

RIGHT

“I came to get this right.”
 “Who are you working with?”
 “I wish.”
 “What is missing?”
 “Caring?”
 “Posing space.”
 “A program.”
 “There are spies in the house.”
 “When will it break?”
 “This was a promise that you related to. None of it means much of anything.”
 “There are two ways to recognize performance.”
 “The promise and the delivery.”
 “I do not like the success.”
 “That is all that there is.”
 “That is all that there not is.”
 “Then I will forget everyone.”
 “New everyones.”
 “How do you want to be remembered?”
 “I do not worry about memory. I want to get jacked.”
 “Someone has been wronged.”
 “This is the false promise of a balance.”
 “There is still time.”
 “What else is there?”
 “Something that is not really here.”
 “How do you want to be interrogated.”
 “I need more of a break.”
 “It is all there.”
 “It is already there.”
 “When did it start?”
 “Not with the word.”
 “There was a word before the word.”
 “This is how it is actlly done.”
 “I am trying to comprehend.”
 “That does not cut it.”
 “It could be work.”
 “There is something that I need to remind myself.”
 “Is it that complex.”
 “I was abandoned by history.”
 “I feel as if we are about to reach some understanding.”
 “It is all given to you.”
 “Resources.”

“Silly ideas.”
 “Who is behind this.”
 “For every high, there is a low.”
 “It does not work like that anymore.”
 “Two different economies.”
 “The ripple has not occurred.”
 “What do I get?”
 “It all gets sucked out of my heart.”
 “Over.”
 “Those who do not get the genius.”
 “The fashion.”
 “I am just there.”
 “That is all that I need.”
 “The short term assets.”
 “Trade this for food.”
 “Fields.”
 “Factories.”
 “Who is doing the numbers?”
 “Flows.”
 “This is all some kind of confidence scheme.”
 “The money is coming.”
 “I need to trade my soul.”
 “Until we invest in people, these bonds will not pay off.”
 “What does that mean?”
 “Relly, get me to the church.”
 “Is this faith.”
 “You know, but you cannot know. And that pisses me off.”
 “Ask the obvious.”
 “If you are spending all your time doing this, why are you spending all your time doing this.”
 “You are eloquent.”
 ”I want to know.”
 “Who will show leadership?”
 “It cannot be explained this way.”
 “That will not demonstrate that you have any kind of control”
 “Go along.”
 “My life is exploding in my face.”
 “They went home to clean it up.”
 “Where will this go?”
 “All my jewelry.”
 “I have been waiting for this.”
 “The reflection of the reflection.”
 “And more trash.”

“That is everything.”
“Where does that matter?”
“Where does that matter?”
“Somewhere.”
“I can do this better than anyone else.”
“We have one goal.”
“I will complete it by Monday.”
“There is other work to get done.”
“I do not want to keep this going”
“The rats are jumping high.”
“I did not eat the fries.”
“What did you take?”
“You took a reward, and there was none.”
“I need to you to ask.”
“I have this down, but it will not result in a deeper understanding.”
“Are you bored?”
“I am really bored.”
“I need another signal.”
“And I go to jail for being wanted.”
“I got to jail for pretending.”
“Do you know what this is worth?”
“That is hopeless.”
“You need to leave.”
“You were interfering.”
“I am not part of any of this.”
“Bring your toys.”
“I am going to take lessons.”
“This is all that I need.”
“I see this happening.”
“How can there be anything else?”
“I did not think that one person could have so many ideas.”
“Clearly genius.”
“Certainly.”
“And you created order.”
“I have seen this before.”
“That could not have been handled more effectively.”
“Put things back.”
“We cannot restore things that have been destroyed.”
“I do not like it going like this.”
“One word will not change things.”
“There is a miracle.”
“That requires a hell of a lot of preparation.”
“Does anyone here care?”

“I am trying to be more sympathetic.”
“That should last a lot longer.”
“I do not even know how to explain it.”
“Explain it for what it is.”
“This is where things really go off the rails.”
“I spend all my money on real estate.”
“Sure, you do. Backed by medicinal supplements.”
“Where does that work?”
“Making a big deal of things that you can get for nothing.”
“Things are not what they seem to be.”
“They never were.”
“Seeming is the first step towards being.”
“We are.”
“Go!”
“No one should claim that nor could they.”
“And you lose what you have had for so long.”
“To pretend that I am doing something that I am not doing.”
“Freak.”
“This is the beginning of a new strain.”
“How can you ever survive?”
“Somewhere that is valued. It appears to be eloquent.”
“I will put more money in the machine.”
“Are you playing blackjack?”
“That is not good for anyone.”
“That is awful.”
“Make that one guy leave.”
“Have you said anything all night?”
“I will never understand.”
“I will.”
“How can you make sense of any of this?”
“If they go, it will all be obvious.”
“If I really explain it, you would lose your shit.”
“Tell me.”
“You betray our confidence.”
“You are destroying your allies.”
“There is a lot of work going into this.”
“None of this works.”
“He is snotty for liking something that hasn’t had real traction in twenty years.”
“Who are you really?”
“The high priest.”
“This sacrifice myth is continuing.”
“Show me.”
“I would love it if I knew more.”

“Your doughnuts are ready.”
“You know what I really want.”
“She is working on her memoirs.”
“She is working on memos.”
“How does the company hold things together?”
“I was never involved.”
“You got busted”
“Petty crimes.”
“Petty people.”
“I need to start somewhere.”
“I read this wrong.”
“We could start from the beginning.”
“Why does this not work?”
“You tell me, wunderkind.”
“You are so entirely mean.”
“I thought that you had it. But someone else dropped a lot of cash.”
“I would have focused my energies.”
“We see history in different ways.”
“There would not have been all these colonial wars if not for your kind of logic.”
“I get what I need.”
“I know that you are here. But where the fuck are you?”
“This is not a good story.”
“You should not expect that you can predict.”
“He has the same ponies.”
“Does he have the same poetics?”
“This sleight of the tongue goes nowhere.”
“The somersault of history.”
“And nothing matters.”
“Everything matters.”
“I matter.”
“Shit!”
“What is it about?”
“Trying holding my breath amidst the shit of history.”
“I came back for my dog.”
“The imposter.”
“I could run it all.”
“I will get the full report.”
“There will be no report.”
“We will continue this.”
“I got tossed out.”
“You are totally grounded but completely unmoored.”
“I can do the accounts but not my accounts.”
“This is the total erasure of historical accountability.”

“Tossing around insults.”
“And that is all that has ever been needed.”
“I could write it out like scripture.”
And he realized that he had been abandoned by his savior.
“We follow different timelines.”
“What is the singular understanding?”
“Do you want to give greater authority to human suffering?”
“Suffering could imply some kind of redemptory power.”
“Do you have that power?”
“It is not suffering separate from an understanding of agency.”
“Who makes this happen? Who benefits?”
“What is the bigger picture.”
“Who interrupts?”
“I stole from the best.”
“The Vatican?”
“We rewrote the scripture. We needed to see the original.”
“What was the original?”
“Scratching on the sands.”
“Clamoring in the heavens.”
“Rumbling in the soul.”
“I am feeling sick.”
“We will resolve at home.”
“I have got this history thing down.”
“Tell me tomorrow.”
“Someone has your number.”
“In my dreams, all the numbers are put in place.”
“I am going to need to make this work more efficient.”
“Throw me a lifeline.”
“You put yourself in a crazy situation.”
“I am not here to explain.”
“I am working with what is left.”
“There are resources.”
“Let us see the revenues.”
“Is there embezzlement?”
“I have been muzzled.”
“Total acceptance.”
“I was getting away from the shit. It has followed me.”
“Like some kind of demons.”
“I love the shit.”
“Why do we accept?”
“We need to know.”
“There is so much packaging.”
“He is off his game.”

“Do you know what the next phase is?”

“Real genius is going against the grain.”

“Who gets me?”

“Does history understand?”

“No one hears or understands.”

“Do you know what is going on in my situation.”

“Hang in there.”

“I could go all out.”

I was afraid that I was going to miss something. I could not listen to the dialogue. It was distracting from what I needed to figure out. I realized something important about the formula. It could transform situations in an active way, and it could demonstrate something important about the perspective of the world. So what if on one could actually realize this idea,

“What are you talking about?”

“This is another way to organize time.”

“It would take too long to explain it. We are in the middle of some crazy shit.”

“I want to hold it together.”

“Ripping off faces.”

“What do you see?”

“I cannot look.”

“I do not want to get turned on.”

“I need to get out there.”

“The purity of the breath.”

“What is going on?”

“Gone with the fucking wind.”

“What is your complaint.”

“The mix.”

“I am part of that mix.”

“From here to there.”

“There.”

“I am there.”

“I got pulled in.”

“This is what I am really about.”

“An assertive moment.”

“I never have to stop.”

“I never have to sleep.”

“Add more words.”

“We need people to stay with the words.”

“Ten people. Ten words.”

“I just want someone to read my script.”

“I will make it, but you have to follow my principles.”

“These people have cameras in their basement.”

“Do you really want to know?”

“The ship has sailed.”

“The ship has gone agound.”
“I am afraid.”
“I am totally afraid.”
“What happened?”
“Give me everything that I need.”
“Investment capital.”
“Why does that work?”
“There is no other way.”
“I am going to beg.”
“I do not want to know.”
“In another world, I would get it all.”
“What happened to my car?”
“It blew up while it was sitting there.”
“Are you kidding?”
“Am I going to tink about this?”
“How long does that really last?”
“Everyone has come back.”
“That is why they call it Reunion.”
“That is not meant that way.”
“My heart is beating too fast.”
“It is not excitement.”
“It is truth.”
“How does he manage it?”
“He is good at dredging up the past.”
“We could complete it along the way.”
“There is something else that is needed.”
“He has a greater historical vision.”
“About dynasty.”
“The rise and fall of empires.”
“I see it as a person thing.”
“What level of permanently fucked up is this?”
“He knows that there is nothing there.”
“I have been skiing.”
“What is that about?”
“Take charge.”
“There is no choice.”
“I am breaking it down to basic elements.”
“Love and hate.”
“Crunchy and smooth.”
“Hot and cold.”
“I made it.”
“I almost made it.”
“Crunchy.”

“Damn.”
“That stuff raised me from the dead.”
“Do I have to listen to that stuff?”
“All night long.”
“I feel so sad.”
“Relly will sort it all out.”
“She is on break.”
“I have access.”
“What have you figured out?”
“I want the world to know that I am wonderful.”
“There is a lot of waiting.”
“I reveal a lot.”
“I am protecting a lot.”
“The story could be different. I do not want to ask.”
“Thursday, what you do want me to ask?”
“Why do I feel this way?”
“You are not a good person.”
“Who are we talking about?”
“Thursday, what do you expect from those guys.”
“There is only one thing worth thinking about.”
“How did I get to this point?”
“I can blame the world.”
“Where does the world start?”
“At the river.”
“The Nile.”
“The Mississippi.”
“The Mekong.”
“More histories than I can ever know.”
“What gets it all started?”
“A preview of the end.”
“Can I ask you a question?”
“My life is summarized by the answer to one question.”
“Where do I get rid of the other stuff?”
“Why would I come back here?”
“Why would I come back.”
“The eternal return.”
“I feel as if I have fucked up before I have even started.”
“How did things end up going this way?”
“We are looking for big pictue answers.”
“Who are you protecting?”
“I was seeing the movement of time.”
“What is that?”
“I would have special knowledge.”

“A gift.”
“This is ready for you.”
“Take this over.”
“My work.”
“Where is this headed?”
“Creation leads to destruction.”
“I could see this in another way.”
“You need to add to the mix.”
“Repeat.”
“It is up to you to ask.”
“The plucking of the string.”
“The beginning of time.”
“I have lost my way.”
“Meet my friend.”
“We are all friends.”
“The universe works in that way.”
“I should have added more.”
“That more is too much more.”
“And we are back to where we started.”
“What is not working?”
“Take what you need.”
“How can I make that work?”
“What are you touching?”
“The Godhead.”
“That is my place of origin.”
“Impossible.”
“Wake before you sleep.”
“I am hurtling through space.”
“You have been detached from humanity.”
“Will they find me?”
“Do you have a more lasting form of awareness.”
“I know what you are thinking.”
“This is more than magic.”
“You can focus your mind.”
“I am seeing things that I have already.”
“What color do you want to tint the world: pink or yellow?”
“Lasting change is nothing but that.”
“In dreams, you only see what you have already seen.”
“The howling wolf.”
“The barking dog.”
“Thinking about thinking.”
“Projecting into the universe.”
“This would not be if I did not see it.”

“This is protected space.”
 “I understand that you are waiting.”
 “The mysterious touch.”
 “Someone who lived here before.”
 “The basement dwellers.”
 “Lower than that.”
 “Economies of scale.”
 “What are you creating for the world?”
 “Human vitality.”
 “This does not work for me.”
 “I cannot breathe.”
 “That does not make a difference.”
 “I signed off.”
 “I am not waiting to change. I like how things are going.”
 “What would you like on your salad?”
 “Why are people mean?”
 “Which people?”
 “You give so much of yourself, and you get so little back.”
 “The body will offer no more.”
 “What gets you going?”
 “The promise of a wonderful day.”
 “We had this feeling of royalty.”
 “This will eventually end.”
 “I will feel out of place.”
 “This sense of belonging may not be worth what it seems.”
 “The object turns in space.”
 “You try to do the impossible.”
 “I am trying to describe this way of counting, this way of seeing, this way of knowing, this way of seeing.”
 “A past life.”
 “What is going to transport that awareness?”
 “We live by our memories.”
 “Our memories become more potent.”
 “They become substantial.”
 “I can touch them.”
 “I lost everything that I had.”
 “Write it down.”
 “What is the poetry of the body?”
 “A way to accord with the universe.”
 “I need to go somewhere to make that happen.”
 “This is an image to which I aspire to.”
 “I am following your lead.”
 “There is no lead.”

“I sign off.”
“Everything goes dark.”
“I will wake up.”
“Where do you want to go?”
“You cannot be everywhere.”
“I am trying to increase my speed.”
“This is the end.”
“What am I in the presence of?”
“Absence.”
“I want more.”
“Something that cannot be shared.”
“I am folding myself in so many arrangement.”
“Dimensionality will not allow any other kind of combinations.”
“This knot.”
“Am I deluded?”
“You have to use your failures to some kind of advantage.”
“There is a danger in erasing histories. You think that you are smoothing out your life path. It is more a total confusion. You erase your memory, and what are you left with?”
“I have been abandoned by myself.”
“What did you start with?”
“They knew me.”
“They knew me.”
“That could be the motivation of the new science.”
