

WHAT DO YOU WANT ME TO DO ABOUT IT?

“Are you asking for another manifesto?”

“I will give you what you want.”

“There is no such thing as hard work. This is an illusion created by the bosses to create a false impression about what work is about. Workers give everything they can to their jobs. Over time, the ability to perform at the same high level can become worn down by the effects of labor. The worker will learn new techniques to improve production. However, the hard work argument is used by owners to get more for less. This means wearing down the individual until there is little left in the later years. In a good organization, everyone works together. Those who are rewarded for merit are often not doing the dirty work.”

“The system is built to disrupt this model.”

“If you had been more careful, that would have resulted in some crazy shit.”

“What is going on back there?”

“I have arrived on time for some shit.”

“Your turn, Warner.”

“Who else is helping.”

“And that is going to be everything that you need.”

“I am on Central Standard Time.”

“That is not going to be an adequate explanation.”

“Where will we find one.”

“We could create our own scripture.”

“What would be in it?”

“How to make a perfect blue cheese dressing.”

“I am disappointed.”

“These are rules for a better life.”

“This is a way to cheat.”

“We were betting on what you were doing over there.”

“Do you get some.”

“I can tell you.”

“We have a crew.”

“Your allies will not get you out of this.”

“They are watching your every move.”

“Will I learn?”

“I am really going to go off the rails.”

“You look sick.”

“That shit has got to me.”

“I needed to do a lot of work to get to this point.”

“I AM LOVED.”

“What did they do for you?”

”They created hallowed ground.”

“I have got so many reactions.”

“Slam.”

“He stole 750 million dollars.”
“What was left?”
“They did not sell out.”
“They sold their souls.”
“That worked for me.”
“Did you pay?”
“There is no paying.”
“And you think that is something?”
“Who is fucking with my dreams.”
“That is the beginning.”
“That was a million things to me.”
“Then it became nothing.”
“I died and went to heaven.”
“What did you eat?”
“Twinkies.”
“I savored it.”
“It reminded me of the best night of my life.”
“I touched the Godhead.”
“Shit.”
“How is that possible?”
“That is more than wonderful.”
“And I am living my stupid life on repeat.”
“Take one of these.”
“You cannot follow this.”
“I am not even trying to go.”
“You need to care about this.”
“I thought that you were an admirable person.”
“It is all coming at me from different places.”
“It this free?”
“I like to watch.”
“Of course, you do.”
“It all comes to fruition.”
“He sucks souls out of the body.”
“That is more than tasty.”
“This is not a great place to stand.”
“I am waiting for my reward.”
“We need to review the manifesto.”
“All this stuff that I have been planning just fucks up. And everyone is watching.”
“The souffle falls.”
“It is not meant to hold together.”
“Does anything?”
“I could quit now.”
“It is not really the time.”

“Stand and deliver.”
 “YOU EXPECT TOO MUCH OF ME.”
 “I can think about it. I dwell on it it.” Then it blows up in face.”
 “What do I get?”
 “What do I want to get?”
 “A free meal.”
 “Take me back to the placew.”
 “Back to the origins.”
 “Do I need to watch?”
 “I would prefer not to.”
 “More craziness.”
 “Mix it up.”
 “I know your secret.”
 “I will not interfere.”
 “And you pay for it.”
 “Then you have delivered your whole life to bull shit.”
 “What is the dynasty?”
 “We need to break the attachment.”
 “And we end up in the same place.”
 “I am dwelling on important inventions.”
 “I get it.”
 “You do the work.”
 “That is the beginning of everything.”
 “What else is missing?”
 “An observer.”
 “The science.”
 “The microscope.”
 “We need a better undersanding of motive.”
 “He keeps saying human nature. But this is not an evolutionary view. He ignore the role of the individual in participating with the species. What is the source of belonging? How does that evolve economics? How does there become a split in motivation?”
 “The individual and the collective.”
 “The collective is not an abstraction.”
 “Societies evolve.”
 “This is not an abstraction.”
 “I am controlling this.”
 “What does this mean?”
 “The corporate model was meant to liberate people from the divine right. But that liberation became a new form of oppression. Follow it to the root.”
 “What is your company called?”
 “Put it where the sun don’t shine.”
 “Deep hell.”
 “And you are waiting for a revelation.”

“And you got it.”
“The more that we show, the more that is not seen.”
“Where are you going? How long will it take?”
“What is your goal.”
“Are you going to wrestle for this?”
“He is definitely not someone to talk about the subtleties of anthropological development.”
“He is collecting bananas.”
“That is cruel.”
“The repressive social models of banana republics.”
“People eating their own.”
“I am hiding my identity.”
“Can I make a bid?”
“He has taken everything worth taking.”
“What is the show about?”
“Exhibitionism.”
“Are you good at mechanics.”
“A machine without working parts.”
“Some kind of mystical shit.”
“Where is she.”
“What is the year?”
“I get all this false history.”
“What happened to your head.”
“I lost it in a sororal rivalry.”
“What do you believe?”
“Everything is anger.”
“You need to have better reaction time.”
“More time in the whirlpool.”
“Did you guys plan this?”
“And you are working hard.”
“How could I do anything different?”
“Should I listen?”
“This is not what was promised.”
“I need to find somewhere that is unaffected.”
“With your limited awareness.”
“Do not complain!”
“You will get some.”
“This worked for a while.”
“I helped you sharpen your skills.”
“What else did you know?”
“Do I even have to look?”
“What mistakes did you make?”
“None of this works anymore.”
“What would it mean to take it differently?”

“I would map things out a little better. I would try to develop real skills.”
“I was so close.”
“All the doors closed at once.”
“That could be my body.”
“How did I become like this? I am all stiff.”
“Too much effort going the wrong way.”
“What is the secret?”
“That made my life.”
“Providence touched me.”
“She looks like Brice.”
“What are her origins?”
“I stayed after math class. I wanted to continue those lines to infinity.”
“I thought that this would open the big door.”
“I got close.”
“You could solve all the problems.”
“I would still have to go to work.”
“And who is the extra guy?”
“The witness.”
“The maker.”
“The mechanic.”
“The only questions worth asking is if you have gas in the tank.”
“And this is the moment when you turn to an answer.”
“Human, chemical, philosophical.”
“Can I take this?”
“With that kind of shit, you should be able to turn back the hands of time.”
“Hand me time in my hands.”
“What is left?”
“I need to eave.”
“Someone will concentrate on the show.”
“I got what I want.”
“Total consent.”
“Total confession.”
“Total transparency.”
“There is this immense wall of emotion.”
“You guys will never understand.”
“Hope that I do not succeed.”
“Hope that I do not succeed.”
“You will be my downfall.”
“I am charting this out. Give me a pen.”
“You can add to the portrait.”
“Are you a painter?”
“What can you reveal from what you see?”
“Nothing worthwhile.”

“A good painter tries to look in the soul of the individual.”
“How do you do that?”
“Look at the face. Someone created that order, and you need to see it.”
“And you believe that shit.”
“Why wouldn’t I?”
“There is more to this presentation.”
“Fashion is exaggeration.”
“How is that different than art?”
“I am trying to understand the moment.”
“These clowns are trying to buy time.”
“You can’t get it back that easily.”
“Someone told you that.?”
“Roll back the tape.”
“I have heard all that I need to hear.”
“I want to make the cash.”
“I made it in.”
“THE HOLY OF THE HOLIES.”
“Did he go silent on you?”
“That is some kind of weird theology shit.”
“Did you pay for this?”
“What did you get?”
“A free drink and a hot dog.”
“Vote for me.”
“I am doing my best to extend the exposition.”
“You are telling me that you need to go back to that shitty life.”
“I have it all under control.”
“There are two alternative versions.”
“It costs to hear what you want to hear.”
“We agreed not to share.”
“This is totally different kind of life.”
“I have opted for that alternative.”
“I need more posing time.”
“We will be discovered.”
“I need to be more on.”
“What happens when you enter this space.”
“You do not understand what kind of a drag you are.”
“You are going to have to fight him.”
“I can feel it. But there is this genius moment.”
“Nothing creative comes from this place.”
“There was a very short moment.”
“Do you allow that?”
“TAKE OUT THE TRASH.”
“Wow!”

“You are really behind me.”
“Do not beg.”
“Do not beg.”
“Shit, how will you know what I need.”
“Prance around your room.”
“There needed to be so much more.”
“Who is destroying the world?”
“We are protecting our shit.”
“I should be back in the cradle.”
“From the cradle to the griddle.”
“I am watching all the planets crash against each other.”
“It dos not work like that.”
“We strip away the next layer.”
“I believe that I have more influence.”
“And you do.”
“Cult or collective?”
“One goal.”
“Harvesting rice.”
“That is supposed to ease digestion issues.”
“Where does this end up?”
“That is some serious mining.”
“You need a card for that.”
“This is part of Canadian colonization.”
“They learned well from the masters.”
“Where does it end up?”
“Love me world.”
“And it does.”
“Damn.”
“That is conceptual. But a little too difficult for me.”
“Obscure as shit.”
“You have arrived.”
“I have already fallen out of the cabin.”
“Someone will scoop you up.”
“This is the first stage of revelation.”
“What is next?”
“A concept.”
“A sponsor.”
“I am waiting for that.”
“A fucking loudmouth.”
“And that is what you tolerate.”
“I map the power outages.”
“Here and here and here.”
“Where is my fucking chicken/?”

“I ordered the pork.”
 “Where is my fucking chicken.”
 “I am being tossed b the uncertainty of time.”
 “That is some deep understanding of collectibles.”
 “This is way beyond me.”
 “Hey, mama!”
 “I will spend all the money.”
 “The watch.”
 “Cut his arm off to spite his face.”
 “What is next?”
 “The same thing.”
 “On your knees.”
 “What would the wolf do?”
 “Tell me.”
 “You have been doing weird shit.”
 “Stealing alcohol.”
 “Counterfeiting designer clothes.”
 “What does authentic mean?”
 “It is the time during which your reign continues.”
 “That would say everything.”
 “Do you know what is going on?”
 “I hope for some kind of resolution.”
 “I do not want to choke when it is my opportunity to demonstrate to the world what are my skills.”
 “Fox me.”
 “You are still going to get trapped.”
 “She believes his shit.”
 “They all do.”
 “The savior.”
 “The fox is in the hen house.”
 “Taste.”
 “Habit.”
 “That is everything.”
 “I need to keep working.”
 “All the work is over.”
 “That is going to be all. This is not going to be a temporary connection. This is permanent. I need that fucking art manual.”
 “What is in it?”
 “Techniques to get my hands steady.”
 “I want to hurt.”
 “You need to quit those negative thoughts.”
 “They love you for that.”
 “It cost a lot.”

“Classic conditioning.”
“Do I get to eat the hot dog? Or do I just get to think about it?”
“There are alternatives.”
“Imaginary friends.”
“Peppermint candy.”
“I am not running the collective.”
“This is all about you.”
“Defensive.”
“Belief.”
“And you call this communication.”
“He spent a lot of energy getting this right.”
“Someone loves the king.”
“And gets it cut off.”
“Who worked on this?”
“I worked against this.”
“You helped well.”
“A lasting cold remedy.”
“What are you writing about?”
“A lasting cold remedy.”
“How do you take it?”
“In the eye.”
“Think that you have this together.”
“Follow spot.”
“Do not interfere.”
“Why should this make any difference?”
“It does.”
“Where is this headed?”
“Top cock is on top of this.”
“Do not look.”
“You really have not solved the work thing.”
“You will never know.”
“Too many friends.”
“False friends.”
“I am concerned about you education.”
“I am working on a novel about a jewel heist.”
“Does that mean that you get free samples?”
“This is costume stuff.”
“Polished rock candy.”
“You could eat it.”
“That is shocking.”
“It is a testament to the workings of the economic system.”
“The return of the Luftwaffe.”
“This is for people who do not understand history.”

“I am not doing well.”
“Make a move.”
“I know pretty much everything.”
“Who do you learn from?”
“I have a master.”
“I need that glance.”
“I am stealing home.”
“Bingo.”
“That is the only thing that I care about.”
“The overnight markets.”
“I used to relate.”
“Where did it stop?”
“The evolutionary flight got grounded in some kind of terrible situation.”
“You got turned on.”
“That was the only acceptable response.”
“We need to protect the chickens.”
“I am here to become someone’s dinner.”
“That is a terrible fate.”
“What is the alternative?”
“I think that there is this deep connection.”
“Listen to my stuff.”
“We share so much.”
“I am responsible.”
“The world falls at my feet.”
“What is the next page of scripture?”
“These cats know nothing.”
“I keep thinking that I will be rescued..”
“One false move.”
“Fall down while on the assembly line.”
“Prayers.”
“This is so tight that I will never break down that wall.”
“What is that?”
“You are my savior.”
“Accounting homework.”
“I missed what I was about.”
“You wait too long.”
“You leave too early.”
“What do you have?”
“A mean backhand.”
“A fierce endgame.”
“What is really happening on the shop floor?”
“They settled the strike.”
“The pay increase is all conditional.”

“My whole body is crashing.”

“That is all that matters.”

“The wire.”

“The bell.”

“The raw meat.”

“I am not a dog.”

“Beg me.”

“We will finish this at home.”

“You are so good at here that you cannot go anywhere else.”

“Damn.”

“What is this?”

“The pleasure principle.”

“The thought principle.”

“You fucking rules-based order. Target practice against the world.”

“You don’t know what hit you.”

“Chill out.”

“He doesn’t know.”

“None of them do.”

“Go back to Ike off.”

“None of this works.”

“I am glad that you have that shit.”

“Former lives.”
