

THE REALM

“These are demographic clusters.”

“There are other ways to organize the sedimentation.”

“I am bored.”

“Drink some wine.”

“Get mad.”

“You are mad.”

“Where does this go?”

“I will take it.”

“Keep it together.”

“In a different way.”

“There was a different reference point.”

“You will not see.”

“You might not have been there.”

“You would have cried in your beer.”

“You have asked me before.”

“One more drink, and he will have it all down.”

“He has this perfectly down.”

“One more joke.”

“Who else are you working with?”

“SOMEONE WHO TRULY CARES.”

“I am having trouble zeroing in.”

“”The property is losing its value.”

“And who is at fault?”

“Someone doing the numbers.”

“Get rid of this shit.”

“I am showing something. I want you to love what you show.”

“THEY LIVE IN A WORLD WHERE EVERYTHING IS SHOWN.”

“How does that work?”

“See, and say.”

“Touch, and you should know.”

“That is a miracle.”

“I have my own miracle.”

“This is part of the festivities.”

“And I move.”

“And make it move.”

“I AM ATTUNED TO THESE SLIGHT VARIATIONS. THEY MAY OR MAY NOT
MAKE A DIFFERENCE TO YOU.”

“What else is there to say?”

“Some crazy political shit.”

“Who will reveal what you want to know?”

“That is the same every time.”

“Every time.”
“Say a prayer.”
“You ask by your being.”
“What does that mean?”
“I really want to know.”
“You have wanted for so long.”
“I could sleep in place.”
“I am out of here.”
“And this makes a difference.”
“Do not come in.”
“I got in a fight.”
“You are always getting in a fight.”
“And this is not working for me.”
“You made the bet.”
“It might not work out.”
“And that used to be something.”
“This was so beyond that.”
“Will that work for you?”
“I am having so much fun.”
“By persecuting others.”
“By being loved.”
“By doing nothing.”
“Is that a love tap, or are you trying to hurt me?”
“Hurt.”
“What is the expectation?”
“Do I come back?”
“The backdoor.”
“The post office.”
“Let us go over the plays.”
“You are a more flamboyant version of lover boy.”
“What are you talking about?”
“You are walking on the earth.”
“You are the earth.”
“You are the fruit of the earth.”
“What is tonight’s excuse?”
“This is not going to work?”
“How can you get it so wrong?”
“Mack makes it right.”
“How does he do that?”
“That is everything.”
“A bad accident.”
“A bad day.”
“You understand all too well.”

“I am sick, I am poor, and I am disheveled.”
“All done.”
“All done.”
“All done.”
“You need to slow the progress.”
“Do you have a grip?”
“One person will confess.”
“I confess.”
“Damn.”
“Where did we meet?”
“I do not know how to ask for something useful.”
“Now it is the witch’s hour.”
“She is good at some one thing.”
“She has friends.”
“Someone is coming to get her.”
“In the end, where does this go in my account.”
“I have been here before.”
“He comes from a different place.”
“She waiting for me.”
“He wants to live.”
“How do you see yourself?”
“As someone who has it down.”
“As someone who cannot be described.”
“That is my fear.”
“No one can say a thing.”
“He is noted for his lack of reliability.”
“I do not know who we are talking about.”
“What happens when you need to work this out?”
“They cannot afford it.”
“You just give up.”
“There are no longer the returns.”
“That was cash.”
“What else was involved?”
“We will work it all out tomorrow.”
“This is a different team.”
“I do not understand.”
“He could move.”
“He will not.”
“That once made a difference.”
“This is all that it is.”
“This took a while.”
“No one is perfect.”
“You are completely broken down.”

“I am not talking about that.”
“That worked.”
“Are you some kind of collector.”
“What does that mean?”
“You continue that.”
“I cannot work with that.”
“I am working with that.”
“Someone needs to understand.”
“I understand the breakdown.”
“Who gave you money?”
“They are investing in my shit.”
“I have numerous alternatives.”
“We talked about this.”
“That did nothing to move things along.”
“I am not that aggressive.”
“This is more my speed.”
“Come to the office.”
“Why? I am not really into sales.”
“It all comes down to selling.”
“It comes down to living.”
“How do you do it?”
“Where does it end?”
“Where it began.”
“Can I join you.”
“I thought that you had more to share.”
“Someone else will replace me.”
“I like the tickle.”
“And it ended that simply.”
“I cannot concentrate.”
“This is not flexible.”
“Is it working?”
“We had to wait.”
“You needed to be more persistent.”
“Nice words.”
“Let it stay like that.”
“I have seen that.”
“I have seen that.”
“Where have you been?”
“I gave you my card. I came by to see a piece of property.”
“I was struck dead.”
“Are you in the miracle program?:
“I am being asked to believe this shit.”
“Describe the costume.”

“You will understand this.”
“Describe the view.”
“Do it for me.”
“Share.”
“That is an alternative view.”
“You do it so well.”
“There is something about biology that I do not understand.”
“It is the sociology.”
“That is getting too close.”
“Who are you working with?”
“This has become something different.”
“You are not a good observer.”
“I like what I like.”
“That can be a shame.”
“I want to look.”
“That can be a shame.”
“Different perfume.”
“Someone is working you.”
“And I was turned to salt.”
“Salted chips.”
“What is not seen.”
“Too much friendliness for one day.”
“How can anyone tolerate you?”
“And you call this enjoyable.”
“I only need to move the values along.”
“I will take that.”
“You are nervous.”
“What is happening with this vampiric thing?”
“I am never going to stop.”
“That is not my style.”
“Show me.”
“I am doing what is needed to get things done.”
“I am not going to quit on you.”
“Quit.”
“How did you manage that?”
“It is not that different.”
“Give me that million dollar smile.”
“Boom.”
“That does not work for me.”
“That works for me.”
“That is freaky shit.”
“Do not abandon me.”
“I did not meet the guy who pulls the strings.”

“That is boring as fuck.”
“Do not worry.”
“Who pulled it out like this?”
“I am working for you.”
“Take a risk.”
“What will I think about when I get home?”
“Where to put the investment cash.”
“I don’t want to waste my time.”
“Your life is not waste.”
“How can you use these financial techniques to improve your lot.”
“There are thing that I do not want to think about.”
“Do you feel right in your soul?”
“Do you think that I care about questions like that?”
“What is in the manifesto?”
“I need a single.”
“I need a million.”
“Take care of this for me.”
“Take it all from me.”
“What are you working for?”
“We are talking about interest rates.”
“I have a fixed rate mortgage.”
“What does that say about me?”
“Don’t worry about always making a deal. Take something that you can afford.”
“You are back.”
“You have dressed the part.”
“I could ask.”
“Who are you working with?”
“This is simple stuff.”
“Do you have representation?”
“Make it work.”
“Make it simple.”
“He is buying me a house.”
“Have you got that kind of pledge?”
“I am being priced out of the car market. Food is out the roof. And I am paying more for this place than it is worth.”
“I want to complete the show.”
“What were you doing?”
“I am trying to look great.”
“You look wonderful.”
“That is not what it seems to be.”
“I could say these sentences.”
“And I could lose my life as I know it. The only thing that makes a difference. I am trying to hold on to this house. I do not want my car to be repossessed.”

“I see you all the time.”
“I feel used.”
“And that means what.”
“I feel like a peppermint candy.”
“I could have resolved this in my favor.”
“I can show you things.”
“Show me.”
“This is not a wardrobe question.”
“I want to keep doing this.”
“Where is this stored?”
“I was already here.”
“What does that really mean?”
“You disappeared on me.”
“What does it mean to keep track?”
“Look in my fucking eyes.”
“I was worried about dying. Now, I am worried about living.”
“You will be okay.”
“I am good at the close ups.”
“They will not make it a go.”
“What is the one thing that you could really use?”
“Some solid advice.”
“Should I be here?”
“For now.”
“This is all intent.”
“What about performance?”
“What do you mean by that?”
“It gets cold, and I can do nothing about it.”
“I do not want to get overloaded.”
“That is doing nothing much.”
“I want a better explanation.”
“Where are you pointing?”
“Work. What do you do?”
“I cannot look.”
“This once meant a difference.”
“You are asking for so much.”
“I want more money.”
“How can you do that?”
“It is all automatic.”
“Automatically.”
“Someone who needs help more than you.”
“I cannot stop thinking about this.”
“Take one of these.”
“What else is left?”

“I am getting desperate.”

“And your moves lack authority. You need to be more practiced.”

“I just need to get out.”

“There are so many possibilities. They are still all the same.”

“Ask me.”

“You are getting extra creepy.”

“I only need a ride.”

“What is permitted?”

“I do not want to interfere.”

“What else is possible?”

“We are helping with the place.”

“I want to know what you can do.”

“You are all in my face.”

“Is this going to result in a confrontation?”

“The plumbing is malfunctioning.”

“You need to work on something new.”

“Work on it.”

“Can you hold it together?”

“Is this you?”

“Is this happening everywhere?”

“Only in your head.”

“You need to map it out.”

“The map.”

“The way.”

“The date.”

“The time.”

“The understanding.”

“The now.”

“The happening.”

“Rinse it off.”

“There is a magic here. And they have not idea what is going on. They are talking about the most mundane shit.”

“It gets out of my control.”

“We are closer than you know.”

“This is a star problem.”

“You invent battles and creatures and intrigues. That does not explain anything.”

“What if I show more or say more or be more, where will any of it go?”

“Admit that you are finished.”

“We have brought everything down to the ground level.”

“What do you do?”

“This happened sooner than I knw.”

“Much too soon.”

“I reveal never to be seen again.”

“You invested so much to get so little back.”
 “I need to pay you on the back end.”
 “What are you saying?”
 “An investment before services rendered.”
 “There was nothing else there.”
 “The real cultures are here.”
 “She knows, but she doesn’t know.”
 “I wanted to end up like this.”
 “You are really fucked.”
 “I am going to get out of this.”
 “How will you do this?”
 “I am going to admit to things that never happened.”
 “That is not going to be good for you.”
 “None of this is working well together.”
 “That is how they knew me.”
 “I hung on to this fragment of notoriety.”
 “He was so stupid.”
 “What are you saying?”
 “He is an adult, and he was like this child. I tried to have a serious conversation.”
 “I am in control. I understand consent.”
 “They are in different places.”
 “I do not want to be like this.”
 “THIS.”
 “What is happening?”
 “I only want to get in the door.”
 “And what is next.”
 “I can sell you ice.”
 “Why do people buy ice?”
 “To make things.”
 “Cold drinks.”
 “You can get me to stop.”
 “The healing touch.”
 “It has its own appeals.”
 “That does not work anymore.”
 “You see this awesome kind of performance. What real does it say about you? I do not want to feel as if I am on the clock.”
 “You are on the clock.”
 “Do you know what is going on in the rest of the world?”
 “Misery.”
 “A tennis dress.”
 “Can I explain empathy to you? This is more than sympathizing for kittens.”
 “There is a mess.”
 “Where will that pose work?”

“It is part of my life.”
“You are that writer guy.”
“What do you need?”
“Something that you cannot give.”
“I need to see the other side.”
“I pretend that you are witty.”
“You aren’t.”
“I am slow to respond.”
“I am slow.”
“I need to figure out something else to say.”
“And that is some form of trust.”
“How long did it take to work that costume?”
“Hours.”
“To what end.”
“I want to make you scream.”
“The legal system.”
“Who is behind this?”
“Stop me before I do something silly.”
“You have done something silly.”
“I am very slow to respond.”
“What am I eating.”
“Who are you?”
“We are both forgetting our names.”
“I need to get back to my ride.”
“This is not endgame shit.”
“How will you ever make it back to the start?”
“Things are in my favor.”
“I need a dollar.”
“Give me a dollar.”
“Pay for this.”
“We are paying for the space.”
“You need to pick me up.”
“I am still alive.”
“I am going to end up there.”
“Do not interrupt.”
“Where is this coming from?”
“Where am I?”
“What else is in there?”
“A profound echo.”
“That is not going to count for much of anything.”
“Who is picking up the bill?”
“Pretend that you never saw me.”
“Pretend that you do not like me.”

“I do not have to pretend.”

“That kind of drama can help me to forget that I have to go to work tomorrow.”

“Tomorrow.”

“Laundry.”

“I want real solutions.”

“Who are real helpers?”

“You need to stop?”

“End it as it is.”

“Eat this.”

“That is going to hurt me.”

“Do not worry about that.”

“I’m not this immensely creative person. I’m not a great musician. I’m not a great writer. But this is something that I can do well. I know how to get in touch with other people. That’s also why I need to keep to myself. I can only give so much of myself to someone else. It pretty well stops there. Once I get to know someone, that’s pretty well it.”

“I don’t want them entering my mind space. I have my own reality. I’m not looking for someone else to get inside it. I have my independence. I don’t need to be messed with. It’s that simple. A lot of people think if you share yourself that you’re creating this link forever. I’m sorry I can’t see it that way. It’s serious. It’s beautiful for a night or two. But I’m not gonna make it my wife. I already have things going on. It’s like this beautiful explosion. You can see the fireworks. But you don’t think that it’s anything more than that. And you can look out the next night and the fireworks are there for you again. Honestly, it’s not such a big deal. It’s fun for what it is that’s the only way that I can explain it.”
