

LOW

“What did she show you?”
 “Everything that can be shown by showing.”
 “What else is here?”
 “Doing.”
 “We have broken up.”
 “I am better at this.”
 “I am decaying before my eyes.”
 “Kiss me to preserve me.”
 “What is this about?”
 “I can make choices.”
 “I am being asked back.”
 “Where can you meet me?”
 “He has reserved an office.”
 “She will back later.”
 “And you came back.”
 “What else do you expect us to do.”
 “I want more. I want less.”
 “You are getting fussy.”
 “I know what I am going to be talking about next.”
 “I understand what needs to get done. I cannot do it.”
 “I cannot do it.”
 “I need some attention.”
 “Come see me after you have become tired.”
 “She hears something else.”
 “Turn on the buttons.”
 “That is still not enough.”
 “Run in this direction.”
 “I got assigned him, and they gave me this house.”
 “You need to make a move.”
 “Who else understands?”
 “We are not interacting with people who even grasp it.”
 “And I wake up to the world that I am in. What the fuck did I do to fuck myself up so much?”
 “Should I care?”
 “I only want someone one thing.”
 “This is total genius.”
 “There is nothing there.”
 “And this is my protoge.”
 “You people look out for each other.”
 “I am not mad.”
 “What is that about?”

“I thought that you were someone else.”

“I was someone else.”

“That is not what I am talking about.”

“Wait a little longer.”

“We can come back to this.”

“And that worked.”

“I only need a little more commitment.”

“You need a trainer.”

“How is that going to help?”

“I pull together these discontinuous moments. And I pretend that there is something more. And that puts me in touch with something more. I can feel it. I can touch it. It makes sense for me. Then I realize that nothing is as I expected. And I am back where I started.”

“I need to apply myself more.”

“We will have that explained.”

“That probably will have nothing to do with how I really feel.”

“Can you hold in place?”

“I am good with holding my breath.”

“Someone understands me.”

“I do not need to hear this.”

“How does that work?”

“Focus.”

“That is super real.”

“Perfect for me.”

“These are different aspects of the same thing.”

“Someone is asking me to do this.”

“Do it.”

“I want more than that.”

“You get it.”

“I am not going anywhere.”

“I am not going anywhere fast.”

“This could not be more perfect for me.”

“I have a personal interest.”

“I could do loads of shit.”

“You need to hang on longer.”

“Be what you want to be.”

“Do things.”

“Don’t move.”

“This is too easy.”

“This is all too terrible.”

“I tell you all these things that are not true.”

“Tell me more.”

“The words mean more than anything.”

“That is the perfect story.”

“There is a mystery.”

“I can open it for you.”

“Someone else has been following this.”

“This will be everything for now.”

“I want you to love this.”

“Are you involved?”

“I am here all the time.”

“I paid all this money. I should own this place.”

“You did not manage that turn well. This is going to come back to bite you.”

“Bite you.”

“That will work.”

“This is the only way to succeed.”

“Do it now.”

“I could try.”

“Do it now.”

“I need to take care of a little problem.”

“You have no idea.”

“I do understand.”

“You complement my existence.”

From this point on, we could work on giving you a back story. We could examine how your life ended up like this.

“THIS.”

“There is something missing.”

“All my money goes into an account.”

“This is life.”

“This is love.”

“This is my life.”

“Shit.”

“Where the hell am I?”

“You are going to enter a crazy silly story.”

“That is all that I need.”

“I need all that.”

“Clear out.”

“And that is that.”

“Did you prepare for this?”

“I could have. I would have.”

“Do you know what you are living through?”

“No one believes you.”

“These lies continue to change. And you have been doing it.”

“I am going to tell the truth.”

“That is the end of the story.”

“That makes me sick.”

“I want one someone to understand.”

“Julie will explain.”
 “I am many places.”
 “That kiss did something.”
 “More archeonic design.”
 “That is the chip.”
 “What?”
 “We can replace it with connections to so many devices.”
 “I need to sleep.”
 “This is one big nothing about nothing.”
 “That makes me puke.”
 “That makes me puke.”
 “I want some kind of coherence.”
 “Hold yourself together.”
 “Together.”
 “Does anyone care.”
 “Always see you sweat.”
 “I need to get out of here.”
 “Bleed for the camera.”
 “I go from somewhere that I am love to somewhere that I am unknown.”
 “We can work with you.”
 “What would that involve?”
 “I am always late for my own party.”
 “Who are you? What is you party? What are you worried about? Who do you love?”
 “The ability to answer questions says nothing about your ability to answer these questions.”
 “I am on the move.”
 “They have their eyes on me.”
 “What does this have to do with my life?”
 “You have money on this.”
 “They were waiting for you.”
 “I got a head start.”
 “Is she prepared?”
 “Do you care?”
 “I want to care about something.”
 “This is an activity.”
 “He was right.”
 “He is with me.”
 “How does that work?”
 “You could try it in on your own.”
 “I have ripped myself from all these terrible situations.”
 “This that.”
 “How long?”
 “Don’t touch that.”

“I need some pennies.”
 “We are ahead of that.”:
 “And add that.”
 “I need a favor.”
 “I got into his car.”
 “What is this place?”
 “There has to be some other way to get money.”
 “I have seen this before.”
 “I saved for this.”
 “What more is here?”
 “Securities.”
 “I am where I want to be.”
 “I am coming back to a whole lot of nothing.”
 “We move it around.”
 “This is none of your business.”
 “Don’t try to give me the business.”:
 “Why would I expect any of this to be different?”
 “What are you talking about?”
 “The smile.”
 “I put money on this.”
 “That does not work.”
 “Where do I go back to?”
 “Everyone in the room.”
 “Everyone in the car.”
 “Everyone on the bus.”
 “I need a favor.”
 “I need you to be in my favor.”
 “What is your goal?”
 “And that is all for me. What about more education? What about research? What about
 the development of a science.”
 “What is any of this about?”
 “I can’t keep doing the same thing.”
 “You have arrived.”
 “You have really arrived.”
 “Will this be any different for you?”
 “There is a cat in my car.”
 “There is a body in my car.”
 “Something else is the something that I was before I was what I am now.”
 “That makes a lot of sense.”
 “That does not fill in for anything.”
 “You could explain it in different way.”
 “All in my head.”
 “Damn.”

“I need to describe your arrival. These are all the things that you need to think about. What could happen to you tonight? How can you stay away from people who you don’t want to see? How can you find and interest those who you want to see? What do they have for you?”

“Where is this headed?”

“This is headed to the end.”

“Loosen up?”

“What will you wear? How can you manage how people think about you?”

“You changed your hair. You changed your life.”

“That is another story.”

“What else could be in there?”

“Stories of childhood. Stories of ambition. Stories of regret.”

“That is all that I care about.”

“I am way more elemental than that.”

“Who has the copper?”

“What is more fundamental?”

“It is all way too confusing.”

“These are principles of banking.”

“Making money.”

“Printing money.”

“They are taking away everything from us.”

“That is good.”

“I am bursting.”

“Is there something here that I truly need?”

“We are talking about religious things.”

“How does that work?”

“I’ve got this for you.”

“You take it from there.”

“I give you my hope and dreams.”

“How can you make it go from there?”

“I have more resources.”

“I have more life.”

“I want to make a deal.”

“What do you have to trade?”

“I have work.”

“I have play.”

“I am waiting for a little more.”

“How does this trading thing work?”

“What do you have to give?”

“I do not want to interfere.”

“Once we have figured out the numbers shit, where do we go from here?”

“To the wilderness.”

“To the drawing board.”

“How do the numbers work?”

“You count your breaths.”
“I need to move quickly.”
“Move quickly.”
“There is going to be the need for an advance.”
“We need to get something done.”
“I need you to help me with this.”
“This is all under the table.”
“I am crawling on the ground.”
“Have you seen this?”
“What am I supposed to be looking at?”
“At myself.”
“At what I want to be.”
“Who I want to be.”
“I know what I am looking at.”
“And you gave this away to get this back.”
“That is why we are where we are.”
“What was happening?”
“You are the prophet.”
“You were making promises.”
“That is why you want so much of this nothing.”
“I don’t want that anyway.”
“Take the pie.”
“I want the ice cream.”
“You are only worried about some one thing.”
“I am worried about your fantasy. I am living your frenzied dream.”
“When do they wake us up?”
“Early in the morning.”
“She has everything that she planned for.”
“And the house.”
“And the barn.”
“I could live there.”
“You live in your head.”
“Where else should I be?”
“I am so into you.”
“This is not easy.”
“Everything is all pulled together.”
“And you tell me that this is right. I am right. We are right. Just give me language.”
“I need more than that.”
“Turn on the lights.”
“Can anyone pay for that?”
“None of this happened quickly enough.”
“I am waiting for a letter.”
“He will take care of that for me.”

“I do not especially like this.”
“I could have delayed this.”
“I have been here before. The same characters. A different performance.”
“The same performance.”
“I try to occupy this different psace, and I am back the identical situation tomorrow.”
“That works for me.”
“He is good.”
“Do I need to apprentice with you?”
“You need to apprentice with yourself.”
“All the imperfections work together.”
“Do you want some?”
“I want them all.”
“Why did today put it all in focus?”
“I would have been only a little ways off.”
“I am going to work on this.”
“The home preparation thing is much more important.”
“I have discovered you.”
“I have a manager. Do you want to talk to him?”
“I was sure that I could offer you different things.”
“Where are you taking me?”
“The get high moment.”
“The investment moment.”
“The creation from nothing moment.”
“That is all liquid.”
“The exaggeration.”
“Should we keep on with this?”
“What is different?”
“This is a real world thing.”
“This is fucking glamorous.”
“That is all that I care about.”
“There is one more angle here.”
“In your face.”
“Tuned differently.”
“Getting away from my family.”
“You did me in.”
“A more dangerous version of myself.”
“This is important for my identity.”
“It does not change a thing.”
“The feeling is not the same.”
“What kind of sandwich is that?”
“Did you look?”
“That is all that I did.”
“I am very sorry.”

“I got distracted.”
 “You have no idea.”
 “Am I going to be able to leave? This place has made me think about things that make me very uncomfortable.”
 “What is the big hurry?”
 “What is the big worry?”
 “Did you fail?”
 “I need to look.”
 “What is protected?”
 “If that really makes a difference, I would follow up.”
 “I AM OUT OF HERE.”
 “I am at the headquarters.”
 “No one believes that shit.”
 “We can pretend.”
 “I hate to see this an end.”
 “All over.”
 “I know things.”
 “I know people.”
 “You tried to help.”
 “You would do the same thing.”
 “Here is the deal. I run the same sequence. And the same result every time. Lancer, you know how this goes. That means that route is immediately shut down.”
 “I CAN MAKE YOU FEEL BETTER.”
 “Can you sell the assets?”
 “There is some kind of pre-nup involved.”
 “You move things around.”
 “And you think that works. That is going to take a lot of patience.”
 “That is your version of that same thing.”
 “I have all the assets in place.”
 “He can’t turn anything liquid.”
 “That is a total crap shoot.”
 “I am bitter.”
 “Everything else is wrapped up.”
 “And I will feel better in the morning.”
 “Even simple things can be terrible.”
 “I do not play in that way.”
 “We need really to be out there.”
 “You are so disoriented. You only understand one thing. Okay, wait all night. You will get a complete financial prospectus.”
 “I don’t think that I can manage this.”
 “All the hypotheticals.”
 “Get out of here now.”
 “There is no out.”

“This couldn’t be any better.”
“I end this moment.”
“I close the book on you.”
“I am here.”
“You win.”
“And you think that you are running things.”
“We don’t have questions.”
“There are going to be questions.”
“You need to respond more quickly in the moment.”
“I need to think about what is next.”
“And I need to keep reading this shit.”
“This will help you to do things.”
“Tomorrow will be better.”
“I do not believe that is possible.”
“What is even possible?”
“Everything crashes at once.”
“What is this shit?”
“LOVE, YOU ARE EVERYTHING TO ME.”
“And that is a song?”
“No one has an idea.”
“Love me, world.”
“Is it ready?”
“You need to sign the torture.”
“Was that part of the torture?”
“I have only been thinking about one thing.”
“Admit your flaws.”
“I can leave.”
“I need you to make an assessment.”
“This is when it all falls down.”
“I know these things.”
“Do you understand?”
“We can leave.”
“Are we going back to your place?”
“I have been cleaned out.”
“We can look at this from another angle.”
“I do not believe this.”
“The odds are not in my favor.”
“It was never that good.”
“I need to apply myself at work.”
“What do you realize?”
“It is not just a thought. It is an assessment.”
“That is going work.”
“You blithely walk through the world as if nothing has happened.”

“Shut the fuck up!”
“I am saving up the smiles.”
“You will feel better tomorrow.”
“Why did it end like that?”
“You need to be more perceptive.”
“You royally fucked up.”
“He is not around.”
“You will solve this in no time.”
“I am a genius at this.”
“Work a different plan.”
“That I really head back to the shit tomorrow without a plan.”
“Be nice.”
“We really have been destroyed.”
“And you are yawning.”
“That does not make a difference in hell.”
“WHY ARE YOU BEING SO MEAN TO ALL OF US?”
“You have no idea.”
“You are pushing your friends away.”
“I have never felt so bitter.”
“Get this guy out of here.”
“This is not pleasant.”
