

RIVALS

“Why is this so much easier for you?”
“I want to talk fashion.”
“That lasted for a while.”
“The door is open.”
“What comes out?”
“What is the message?”
“There is someone at the door.”
“Have him come back.”
“I need a rest.”
“I am never going to recover.”
“Who is working with you?”
“Are you really interested?”
“I see where he is going.”
“I know where everyone is going.”
“And you are calling him a rival?”
“I am not talking about much of anything.”
“That will work for me.”
“This was working for me.”
“And then it didn’t.”
“Who is following?”
“I am coming back for more.”
“Do not blame me for this.”
“I wanted to say that it was you.”
“What is in the basket?”
“The picnic.”
“Look up, and live.”
“You are bringing me down.”
“You clean out our accounts and abscond.”
“Nothing is going to work.”
“You destroyed me.”
“This is my brother.”
“I WILL BE ACCEPTED HERE.”
“I want to be loved.”
“We are so different.”
“You could ask.”
“What do you think it is?”
“When does it start?”
“How is the engine doing?”
“It is an honor.”
“And I am going to have to participate.”
“I am protected.”

“We all are.”
“I am where you left me.”

“Why do you see me as a rival?”
“Will nothing change?”
“What are your sins?”
“Why do you see your life that way.”
“Where is this going?”
“Total perfection.”
“Trixie was ready to upset the apple cart.”
“Trixie wanted an apple.”
“Ask Eve.”
“Even Steven.”
“We are not there anymore.”
“What do you have in there?”
“We are in totally different places.”
“How will you be able to help?”
“That is all that you want.”
“I want some other things, but they are not edible.”
“I am going to have to deal with this shit.”
“Why should I bother.”
“I am bothering.”
“I cannot explain.”
“Did you win the race?”
“There is no race.”
“Take it easy.”
“There is so much more to ask.”
“It is all laissez-faire.”
“It still does not work that way.”
“She is trying to mess with me.”
“She messed with me.”
“She is hardly a rival.”
“How does he do that?”
“How does anyone manage that?”
“I put it together on my own.”
“I am trying to fill in.”
“I get it.”
“Are you kidding?”
“Plead with me.”
“I am pleading.”
“I am looking for something special.”
“I am perfect at doing this.”
“And that is all that you need.”

“Why does nothing move?”
“I could be more aggressive.”
“It is not like that.”
“I remember that.”
“Nothing is the same.”
“Put your money on the table, and walk away.”
“No one understands.”
“Are you trying to take me down.”
“There is something else here.”
“This is way beyond a Trixie and anything that she could possibly want.”
“The birds are flying too high.”
“And what do you call that?”
“I will never understand that.”
“You are not meant to understand.”
“This works for me.”
“This does not work for me.”
“This is the amount of shit that you need to take to get this house.”
“Why can’t I understand?”
“You need to be more self-revelatory.”
“And this is the best that you can do.”
“You have no idea.”
“Who are you working with?”
“Stay in place.”
“This is hopeless.”
“What do you want to say?”
“That is hideous.”
“Deal with it.”
“When will anyone ever deal with you?”
“I told you to empty your wallet, but no one ever took me seriously.”
“Does anyone take you seriously?”
“Asking for a friend.”
“I click.”
“I cannot afford the dessert.”
“Order the pudding. It is a meal.”
“Where am I headed?”
“I do not even work at this.”
“There is a lot of investment capital in reserve.”
“None of this is moving anywhere.”
“This is completely done.”
“If I have to go that way, I am not going anywhere.”
“That is all that matters.”
“I only want to taste.”
“Are you taking notes?”

“I did a total soliloquy.”
“I have this on hold.”
“Two levels of impossible.”
“You are going to need representation.”
“And the game collapses.”
“The game collapses.”
“I could add to the presentation.”
“ADD TO IT.”
”You could have been more forthcoming.”
“There needs to be a lot more here, honey.”
“Add some trick, and she can learn from you.”
“Who wants to know?”
“That is so wonderful.”
“Do you calm down.”
“How do you get your homework done?”
“I test you out, and there is nothing there.”
“I could go somewhere else.”
“I am somewhere else.”
“That is not going to work under any circumstances.”
“Make it work.”
“I need to ask.”
“Everyone loves me.”
“I am being threatened.”
“I could stop right here.”
“You really bring it.”
“You hang out in my carport.”
“That is worse than hopeless.”
“I do not understand.”
“I could feel it.”
“Time stood still.”
“The shadows are different.”
“What is the comparison?”
“I have put the rivals out of my mind.”
“I am not worried about that.”
“That is a few cents.”
“This is pattern.”
“That is nothing that I think about.”
“Think about it.”
“I am not going to bleed out.”
“Why did he decide to rescue you?”
“I do not understand everything.”
“I don’t get anything at all.”
“This is up to you.”

“You gave me something to work with.”

“You both did.”

“Where do we end up?”

“Where were you when this shit went down?”

“I was hanging right here.”

“Everything came to a dead halt.”

“That works for her.”

“Something happened.”

“You are not allowed down there.”

“There could be some kind of spill.”

“Present what you have.”

“There are some things missing.”

“This is where I get really desperate.”

“How is that?”

“This is what you see.”

“There is nothing else.”

“We can put it together.”

“I listened to the echo, and there was nothing there. Each line, each statement, is a book in itself. It becomes a big deal to put it all together.”

“I am trying to follow the time line.”

“There is nothing coherent here.”

“That is lovely in its own way.”

“And this is the result.”

“This is for you.”

“One is meant for you.”

“You did not realize that.”

“What is my one complaint?”

“I made a deal with the night.”

“What is bothering you?”

“I am going to need some fixing.”

“You need to show me what is available.”

“Use whatever you have.”

“I have been distracted.”

“I want the parts to connect.”

“I am not a nice person.”

“I am so close to being right.”

“Tomorrow.”

“That is the theme.”

“This is where the parts intersect.”

“Waffle fries.”

“They try to anticipate for our desires.”

“Shake me to the core.”

“All these words come out.”

“I do not want to clue in.”
“Envy.”
“The touch heard around the world.”
“What are you writing?”
“This is supposed to help you out.”
“It does not.”
“There are things that I do not want to look at.”
“I slammed the door.”
“The world closed in on me.”
“Just ask me.”
“It is time to reveal.”
“I realized that I had nothing that I felt that I had.”
“I am only a little off.”
“You can’t do that.”
“But you do it.”
“You have to pay.”
“You have to pay.”
“Four things to think about.”
“UNDERSTANDING, HOPE, IMAGINATION, AWARENESS.”
“What doesn’t fit here?”
“I.”
“I do not want anyone to tell me.”
“Are you kidding yourself?”
“I do not want to destory this.”
“You are putting this all on me.”
“You can be what you want to be.”
“I need to go hide in the woods.”
“They got rid of all the trees.”
“And that is what you need to live with.”
“I do.”
“I think.”
“That is more difficult than I could have imagined.”
“I do not remember.”
“Then they find out that you are not the person that you pretended to be.”
“My feelings were mine.”
“This is another place.”
“I had all these doors open for me. I found a wallet.”
“I thought that all that stuff was cancelled.”
“This is fantasy. I get what I need to open the doors that I want.”
“I deal with the mediocrity.”
“I cannot understand anything that you are saying to me,”
“Where are you pointing?”
“What did you figure out?”

“This goes nowhere.”
“Back to self-reflection.”
“Can you complain about that?”
“I say what needs to be said.”
“I am preparing.”
“There is a deadline.”
“Is it going to stay like that?”
“That is how it works.”
“What do you want?”
“Feeling.”
“He has none.”
“Give me a day.”
“I go deeper.”
“Add parts.”
“I have no idea how that works.”
“You were going to give yourself to me.”
“That is better than better.”
“I love you.”
“I want you.”
“Open another door.”
“That does not work like that.”
“I am going down into this hell.”
“That is just one day.”
“I could not work the job anymore.”
“You kept at it.”
“What more do you want?”
“I am feeling ill.”
“It is all ill.”
“You need to see what is happening.”
“I can throw my voice.”
“What is being said?”
“More meringue.”
“What does that mean?”
“He understands what she is saying.”
“And that is something that I am supposed to love.”
“The mechanical parts.”
“I am not sure.”
“It made sense when I started.”
“It is all so hard.”
“What is he really about?”
“I will have to stop.”
“Will you stop?”
“They have been waiting for you.”

“I told them that I could not do the job anymore.”
“I am serving someone.”
“You tell me.”
“You lead me on.”
“I do not like to think about it that way.”
“I am trying to create a complete personality.”
“I have to work all the time.”
“Why is that an obligation?”
“Look at my eyes.”
“You need to escape.”
“I was feeling trapped.”
“What is really there?”
“I really hate my work. It does not allow me to be creative. I want to scream at everyone.”
“I can hear that voice booming everywhere.”
“Be nice.”
“You could repeat the same thing over and over again. Time will do the talking for you.”
“The disease is upon me again.”
“Take this.”
“I cannot see what I am looking for.”
“Self-reflection.”
“This could not be worse.”
“This could not be worse.”
“She needs a transfusion.”
“You jumped up on your own.”
“This is some form of resurrection.”
“It is going to feel way better than that.”
“We are among you.”
“We are among you.”
“I promised to help her out.”
“She wanted something important from me.”
“Everyone is getting greedy.”
“I need something to work with.”
“Where is your partner in crime?”
“What else can you do?”
“You are not even close.”
“It does not work that way.”
“We are not close.”
“I have done all these things for you.”
“Then I realize that I am not going to get what I came for.”
“This taste better, and it is a lot more effective.”
“I really screwed up.”
“You looked like someone I knew.”

“I need to go deeper than that.”
“What are you after?”
“What do you need?”
“Who else is involved?”
“Who else is watching?”
“I am watching myself. Looking in that mirror.”
“Is that all that it takes?”
“I gave you all that you wanted.”
“Do you want to see this as a competition?”
“It is a competition?”
“My friends will be here to help me.”
“Are we in competition?”
“We are both breathing oxygen. There seems to be enough for the both of us.”
“We always tell ourselves this.”
“I am tapped in.”
“Sometimes, your friends are your greatest rivals.”
“It is that kind of story.”
“You are taking my life blood.”
“What is there left?”
“I need to enjoy my life.”
“There is a mission.”
“I enjoy my life.”
“They are going to knock on my door.”
“How else can you prepare for the encroachment of the world.”
“I make what I want to see.”
“What are the points that this vision break down?”
“Do you really think that you have special powers?”
“Do you want to know?”
“Everything is inside the heart.”
“A heart is beating.”
“What more do you want to know?”
“I do not want to make this more difficult than it already is.”
“I needed you to stick to the plan.”
“You need go appeal to the office.”
“What is this office?”
“You have a place to go back to.”
“Pull the covers over you.”
“There was an accident.”
“We are making this place wonderful.”
“I do not want someone interfering with my integrity.”
“What are you doing to me?”
“Was this something that happened to me?”
“This is all your stories.”

“Thank you!”

“Why do we need that? You are interfering with our lives.”

“Where do we go back to?”

“Put it on the card.”

“That is the work card.”

“That is the office card.”

“Will the director agree to hear me?”

“What does the director want to learn?”

“I need to concentrate.”

“What are you going to do differently tomorrow?”

“There is really no place for me.”

“I do not quit.”

“How is this contributing?”

“I do not quit.”

“This needs to be resolved.”

“They are taking their time.”

“Someone is about to give us everything that we need.”

“It could take a while.”

“Keep going.”

“Everything seems so halted.”

“There is a limit.”

“And where are we?”

“We are where we want to be.”

“That seems like such a big deal.”

“It is the only deal.”

“Then it started all over again.”

“And it worked for you.”

“Are you getting ahead of yourself?”

“I am totally on.”

“Make this as it is.”

“We need your help.”

“Hold the mic.”

“That is how we should do it.”

“That makes total sense.”

“I only want to finish.”

“He is preventing me.”

“What is your greatest fear?”

“I have forgotten my name. I have forgotten who I am. It has all been a waste of time.”

“No one understands the principles. The ongoing destruction of rights.”

“Why are these two ideas interfering with each other?”

“Ask my rival.”

“You need to help with this.”

“You need to take care of this.”

“Who else is participating?”
“I do not want to give in to my fantasy.”
“All these things that don’t work.”
“The house, the car, the gasoline, the insurance.”
“What does he want to tell us?”
“What do you want to tell us?”
“And you take all that away from me.”
“I only those things to be magnificent.”
“I am not thinking about that.”
“What are you doing?”
“I am not participating.”
“There is too much noise around here.”
“That is impossible.”
“That is exploding in my heart.”
“This is next to impossible.”
“Impossible.”
“Done.”
“I created this.”
“You are validating this nonsense.”
“Take it for what it is.”
“I was not along for the show.”
“Now, we are completely off topic.”
“I am awaiting your summary.”
