

**REPORT**

“We still have the chance to go somewhere else.”  
“We are back at the same place.”  
“Why did the Nada story not continue?”  
“She vanished.”  
“You are destroying me.”  
“What else are you looking at?”  
“It is a starless night.”  
“This is a complete denial of the universe.”  
“There is another view of the cosmos.”  
“The comatose.”  
“You stepped out of a dream.”  
“That could be a limited connection.”  
“Work a little longer.”  
“I lost my mind.”  
“I need to stop.”  
“You will stop.”  
“I can wait a few more minutes.”  
“Do I need to leave?”  
“I need to share some shit, but I really lack the words.”  
“I need to sustain the fantasy.”  
“The anti-fantasy.”  
“I do not want anything.”  
“There are those serious gaps in my life.”  
“I love this place.”  
“You are not going to find me there.”  
“I take care of one thing.”  
“Some one thing.”  
“Get on with it.”  
“I feel all dressed up.”  
“That was something that I cared about.”  
“This is history for you.”  
“I cannot say a word.”  
“I am more influenced by other people.”  
“Why do I keep doing this?”  
“Then I wake up in the same place.”  
“We are slicing existence to next to nothing.”  
“Are you still here?”  
“I am so inspired.”  
“And it comes down to one thing.”  
“I cannot even look.”  
“I keep imagining something that is not going to be.”

“I feel all destroyed.”  
“I am all destroyed.”  
“I needed to get here earlier.”  
“I could talk about her statuesque gait.”  
“What statue?”  
“Is that a relic?”  
“We are getting into some crazy territory.”  
“He knows things.”  
“But it is easy to get caught up.”  
“This is going to take forever.”  
“I could be your publicist.”  
“You destroyed something.”  
“I am not doing this on purpose.”  
“Whose life is this?”  
“I cannot fix things.”  
“I became distracted.”  
“I was really distracted.”  
“I really hate this job, my life, my place, my relationship.”  
“How can I tell that?”  
“I do not complain. I suck it up.”  
“I cannot understand that level of solitude.”  
“I wake up the next day, and I am not the same person.”  
“These are skills.”  
“What is your investment?”  
“Things will change.”  
“I get kissed by a miracle. Then the miracle dissipates.”  
“We are waiting somewhere else.”  
“This is the next stage of our development.”  
“I am very much alive.”  
“Write a report on your life.”  
“Get mad.”  
“I am beyond mad.”  
“You are a mean person.”  
“Someone has been following me.”  
“I am going in for a long time.”  
“What else is here?”  
“The inevitable rattle taking me back home.”  
“Why did I even leave the house.”  
“We accomplished some major shit.”  
“Look at me.”  
“There was so much action.”  
“And you did not want to know.”  
“There were so many people that I wanted to ask.”

“You are almost there.”  
“That does nothing for me.”  
“We can restore you.”  
“I want more.”  
“Do not fall down.”  
“I can feel the earth coming at me.”  
“This will work the first time.”  
“Then.”  
“The words are failing me.”  
“You start off railing about the shit in your life. Then you discover a system. After that,  
you do not want to talk about anything else.”  
“I discuss horror movies.”  
“You are interfering with my gig.”  
“Where did this start?”  
“I am too involved.”  
“I need to rework this.”  
“This will be okay.”  
“I feel tough.”  
“I have been thinking about you all week.”  
“I have not.”  
“When were you last here?”  
“What do I plug into.”  
“There is a logic.”  
“There is an interpretation.”  
“I could not find you.”  
“Find me.”  
“Where are you hiding me?”  
“I get very specific at doing nothing.”  
“What you love, you are supposed to hate.”  
“The body.”  
“The bones.”  
“The soul.”  
“I am learning how to appreciate your style.”  
“This looks so different when I am sitting it out.”  
“I have heard enough.”  
“Enough!”  
“What were you doing before?”  
“Homework.”  
“I closed the shop.”  
“I am not afraid to reveal what I am made of.”  
“What?”  
“Do you think that he knows?”  
“We are going to have to take steps.”

“It is all by feel.”  
“That is hilarious.”  
“Which day is this?”  
“That is not happening to me.”  
“That is happening.”  
“You have what you need.”  
“That is a little bit wonderful.”  
“There is a different way to see this.”  
“See it for what it is.”  
“This is a great moment.”  
“This is not a great moment.”  
“I am here.”  
“I reserved a meal.”  
“And that will explain it.”  
“What are your aspirations? What is your love?”  
“Who are you waiting for?”  
“So much me self bull shit in one place.”  
“Will it always be like this.”  
“Only on confessions.”  
“I do not want to go to church.”  
“Where are we headed?”  
“Where are you actually from?”  
“Are going cosmic?”  
“Do not even try me, because I was trying to be nice. You do not want to see my fangs.”  
“Waht is this?”  
“There is a different fight.”  
“And I always felt out of place.”  
“Take this.”  
“I am melting.”  
“We all have melted.”  
“It is a punishment.”  
“We are mapping the international situation.”  
“We are a situation.”  
“We are a love thing.”  
“I hope that works.”  
“What do I want?”  
“Consciousness.”  
“Are you listening?”  
“You can’t save the world.”  
“Is that your fucking excuse?”  
“Go for it.”  
“Stare at the image.”  
“This is success.”

“This is cruelty.”  
“What is better?”  
“I could take this further.”  
“You would not be the first.”  
“I never touched down.”  
“Is that a penalty?”  
“What is in your journal?”  
“How can that be the next epic novel.”  
“Bad times.”  
“Good love.”  
“I want better solutions.”  
“What did the world do to me?”  
“I was in discharge for so long.”  
“And what was released.”  
“I have a PO.”  
“I am glad that you have reintegrated in society.”  
“I know where to go to find people just like me.”  
“It is not hard.”  
“You reach a breaking point.”  
“Write it down.”  
“I think that the vibes are freaking me out.”  
“It’s that crucifixion thing.”  
“Is this ritual?”  
“That is the big question.”  
“I know what you have been doing all day.”  
“You do it.”  
“That was heading for my head.”  
“The parts were moving in different directions.”  
“The world is coming apart before my eyes.”  
“Someone is taking a long look at the world.”  
“You have this.”  
“That is what I am so afraid of.”  
“We have different sense of temperature.”  
“You have been abandoned here.”  
“How much self id yo bring along.”  
“Who has this better?”  
“He started out as a philosophy professor.”  
“There was too much the triumph of the idea.”  
“These were different ways to say the same thing.”  
“What is being said?”  
“Win the race.”  
“I knew that you were on the race.”  
“There is more than one way to eat a carrot.”

“This is what happens when you are dealing with heavy levels of censorship. Everything becomes such an oblique reference.”

“If I only had a little time.”

“We could talk about territorial integrity.”

“And blood sacrifice.”

“I am spreading out.”

“This is what I always wanted.”

“You are lovely.”

“He appreciated the compliment.”

“I have been taking compliments.”

“Where does that lead?”

“This is what it means to live in the public.”

“That was her issue.”

“Sweet Charity.”

“Is that how we describe the development of literature?”

“I could have loads of serious conversations. I need to attend to this really silly one.”

“Where will this knowledge end up?”

“Nothing moved.”

“I loved it like that.”

“I did nothing.”

“There was a wall.”

“You passed through it.”

“I am going to have to become a thief.”

“You already are some kind of thief.”

“We can enumerate your crimes.”

“My pen slipped.”

“Are you taking dictation?”

“What do you want me to say?”

“I am living in a heatbox.”

“You reveal your political allegiance.”

“How did you get here?”

“You are going to have privileges that come with the job.”

“That is all that I have left.”

“The results of an accident.”

“That is everything.”

“The smile.”

“The mirror cracked.”

“I can tell.”

“You cannot tell.”

“Do not even bother.”

“She picked up another notebook. This was done for your benefit.”

“Which one is the thief?”

“The one who is more conscientious.”

“The one who lacks an understanding of history.”

“The individual.”

“The movment.”

“I have money to spend.”

“We all editorialize.”

“I only want to be fed with a feeding tube.”

“We have another option.”

“Give me life.”

“I cannot listen to any of this.”

“The advisor.”

“You will take the fall.”

“You will all fall at once.”

“This is too much for me.”

“Give me a couple of weeks.”

“I am much closer to an answer.”

If we assumed that she had a unique understanding of the universe in progress, how could she accord this development with her growth.

“I only need one bit of information.”

“The human expression.”

“Give me death.”

“There are opposing forces.”

“It is not time yet.”

“I died and went to heaven.”

“Who is the tour director?”

“We have been here before.”

“He really knows.”

“Do not mention it.”

“This could be a theater.”

“I do not work here.”

“This is where I want to be.”

“Sweet and sour.”

“Hot and cold.”

“I am going to come apart due to the contradictory emotions.”

“I am over the flattery.”

“I recognize what this is really about?”

“Do you now?”

“I can’t feel it.”

“None of this affects me.”

“Are you telling you that like it?”

“I have almost reached the top of the world.”

“We are going to have to do a tracheotomy.”

“I did not think that it was going to come to this.”

“A more expansive pictuer of the world.”

“I do not have emotions of my own. I am trying to steal yours.”  
“This could be your story.”  
“This is your story.”  
“That is not even possible.”  
“You don’t know what we are dealing with.”  
“How can we balance that?”  
“This is not meant to be real.”  
“What else is left?”  
“You asked before.”  
“Wasn’t there a manifesto?”  
“I am a mind reader. They hate me or it. I make up things, and they eventually result in something that you have been thinking.”  
“I recognize these continuities.”  
“And nothing accords.”  
“I get lost in chaos.”  
“The echo gives me the creeps.”  
“You give me the creeps.”  
“What am I missing?”  
“What am I missing?”  
“This is live.”  
“You’ve got the whole world in your hands.”  
“You are getting distracted from your spiritual journey.”  
“Maybe, you could spend some time in a facility.”  
“What are you talking about?”  
“This is nothing that I know.”  
“This is nothing that I want to know.”  
“What is on display?”  
“He is waiting outside.”  
“He has finished a new chapter.”  
“You are not included.”  
“He said that he was going to map the facets of my emotional life.”  
“That could work for me.”  
“That is too modern for me.”  
“I get it.”  
“Where are you taking this from?”  
“That is so unbearable.”  
“We are so deep in the bull shit.”  
“I thought that we escaped.”  
“Vulnerable wants to hear vulnerable things.”  
“I just got off work.”  
“What are you willing to admit?”  
“You were a model for this statue.”  
“I worked from memory.”

“Are you playing on this?”  
“I could do this.”  
“I wish that you had more skills.”  
“Watch me take off.”  
“This is a total distraction.”  
“He is looking in your eyes.”  
“That is so much shit.”  
“When did that start?”  
“Line ‘em up.”  
“We are hurting ourselves.”  
“And that makes a difference.”  
“I am running out of hope.”  
“I feel as if I am being interrogated.”  
“You are.”  
“We are not on the same page.”  
“There are not even pages.”  
“Are you enough for me?”  
This was supposed to be the total story.”  
“Want to hear my joke.”  
“You tell me.”  
“All the time.”  
“All the time.”  
“The physical changes.”  
“And you leave the field of battle before you can make an imprint.”  
“None of that matters.”  
“What is your objection?”  
“This is the immediacy of my emotion.”  
“It only feels better.”  
“The eyes.”  
“The art.”  
“I can feel it.”  
“He can feel it.”  
“And this matters that much.”  
“Johnny can’t read.”  
“He doesn’t have to.”  
“Did you learn from the past?”  
“Hurt.”  
“Do I have to hear any more?”  
“You are listening.”  
“Someone will help.”  
“How does that work?”  
“Everything is exaggerated.”  
“I should be home.”

“Run home.”  
“Would you call this a home?”  
“I am working at this.”  
“”I do not want to be lied to.”  
“And he arrives.”  
“And he arrives.”  
“Are you keeping track?”  
“He has too much intelligence to be intelligent.”  
“Nada is not going to show.”  
“I could substitute.”  
“Did you read the manifesto?”  
“I splattered some paint.”  
“What is the timeline?”  
“I am trying to relate the art to the manifesto.”  
“Ideas don’t get you there.”  
“Perspective and straight lines.”  
“What are you looking at?”  
“Total coherence.”  
“It is going to be a long night.”  
“Too many adjectives.”  
“That is the worst”  
“The author is intruding when he is not needed.”  
“That is the basic principle of education.”  
“I want to dwell on these issues.”  
“This is an audition.”  
“He cannot possibly be good. He is drooling as he talks to you.”  
“Are you always looking for a victim?”  
“That seems so tedious.”  
“There no boost.”  
“They will get boosted.”  
“I hate this understanding of the human spirit.”  
“Nature.”  
“Or nurture.”  
“That will more than work.”  
“You are going to have to make the step.”  
“Perhaps, I can be rescued before I need to finish.”  
“That is some kind of scripture question.”  
“Is it in the words?”  
“Everyone is cheating.”  
“You are cheating as well.”  
“Damn!”  
“Why is anyone affected by that?”  
“I cannot deal.”

“He battled a mountain lion.”  
“And you are eloquent.”  
“I am heading for higher ground.”  
“You are going to have to spend some money.”  
“You are so nice.”  
“What is down there.”  
“This is all by imagination.”  
“I am going to get out of there.”  
“What happened here?”  
“What happened here?”  
“This supernatural shit is not going to be worth much of anything.”  
“I cannot save you, you, you, and you.”  
“Come out of character.”  
“No one will.”  
“Please.”  
“Pretty please.”  
“Tempest is being hurt by her aspirations.”  
“There is only one endgame.”  
“THE END.”  
“Identity theft.”  
“How long did you spend on your homework?”
