

TOMORROW

“I am afraid that I am going to ask you for too much.”
“I cannot make this last.”
“This is not meant to last.”
“What is this about?”
“I need to get some air.”
“I cannot control myself.”
“I CANNOT CONTROL MYSELF.”
“It all goes on from there.”
“This is the full court press.”
“Are you looking back?”
“Go get the salt.”
“This is not about me,”
“I will be back.”
“I want it all perfect.”
“You are trapped.”
“By history.”
“That is the form of redemption.”
“It is not that good.”
“You need to escape.”
“There is something else.”
“What does it matter?”
“Will that last?”
“We are saving.”
“That makes me work more.”
“Have fun with the art.”
“Nothing will change.”
“You should know that.”
“There will be no writing.”
“Text me.”
“It is getting too close.”
“Whatever I could do, I cannot do anymore.”
“I gave you life.”
“Just give me life.”
“That is all that is left.”
“You got it all.”
“Should I have tried harder?”
“This guy gets it right”
“The fish in the barrel.”
“We will be back tomorrow.”
“You tried to resist.”
“Why am I different? I know the method.”

“This is for all time.”
“I do not want to get extreme.”
“The possibility of anything different is impossible.”
“That is all that I want.”
“Should I havd acted sooner.”
“You did thing that you never should have done.”
“You interfered.”
“I cannot care.”
“These are two sides of my character. Good times now, and good times later.”
“I am all out of method.”
“This needs to happen in the now.”
“Now.”
“That could not have been better.”
“We are both working.”
“I want to be fantastic at this.”
“What does any of that mean?”
“It means that I want to leave.”
“We are looking for the big boys.”
“The world dominates us.”
“Get control.”
“You could take over.”
“You materialized.”
“We are all here in one form or another.”
“The states of being.”
“I know and love you.”
“Say what you will when you will.”
“That will not work here.”
“Don’t you tell fortunes.”
“Can you make miracles happen?”
“There are ways to liberate the healing forces of the universe.”
“You say that while nothing happens.”
“I am melting.”
“What would an authoritative view imply?”
“There would be no adoration.”
“There would be nothing sacred.”
“What is sacred?”
“What do you have in your benefit?”
“I am waiting.”
“He has been around since the liberation of time.”
“Every day cannot be perfect.”
“Is there a secret?”
“I am going to risk more.”
“No one will understand.”

“You had a system.”

“It was based on leadership,”

“I am following you to hell.”

“What is a bad day?”

“A day without a human connection.”

“Our thoughts always connect us.”

“They can also expose the weaknesses in our makeup. It does not take long for these challenges to take hold.”

“I need to breathe.”

“Really needs an intervention.”

“She needs a special anointment.”

“We could all benefit from that connection.”

“Then you start looking for more.”

“What does Relly want that she does not have?”

“She needs more confidence. However, her lack of confidence can strengthen her position. She can claim that others are trying to interfere with her plans. She lives in the between world. She knows how to use this to her advantage.”

“We are in for a lot of craziness.”

“That is her accepted role.”

“You look wonderful.”

“You did not make me wonderful.”

“The world made me this way.”

“I am protected, but I have no idea who is protecting me.”

“You will get to this place.”

“He needs to find me again.”

“I am having a rough time.”

“Can Relly juggle?”

“You are asking things from me that I cannot give you.”

“You can give me everything.”

“This is a slip of the tongue.”

“What do you want to tell me?”

“You look great.”

“You are going to save me.”

“That is impossible.”

“Relly is looking for someone, who needs to come to her.”

“Is there magic?”

“You are going to rip up the contract.”

“You wanted to tell me something new.”

“What do you want to tell me?”

“I am in the process of transformation.”

“This is the magic.”

“Let me join.”

“I was told that fate awaited me. I would need to find the magic object.”

“That is funny.”
 “What is in the glass?”
 “A great hope.”
 “Do you want to know?”
 “I want you to love me.”
 “I left something in the car.”
 “Whose car?”
 “The rideshare company.”
 “I cannot relate to any of this.”
 “I cannot.”
 “What is there for you?”
 “People are opening the doors.”
 “I do not want you to tell my story.”
 “Why?”
 “You will feel as if you have some kind of ownership over me.”
 “What is your name?”
 “How do we relate?”
 “Take care of me.”
 “Give me what I do not have?”
 “I gave you courage, but you lost it.”
 “Hold on to this trinket.”
 “I cannot deal.”
 “I am very busy.”
 “I want to be found.”
 “Someone needs a relic.”
 “This begins belief.”
 “It will not be long.”
 “Laugh your way to the bank.”
 “I am not looking from someone to rescue me.”
 “I am playing you to a stalemate.”
 “Knock over the pieces.”
 “Did you have an advantage?”
 “We will resolve this.”
 “He will come to me.”
 “That is the basis of the story.”
 “You claim that you met this guy. You have not seen him in a long time. Then he comes
 back.”
 “Everyone comes back.”
 “What kind of understanding is that?”
 “What is happening to the world?”
 “Beggars cannot be choosers.”
 “Do you still see the world through rose-colored glasses?”
 “Relly becomes someone that she wants to become.”

“Who is saying this?”
“There is someone to magic.”
“Come quickly.”
“This is what I really want.”
“It is so dirty around here.”
“Relly will clean up everything.”
“I am having so much fun.”
“Have you found the car with your stuff in it?”
“Someone took it. But it make all come back to me.”
“I love the sound of breaking glass.”
“All your experience in the glass house.”
“I was always so vulnerable.”
“That will change.”
“I am healing.”
“They were in and out.”
“It is early, but it is already late.”
“What is going on in there?”
“I have been lost and, now, I am found.”
“I am mapping my own failure.”
“I will follow you around.”
“Who has the lost object?”
“Who is the lost subject?”
“What do you think that you doing?”
“I am creating another self.”
“That is the self that will be found.”
“I have something of yours. I have something important that you lost.”
“This sets up the beginning of change.”
“What are you going to say when you see that you have squandered your best assets?”
“What is on the screen?”
“I do not relate.”
“I am lost.”
“Here, take this.”
“I need to take a trip.”
“What can you do to help?”
“How long were you here?”
“This is no way to start the day.”
“But you started that way.”
“The banging in my head.”
“She is coming back.”
“I want what other people have.”
“A new car.”
“Why does everything break down here?”
“I want to show you my new house.”

“Once, I get here, I realize what a terrible place this is.”
“I still got a little stimulation.”
“Relly, what do you want to know?”
“You need to understand that you are loved.”
“By whom.”
“If you know, and you do not let on, that is a game.”
“You are my model.”
“I am back in the dollhouse.”
“It could be the doghouse.”
“I am around self-actualizing.”
“What resources do you have?”
“Are you self-destructive?”
“You could spend your time trying to find perfection.”
“I do.”
“I have been waiting for you.”
“Did you bring it?”
“Does it fit?”
“Do you fit?”
“What does that really mean?”
“It is about performance.”
“I escaped from the castle, and you are taking me back to the tower.”
“We need a summit.”
“For those who know, they do not know.”
“I am adding it all up.”
“It is going very slowly.”
“In another world, there would be nothing else.”
“We would be held in a cell.”
“We would be imprisoned in the tower.”
“That is worse than weird.”
“Does she make sense for you?”
“She talks about flying dragons.”
“She knows how to feed herself.”
“This is not part of me.”
“I can help you.”
“Is this what I need?”
“You want to increase your risk.”
“That should increase your reward.”
“Everything is up for grabs.”
“What is the share price?”
“Where are the deals?”
“This guy is never going to do it for me.”
“You could offer me everything that I am looking for,”
“That is absolutely surprising.”

“No one can surprise me.”
“You know me all too well.”
“I am determined by my job.”
“There will be another job.”
“I do not know what I should say.”
“She is doing the accounts.”
“Where are the additional revenues?”
“Someone is making promises.”
“And those promises are not rewarded.”
“There is another possibility.”
“You should not leave the house. You always lose something.”
“You were all in this dream.”
“And the car drove up, and my brush was in the back.”
“I thought that you were looking for your jacket.”
“I had a lot of money in my wallet.”
“And I am back at the scene of the crime.”
“Does that make you guilty?”
“I was the victim.”
“I was careless.”
“I am waiting for what is coming.”
“I cannot relate.”
“Change a number here.”
“She will show up and change a number here.”
“That is better than finding my wallet. I can buy another wallet.”
“This is going to take longer than you can know.”
“You do not have to keep writing.”
“Keep writing.”
“You lose it, and we are both fucked.”
“You lost something.”
“Was she upset?”
“The necklace.”
“You should have stolen the damn thing.”
“Then you learn that is fake.”
“Then you are fake.”
“My friends are here.”
“Nothing is going to happen that can possibly make up for the bad time that I have had.”
“Didn’t you leave him at the altar?”
“My dress was recalled.”
“That should not have happened to me.”
“I want to be reassured.”
“Relly, what do you know.”
Relly does not know.
“Who knows?”

“What is your secret name?”
“I am the queen.”
“It never works like that.”
“I need to write very quickly.”
“None of it works like that.”
“Is that romantic?”
“You give me this romance.”
“How can you trust this guy?”
“I am afraid.”
“What do you want?”
“I want you to call me by my name.”
“You need to put your past behind me.”
“He is coming back.”
“I can learn how to be more articulate. I can create more unity for my personality.”
“That is more than brilliant.”
“You need to follow me.”
“She is in control.”
“How is that? She is waiting for this guy to come back.”
“There is so much stress on my part.”
“What are you bringing with you?”
“The speaking in tongues.”
“That makes no sense anymore. No one listens to the truth.”
“They write over it.”
“What remains.”
“I am trying to grasp.”
“Someone will put the body back together.”
“I am seeing the risks.”
“You are unique.”
“How do you make this happen?”
“I was granted wishes.”
“I was given things that were supposed to fulfill my dreams.”
“You are written in strong colors.”
“What does that say about you life?”
“I cannot see how the picture is put together.”
“You hang around, and all the worlds make sense.”
“That is my money.”
“They used it to assassinate the king.”
“We do not need a king.”
“We do not need an assassination.”
“Collective punishment.”
“How is everything held together?”
“I want to give you something that only I have.”
“A turtle.”

“A pair of shoes.”
“That could be the story.”
“You wore your pajamas.”
“I only want to sleep. Things will be better in the morning.”
“What do you really want?”
“A place to rest my weary head.”
“We have more work to ask of you.”
“We are getting there.”
“This is not a culture that built pyramids.”
“There were these amazing buildings”
“She has a different view of magnificence.”
“They had metal reinforcement.”
“You can bend, but you will never break.”
“He never came back.”
“This is sick.”
“Rescue me.”
“Lose something, then someone can find it.”
“We are in different places.”
“What are you doing right now?”
“If you go this way, you get rid of everything that you do not want.”
“Explain that.”
“This is everything and more.”
“I am counting every next one.”
“I combine with all the combinations.”
“Love me for what I want to be.”
“I warm up.”
“I give you sustenance.”
“There has been all that time since then.”
“That is all that is important.”
“I have been crowned.”
“An imposter.”
“What will happen?”
“Rivalry and certain punishment.”
“It is all about the house.”
“You wall out creativity.”
“This is a novel, but there is no story.”
“I know where you are waiting.”
“This is constant work.”
“How do I get you back?”
“I need to show you.”
“I can see my reflection.”
“Will he love me? Will he remember me?”
“He remembers nothing.”

“What do you want to remember?”

“I have found what I have been looking for.”

“Food.”

“The ring.”

“The diamond.”

“The process.”

“This is not that story.”

“Have you watched him dance?”

“He is not changing a thing?”

“I lost my keys at this party.”

“The key to a luxury automobile.”

“A return engagement.”

“I am in love for a solid day.”

“A royalty.”

“I am losing my skill.”

“And I am gaining a skill.”

“We are gaining a skill.”

“Who is doing it to us?”

“Do I need to take more time to perfect myself?”

“Some guys do not care.”

“Do you still care about guys?”

“We could look at the argument. He thought that he was more powerful than he really was. On this basis, he created his own personality.”

“He is at a different show.”

“He started calling people names. It became particularly brutal. But he claimed his own following.”

“I am not political.”

“This could have been my space.”

“And that works for you.”

“I am easily convinced.”

“Did I leave some keys?”

“Did I leave my love?”

“You can relax.”

“What were they really afraid of?”

“He felt that he could take on the powers that be.”

“That is the only person who goes along with that kind of thinking.”

“We were on the verge.”

“It is coming back.”

“They will feel even more empowered.”

“Why should that affect me?”

“Diamonds in the rough.”

“Now, that you understand.”

“You are a hateful person.”

“You do not know the half of it.”
“I need to deny my nature.”
“You give away your property rights to this guy with a castle.”
“How will that serve me?”
“I am protecting what I have.”
“A closet full of shoes.”
“What do you care?”
“This is more about caring. We come back to the center.”
“When in doubt.”
“I will accept that characterization.”
“I saw that movie.”
“It was so wrong.”
“Relly knows.”
“What does she know?”
“She had a chance. She is at home right now.”
“With her lover.”
“With the land of milk and honey.”
“What is coming up here?”
“That may work in your house. You’re in my hut now.”
“There is so much msucle.”
“That is not what I am looking for.”
“You take your eye off the door, and they come in there.”
“They are going to find you in the bathroom.”
“Do you hate yourself?”
“Where does that come from?”
“It is like this all the time.”
“All the time.”
“I did not see it like that.”
“It is like that?”
“All the time.”
“On and on.”
“What does that say about work?”
“Why did you shut things down?”
“You are looking at the dreges.”
“I am looking at the foundation.”
“Is that your living resume?”
