

SHINING STARS

“I want to be discovered.”
 “Is this all that is going to take?”
 “I have been here before.”
 “I need you.”
 “You can join in.”
 “The world is long winded.”
 “What else is occurring?”
 “A blessing.”
 “Anything is acceptable.”
 “Turning waster into wine.”
 “And human sacrifice.”
 “This wine tastes terrible.”
 “Was that you the past three nights?”
 “We should be tearing at the seams?”
 “Do you find that tolerable?”
 “It fits.”
 “This goes beyond fitting.”
 “But it comes down to that same sense of fitting.”
 “Is this biological?”
 “What is happening in the garden?”
 “A little craziness.”
 “I will not find rescue.”
 “This is difficult.”
 “You have everything that you desire.”
 “You all work together.”
 “I am putting together the pieces.”
 “There will not be enough pieces for a final resolution.”
 “Is any of that allowed?”
 “I have unbreakable habits.”
 “I have difficulty concentrating, but you are fucking with my ability to understand.”
 “This is all in code.”
 “These things are important.”
 “We both work hard.”
 “I have been blessed.”
 “How does that work?”
 “I have the revelation, but I find so much difficulty trying to string it into a coherent argument.”
 “If it was coherent, no one would appreciate this.”
 “This is history in it elaboration.”
 “Power corrupts.”
 “It is the stranglehold.”

“It will all be loosened in time.”
“Show that you are tough.”
“Do not ennoble my enemies, else you will become my enemy.”
“I only want to fit.”
“I close my eyes.”
“I give too much of myself.”
“And you have what you need.”
“You are special.”
“You are particular.”
“I cannot follow the succession.”
“I am sanctioned by the world.”
“One word.”
“Who controls things?”
“Those who have risen up from the ground.”
“Much deeper than that.”
“I am trying to explain something that is essential for our continued existence.”
“That is almost you.”
“Not the same signs.”
“What are you saying for yourself?”
“I want to escape.”
“My body is like an hourglass.”
“I am burning down.”
“More like a fuse.”
“I do not want to go off.”
“I fit.”
“I have found a place where I fit.”
“More than that.”
“That is the way that it goes.”
“Relly got away.”
“You are going to have to work on that story.”
“This is a tight fit.”
“I close my eyes.”
“What does it mean?”
“I need some advice.”
“It will come in good time.”
“It came and went.”
“We have everything that we need.”
“We are not going to spend the time.”
“Give me what remains.”
“I am way ahead of this.”
“And how does that make you money.”
“The money is not part of the story.”
“None of it works like that.”

“Put on a suit.”

“She could give more of herself.”

“Someone we all trust.”

“What is the aftermath.”

“On another day, I could handle this.”

“Can I get you something.”

“This is going to destroy me.”

“They do not get it. They are not down in the shit.”

“Would you ask?”

“I meet rthe guy.”

“That does not end the story. It only brings the trouble. He gains your confidence. He gives you access, and he takes your suff.”

“Why are you back again?”

“I am not good with the names.”

“He knows things.”

John says, “He knows things.”

“Are you telling me that he will ever know where the shit is buried?”

“He could reverse the balance of the world.”

“He is part of the problem.”

“I could play a winning hand, but are you a winning hand?”

“How does that work?”

“You cannot get it if you do not get it.”

“We are going to pick up some stuff.”

“That does not work.”

“Will it fit?”

“It really fits.”

“I wish that you could work with me.”

“We can make it all fit.”

“And none of it makes any sense.”

“You cannot have this.

“I am trying to follow along a single voice.”

What would the single voice entail? There would be a great deal of personal revelation. A lot of it would be useless. Then some hand-wringing. All around shit.

“You are mocking the novelist’s mission.”

“I am maximizing what I have in the minimum of time.”

“No one can know.”

“They do.”

“It is a long walk.”

“Help me release my burden?”

“A form of moral expiation.”

“What does that mean?”

“I made a deal for property. I was waiting for it to go through. There were problems with

the survey.”

“What do you want to know?”

“I can give you the short form or the long form.”

“None of this effects me.”

“You got too involved.”

“Hang tight.”

“That will work for me.”

“This is some miracle shit.”

“You have described tha fabric.”

“Only one things works.”

“You have to agree to give more of yourself.”

“The sacrifice.”

“You do not have enough to overturn that order.”

“I see what I want. I know what will take me to the land of promise.”

“I was so close.”

“SEE THIS GUY. HE IS GOING TO TAKE YOU TO THE NEXT STAGE.”

“I CAN DO IT MUCH FASTER.”

“FASTER, LONGER, SMARTER.”

“It all echoes back on you.”

“I met someone on assignment.”

“Do you know anything about her show?”

“I give it everything that I have.”

“Relly is on board.”

“She is waiting at home for answers.”

“I want to be recognized for what I have.”

“You want to be unrecognized for what you do not have.”

“You are going to have to complete the fight.”

“I cannot feel that.”

“I am not here.”

“That would mean everything.”

“He believes it.”

“She believes it.”

“The slipper.”

“The stones.”

“The glass houses.”

“I want something with more meaning.”

“No one else cares.”

“Relly, no one else cares.”

“Take me out of my game.”

“This is the game.”

“She is drinking for two.”

“I am here.”

“I am asleep.”

“You will have to wake him up to create some real changes in the world.”

“Does that work?”

“You, come here.”

“Different styles.”

“How does that work?”

“A model of work. Something that I never undertood.”

“I work for myself.”

“I am asleep.”

“I wish that we could do this another way.”

“I do not have to pay for the fine..”

“Relly goes off the rails.”

“What is left?”

“I do not go for such things.”

“My desire to know is not connected with my actual knowing. I am trying to explain why Relly cannot know.”

“She seems to know it all.”

“Anything that you figure out will not help you now.”

“That is where I started.”

“I thought of it first.”

“But you did not think about the head where this was thought.”

“Think long and hard.”

“Why are you here?”

“I am the muscle.”

“How can you lose?”

“I cheat.”

“I need to enter this other room shit, and I never make the cut.”

“There is no cut.”

“They will bring down the tower.”

“They have other defenses.”

“And you thinkng that this will make a difference.”

“That could have been my destruction.”

“There are alternatives.”

“Was that worth it?”

“Who is the brains, and who is the muscle?”

“That does not look right.”

“I am going to win.”

“You never do.”

“You want it both ways.”

“You want it every way.”

“I get it.”

“It is not as it seems.”

“Relly is all this artificial shit.”

“We only see the party.”

“You complain because you are forbidden.”
“You cannot erase your history that easily.”
“I am way more wonderful than I am.”
“This is the split.”
“I keep thinking that this is meant for you.”
“Let it all come true.”
“That is the real split.”
“Does Rely know?”
“We cannot explain it.”
“They will ask you to leave.”
“You are revealed.”
“I see the bitterness.”
“And you are rescued.”
“Do it now.”
“I am respectable.”
“And he knows it.”
“I need help.”
“Sebastian gave you the help. You saw where that took you.”
“Everything has a button to push.”
“He has got you covered.”
“No one will escape.”
“The only solution is to leave.”
“That appears to be a contradiction.”
“It is a contraction.”
“I know what I need.”
“That is what we all need and expect.”
“No one will get out of the swamp.”
“I can walk out.”
“You do not reach to tower.”
“That is the end.”
“All this money is submerged.”
“They have a special connection to the sacred.”
“These are different shows.”
“Nothing solid.”
“Could Rely have pulled it off?”
“She is working on the accounts.”
“I need her to pull me out of the swamp.”
“How did they know that the car was down there?”
“It was all in my head.”
“I already lost the opportunity.”
“It needs to be figured out immediately.”
“I will get home with the answer.”
“Just let it ride.”

“Let it ride.”
“She takes more chances than Relly.”
“She is Relly.”
“I will not give myself to that order.”
“There are numerous ways to approach this.”
“I will be patient.”
“They are buzzing me.”
“The Lord needs to inform you.”
“The overthrow.”
“We are too far along.”
“They are all better than the real thing.”
“There is the real rat.”
“The words are not enough for you.”
“That is my work chant.”
“Where?”
“How deep?”
“He does he see.”
“Boss.”
Where were we?
“I would stop if I knew it was happening.”
“The extra.”
“She disappeared.”
“She was called away.”
“A millions Rellys.”
“Each one unique in her own way.”
“There is so much bitterness.”
“I am holding it in.”
“Holding it down.”
“Patched me together.”
“I caught that look.”
“You left out the heart.”
“I ruled that moment.”
“Stay on the road.”
“I do not need to add more shit.”
“You add it anyway.”
“You are not what you think that you are.”
“I want a better job.”
“What makes the art?”
“The balance between talent and creativity.”
“They exhaust the space, then they move on to some other kind of communcation.”
“You should not have left lke that.”
“I need you to wear a wire.”
“That is what you get.”

“Another layer.”
“Where is the productivity.”
“More facades.”
“I have picked you out.”
“What would that mean?:
“There needs to be more strut.”
“Does she have the books?”
“She returned to here own space.”
“That is more than you know.”
“They will come for me.”
“There are two sets of books.”
“Where does the money come from?”
“How devoted are you?”
“To something that is not longer manifest.”
“That was everything.”
“Do you have scissors?”
“I got so close.”
“What is on the other side?”
“There is a lot of book involved.”
“What is I there?”
“Prayer.”
“Individual prayer.”
“I do believe.”
“I need you to find Relly.”
“You still have faith.”
“We all have access.”
“The community.”
“I am running this on my own.”
“This is some kind of tribute.”
“This is supposed to be science.”
“That is all that you need.”
“That is all.”
“I need to sleep.”
“Sleep away.”
“These dream folk.”
“I already betrayed you.”
“In dreams.”
“I am holding out for this.”
“The art.”
“And this works for you.”
“I cannot be part of this.”
“I can shut this down now.”
“I am feeling a great deal of pain.”

“That is more than nonsense.”
 “That is all that I can take.”
 “Take it.”
 “They skim the surfaces.”
 “Everything is put back in place.”
 “Just get something.”
 “He better be good.”
 “I have seen you around before.”
 “I can do that.”
 “That is not working for me.”
 “It does not work for him.”
 “Good.”
 “You were never here.”
 “I know.”
 “Really knew.”
 “She needed to make so much effort to know.”
 “She could have rebelled.”
 “That would that have been?”
 “The echo.”
 “Wow!”
 “You are doing it.”
 “There are allies.”
 “You know that I am good. But do you know why?”
 “I cannot look.”
 “I am stupendous.”
 “Freak.”
 “That makes sense for you.”
 “That is a quote.”
 “From whom?”
 We could explain it more clearly to you. There would not be the option to change.”
 “What is that about?”
 “That will not work.”
 “You have to know.”
 “You have to know.”
 “Why is everything much more unstable than it needs to be.”
 “Who can answer?”
 “You are really fucked up.”
 “I am on the edge.”
 “Can you make this go.”
 I could stop the dialogue for you, but that would end the revelation.
 “Is there really any revelation?”
 “Someone has the spreadsheet.”
 “Where is my place?”

“Onward and upward.”
“Exactly where you are.”
“Here.”
“I do not see it.”
“We see it so differently.”
“I am being dragged down.”
“There are millions of possibilities, but you are only looking at four.”
“Just give me enough to help me come to life.”
“I am slipping under.”
“Too much moral code.”
“Squiggly lines.”
“And some real puke.”
“Do not think that deeply?”
“No one does.”
“Your alienation.”
“What would the court say?”
“They would give me an ankle bracelet.”
“The continuity went away.”
“You have so much to work with.”
“Move along.”
“Move in unison.”
“For those who think they know, they don’t know.”
“We will always find a resolution.”
“I will get it done.”
“What else is going on?”
“Flesh-consuming.”
“That is not an explanation.”
“Get a hold of the spreadsheets.”
“Relly has turned into some kind of accountant.”
“She knows where the revenues are.”
“He is sitting on loans.”
“Everything breaks.”
“I have what does not break.”
“Give it to me.”
“Give it to me.”
“I cannot even read the script.”
“Everything jumps around.”
“EVERYTHING JUMPS AROUND!”
“EVERYTHING JUMPS AROUND!”
“EVERYTHING JUMPS AROUND!”
“You are all so extraordinary.”
“I am not going anywhere.”
“Did that work?”

“That got me another day.”
“I would grant all your siehse.”
“How?”
“Look at the quick assets.”
“What else is there?”
“I have to give too much shit to get nothing back.”
“Which movie?”
“Do I look like a fucking movie?”
“I want to give it all to you.”
“Blame.”
“How did you get like this?”
“Rice cakes.”
“Damn.”
“That seems to work.”
“You can learn.”
“New tricks.”
“I can catch a bone in my mouth.”
“What is that about?”
“Does that really tell anyone anything.”
“We do what we need to. :”
“I have this.”
“Take it.”
