen.”
“Why?”
“I need that perfect night.”
“Brice, what did you game?”
“I have worked it out before.”
“I need to think about it.”
“And you get escorted out of here.”
“I will get what I need.”
“I will get what I really need.”
“I want both.”
“One serves answer one. One answers question two.”
“We are lost in silly things.”
“Julie, it is your day.”
“What is that about?”
“It is blood or diamonds.”
“He know the odds of the game.”
“What does he work at?”
“Do you really think that he can make anything?”
“I am doing the numbers with you.”
“I can do a list.”
“The national state of the inflatable ideal.”
“Where does that go?”

“That is all that you want.”
“I want a theme.”
“You are so fucked up.”
“We all are.”
“I need to forget.”
“Do not trust him.”
“Where will Brice go?”
“She will learn how to protect herself.”
“I see what I need.”
“That will not work for me.”
“I hope that all is well.”
“I got her number.”
“I got her number.”
“You are telling me that she is going to get a mortgage.”
“She is insuring the securities.”
“I take a greater risk.”
“That is everything that I want.”
“That is so much nothing for me.”
“Do I make the move?”
“You are in the way?”
“Do not cry.”
“I am getting rid of some stress.”
“Where does this end?”
“Where you need it to go.”
“Those investments are all going to mess up.”
“The insurance is not working.”
“This guy is such a shill.”
“I want the fish sandwich.”
“The chicken.”
“I am not going for something living.”
“Inorganic chemistry.”
“There is a belief.”
“There are two ideas. Attractions and the four-colored map.”
“I get displaced from the feeling that I want.”
“You sound so important.”
“I will make it important.”
“Why do i need to wait?”
“Let us assume that all this shit in your life is not working. How can you figure out what will work?”
“This helped me get what I wanted.”
“I fell down.”
“Are you going to finish this game of pool or what?”
“She is not coming back.”

“This is how a religion starts.”
“Cans of tuna.”
“Fresh.”
“There are exceptions”
“I have been waiting for this all night.”
“Can I borrow your credit card?”
“I am not going to give myself to te devil completely.”
“I have the equations that you need.”
“I am not a mathematician.”
“We could work on that.”
“How many body parts are there?”
“I just need the bones.”
“One is the copy.”
“Ask me about the free food. :”
“I need you to be scientific, ;”
“I realize what you are all about.”
“We are still not out of the woods.”
“I was serious about this one thing.”
“She was good at this.”
“You will have to do the accounting”
“I want what she had.”
“There are lines of crossing.”
“I feel as if I am being unfair.”
“This needs to be forever.”
“It is all happening in one place.”
“There needs to be more life here.”:
“What do I add?”
“Why do you like this?”
“It contains all the pain.”
“I can make this happen somewhere else.”
“I am collecting feelings.”
“When do you stop?”
“Then you ask me.”
“When do you stop?”
“I hold my breath.”
“Then you become some kind of shithead.”
“That is not the trajectory.”
“We are moving you to a different ward.”
“There is a political question.”
“I have submerged.”
“I am not here to save anyone.”
“Save me.”
“I need to eat. I need money.”

“What works for you?”

“Where is this going?”

“To the farm.”

“More economies of scale.”

“How are you going to feed the world?”

“The miracle grain.”

“There is another dynamic.”

“What makes the machine go?”

“What needs to be said?”

“I have changed so much.”

“Do you have a cause?”

“You will not feed the world as long as the present socioeconomic reality predominates.

It creates want.”

“I want a cookie.”

“Can we get that good?”

“We are that good.”

“Do you feel guilty.”

“I have already gone those places.”

“This is all that I need.”

“What can you do for me?”

“I need to stop the world.”

“Funny.”

“I can destroy you.”

“We are in overtime.”

“Cheat.”

“Take the air out of my life.”

“We are so close.”

“They need the extra labor.”

“They are other issues.”

“They need to exploit if before they mark it.”

“That is a thimble full.”

“That stuff will kill you.”

“Where are we headed?”

“To the ends of the earth.”

“Are you ready for this?”

“The aliens have some questions.”

“Did you invent aliens to ask questions?”

“What am I supposed to do?”

“I want to do this.”

“Come back my way.”

“You have skinned me alive.”

“She knows how to give but not give.”

“What will do after that is over?”

“I will puke on myself.”
“That is all a mistake.”
“What are you afraid of?”
“That goes nowhere.”
“Where do you want to go?”
“That is too much to believe.”
“Where did that start?”
“How did you end up here?”
“What did you really get?”
“They are breaking it down completely.”
“And there is nothing left.”
“I can tell you that you are a complete shithead.”
“I am negotiating.”
“Why do I have to work all the time?”
“It has to do with the split.”
“We will give her credit.”
“We will give her credit.”
“I have to pay back all that good will.”
“The money is moving so fast.”
“You are slowing down.”
“And that is made to work.”
“I can follow that line of reasoning.”
“I hit another wall.”
“These are all walls.”
“This cannot be hidden.”
“I was here before.”
“I was deeper than that.”
“And you are telling me that is going work.”
“I am burning up.”
“Increase the acceleration.”
“What do you need to know?”
“You are losing it quickly.”
“It works on the weekend.”
“Do not torture me.”
“We are going to operate without anesthetic.”
“It is all about mental concentration.”
“I never understood what that is.”
“You move too quickly.”
“I understood.”
“I will come out of this.”
“The program offered better results.”
“And that worked?”
“Whatever you want to work.”

“I want actual satisfaction.”
“This is where it starts to fall away.”
“And that is what I need.”
“You are close to me.”
“I only want results.”
“You will get them.”
“I can help with the oxygen.”
“There is thread.”
“I can do you. Can you do me?”
“What is that about?”
“Brain shit.”
“She will get there.”
“Ask me about it.”
“I will not come to your place of business.”
“Who will say yes?”
“Someone who feels it in a terrible way.”
“Do you want this to be your story?”
“You could become art. You could live it.”
“I do not like the bones thing.”
“We could develop other alternatives.”
“That is always a great beginning.”
“You start removing parts.”
“I get to the thing that makes it all work.”
“I expect a lot more.”
“Or you expect less.”
“It is an imprint. “
“How do you want it to connect?”
“It looks as if you could do the accounts. Do you want to take a look?.”
“There are a lot of IOU’s.”
“There is some great stuff in there.”
“And you come back to the same thign.”
“Will you get that?”
“You are a fucking project.”
“I can love when I do not love.”
“Is that another IOU?”
“There is property involved.”
“Swamp land.”
“We are going to develop it.”
“I need you to take me in for a transfusion..”
“I went way deeper than I needed to go.”
“I am trying to help you out.”
“What happens on Monday?”
“I am going full strength.”

“I think that I share more.”
“We come back to the same thing.”
“What is really going on?”
“Why does that work?”
“I cannot explain it.”
“Explain it.”
“What is your excuse?”
“I am within striking distance.”
“Be honest. You want to finish on top, but you are not willing to do the work.”
“I have the investment capital. Someone else is going to do the work.”
“And that is going to do it for you.”
“I have got this all wrong.”
“You are an accountant.”
“This is a total surrender.”
“The next ten minutes matter.”
“Do you want me to witness this shit?”
“I want your body heat.”
“You need to cool the reactor.”
“That could start another reaction.”
“This is not going to matter.”
“Are you that full of shit?”
“We have always been.”
“I am here for forgiveness.”
“That will be the end.”
“I take whatever is left.”
“We all make mistakes.”
“That is working.”
“Keep talking.”
“I cannot tell you that this is bull shit. But this is bull shit.”
“Give me an argument.”
“Bullshit equals bullshit.”
“I am looking at some one thing.”
“I have it.”
“Was I here?”
“You are all here.”
“Can I help?”
“I HAVE NO FUCKING DREAMS. I SAY THAT I DO.”
“I can help you with what you need.”
“This is the final level of bull shit.”
“I do not know what you are saying, because you do not know what you are saying.”
“I need a heart donor.”
“You have everything up to that point.”
“We all do.”

“I am more than that.”
“I am more than that.”
“Why are you here?”
“Why are you in my head?”
“All gods in one place.”
“Do not interfere here on in.”
“And you believe that.”
“You got away.”
“I am away.”
“These are different needs.”
“Lick your lips.”
“What is that about?”
“Do not stop.”
“Ask me why I should.”
“I am not here to explain.”
“This is only one facet of the diamond.”
“Who cut this?”
“You can destroy it all with one false move.”
“And it was a bunch of false moves.”
“I believed it.”
“That was my life.”
“That matters for nothing.”
“What happened before that day?”
“This proves that there is a disease.”
“You want to believe that shit.”
“There is a clear thread.”
“What is assumed?”
“You can ask.”
“It is in the soul.”
“Captured.”
“I am trying to trace a clear path.”
“I did not realize that I would find the answer so easily.”
“What are you getting?”
“I cannot see that well.”
“You are not that good.”
“To hell that I am not.”
“This is the beginning of something.”
“There is the propagation of energy.”
“Do not feel bad.”
“There is an ambulance coming.”
“My heart is fluttering.”
“Did that make you angry?”
“I really got distracted.”

“What can you do for me?”
 “There is no separation.”
 “Someone needs to ask.”
 “I can explain it.”
 “You got what you paid for.”
 “I am adding it all up. All these great times. All these not so great times. And this time.
 Especially this time.”
 “He said hello.”
 “Why does any of that work?”
 “What are you really saving?”
 “Who cares?”
 “You are not going to make the team,”
 “Can I watch?”
 “That is the beginning of acquiring momentum.”
 “This is the Sistine Chapel.”
 “Why do you believe?”
 “I need to remain here until I figure it out.”
 “You are not that place.”
 “Back to Lucretia.”
 “Did she taste the blood.”
 “Another question.”
 “We need other goals.”
 “The goals will not do it.”
 “But I do it.”
 “That is so good.”
 “What is in there?”
 “Something that humans should not consume.”
 “It fills me up.”
 “What will you make of it?”
 “Nothing that anyone can eat.”
 “How will that ever work?”
 “Honestly, how do you make that happen?”
 “There is a place where that comes together.”
 “I am watching.”
 “I am not watching.”
 “We are seeing the other side.”
 “Why do you want it to end like that?”
 “I have seen what I need to see.”
 “Hold the door for me.”
 “That is what puts it all into action.”
 “That is all there is to the art.”
 “I need a close up.”
 “That door should never be open. There is some crazy stuff that is going to happen.”

“Are you helping me to get things done?”
“I can sweep.”
“And then you get shot on the streets of Reno.”
“What is that about?”
“How many times does that work?”
“How many times does that not work?”
“Let us assume that all situations that are observed are successful attempts.”
“That is the bull shit of my life.”
“Then I am asked to leave.”
“I do not mind getting tossed around.”
“It is some kind of trust ritual.”
“I am trying to visualize what is happening to me.”
“You asked to borrow a lot of money.”
“I am going to get something for this.”
“I have a good memory.”
“I am really terrible at doing good.”
“There is none.”
“I do not want to be redeemed.”
“Just do a job for me.”
“I would be a lot more possessive.”
“And I left you on your own devices.”
“The market crashed.”
“You are not a good person.”
“Why did you trust these people?”
“I trust information.”
“That resulted in you losing so much time and money.”
“Do you know what you are and what you represent.”
“This guy is an expert.”
“You need to get better at this.”
“I am not convinced.”
“ADMIT IT.”
“This is not a catch.”
“Amazing.”
“Why do I even want this”
“Because you cannot ever have what you want.”
“You already have an answer.”
“There is dimensionality.”
“What does this look like?”
“The source.”
“The heaven.”
“We see him in the middle of it all.”
“I love your work.”
“It does not work.”

“You needed to be better prepared for what would come after.”

“First, you complain about me taking a head start. Then you are angry that I did not prepare.”

“You need to respond to the situation.”

“I will get what I need.”

“I do not own this place.”

“Fix the bathroom.”

“Surface to air.”

“What did they offer?”

“There is a history?”

“There is a history.”

“What are you saving?”

“Time.”
