

WITHIN REASON

“What if stop here?”
“I will not have the opportunity to see your closet.”
“That went down the wrong way.”
“We do not have much opportunity to fashion our character.”
“You are a mean person.”
“Should this matter?”
“This does not matter?”
“The show is almost over.”
“She turns state’s. And the prenup goes into effect.”
“He is already dead.”
“Watch a different movie.:
“The one about the bad plumbing.”
“Ten minutes.”
“Where am I?”
“You pretend that it is you.”
“It gets nastier.”
“You pretend.”
“When no one knew it.”
“It makes no difference.”
“You should have hired a ghost writer.”
“I can smell the fucking cat.”
“I am glad that someone is saving the world.”
“I will come back to that.”
“The irreducible aspect of individual nature.”
“Something real or immaterial.”
“I was told that there was a wedding.”
“This is only the beginning.”
“No one can do better.”
“I cannot even say that.”
“Everything is about boosting you up.”
“What do you call this.”
“A savior.”
“I will return to this.”
“There is something really important, but it is getting distracted by some trivial shit.”
“How do you succeed?”
“I get someone else to do the work.”
“Of course.”
“This is not about assistance. This is subjugation.”
“Then I touched the source.”
“What?”
“Huh?”

“Nothing means anything.”
“I will not get fed.”
“Chew on this.”
“The edge of time.”
“She loves me.”
“Sure, she does.”
“I need an alternative intervention.”
“Then I go in this place where no one knows fucking anything.”
“Then Leo and his conspiracy shit.”
“You won’t be able to find good potato chips in a year.”
“The roiling of the American economy.”
“The steak sandwich.”
“Damn.”
“Someone must know.”
“Did you work together?”
“We are together.”
“You were in my store.”
“This was in a movie that I watched.”
“You are trying to be me.”
“I am being forced to do things that I should not do.”
“There this agreement among all members of the team.”
“Which team are you on?”
“We need to look at what is really going on.”
“This guy is clueless.”
“I do not have three hours to spend doing this.”
“There is one other part to the equation.”
“This is not really something to joke about.”
“We used to be great friends.”
“Who are we?”
“That is something important.”
“You cannot gain escape velocity.”
“And we are back to the hair salon.”
“And you tursted the clown.”
“I trust the stars.”
“I had a signal.”
“We all did.”
“Bye!”
“I win.”
“I am out of here.”
“What is the prize?”
“I am out of explanations.”
“I spend a lot of time thinking about it.”
“It is all me.”

“Me.”
“She does it.”
“I am good at this.”
“Punishment does not lead to liberation. You only want more of the same shit.”
“What does the kitten say?”
“Get a fucking pen.”
“I need to think more about this.”
“Give me what I need.”
“The revelation.”
“I feel so cast out of Eden.”
“There are alternatives.”
“None are immediately apparent.”
“I was looking for an investment counselor.”
“Run home.”
“I am not going pay for this.”
“I feel nostalgic.”
“Good.”
“I can get it all back.”
“I have placed so much effort on this moment that I need a high return.”
“This is some kind of lottery loser shit.”
“What are you saying?”
“You need to consider the odds.”
“Eat the shit off my plate.”
“Who cares?”
“You need to prepare better.”
“I am trying to describe something unusual.”
“Wahy are you so dour.”
“I want something in return.”
“More definition.”
“Honestly, we need to work with makeup.”
“We need to remember this.”
“When?”
“What are you doing to alter things.”
“I need to be on all the time.”
“Do have a grip?”
“Get a grip.”
“Where the fuck am I?”
“You were taken prisoner.”
“You are kidding.”
“No, you are going to have to do some crazy shit to leave.”
“Where did you go?”
“Is the joke still holding?”
“That is not much.”

“Did you plan this.”
 “You need better tires on the car.”
 “You are one of those people who loves her job.”
 “I do.”
 “What kind of time does it give you to read or to explore your creative side.”
 “That is up to me.”
 “And you are too tired to do a thing.”
 “I will get off this planet.”
 “The higher plane shit.”
 “I am the wrong room.”
 “The food is in the dining room.”
 “I am looking for the library.”
 “Next door.”
 “There is no way out of this kind of exile.”
 “That meant something.”
 “Then everyone got what he wanted.”
 “I see it.”
 “That is not how it works.”
 “I knew him.”
 “You were great.”
 “There is a party in your honor.”
 “Eat the flesh.”
 “What is missing?”
 “How will that change things?”
 “I only have one choice.”
 “The shears.”
 “This is great.”
 “He is a good stylist.”
 “And then you realize that there is nothing else. This sense of total emptiness, and it is
 you.”
 “There is not trace of sensibility.”
 “That comes with a cream filling.”
 “Damn.”
 “Give up before you embarrass yourself.”
 “We all do.”
 “The answer.”
 “The question.”
 “Oreo cream-filling.”
 “Vince really eats this shit.”
 “There are so many alternatives.”
 “That is our freedom.”
 “They call it healthy alternatives.”
 “Ask your search engine.”

“You will never ask a question that cannot be answered.”
“I do not want to go back in time.”
“We going to need to be more precise.”
“You will definitely need a helper.”
“Different ways of hearing.”
“You need to close your eyes.”
“That could mean something else.”
“We never know.”
“We do know.”
“People get degrees in finance for this shit.”
“They are searching for hidden assets.”
“Writing off debt.”
“You sell the same thing five times over.”
“That is why it works.”
“The plan has a plan.”
“You get hit on the head with the worst kind of shit.”
“This is not meant for me.”
“More eternal return.”
“Reality avoidance.”
“Why did you make it hurt?”
“To know that you are already there.”
“A bad joke.”
“Do not accuse.”
“Where is the blame?”
“That almost went too far.”
“And you arrive at your destination.”
“The milk and honey.”
“The one thousand years of propganda.”
“That does not work.”
“It works for me.”
“What is the alternative?”
“Vague reflections about past. You inability to implment a clear plan.”
“And you think that stuff works.”
“So you take all the money for education, and you give it to your dad, and you pretend that he is some kind of expert on major bull shit. And you look up to him. And you extol his brilliance.”
“Can you spell?”
“I know where this is going.”
“I can’t even look you in the face.”
“Dribble, dribble.”
“I am really coming apart.”
“Blame the education.”
“I am back in the classroom.”

“Are you ready to learn?”
“I am not going to change for you.”
This is not a personal thing.”
“This is not an impersonal thing.”
“You tried to convince me that you are good at what you do.”
“And you are.”
“I worked a long time on this.”
“Will this work?”
“You are so boring. All you can talk about is work, and you are not all that innovative. I might as well be dealing with a machine.”
“I am looking for something that I love.”
“More words.”
“Liberation.”
“I need to hide.”
“I need to confess.”
“You will get this.”
“Nothing will change.”
“I am entering a program.”
“That will not help.”
“What comes next?”
“Some remedial work.”
“Sorting out the assets.”
“Warming up.”
“Warming up to something that you need to know.”
“I am so done.”
“I was in the middle of this massive current.”
“And you paid for that.”
“It is a good car.”
“It is a good watch.”
“It is a good deal.”
“How long before you know?”
“I am there to help.”
“No human contact.”
“Am I in fucking solitary?”
“I wish that you had better ideas.”
“I cannot really understand.”
“We are all part of the same organization.”
“They are monitoring all of our emails.”
“The whole package.”
“I did not want to look.”
“It made me sick.”
“The shell fish was bad.”
“I am not eating shell fish.”

“Do you want to be flattered?”
“When do I get out.”
“I was not clued in.”
“I knew that it was time.”
“People with nothing good to say.”
“And what do you do when you are not working on your shit.”
“I am working on myself.”
“And that makes a difference.”
“And you think that you know.”
“You do not know what the owners are thinking. You are really getting screwed.”
“They are working on the sewer system.”
“Do you hate me?”
“That is part of the coalescing universe.”
“Where do I fit?”
“Do not interrupt me.”
“Who else is involved?”
“This got out control.”
“What did you say wrong?”
“She left before I could ask the question.”
“Ellie?”
“We are all leaving together.”
“Who is driving?”
“I do not want to get this wrong.”
“Have you read the corporation bylaws?”
“I signed the NDA.”
“That tells me nothing.”
“Have you scored the resolution?”
“I have this down.”
“The words are all falling out of my mouth.”
“I have new words.”
“Come back.”
“That filled me with certainty.”
“I realize what is the problem.”
“It is the same story.”
“Come to the farm.”
“The ranch.”
“We discovered diamonds.”
“Coal.”
“Cola in your stock
