

READING LIPS

“Who put the batteries in?”
“This is a faith question.”
“Read this book, and things will change in your life.”
“Who is leading me to the water?”
“He sees everything.”
“Why would that not be a good story?”
“We have been through this before?”
“This is lovely stuff.”
“Can I see your ID?”
“Let’s get Biblical.”
“We could create our own book.”
“There are alternatives.”
“We are going to start from scratch.”
“That takes a lot of nerve.”
“Some people are not taking breath.”
“I am working for a secret organization.”
“This is going to cost you.”
“Can we put it back to how it is supposed to be?”
“What are you doing?”
“Regrouping.”
“We are on play twenty.”
“Put it all back in place.”
“I am harmless.”
“Wait until I get into your bank account.”
“The fly on the wall.”
“What will they say about it.”
“They will find someone else to oppress.”
“You messed with it. Then it all came together.”
“Who are you working for?”
“The organization already knows.”
“There are so many layers of information and layers of bull shit.”
“I could end up in the worst situation.”
“I don’t want to be obsessive.”
“What else do you have.”
“That tells me nothing.”
“Give me a complete run down of your assets.”
“This will all come back to you.”
“We need to talk.”
“It could be life or death.”
“It is life or death, but you are doing nothing about it.”
“Why are you going all moral on me?”

“This was my goal.”
“Have you got closer to your goal?”
“I do not want to mess with your prime obsession.”
“I like the accessories.”
“You have this one little act. How long does it take to get through it? A half hour. What else is there?”
“You have a couple of options.”
“Where is that going to go?”
“Get the Bible for some more shit.”
“I am not so into the forgiveness shit.”
“You are all about the guilt.”
“That really hurts.”
“We both like the same thing.”
“This happiness code.”
“None of these things work.”
“Where are you staying now?”
“I have a cot at the store.”
“Is it zoned for occupancy?”
“What is this really about?”
“Someone did not dot the i’s and cross the t’s.”
“Where is this headed?”
“And they abandon you here.”
“We started to look at each other in the strangest ways.”
“How many variations left?”
“There is all this weird stuff going on at the house.”
“And you love each other.”
“If only I could get you to shut up.”
“My friends.”
“They are preventing you from making the big decisions.”
“Schmuck.”
“Is this edible?”
“In some kind of Biblical way.”
“You were desinted for this.”
“We are going to have to do a lot of work.”
“I like being appreciated.”
“Something big is about to hit.”
“There are choices.”
“There are choices.”
“I feel as if nothing is happening.”
“You were supposed to rescue me.”
“Everyone promises.”
“You have a story. What is it?”
“You must have some crazy shit at your place.”

“I will complete the program.”
“What is happening here?”
“I need some clues.”
“I need to stay with my team.”
“I thought that you were going to take this to the end.”
“What else is there here?”
“Shop talk.”
“Don’t talk business. We are having fun.”
“Do not get into my stuff.”
“What are the variations here?”
“You could be the Brice substitute.”
“You haven’t been around in a while.”
“He has you scooped up.”
“Who cares about that?”
“I work at a hardware store.”
“I need some nails.”
“I am working through that.”
“I have a game tonight.”
“Take the shit.”
“I want more.”
“This could be worse.”
“I am waiting for you.”
“WAIT.”
“This is some Godfather shit.”
“The horse head.”
“Dripping.”
“Poor horse.”
“I have that jacket.”
“They issued them at work.”
“Where do you work?”
“The nail place.”
“Do not go Biblical on me again.”
“Ready or not.”
“I knew it would happen.”
“Is this acceptable?”
“They will make the move.”
“Remember which side you are on.”
“And you have given me what I need.”
“Julia knows.”
“I need to head back to the planning session.”
“Are you going to build another store?”
“Figure it out.”
“And nothing is going on.”

“I am eating food.”
“You do not see how things are slowing down.”
“I share my personal beliefs.”
“Do you really enjoy this shit.”
“This is tantamount to exploitation.”
“I recognize that.”
“Take me away from the shit.”
“What really goes on there?”
“Is it your turn?”
“Right now.”
“Do not respond. Make yourself small.”
“Where do we end up?”
“Do you realize that there is nothing else here?”
“You tell me. Where does it hurt.”
“I did not pretend.”
“This is bigger than nothing.”
“This is worse than you can imagine.”
“I am going to take you to urgent care.”
“I would rather die.”
“Who is going to put it all together?”
“Some civilian accountant.”
“And all the goals.”
“They exploited us.”
“This is more explosive than you know.”
“You do not have a grasp.”
“I don’t bother with this kind of shit.”
“And it just goes back to the front.”
“What is that about?”
“What else is going on?”
“I am doing my best to read lips.”
“There are so many things that I do not understand.”
“I only need one thing.”
“There is not the same crispness.”
“I am crispy.”
“What do you enjoy?”
“Some crazy backwards shit.”
“HE is working hard.”
“More of these civilians promises.”
“All about real estate.”
“They do not see how bad things are.”
“I will tell you what I really want.”
“Do that one more time.”
“She has perfected the method.”

“What is the medium?”
“And that is your consolation.”
“That works for you.”
“What is the source?”
“That is noting that I understand.”
“Who does?”
“Are you conscious?”
“Are you related?”
“I used to understand.”
“Where are you taking me”
“To a form of higher knowledge.”
“Write it up.”
“Are you asking me for a business plan?”
“And I am back at your place.”
“And that really is creative.”
“What makes it go?”
“I think that this is going to make a difference.”
“Turn the heat up.”
“That will make it crispy.”
“Is that a question.”
“I could tell you what should be happening.”
“This is happening everywhere.”
“You do not realize that this is not creative.”
“This is not creative.:
“That is all that I like.”
“Crack.”
“Did you hurt me?”
“Who are you working with?”
“Close the deal.”
“You are only a tool.”
“What does that mean?”
“There are other causes, and they have nothing to do with you.”
“I know what you are doing.”
“I am not amused.”
“What happens when you come out of the coma?”
“You really love that shit.”
“They stuffed me with it.”
“I couldn’t deal with that.”
“I would do anything to get fucked up just to have more purchasing power.”
“What are you buying?”
“What is there to buy?”
“You were a story for a minute.”
“Do you really know anything different?”

“For all your knowledge, what is your knowledge?”
“You are going to need a more organized program.”
“I only need a better wardrobe.”
“It will look better at the house.”
“I am like this for all time.”
“Raise the ante.”
“When do you suffer?”
“I am not that sympathetic.”
“You need to fake it.”
“This is comfortable as shit.”
“You are adorable.”
“That is too much giving.”
“We were on the same wavelength for a while.”
“Maybe, you have to eat the fly in the soup.”
“There needs to be more banging.”
“I am not so into my emotion.”
“What about the shoes?”
“I am way beyond that.”
“And it is an undivided consciousness.”
“And you get left behind.”
“Then you go back to work.”
“What kind of job is this?”
“We are working on taking over the company.”
“And the market downturn causes you to fire everyone and milk the assets.”
“What are you doing about your shit?”
“What are you showing to the world?”
“I know what you did say.”
“Get solid.”
“I am going to win this.”
“Get solid.”
“I am done.”
“I am good at getting blood from a stone.”
“Heat the stone.”
“Heat the heart.”
“That is touching.”
“When will this end.”
“Join in.”
“You do not want to know.”
“I am taking all the blood that I can get.”
“And you just left your life.”
“You cannot eat your way to understanding.”
“He really does understand.”
“Do you?”

“Do not move.”
“This will end.”
“You are on the move.”
“There is knowledge
“They are watching us. You need to read these sentences. This will make them think that they know what is going on.”
“What is really going on? Do you know what you are getting me to say?”
“You are sharing secure information.”
“You are going to get them interested in the worst shit.”
“I loved that move”
“I cannot help you.”
“You made the score.”
“You are not going to get the house.”
“I can promise.”
“She has been promising over and over again.”
“What do we have here?”
“I am questioning my own motives.”
“We are going for a run.”
“I want to sleep.”
“We need to get things going.”
“I need to understand this a little better.”
“We are face to face.”:
“You are not going to solve the riddle.”
“She already left.”
“I am so confused.”
“You had a definition.”
“We need to go to that point.”
“What are you creating?”
“Is he a rattler?”
“What is that about?”
“I can hear the shaking.”
“Do you know about property values?”
“I am good with the geology.”
“She is a civilian.”
“She has the ingredients.”
“The world is watching.”
“What do you want to know?”
“I gave you the lead sheet.”
“What is that really about?”
“I need to covet my neighbor’s wife.”
“I covet my neighbor’s garage.”
“I was challenged.”
“I have already given in.”

“That feels great.”
“Who said that you could do that?”
“There will not be another volume.”
“I will be blessed.”
“And I want you to share something.”
“Do you have another lead sheet?”
“We are ready.”
“Who stored up the energy for me.”
“That is all that matters. You are going to need this later.”
“Are we going to have the proof?”
“Show me the sheet.”
“Are you going to climb the mountain?”
“I need to leave the planet.”
“That still will not do it.”
“Where do I start?”
“With the dinner rolls.”
“I thought that there was a special diet for this trek.”
“You thought too much.”
“I want something else.”
“Chocolate syrup.”
“I cannot put it on everything.”
“There is a physical solution.”
“You will never know it.”
“That is not a solution.”
“What are you offering?”
“The conversation awaits.”
“I will make the world happen.”
“Do you hate me?”
“What is that about?”
“I knew things.”
“What did I know?”
“A stupid belief.”
“Give me some cash.”
“This needs to come to the comptroller.”
“This is a lot of sloppy shit.”
“There is a different show.”
“Where is this headed?”
“A challenge.”
“I need to win.”
“This is a lot to think about.”
“I need to be very careful,
“What does he have?”
“He is the Godfather.”

“What do you have for me?”
“I need to move faster.”
“I want to talk about the children.”
“And that is a resolution.”
“I am not looking for much.”
“What about that moment when I say what the fuck?”
“Serve me.”
“I am going to stop doing this.”
“Where does that go?”
“None of this goes anywhere.”
“That look is so much nothing.”
“I have a garage.”
“Is that all that it takes?”
“I thought that you were so much more than this.”
“He is used to go hunting.”
“The vultures are circling.”
“What happened?”
“The meal.”
“Some random food product.”
“I do not want to watch.”
“But you do.”
“I am really enjoying this.”
“All so random.”
“What would it be if I let you fix it?”
“I can tell you.”
“I can ask you to stop.”
“Lancer already had a list.”
“We could finish.”
“We are going to have to go all night.”
“I keep coming back to a whole lot of nothing.”
“He succeeded with a whole a lot of nothing.”
“You can reform.”
“You can walk away.”
“There is nothing that you are protecting.”
“There is nothing.”
“There is nothing.”
“Pick up the meal.”
“Pure energy.”
“That means pure shit.”
“The voltage levels need to change.”
“That does make a difference.”
“Everything is solved.”
“And energy levels did not increase.”

“That is a solution.”
“What is the supplement?”
“The idealized connection.”
“IF A DOES NOT, THEN B DOES.”
“Does shit.”
“Idealized ideals.”
“Tell me what it is about?”
“Hit the line hard.”
“I am injured.”
“You are going to need a harder push.”
“And how does that go?”
“A cartoon.”
“Laughs.”
“Who are you doing this for?”
“No one worth helping.”
“There is a lot more involved.”
“It will stop midstream.”
“And that is going to go somewhere.”
“There is a moment that I am not working.”
“You have been asked to go.”
“This does not matter.”
“It always matters.”
“There is another conversation.”
“You got the wrong sheet.”
“We all got the wrong sheet.”
“You could practice all night.”
“Can I help?”
“Hold your breath.”
“He got what he wanted.”
“This is not a talent hub.”
“She is at home eating celery.”
“Which variation is this?”
“The one about to crash.”
“And you have more time.”
“That is all that I have.”
“Can I show the place?”
“And that is increasing productivity.”
“There is maintenance.”
“That will not be enough.”
“What kind of car is that?”
“One that works.”
“I am transforming the universe.”
“Car parts.”

“We are not involved.”

“It costs more to rebuild.”

“What does that mean?”

“Do you want to know?”

“You could have helped me out.”

“I need to take my time.”

“It is going to crash again.”

“We can fix it up.”

“I need you to help.”

“Help.”

“Another helping.”

“Bring me back to my place. We get to pet my cat. We get to eat together. I fall asleep. Wake me up. What’s going on? I invited you in. You look like a nice person. You’re a nice person. You can pet my cat. You can empty the litter box. What else is there? I need to sleep? Or are you going to sleep? You can sleep in my bed. It’s not that kind of thing. You can sleep on the couch. I need to leave. I need to get up for work in the morning. This is everything. Are you listening?”

“He’s going to take over? Someone needs to make this right. Who’s going to pay for all the shit? What are you going to do with us? When you going to do about this? I’m too good at this. I’m terrible at this. Where do I go? Who’s going to hold my hand?. When I invited you over, I did not know that you needed to keep some of this stuff to yourself. I know it from the beginning. Here is what it is. You don’t really have that connection.”

“And you assumed something more than this. It’s either one of two things: you’re into me, and you really like me, or you’re telling the truth, and you’re hating it. What am I supposed to do? I can change this one thing--changed. If you change this one thing, I’m not going to change it for life. You’re going to stay outside. Say. If you don’t like what I have to say, then you can say something back to me. You can tell me what you really think. You can tell me why this matters. Or to you, and nothing’s going to change. Why are you here? The dishes. Here is how it works. I’m very afraid. Here’s how it works. I’m very afraid. I bring someone here, and he does the dishes for my cat. But that’s still not enough. You care for me. You’re the recipe. The recipe is that you have to love me. Do you love me? I’ve got you all done. I’ve got you covered. I need you to take a look at this. I need you to help me with this. I need to stop this. I need to start again. More difficult than I thought. I can get it all done in the morning before I leave here. It’s going to be simpler than I thought. I thought. It’s next to impossible.”

“Restoring it up. You?. Do you have any blues.? They want to know can you cook this shit? What’s the recipe?. This is some crazy shit. Ran a figure out--what it means when we do. That’s what is happening to the world. If you cook the recipe, everything.. Are you afraid? You’re waiting for me? What do you want? Who do you wanna talk to? Waiting every time.”

“You are one lovely. Is the difference? I go to work. I stay at home. There is this one moment that it all comes down on me. And I want to leave. One moment that I don’t want to get up, and I get up. This way. What is my life? Move this way? Time? Who else is getting up with me? I don’t want to do this. I don’t want to do this at all. I’m doing it anyway. Trying to express what it feels like to go on a job with me.”

“We are just hanging on. I will look at the clock. On. It’s all happening. Smiling faces. But I’m not really smiling. They want something from us.. You stay here. I thought about what you were telling me. I thought about the recipe recipe for happiness? Sugar. What is happiness supposed to be. This is where you need to be very careful, where you come out of the wilderness. Lose? Without a boat? Why do you use the same recipe every time?. Do you have to eat it if you want to feed it. What’s that about?? Can I eat now? Can I sing now?. I need you to stop. Period ahead. What is it? What is any of this? What does it mean to say water? Stop! The recipe. I was close to it, over and over. That’s all. I wanted illusion of closeness. We are working on different things.”

“I will. I will stay with her. I’m going have the money for you. I’m going to do it for you. I only have love for you. I love you more than you know. What do you have for me? I can just quit us. And one thing. I can eat the same thing every day. I was going to eat rice and beans. Flavored things. Work for you?? Do I work for you? There are no boundaries. Sometimes the worst things in my life are joyful things. To change the world give me a call. How are you doing now? How do you get into my account?”

“ I’m very different than the speed. It even know who I am. I don’t even know what I’ve got. Around me. You make it yourself, so you don’t have to complain. There’s nothing political. When I say that you can’t do anything. Christmas tree? Why did you invite me? Very important things with me. Where are we? Don’t worry! Do you know what it means. This is really nothing. Makes me feel good. It was supposed to end a while ago. How do you make it.. I needed to say something to you. I have a gift right here. There is no other reason to bother.. That’s how I survive. In the couch. This time we can. Just listen to me.. I’ll make you breakfast. I need to get to work. I don’t need it. We’re very different for you. That’s not the point. The paint is peeling off the walls. I can feel my skin crawling. Skin girl. Yes, yes, yes.”
