

THE IMPOSSIBLE

“What used to be impossible is within our grasp. We are only one step away.”
 “We are so much closer than we realize.”
 “At what point, do you realize that you are doing the impossible?”
 “I am at that point now.”
 “I see what is happening.”
 “Is this prophecy?”
 “This is always prophecy.”
 “I am working very hard on this.”
 “We are collaborating.”
 “What is the basis for our cooperation?”
 “We want things that we cannot have. We want things that are not good for us.”
 “If we didn’t have some kind of judgement, we would have no idea what comes next.”
 “Keep your eyes on the screen.”
 “What can you do in one hour?”
 “Do you have a machine?”
 “I have been waiting all my life for you.”
 “What is all your life?”
 “What does that really mean?”
 “I do not like that.”
 “I am always counting down the moments and waiting for something that is outside of my reach.”
 “That is not something that I really want to see.”
 “Show me what you have.”
 “I have time and a desire to work.”
 “Then you decide to dismantle my character.”
 “We can all hug.”
 “I have so many smiles and hugs for the world.”
 “What is a perfect kiss?”
 “Have you got some.”
 “Really, have you got SOME. I have been watching you as you skim the surface of your world. You have a vague plan. But there is nothing that coherent. Do you recognize the consequences of your actions. Do you have any kind of vision?”
 “What are you asking me?”
 “What kind of motivation do we have to change?”
 “I need to sit here. I am waiting for my friend to come back.”
 “How have things gone off the rails?”
 “I have lost my mind.”
 “I am glad that there is enough mind to have.”
 “Do you need to wonder why?”
 “I am in the midst of death.”
 “Have some dinner.”

“This is better than a good deal.”

“If we work harder, we can get a clearer image of the world.”

“I have one goal in mind.”

“And you think that I do not worry about this.”

“This is something that we need to figure out.”

“We took some time away.”

“They all love us.”

“You need to make a decision.”

“The possible describes an overall picture.”

“This is performance.”

“I need to be here.”

“What did you notice?”

“You need to hold back. Do not commit too much of yourself.”

“I worked hard. I do not want to think about it.”

“I have been thinking about it.”

“The surface needs to be clean.”

“How will tomorrow be different?”

“How will today be different?”

“There is a moment that the state accuses you of being an enemy. You will have no right to a lawyer.”

“This is already happening to people, who are seeking employment security and a lasting place to live.”

“They are playing with me.”

“This need to end.”

“I am spending more than enough money on these remedies.”

“They are not supposed to work.”

“Look out for me.”

“I will give you interest.”

“I am interest.”

“Call me before you do something.”

“There is a lot of nonsense here. But we are moving to a systematic political understanding.”

“Join in.”

“Do you really love what you are doing?”

“Nothing has changed.”

“Influence me.”

“That will not hurt.”

“This is what you really want.”

“You take what you can get.”

“Do unto them as have been done to you.”

“There are good people who are trying to do good things.”

“Where is the split?”

“Do not judge me.”

“I know what is happening to me.”
“What is interesting?”
“Can you help.”
“You squander a gift.”
“What is really impossible?”
“You need more knowledge.”
“That is not going to do a thing.”
“Historical understanding is important for change.”
“Where do we start?”
“What happened today?”
“What is the split?”
“I am getting that impossible split.”
“What more do you need?”
“You are getting n my head.”
“There is a lot more to figure out.”
“We keep hearing the same thing again and again.”
“What did we miss?”
“You were staring and dwelling.”
“You wasted to much energy on a positive resolution.”
“You have no idea how close I am to a change.”
“I need to get out of this place.”
“It is not going to be as easy as you think.”
“How do you relate today to yesterday?”
“It depends on what I ate.”
“Do not depend on something that you do not understand.”
“Is this an investment opportunity?”
“I am trying to earn enough to survive.”
“Where does it start?”
“I got hit in the head.”
“This is not a love thing.”
“I am still a little afraid.”
“You need to be patient.”
“And come to work tomorrow. They have it out for me.”
“What does that mean?”
“That is difficult to undersand.”
“What did you do to me?”
“I an working on these accounts.”
“This could represent the end.”
“She works hard.”
“As opposed to showing up.”
“What is here?”
“What is here?”
“That changes things.”

“This is a lesson.”

“You know how to get in the way.”

“That is my life.”

“I know.”

“We are all working hard.”

“Hardly working.”

“What are you saving?”

“The worst moments in my life.”

“I will never be able to make any sense of the lessons.”

“You have no idea that we were here waiting for you.”

“Why are you never going to solve this?”

“You need go show everything that you’ve got.”

“What could that ever mean?”

“I am back.”

“Now, I know everything.”

“My friends are waiting.”

“The hair.”

“I cut it.”

“Where is the guy?”

“He is working.”

“He is working on you.”

“I am trying to shut this down.”

“There will be a tomorrow.”

“Take care of it now.”

“I want a clear look.”

“Take it.”

“How do you think about yourself? Who do you want to watch? That becomes the critical question in figuring out what is your plan for you life.”

“I want to clean up the mess.”

“I want to do my laundry.”

“This is going to be all up to you.”

“You have everything that I have ever wanted.”

“We are going to analyze that. What skills do you have? Are those skills transferable? Do you think about the world? Can you recognize how changes in your neighborhood are related to an awareness of what is going on in the world? Do you have an historical awareness that goes beyond some kind of simplistic conspiracy theory? Do you understand the need for strong public education, public health, and public transit. As long as you continue to blame the individual for systemic problems, then you are doing little to create lasting change.”

“What do you want?”

“Quit complaining.”

“I will do whatever you want.”

“Will this last?”

“You were gifted this.”

“This would have been so easy.”
“This is a big waste of my time.”
“Did you notice your check?”
“They more than love me.”
“Please watch.”
“You have no idea at all.”
“Your view of historical development is based on this simple model of repetition.”
“This is the end.”
“Give me a cigarette.”
“That will not be good for you.”
“I want to be comfortable.”
“What do you have that no one else has?”
“How about all the time?”
“How about never.”
“I worked so hard on being who I am.”
“I want to participate.”
“Some things cannot be changed.”
“And some things really go to the next level.”
“What do you know that I do not know?”
“Something about the repetition of time.”
“You are really getting prepared for Monday.”
“It is always Monday.”
“I have something important going on.”
“You can know all this at once.”
“I need something flashing on the screen so that you can realize what I really care about.”
“We are going shoe shopping.”
“Who made this?”
“I made you.”
“How does that really work?”
“Give me a door.”
“We are all sleeping in the barracks.”
“I am getting no privacy.”
“We are all prisoners in here.”
“Damn, you need to end this.”
“And this is where we end up.”
“It is a love fest.”
“There is money to be made.”
“There is love to be made.”
“There are lessons to garnered.”
“What have you learned?”
“You get distracted by this shit.”
“Someone is going to have to help with this mess.”
“This is worse than terrible.”

“And that is a costume.”
“Who was the architect?”
“Someone’s cousin.”
“What next?”
“What are the origins?”
“This all failed.”
“I need to keep on.”
“She knows way more than we do.”
“I was rooting of the other guy.”
“That is all I care about.”

“I am a talent buyer.”
“I do not want to give up early.”
“I want to go to a place where they all love us.”
“I am trying not to be weird.”
“I know what this.”
“It is really hitting me.”
“We become what we do not want to become.”
“And you make a difference.”
“You make a change.”
“These words have no meaning.”
“Someone loved me.”
“You do not want to see the aftermath.”
“I think I see it.”
“I am being cast against the type.”
“This is time for a soliloquy.”
“What is your proper legacy?”
“We are going beyond some Cinderella stuff.”
“And you are trying to do that thing again.”
“How does the world work?”
“There is one more chance.”
“These are not chances. This is some kind of reality.”
“I am out of tokens.”
“You can buy some more.”
“Can I discuss political change?”
“What do you have in the box?”
“Lunch.”
“A snake.”
“A diamond.”
“Bones.”
“Human history.”
“I keep writing, and I can get out of here.”
“A good lawyer is going shove that NDA up your ass.”

“What does that mean?”
 “You are protecting a process that is nothing whatsoever. And you are engaged in some illegal shit that is not protected. You are going to need some good lawyers to prove your shit.”
 “That NDA destroyed you.”
 “I am feeling so much better.”
 “That was what I always wanted.”
 “We need to pray together.”
 “I like that.”
 “Who really did this?”
 “We are going back to the beginning.”
 “Wait until next week.”
 “Next week.”
 “Muy life stops.”
 “That is what your were hoping for.”
 “We are both going back in time together.”
 “Hold my hand.”
 “What do you really want?”
 “This is news as it happens.”
 “You are right in the middle of trouble.”
 “This is what you have wanted all your life.”
 “I am again losing focus.”
 “I stare in your eyes.”
 “Look longingly.”
 “I have arrived.”
 “We are almost there.”
 “We are there together.”
 “Hold hands.”
 “You never have to wait again.”
 “Slam.”
 “What happens in the movie?”
 “Who is doing this to me?”
 “I AM.”
 “What is your disguise?”
 “My guile.”
 “There are so many other places that you end up.”
 “Is it all over for you?”
 “I have not got enough love.”
 “How is that supposed to work?”
 “Do you want that to be the end of you life?”
 “I am doing that self-examination thing now.”
 “I want to be loved.”
 “You will. Read the cards.”
 “That is a whole lot of forever.”

“You need to add to this.”
“This could be you.”
“What do I get?”
“Diamonds.”
“What are you cutting?”
“Glass.”
“Do you want to rob a bank.”
“We could start with an armored car.”
“Anything with cash.”
“I want that to be me.”
“That could have been me.”
“This could be the magic that I am looking for.”
“She has a serious script.”
“I think that they call it scripture.”
“And we lose everything that we ever wanted.”
“Shit.”
“I was working with the estate.”
“Why does it go to that screen?”
“That is the loyalty document.”
“Will this continue all night?”
“Longer than that.”
“Where are we going?”
“To a place of total revelation.”
“Down to the bone.”
“More than that.”
“How do you make this happen?”
“I starve myself.”
“I am taking my place amidst the crowd.”
“That is everything that I have always wanted.”
“Who is caring for the baby?”
“The nanny.”
“How many kids in there?”
“More than you know.”
“I have given my life to a higher power.”
“This hurts more than you know.”
“I am the king.”
“We want liberation.”
“They have done this to us.”
“Are you prepared?”
“I can shut it all down?”
“I will ask for your soul.”
“WHY FUCKING BOTHER?”
“You have mad skills.”

“We tell ourselves shit.”
“We tell ourselves shit.”
“Run!”
“Who is chasing me?”
“Don’t worry about it.”
“I like where we were.”
“And where we are going.”
“Have a buger.”
“That will work.”
“That is perfect for you.”
“A pork sandwich.”
“Piggy piggy.”
“I am having the cucumber sandwich.”
“What is next?”
“Plotting orbits.”
“I am back where I was.”
“This meant something.”
“We are part of a secret society.”
“The initiation is some crazy shit.”
“I have a little extra in the tank.”
“HOMEWORK.”
“This is like breath.”
“So many doctors, but none will save me.”
“Call on the alligator.”
“Shit.”
“This is some crazy shit.”
“It will not last forever.”
“I got a bad headache.”
“You could change that.”
“I do not have property.”
“You have these things in your mind.”
“I need to admit to my faults.”
“That will not save you.”
“Why?”
“This is not our fault.”
“We do not hate you.”
“There are things that you need to do.”
“Admit it.”
“I am useless at getting anything done.”
“Push a button.”
“This is not my doing.”
“I have an assignment.”
“You are going to fail.”

“That is due to my reticence.”
“We need more hours.”
“We need more of a life.”
“I do want to end this way.”
“I respond.”
“That is not enough.”
“What happened?”
“These are terrible things to think about.”
“We could quantify?”
“I could try to remember.”
“This is when I walk in.”
“What is the mission?”
“This says everything about me.”
“You could change the dynamics of everything.”
“What is going on out there?”
“I need to do my homework. Leave me alone.”
“Why is home a place for work?”
“We are going to need to work on this together.”
“Work on it.”
“This was once more than it seems.”
“What is behind the curtain?”
“Show all.”
“What is the species?”
“They found all the boxes checked..”
“What else was on the plate.”
“I know what he does in his spare time.”
“I think that I am in the wrong place.”
“This is too much revelation.”
“I am not good at this.”
“I do not want you to love me. I just want you to love me.”
“Damn.”
“Close down the show.”
“I have all the licenses.”
“Who is watching you?”
“How does that happen?”
“What am I going to ge for my money.”
“Love me.”
“I am gone.”
“We will remember.”
“You never escape things that you started with.”
“She is here.”
“I am not even waiting.”
“I need a little more control with the plastic material.”
“We will all catch on.”

“Do you really think that you can control?”
“I can carry the weight of the world on my shoulder.”
“I am trying not to get involved.”
“I am too involved”
“Cross the boundary.”
“I belong here.”
“I need to get out of this place.”
“Look me up.”
“Am I on list?”
“You are the first.”
“You are not allowed in here.”
“One scratch, and the whole world falls apart.”
“How do you want to see it?”
“If I was that good, I would tell the world.”
“Do you understand?”
“She didn’t take the time to listen.”
“Where should I be looking?”
“At the screen.”
“On the page.”
“And you messed up.”
“I am bitter.”
