

ANARCHY

“Lancer, what are you calling anarchy: the right to destroy societies and restrict the free movement of their citizens? There are so many things that are done in our name that only increase the level of chaos in the world. You are used to empowering elites in other countries, who are committed to eviscerating public resources and making these places more amenable to exploitation by developed nations. How does that work at home? You promote interests which muzzle public protest and advance economic exploitation.”

“This is a commitment to an enterprising spirit. This means sharing our prosperity with other countries. We need to protect ourselves against people, who do not share our values of hard work.”

“I know that your commitment to busy work comes off as contributing to the public good. It’s pretty obvious all around that once people find their reward the easy way that they are not going to want to exchange their wealth for a serious investment in the society. Things do not work that way.”

“You are envious of people who work all the time. You are not willing to devote yourself to your dreams, and you resent people who have been successful living up to their dreams.

“This has little to do with success. Lancer, this seems like quite enough anarchy for any of us to deal with. But I will meet you in Tripoli to discuss the future of democracy.”

“Why are you so mean?”

“I have an investment in social order.”

“What is that about?”

“Let’s talk about the future of the future.”

“Lancer, where are you hanging out?”

“Somewhere that I can’t be found.”

“I loved you.”

“That is going to be a story in itself.”

“Who is going to organize?”

“This is all that matters to me.”

“This is worth more than money.”

“I will do what I can.”

“I will take care of this.”

“You have opened the door. Now, you need to close it.”

“I am doing the best that I can.”

“If you didn’t interfere in the lives of others, things would be a lot smoother.”

“Someone needs to clean the stables.”

“We are all forgiven.”

“Forgiveness is freely available.”

“You are so mean.”

“Being mean is part of your game.”

“Off with her head.”

“We could use other references.”

“We could talk about the killer in the house.”

“They had families. It just wasn’t your family.”
“Who cared?”
“We all care.”
“Hang on.”
“I am not reconciled to the regime, which forgave these people.”
“We do not need to worry about this.”
“What is for Thanksgiving dinner.”
“Something very tasty.”
“Do not worry about my wounds. I am the ghost of Thanksgiving past.”
“I thought that you did not celebrate.”
“I can give you what you want.”
“Actually, you can’t.”
“Why did you have that right?”
“I worked hard.”
“And you partied hard until it was not partying anymore. It was some kind of death.”
“Death.”
“Death in life.”
“Who is talking?”
“The world.”
“Mother.”
“We have moved on.”
“The ripply of democracy.”
“Where does it stop?”
“Do not ask for what you cannot have.”
“Some people do not ask.”
“You want some one thing.”
“What do you want to tell me about your aspirations, Lancer?”
“Who else in the room?”
“Something like conscience.”
“You could give us a choice.”
“But you do not.”
“Who will escape her conditioning?”
“The word is out.”
“I am glad that he is so sensitive.”
“I am glad that he is so sensitive.”
“Where do we go to?”
“Kinder gentler fascism.”
“How did you escape?”
“I killed my persecutors.”
“We do not do that anymore.”
“What is the choice?”
“Someone will explain it to me.”
“Who is the problem?”

“What do they share?”

“Forced mediocrity.”

“Keep on keeping on.”

“I need to be somewhere.”

“Someone cherishes me.”

“Where can I hide?”

“This is going to get good.”

“This is good.”

“Everything comes due.”

“The chickens and roosting.

“The last person who said that got roasted.”

“What did you leave in the car?”

“Can you finish this for me?”

“That are those who have been cast out.”

“IT WILL TAKE TIME TO HEAL.”

“You need to understand how to read this.”

“I make an A-list, and I see how it works with the reset of the world.”

“Your job better be good.”

“If you are going to confront the economic system, you need to explore your own productive capabilities. Otherwise, you will not recognize the full brunt of the economic system.”

“It’s a capitalist system.”

“There are productive capacities that give you consciousness, and you can use this to break down the system.”

“We see it in a different way.”

“And you adopt some kind of random bull shit approach to social change.”

“How did we get here?”

“Limited creativity.”

“I am not going to wait around.

“This is another level of nostalgia.”

“You like what you have.”

“From your understanding, it might as well be a feudal system.”

“Daddy does bad things.”

“And you think that you are along for the ride.”

“Will there be riding?”

“I have things to ask you.”

“I have things not to ask you.”

“You need to be careful.”

“What are you saving?”

“Something that I never wanted to save?”

“The world will set you free.”

“All for the best.”

“Your buddy is waiting for you.”

“We are twins.”
“Matching pairs.”
“Watch the spins.”
“This could be the beginning.”
“This is where we are going next.”
“I am supposed to love you all.”
“I am well on my way.”
“I entered a program.”
“All the company men go that way.”
“I have a hole in my head.”
“No one notices.”
“It is all pretty much the same.”
“I heard the church bells.”
“What is the program about?”
“Love.”
“Watch me.”
“I am here for you.”
“What is that really about?”
“More I don’t want to be here.”
“I don’t want to be there.”
“I want to be.”
“But I do not want to be anywhere.”
“That is cute. But it is not cute for me.”
“Who are you?”
“I’m the guy who was talking to Lancer. Then I said some weird shit. And no one wanted to talk to me after that.”
“Who are you for the masquerade ball?”
“What has happened to us now?”
“I need to make one move on the big board.”
“I need to make the big board.”
“You are Lancer’s friend.”
“And everything is reduced to that one gesture.”
“That was fun twenty years ago.”
“I wasn’t.”
“I won’t be.”
“I am not even here.”
“I am following your breathing patterns.”
“This is your life.”
“This is your future.”
“I am perfecting prophecy.”
“What is the expectation?”
“I am already disenchanted.”
“I am clearly stuck.”

“Take a breath.”
 “Do not blame the conspiracy.”
 “I am hearing voice.”
 “What are they saying?”
 “Get down.”
 “Take one of these.”
 “Can this make any difference?”
 “When did this make any difference?”
 “Do you want to lay a coprorate party?”
 “Can you help us clean up our international image?”
 “I do not even think about it.”
 “I tossed my hat in the ring.
 “Now, it gets really tricky.”
 “We started with the governmental promotion of anarchy.”
 “I am going to float on this.”
 “We need to intervene.”
 “Thank you, but you did not render the hole in my head.”
 “This will end up in the appropriate place.”
 “There is a difference.”
 “I can make a list to help you sort things out:
 1. The promotion of governmental policies.
 2. The hardening of consciousness to accord with these policies.
 3. The weakening of the educational system.
 4. The strengthening of intolerance.
 5. The advance of fake opportunities.
 6. Opportunities for security and surveillance.”
 “Do you want them to come after you?”
 “I am not in demand.”
 “What does that mean?”
 “I will not be here long enough.”
 “What is the combination to the safe?”
 “I should not even try to intervene.”
 “That is a familiar graphic.”
 “I had a special power of revelation.”
 “What is today’s miracle?”
 “I can cmeall it on you.”
 “I will wait.”
 “They will come to me.”
 “We have arrived.”
 “Love me!”
 “This is the surface.”
 “What is floating on the surface?”
 “I am doing my best not to go under.”

“I am going to think about it all night.”
 “And I will think about dinner.”
 “They are waiting for me.”
 “You are going to have to break.”
 “I am doing my best to learn.”
 “I could teach you principles.”
 “You are trying to imprison me in my own mind.”
 “Own it.”
 “What is that about?”
 “Ownership is only a temporary relationship.”
 “What does Lancer really know?”
 “How to protect the world?”
 “They really think that they are smarter than the average bear, and they try to project this image to world.”
 “Be nice.”
 “Do not be mean.”
 “Turn the page.”
 “We are going to operate.”
 “Do we have a match?”
 “There are no matches.”
 “Are you some kind of alien.”
 “What can Lancer do?”
 “She can teach her child.”
 Lancer prepares Tristam for the changes in the world.
 “What is coming?”
 “Be nice to Tristam.”
 “This is a shift in political allegiances.”
 “Shine it up.”
 “Polish it off.”
 “Free-form Friday.”
 “There is no structure.”
 “ANARCHY.”
 “You are very good with this.”
 “He was a sailor.”
 “You called him a zombie.”
 “So much for spiritual redemption.”
 “Simply because we see though spiritual belief does not mean that fabric won’t be able to steer us to the Promised Land.”
 The treasure map.”
 “I am looking for what everyone else has.”
 “I want my life back.”
 “I am trying to remember you all.”
 “We have a perfect life.”

“There was a disenchantment with political leadership. But anarchy is a form of despair that ignores that we can have something else.”

“Hatred of my day on the farm.”

“What is the organization?”

“What do you want?”

“It is more than a disenchantment with existing forms of political organizations. We can push the available forms of social activism.”

“Where is this going?”

“Lancer runs a garden party.”

“That is mean.”

“What is in the garden?”

“The snakes.”

“It takes a while before the snakes assume a position.”

“There is the swarm.”

“I will be rescued.”

“By the swarm.”

“Who will bless my days on the earth?”

“I am not going to complain, but I am going to complain.”

“What are you writing about?”

“Why I finished in second place.”

“Why I bet the farm on this operation.”

“Why I bet.”

“The farm.”

“Shit.”

“What is that about?”

“This is not about agricultural work.”

“What did they put in our food?”

“There is a lot of garbage.”

“This is going to turn.”

“What do I really think?”

“That this mediation is not going to work.”

“What are the alternatives?”

“Cough medicine.”

“Self-medication.”

“Meditation.”

“Save me.”

“The savior is very busy.”

“What do you really think?”

“Line it up.”

“I am not really listening.”

“When does the soloist play.”

“Solo flute?”

“A piano sonata.”

“How does that work?”
“I am not sure anymore.”
“Stop it.”
“This cannot be stopped.”
“I was funny.”
“I was very funny.”
“What else do you have?”
“Love.”
“I have truth.”
“Come to the truth celebration.”
“This is about performance.”
“Are you good with this?”
“It takes a lot of work to get to that point.”
“I couldn’t help myself.”
“She can’t.”
“She can.”
“This is getting good.”
“You already said that.”
“Pass the ketchup.”
“You will never be free.”
“Taste the sauce.”
“I love the combination.”
“Do not mix drinks.”
“I am not drinking.”
“The program.”
“The kid.”
“If you were me, all this would make sense.”
“If you were me, all this would make sense.”
“How do you dress for this music?”
“How do you dress for the apocalypse.”
“Hear me.”
“I hear so many things.”
“That is not me.”
“What happened to me?”
“Erosion.”
“You loved the wrong thing.”
“I am listening to the heart.”
“The heart is silent.”
“That is what I want to understand.”
“All about my past.”
“I was there.”
“I was there.”
“I am good with redemption.”

“We started with miracles, and now we are at redemption.”
“We started with the garden, and we got to some snakes.”
“We started with a garden hose.”
“We started with torture using a hose.”
“Do you want to talk about political issues.”
“I want to be involved.”
“We are not friends.”
“You do not understand.”
“Katrina understood, but Katrina did not understand.”
“Do not understand.”
“This is like playing tennis against multiple opponents with more than on ball.”
“I am looking for redemption.”
“That is the big lie.”
“Stay with me. There is an element of truth.”
“Where does belief get us?”
“Waiting for something that is not going to come.”
“You are not going to help.”
“No one will.”
“They do not understand the opposition.”
“I need to look.”
“I need to listen.”
“Who are you really listening to?”
“G. Wayne.”
“This is not going to be good for our future.”
“You do not have to continue this forever.”
“That is wild.”
“I could work on this some more.”
“You didn’t have to come this far.”
“What is the real tear in time?”
“I thought.”
“We all did.”
“These are all wonderful variations.”
“What is really there?”
“Gasping for breath.”
“I know what he wants.”
“I do not want to be mean.”
“He needs to learn how to dance.”
“The body will not oblige.”
“Do you know what they really did?”
“I would never take a chance.”
“We are all taking a chance.”
“DO YOU BELIEVE IN THE MOVEMENT.”
“I will be killed for uttering this one sentence.”

“Who is against whom?”
“There is always one move.”
“More than one.”
“Jump in.”
“That is how it should be worn.”
“That is not some kind of political choice.”
“You need to move a lot quicker than that.”
“The whole system breaks.”
“What will you do about that will not land you in a federal prison?”
“The people must be served.”
“I could ask.”
“I really want you to.”
“An enigma.”
“I am a nice person.”
“Is that some kind of flavor?”
“This could be the end of it all.”
“I am going to work as I talk/
“I need a head start.”
“I need the template.”
“Do this for me.”
“Can you send this to me?”
“I am sending this to myself.”
“I do not want to end up like this.”
“We all are ending up the same way.”
“How did Lancer get in here?”
“She had things to share.”
“What does she know?”
“Who still cares?”
“Why is this worth your while?”
“That was handled very smoothly.”
“I have learned a great deal about the political order.”
“What are the stakes?”
“Who is helping me?”
“The cook.”
“Today goes as a wash.”
“I really got messed up.”
“What did you do next?”
“I am digging in deep.”
“I do not want to be alone like that.”
“They are doing some weird shit to us.”
“And you took us here.”
“That was supposed to be innovative.”
“What does that mean?”

“Just in case.”
“There is not much holding me here.”
“Then you are held.”
“I am collecting these glimpses.”
“The surveillance system cannot see anything.”
“You need to stop right now.”
“I am not greedy.”
“When it arrives, it arrives.”
“How do you make up for your lack of performance skills?”
“I like to reward myself.”
“I want that to be me.”
“Do not be afraid.”
“Fear is the only resolution.”
“I was not ready for what happened.”
“These are different kinds of allegiances.”
“Have they fixed up our place?”
“That would work.”
“I am out in space.”
“Huh?”
“I am really out there.”
“There is someone who comes afterwards, who will put everything in place.”
“You have volumes packed in there.”
“I am never going to catch up.”
“I want to join.”
“I feel badly for him.”
“He can do one thing well.”
“To make up for a shoddy performance.”
“Why are you so obsessed.”
“That is what it comes to.”
