

WHAT

“I need the world to know.”

“It is all tied up.”

“Look at me.”

“To the bank.”

“I am in a long line.”

“They deliver.”

“In a sandwich.”

“I need to retreat.”

“What is your next step?”

“This could not possibly work.”

“I need it to happen right now.”

“Take this for now.”

“They are going to take what I need.”

“That does not explain the closely-knit community.”

“Where do you come from?”

“I am digging the ditch.”

“I am going to have to skim some cash from your roll.”

“What is this about?”

“I WANT TO BE IN YOUR STORY.”

“You really want to contribute to my life.”

“How is this guy still surviving.”

“I have no idea.”

“He is dead in place.”

“That would work for me.”

“What about the other candidate.”

“Who has the cash?”

“I cannot ask for something that is not mine.”

“I can make that happen.”

“There are many other places to go.”

“That is sad.”

“That is sad.”

“Who else is working with you?”

“I am falling apart before your eyes.”

“What can I do for you.”

“Then I crashed.”

“We cannot sustain it all.”

“I am very sick.”

“Hold on.”

“I am finished.”

“You have no idea.”

“Do the math.”

“Are you telling me that this is funny.”
 “I am not laughing at your misery.”
 “Some random person could care.”
 “Some random person becomes someone very special.”
 “I could have done other things.”
 “It all comes down to one thing.”
 “One thing.”
 “I am going to try twice.”
 “You need to complete this if I am going to complete that.”
 “I am not far off.”
 “What are the terms?”
 “Production, sweep up, and clean up.”
 “We are making it happen.”
 “Happen.”
 “This is robbery.”
 “And what are you doing differently?”
 “You are trying to skim off the productive abilities of others. And you are contributing little else?”
 “We are doing retail?”
 “How can you pay?”
 “The productive level is so impaired.”
 “We are good at this.”
 “No one is good at this.”
 “What else is left?”
 “Slow it all down.”
 “And it all comes to a precipitous halt.”
 “I needed to be warned that you were coming.”
 “You are here.”
 “Who is that person that we have been waiting for?”
 “We have been welcomed. Then we were cast out.”
 “Who else was remaining?”
 “I was almost there.”
 “We all were.”
 “Do no move. Do not think about moving.”
 “You could have been more involved.”
 “Hold my hand.”
 “I am afraid.”
 “How can you describe my fear?”
 “This is the only thing that matters.”
 “You say that about everything.”
 “This time is real.”
 “This time is real.”
 “This is the deadline.”

“We see it in different ways.”
 “Indeed, we do.”
 “You could do so much more.”
 “And who wants to know.”
 “We all do.”
 “You really treated us mean.”
 “What do you want me to say?”
 “I am a wonderful artist.”
 “These are good vibes.”
 “Where am I?”
 “Show me what you have.”
 “What did you to me?”
 “Everything that you wanted from someone, who cared.”
 “And this is your moment. You offer a solution. And it is something that everything
 knows.”
 “My heart is beating.”
 “I mark the moments in my life.”
 “You have arrived.”
 “That could not be better.”
 “Thank you.”
 “And I believe that you can accept this position as the director of the organization.”
 “I thought that you were going to bleed with me.”
 “YOU FUCKING GAVE ME UP.”
 “Who else is going to read this?”
 “Another artist.”
 “A martyr.”
 “What is this all about?”
 “I want to reveal myself to the world. I have done everything that I can to summarize my
 existence in a few words.”
 “What are those words?”
 “This does not work anymore.”
 “LOOK AT MY BODY.”
 “Do not look at me, creep.”
 “Is the Lord messing with me?”
 “He is lord. What do you expect him to do?”
 “Benign neglect.”
 “Neglectful love.”
 “You confess that you are worse off.”
 “I emerge from the shadows.”
 “Why am I even doing this?”
 “Nothing is working here.”
 “Be honest.”
 “That was never working for you.”

“What else is necessary?”
“We can finish the book at your place.”
“We can finish the six pack.”
“What else is in the show?”
“A good performance.”
“You are looking at something unusual.”
“I eat, I smile, I love.”
“I start at the beginning.”
“I want an interest in this place.”
“I WILL LET YOU STAY THE NIGHT.”
“I am draining my account.”
“Be nice.”
“I understand you.”
“I can’t stand you.”
“I did the same thing that everyone else did.”
“I want you to love me.”
“I need to plan.”
“You are asking for more than I could ever do.”
“Everyone assumes that there is more.”
“THERE IS SUFFERING.”
“Will you buy it?”
“I have my own.”
“What is there?”
“Why do I not hear that?”
“This is what I will give, and this is not what I will share.”
“I am done.”
“Done.”
“That is too much work.”
“I am not using all my resources.”
“I only want the down payment.”
“Are you going to finish the wallpaper job?”
“I have been here before.”
“Love me like a puppy.”
“I knew that this would be worthwhile.”
“What else is in the pot?”
“I want you to be just like me.”
“Of course, you do.”
“We add up all our residuals.”
“You are in a completely different place.”
“I only need one revelation.”
“I am watching the puppies.”
“This is the calm before the storm.”
“I am controlling this well.”

“You could be more friendly.”
“You are not making the law.”
“You never have enough motivation to assert yourself.”
“Everything that I thought worked has stopped working.”
“Am I going to care?”
“THIS WILL MAKE YOU FEEL MORE CREATIVE.”
“I propel the market.”
“This is a market killer.”
“He does not understand the layers.”
“You want what I want.”
“And you do not want anything?”
“I have lost my skill.”
“LOST MY SKILL.”
“You gave me everything that you won.”
“Who is helping?”
“The word became flesh.”
“The flesh became cash.”
“The cash became the body.”
“The sacred text is becoming a distraction.”
“What else do you have there?”
“I need to give of myself.”
“And that is going to work? You have given all your dreams away.”
“I am watching you.”
“What would it mean if you were really watching?”
“What are you doing that is new?”
“OUCH!”
“I see how all of this can come to a total halt.”
“Give me your love.”
“Open the door.”
“This is your house.”
“Am I a prisoner, or do I express a greater love.”
“All the energy has been sucked from this place.”
“There is nothing here and nothing there.”
“BOO HOO!”
“You are bitter.”
“You are not doing this on your own.”
“We all have the same fantasy.”
“And the same cash and the same body.”
“SHIT!”
“I did not want to come to this.”
“You are going to have to waste a lot of money.”
“You could make this so easy.”
“This is not as difficult as this seems.”

“I have this under control.”

“I haven’t touched that yet.”

“What?”

“I only want to be loved.”

“You are immensely loved for ONE SECOND.”

“Damn.”

“The story is gaining momentum.”

“At other times, things were different.”

“Things are different.”

“Why is there so much green grass here?”

“This is entirely artificial.”

“They are hiding from the world.”

“I live here.”

“I live here.”

“You know so much. You are about to make that connection. I did not realize that you had planned this meeting.”

“THE ONLY DEAL IS A BIG DEAL.”

“This is big shit.”

“You obviously have nothing in your corner.”

“She is waiting for HIM.”

“No one is going to bring a meal to your table.”

“You look as if you need money.”

“I will take what you give me.”

“They are coming.”

“That would be much better for me.”

“We all move at the same moment.”

“The good book.”

“I am waiting for one perfect moment.”

“This is all you.”

“Do you know what I have in mind?”

“This is an art work.”

“She is perfect.”

“She is more than perfect.”

“And that is all that it takes.”

“IS THIS A STORY WORTH TELLING?”

“That is more than everything.”

“I have one for the lottery.”

“Explain that.”

“The odds are not in your favor.”

“Do me a favor.”

“What is in the bag?”

“I have got it in a bag.”

“That was not satisfying.”

She wanted to know why she was not loved. She had cornered the story.

“WILL ANYONE REALIZE THAT YOU HAVE CORNERED THE STORY?”

“All money moves to this point.”

“Only cash.:

“What about the other assets?”

I wanted you to understand what it took for me to reach this point. I closed the door on the world. They needed to understand what took me to this place.

“He understands without understanding.”

“They win. And they play well.”

“Be good.”

“Be better than good.”

“I didn’t know that you would be flying.”

“This is the only way to go.”

“I do not have to do the math. It is automatic.”

“I am automatic.”

“I want to talk a deal with you.”

“Are we going to sit and watch movies together?”

“That is the ideal.”

“There is only one thing that I care about.”

“I have traded up.”

“I have traded down.”

“You need to look at my accounting books.”

“What kind of deal was this?”

“It seemed to be something different.”

“I can present.”

“There are no assets here.”

“I was counting on you.”

“Someone is going to need to help me.”

“What are the different accounts?”

“I am trying to gage the level of liquidity.”

“What is missing?”

“There is no flow.”

“Flow is a fiction. It has been manipulated by con artists.”

“This is good will. And this is the investment for morality.”

“What does that mean?”

“Where are the three bears?”

“You start with one bear.”

“That is not something worth wasting my time on.”

“What is a better way to present this?”

“You are going to need a prospectus to accompany the numbers.”

“What are your dreams for the future?”

“It all comes down to one night.”

“TONIGHT.”

“What is happening here tonight?”
“Do you really have any revenues?”
“I have a line of credit.”
“People are buying my trinkets.”
“The jewelry.”
“There are different ways of presenting this.”
“I have nothing.”
“I have a lot of will.”
“I have good will.”
“I am blessed.”
“Do you grasp this?”
“I need to get this to you.”
“There are different facets.”
“Why is this three dimensional?”
“I believe.”
“We all believe.”
“How do I record belief? Is it an increasing investment?”
“It all increases.”
“What is left?”
“I am making it happen.”
“Go ahead.”
“I paid for this.”
“This is more than lovely.”
“Love me for what I am.”
“I love you because I have reviewed these accounts.”
“I am not all here.”
“You do not want all of this to be liquid.”
“I have more than succeeded.”
“It does not require much.”
“That is what is worth it.”
“Give me what I need to win.”
“You need something that is random.”
“How does that work?”
“I want something chaotic.”
“Put more in this account.”
“Are you a benefactor?”
“The anonymous donor.”
“Where is this headed?”
“To a church.”
“Is that how you protect your money?”
“There are other ways.”
“You are really good at this.”
“I know how to move money around to different accounts.”

“Is this something legal?”
“Who is making the law?”
“How do you want to make the law?”
“Based on sound economic principles.”
“Sometimes, we need to waste ourselves.”
“That is part of the feel.”
“I am so afraid.”
“Put fear down in one column.”
“What is the multiplier?”
“Do not destroy me.”
“How is that happening?”
“Everything is being done automatically.”
“I want something more.”
“Do you know what I can share?”
“I lost the trail.”
“Trixie can pick it up.”
“Trixie, there is someone that I need to introduce you to.”
“It can all fall apart at once.”
“It falls apart.”
“Trixie, you need to explain your accounting principles.”
“You need to protect certain securities from the market.”
“Collectibles.”
“Trixie is making some crazy shit.”
“She will not last.”
“Did she make the deal?”
“THIS IS FANTASTIC REAL ESTATE.”
“That is lovely.”
“This is where I slide down the hill.”
“How is your health?”
“Nurse, heal me.”
“Is there a second set of books?”
“My life is an open book.”
“Who is Trixie?”
“Will you remember me?”
“We are close friends.”
“We take the head from one person and put it in another body.”
“How does that work?”
“Nothing works better than that.”
“You really do have these accounts in order.”
“What are you writing about?”
“I am writing about you. You would be good for this accounting position.”
“This will make you feel better. You will have so many other skills.”
“Super fantastic.”

“Take one of these.”
“What is that?”
“You have no idea.”
“I jump up from the bed.”
“That is wild.”
“I am looking at wild birds.”
“And bird seed.”
“What else is there?”
“Baby birds.”
“None of this makes sense.”
“You have to go to accounting class with Trixie.”
“I thought that she was a professional.”
“That really hurts.”
“That is supposed to hurt.”
“How is that?”
“Who is going to listen?”
“The world.”
“She is chief accountant of the firm.”
“What else is going on?”
“She is skimming.”
“She understands firm principles of accounting.”
“I think that you made a mistake.”
“I am not as good at that.”
“I am slipping down.”
“There is something that you need to understand.”
“Do not forget my name.”
“What is the name worth?”
“That is a trademark.”
“Trixie, what do you know?”
“I have my own version of broken hearts.”
“The accounts.”
“What are you doing?”
“I will buy you a drink.”
“We are all ending up in the same place.”
“Where is that?”
“A good place for a snack.”
“We are back to chicken sandwiches.”
“How many chickens.”
“We are not accounting for chickens.”
“There could be a different substance.”
“The crew has been eating chicken sandwiches.”
“I wish that you were here.”
“I am the writer.”

“I am the accountant.”
“I am the lawyer.”
“What kind of organization is this?”
“There are no accounts.”
“We have jobs, and it all works out.”
“I wish that I could do it as well.”
“Is this a Biblical plague?”
“What does that mean?”
“Where do I enter that?”
“In assets.”
“It seems like an apparent debit.”
“These people are really destroying me.”
“She will not get it in a million years.”
“Is that a million year account?”
“That is more than valuable.”
“That is more than important.”
“I do not see it on the page.”
“SO WHAT.”
“SO WHAT.”
“Are you going to get me out of here?”
“I am out.”
