

SITUATION

“Anne, you don’t go that deep.”
“I don’t have to go that deep. I only have to fit.”
“That can be the beginning of some kind of political upheaval.”
“I want more.”
“That is the beginning of social rebellion.”
“An amusement park.”
“A merry-go-round.”
“That was my guess.”
“A roulette wheel.”
“I do not like where this is going.”
“There is a big investment.”
“I am not here.”
“Where are you going to end up?”
“That was brilliant.”
“Have you eaten too much cheese?”
“Which side are you on?”
“I got a publicist.”
“That is not going to be enough.”
“You need a total guru.”
“Anne has an appointment.”
“Distinguished professor.”
“A fellow.”
“Not a fellow.”
“This is going to get crazy.”
“This is so far out for not beginning with much.”
“I think that you end up with not much going your way.”
“We are only getting started.”
“These are my demands.”
“Not much, but it will take a whole book to disabuse you of these ideas.”
“What is in the book?”
“The bad days and the good days.”
“All these memories.”
“I am not looking for assistance.”
“Why should that work.”
“There is so much to wonder about.”
“One goal.”
“One non-goal.”
“Forgetting.”
She came in.
“Who are you talking about?”
“I am useless.”

“I believe that there are no other possibilities.”
“What is the summit of belief?”
“You tell me.”
“And the process begins,”
“I am the process.”
“You asked me for something.”
“This means vastly different things to different people.”
“I am going to put it together.”
“What is the system?”
“I realize that no one can know.”
“The killer knew.”
“What is in there?”
“This is beautiful.”
“I do not expect to be loved.”
“The leader wants adulation.”
“This is not perfect.”
“You say the same thing to each other.”
“This is the new school.”
“Should we let him in?”
“I am the book. Taste it on me.”
“And it ends like that.”
“There is more to come.”
“I did not spit on your food.”
“You make this seem to be so good.”
“That moment is coming.”
“A savior.”
“Ask Anne.”
“She is belief.”
“She is beyond reproach.”
“I can help.”
“I am trying to explain the picture.”
“A picture is a thousand words.”
“I am a thousand words.”
“That is not Anne.”
“She is a few words.”
“The words change.”
“The people change.”
“What is the continuity?”
“The smile.”
“The un-smile.”
“What is not seen.”
“What is implied?”
“The bones.”

“The elements.”
“Salt.”
“I am losing my place.”
“Clean you face.”
What else do you want from me?”
“We are going to sign you.”
“Do not stop.”
“I cannot quit.”
“There is no way to stop.”
“Cease, and desist.”
“There is more to be said.”
“There is more not to be said.”
“This keep me employed.”
“Does it make you work harder.”
“They are fixing the sewer system.”
“They are constantly working on the sewer system.”
“You cannot export your plumbing problems.”
“We need more water.”
“That makes no sense.”
“I am thirsty.”
“That is a political cry.”
“What happened.”
“They worked quickly.”
“We do what has always been done.”
“You do not have any self-reflection.”
“This is tricky.”
“Why are you abdicating?”
“I am not part of the clean up crew.”
“I need to do my laundry.”
“You are reminding me of so many important things.”
“Nothing important here.”
“You are wanted.”
“Thank you.”
“Is that a faith or a calculation?”
“This is a miscalculation.”
“I can make that work.”
“I am still alive.”
“When was that?”
“That is all that matters.”
“I am glad that you are so reductive.”
“Nothing will follow from this.”
“Why are you quitting?”
“I will not understand.”

“Understand.”
“How does this affect you?”
“Is she listening?”
“She wants to fill in for what is there.”
“That becomes a relationship.”
“What are you thoughts, Anne.”
“Anne does not think. She cuts off heads.”
“I poison my opponents.”
“She is on that.”
“She is out.”
“This is worse than I can imagine.”
“Better.”
“This is a whole lot of nothing.”
“You thought that was cute.”
“Perform.”
“This is the balance to the balance.”
“He really doesn’t understand.”
“Fine.”
“Not really.”
“The moment fills in for everything that is not there.”
“This is not what is needed.”
“I will count observe the next ten applicants.”
“What are you doing.”
“You obviously do not think about it.”
“Do I need to?”
“It is all about the ticking time clock.”
“What does anyone know?”
“There are numerous examples of things coming to precipitous halt.”
“This is like a social earthquake.”
“Nothing new has occurred.”
“I am not good at this.”
“Lottie never figured it out.”
“Neither did Anne.”
“I want to be surprised.”
“We read from different books.”
“Loud and proud.”
“You cannot escape those around you.”
“What do you have on me?”
“I need to see last episode.”
“You are not hoping for much.”
“Work or play.”
“Do you have control over the exchange rate.”
“Something new needs to be accomplished.”

“This is even worse than anything that I know/”
“I need to leave the show.”
“You were asked to leave.”
“I have got this.”
“Very simple.”
“Are you kidding?”
“You are going to live with this.”
“I am protected.”
“Surely, you are.”
“What kind of battle is this?”
“These are completely different ways of seeing thing.”
“I am not going to even comment.”
“You are commenting.”
“I have a lot of work ahead.”
“There is a special skill.”
“Holding your breath.”
“Saying nothing.”
“I am trying to obtain a historical perspective.”
“We were in another room.”
“I am going to collapse in my own bull shit.”
“She could know.”
“I think that is something else.”
“You are making a point.”
“What is your point?”
“There are different distribution of resources.”
“We see things very differently.”
“I got burned. Seriously.”
“The radiator.”
“I will be better.”
“There are some things that I do not trust.”
“I do not grasp that.”
“This is so raw.”
“Are you eavesdropping?”
“There is a clearer purpose.”
“Do you mind if I interrupt?”
“We want different things.”
“You come to me.”
“Or you do not come to me.”
“You believe, but you do not see what the people see.”
“And that will last?”
“This is not the night.”
“You are gambling wrong.”
“What do you want to teach me?”

“I am looking for the wizard.”
“Why do you believe?”
“This is a job.”
“You can leave.”
“Did you collapse?”
“What is that shit?”
“There are immense gaps in the story.”
“Change one word.”
“Self-hatred.”
“That says it.”
“That says it.”
“I need you to be more profound.”
“This is not a out a feeling. I need a more authoritative description.”
“What do you have there?”
“Be honest.”
“You are kidding.”
“Someone tolerates that shit.”
“Damn.”
“I thought that I had attained the understanding.”
“I know what you like.”
“He is not that good.”
“Nothing is.”
“We could work on wardrobe.”
“What would that tell us?”
“That we have money to invest.”
“Focus on this.”
“That is what really turns me on.”
“We are going to need a little more.”
“Can you hold my interest?”
“There is no interest here.”
“There is little concern for the needs of others.”
“What others?”
“Give me death.”
“Is that some kind of political moment?”
“This is about the organization.”
“What is in the head?”
“I appreciate this.”
“The later version.”
“What is corrected?”
“The physical.”
“The philosophical.”
“The psychological.”
“Why didn’t you give me a chance?”

“You can soften them up for me.”

“What do you want to know?”

“How can things dissipate so quickly?”

“There is not much else to do.”

“I want to be entertained.”

“What are you celebrating.”

“What are you hiding?”

“I am trying to be confusing.”

“You are not allowed in.”

“We need to work on the legal issues.”

“With whom?”

“These are the skills that you have. You understand their worth. But there is a moment when you start to ask yourself why would you even bother.”

“Why?”

“You are not that adept with your performance skills.”

“There are moments when this seems to be important.”

“You are not as good as you think you are.”

“This is a swamp that drains you of your creative resources.”

“What did you have in the first place?”

“Guide me, Anne.”

“She is in that mode.”

“Humiliate me.”

“She is not even a good Tempest. She believes that she is helping.”

“Fuck.”

“This is what I want.”

“This is what I want to know.”

“This is what I cannot know.”

“Show more cruelty.”

“You can break me, but you cannot destroy me.”

“Come back.”

“Eternal return.”

“This is like a forever.”

“History will get us out of this.”

“Not by tragedy.”

“Use your knowledge.”

“Be honest.”

“This is hard to digest.”

“It would have gone the same.”

“We delivered a death blow.”

“And you have thought this was okay.”

“We did.”

“We have seen it before.”

“It does not work.”

“Where is this going?”
“Sacred.”
“Spiritual.”
“Promised Land.”
“Land for all time.”
“What is your justification?”
“I want to show my ability.”
“I do not work tomorrow.”
“I am always working.”
“I know.”
“Will that really work?”
“We could document every stage.”
“I could pretend.”
“I know what is happening.”
“I really messed up.”
“Some one thing.”
“Some one love thing.”
“That lasts.”
“Wow!”
“I am observing the flows.”
“Take money out.”
“Put it back.”:
“We were there before.”
“I made a mistake.”
“What is his last name?”
“We are not using names.”
“What about performance?”
“I am closing.”
“I will have second thoughts.”
“I will not even have thoughts.”
“I could be the best publicist.”
“You do not want to leave the house.”
“What was that about?”
“You know me.”
“I know you.”
“Why does this take so long.”
“Confusing identification.”
“Are you going to get tough about this?”
“There is an immediate cause.”
“And the party ends like that. And we are back to work.”
“What did you figure out?”
“I have a lot to figure out.”
“We share so much in common.”

“I want to be a friend too.”
“Read this.”
“This is an argument against the fragrant rose.”
“And this works.”
“It only has to work once.”
“That is the basis of redemption.”
“It needs to work for everyone.”
“I have something that I need to tell you.”
“Take a chance.”
“I do not have it in me.”
“Are you that close, or are you that far away?”
“I am here.”
“You do not have to know.”
“Is that what this is?”
“What is it?”
“A conspiracy of silence.”
“We have to talk about the volcanoes.”
“This is a movement.”
“Withhold work.”
“Will it work like that?”
“It will work.”
“I has worked?”
“You do not know enough to help.”
“Why did you come here?”
“I was not the first.”
“I want to hear that.”
“Seduction.”
“Milk and honey.”
“A cow and some bees.”
“This guy is staggering already.”
“I am about to stagger.”
“I have a destination.”
“I love what you do with your hair.”
“I know what your weakness is.”
“Ice cream.”
“The truth.”
“The promise of the truth. Humiliation.”
“How does that even happen?”
“Trudy, it is your turn.”
“Like Lottie yesterday.”
“Someone is in the hot seat.”
“I had a goal.”
“One possibility.”

“Come back.”
“Come back.”
“What did the bank call it?”
“Foreclosure. But they got our property for a song.”
“How much did they sell it for?”
“They got the money for next to nothing. Then they made all this money.”
“None of this is liquid.”
“This is.”
“He will not understand.”
“Definitely not him.”
“Everything is too tight.”
“Closely watched.”
“Maybe, you take both of them on.”
“Where do you put the needle.”
“What is left?”
“I know what you like.”
“And that worked.”
“How can you say no?”
“Loudly and clearly.”
“Talk about the world.”
“Sign away my rights.”
“She said that it was simple. This guy has been buying up all the property.”
“Messing with the honey bees.”
“I need some quick help.”
“You always do.”
“I want to wait.”
“Do it now.”
“This has been taking forever.”
“Today is the day.”
“That will not hurt that much.”
“I can give you what you want. We can fill out your press kit.”
“This is about you until you ask. Then it has nothing to do with you.”
“This is nothing.”
“Where have you been waiting?”
“I am burning up.”
“He has one more option.”
“Have you got it figured out?”
“The microcosm is the macrocosm.”
“It is more of a creative operation.”
“Scalpel.”
“That is going to hurt.”
“Get it done once and for all.”
“Should I stare.”

“I do.”
“Do you feel intimidated?”
“I do not have to show the world.”
“I do the job.”
“I want what you want.”
“Snacks.”
“Do the dance.”
“This is all that you can take.”
“And you go back to your lawyer.”
“Give me the last world.”
“I am going to think about that.”
“Then it is going to seem like a bore to me.”
“I started later.”
“Everything is filled out.”
“I want this to be my show.”
“Did you escape?”
“No one escapes.”
“That is my life.”
“We see what we want.”
“It is the flow.”
“It is the flow.”
“How does that work?”
“If I wanted a photo. I would have taken it.”
“Carry that weight!”
