

THE NEW SCIENCE

“You cannot rely on personal observation. You will only see what you want to see.”

“What do you want to see?”

“Flying saucers.”

“What keeps you up in the sky?”

“What kind of payload do you have?”

“This is not going to be good for me.”

“This will last.”

“He is there to advise you.”

“I am saving all my energy.”

“That is all part of the new science.”

“Where does the math take you?”

“To this observation.”

“What are you looking for?”

“I am looking for you.”

“Work hard, and everything will go well.”

“Now is the time to overthrow the system.”

“What is a system?”

“Don’t be so mechanical.”

“Overthrow the war machine.”

“Why do you seem so attractive when you say it?”

“Can a combatant hang out with a civilian?”

“You are going to get me killed.”

“Take this and forget about it.”

“How does it work?”

“Open all the doors.”

“What does that mean?”

“Where am I going?”

“Should I listen?”

“I want to do a reset.”

“What do I need?”

“You can ask the man.”

“Where does this start?”

“On a gurney.”

“I am into resurrection.”

“It will not work.”

“He can raise me from the dead.”

“How does the movement go?”

“You can describe all your skills.”

“What are the rules?”

“I hang around the farm, and I shoot the shit.”

“This will be my life.”

“What are the options?”
“Phone it in.”
“What do you need?”
“I do not want to quit.”
“Crazy shit happens on the farm.”
“I will stay.”
“I do not want to know.”
“That will be sufficient for me.”
“What is the policy?”
“What does that word mean?”
“Where is any of this going?”
“Where it started.”
“What do you feel?”
“I am looking for an explanation.”
“The farm does not have a plan.”
“How can I make it better for you?”
“It is not my job to improve it for anyone.”
“And I lost my direction.”
“Do it again and we get it right.”
“This is all getting too easy.”
“It seems too easy.”
“What are your expectations for me?”
“I want you to be the same as I am.”
“Working it out.”
“Put my head down, and don’t think about that shit.”
“I think about that shit.”
“Who is running things?”
“We do not think about it.”
“Collect bottle caps.”
“That is a religion.”
“Consumerism.”
“Where are you from?”
“Who appreciates you?”
“We could not be more wonderful.”
“What is the hierarchy?”
“Who does better: the fortune tell or the miracle worker?”
“That is all that I want to know.”
“You repeat Newton’s laws again and again.”
“The mystery of my hours.”
“I want someone to help share my dreams.”
“That smell.”
“I can smell death all around.”
“You got it all wrong.”

“We want a different way of holding it all together.”
“What got me started.”
“I am going to give you all of what you need.”
“Those who have any inkling of power are mean.”
“You know what you can do.”
“You can hurt people.”
“And you do.”
“We will work on it.”
“We will go to where it hurts.”
“I am not chasing something.”
“I am chasing you.”
“I am escaping.”
“What is the goal?”
“What is ever the goal?”
“Save our friends.”
“There is neither rhyme nor reason.”
“What is the chant?”
“I HAVE A SECRET.”
“They do not care about us.”
“What if they did?”
“What if none of this made any difference?”
“I know the words.”
“Is time moving too fast?”
“Not fast enough.”
“I cannot be romantic.”
“Is that what you want?”
“It does not mean what it seems to be.”
“How do you tie it all together?”
“My hand is steady.”
“Are you threatening me?”
“It starts as a threat.”
“What else is it about?”
“He is looking out for me.”
“You seem too vulnerable.”
“Not like Relly.”
“She needs to be more confident.”
“This is not about your personal assessment.”
“Do not offend.”
“Have the turkey burger.”
“This is not going anywhere for me.”
“I am glad that you can help.”
“You are carrying on the dynasty.”
“But you are fast.”

“I doubt that.”
“I am going to make it.”
“I am going to be it.”
“Do you have everything that you need?”
“It is the exaggeration.”
“You can do it in the moment.”
“This is not about personal attachment.”
“I care.”
“More than that.”
“This makes sense.”
“This makes sense.”
“Hello!”
“There is one more step.”
“That is how it should be.”
“It was just like that.”
“I have everything that I need.”
“What do you really have to say?”
“Why do you live like that?”
“I really believe it.”
“What else is in the house?”
“I was never that good.”
“What did you save?”
“There is a fine line.”
“What you think holds it all together has no connection to much of anything?”
“I know what this was originally about.”
“How do you make history happen?”
“It starts with a little love and a little hate.”
“There are details of social class.”
“It is your choice.”
“This is something that you can do something with.”
“This is the something.”
“They decide to operate.”
“For everything that you take out, you need to put something back in.”
“Pay your share.”
“How do you divide things?”
“They never understood the difference.”
“The novelist understands the fabric of human existence. This fabric has been disrupted.”
“What is left?”
“Can you offer me enough to work with?”
“Love and hate.”
“Abandonment.”
“This is not a matter of human nature.”
“Human nature evolved into something historical. I am not sure if you can grasp it.”

“This was almost there.”
 “That is perfect for you.”
 “What does that say? Are you afraid that I can’t do something.”
 “What do I lack?”
 “What do I need?”
 “What was the source of exploitation?”
 “Something called exploitation.”
 “The boss wolf.”
 “The wolves who are friendly to the boss.”
 “Bite my face off.”
 “You will rescue me.”
 “What is the source of the anger?”
 “I took something from the wolf.”
 “The teeth.”
 “What are you waiting for?”
 “Matching physical forms.”
 “What is actually going on?”
 “What do we start with?”
 “The other moment.”
 “The best moment.”
 “Love it for what it is.”
 “I got thrown off.”
 “I am on the pulse.”
 “How does that work?”
 “Comedy of errors.”
 “The best monument.”
 “What happened up there?”
 “I was not able to react in time.”
 “You shattered my life.”
 “I am going to need to prepare for this.”
 “I am prepared.”
 “I needed to give you what I had.”
 “I am not going to do anything new.”
 “There is a lot cleaning up to do.”
 “You will never be clean.”
 “Do not lie about me.”
 “We are looking for someone to play the role: shattered life, political ambiguity,
 historical uncertainty.”
 “I do not even know where I am going.”
 “That will be wonderful for me.”
 “CRY!”
 “That is why you love me.”
 “There is a moment for sadness.”

“I am all aboard.”
“Time to leave.”
“I need to tell you things about myself.”
“That never worked for me.”
“He had it all down.”
“We took everything out.”
“What was left?”
“The heart.”
“You promised.”
“The promise did not work.”
“This is not about internal states.”
“This is a hard one for me to explain.”
“That is going to do it.”
“I have reduced my connection to one single thing.”
“Breathe in.”
“I get it. I really do.”
“We will take elements and combine them later.”
“What is missing?”
“Concentration.”
“Share it with the world.”
“We need to work it out.”
“You put this together.”
“What is that about?”
“I heard about you.”
“I had it all figured out, but I got so distracted.”
“Should we bring this to an end?”
“What else is involved?”
“One thing that matters.”
“I need to ask.”
“This will be you.”
“You are doing this to yourself.”
“I am so far out.”
“Fucking out there.”
“I know how this works.”
“Who are you talking to?”
“This is right.”
“You are trying to imitate someone else.”
“Destroy me.”
“I got to somewhere that I don’t want to be.”
“This is perfect.”
“That will work for now.”
“Will I work for now? Will I?”
“I want to play.”

“I got this down.”
“It is always the same.”
“You ask for what you cannot get.”
“Get that.”
“You said that you loved me.”
“I stripped down to nothing.”
“That all hurt.”
“Do not worry about that.”
“You have been destroyed.”
“Back again.”
“Bounce back.”
“I think that I have a special skill. This is some kind of regeneration.”
“What is the regeneration actor?”
“We all wonder.”
“Why do you think that will work?”
“I have resilience.”
“You are going to need more than that.”
“I am just putting shit together.”
“Where is this going?”
“You tell me.”
“I will tell you.”
“I have this all together.”
“I am not prepared.”
“I am completely prepared.”
“And we go back in time.”
“That is all that I can think about.”
“You got it special.”
“He got it.”
“Where did it end up?”
“He never got to the next level.”
“Do not trust anyone like that.”
“We learn what to expect.”
“Then we can predict nothing.”
“Why bother?”
“You need to be more specific.”
“The error can be even greater.”
“I still do not believe it.”
“Believe it.”
“It is leaving your heart.”
“Believe it.”
“I give my life to the cause.”
“The cause is pathetic.”
“It was the best that I could do on short notice.”

“This is not homework.”
“It might as well be.”
“You are the champion.”
“And he is going to take you to the mountain.”
“She wants to do it.”
“We will take care of this.”
“You have three choice.”
“And the preparation.”
“Do you like it that much?”
“Interfere.”
“I cannot balance.”
“Balance.”
“Are you doing this to me?”
“Your words are not going to stop this.”
“I am sick.”
“You are doing this to me.”
“Who is this person, who makes me sick.”
“A little nibble.”
“I do not want to do all the driving.”
“I knew that this was coming.”
“We are good at this.”
“There is a hurt coming.”
“That is all that I need.”
“What should it be?”
“I am funnier than you know.”
“I am brilliant.”
“I have this down.”
“We are going somewhere dangerous.”
“I heard about it.”
“That is what I want and need.”
“Come along.”
“And that seemed worthwhile.”
“It could not have been any different.”
“What else is going on?”
“This is you normal site of business.”
“Do you love me?”
“I need to clean this shit.”
“This is all going to decay.”
“Funny, funny.”
“Rub it all over me.”
“I am the sacrificial lamb,”
“My dinner is talking to me.”
“Relly never had it that good.”

“Dredge it.”
“Back to work.”
“In this economy.”
“We get economic.”
“You need to make something of your time.”
“Give me a little more.”
“Give me nothing.”
“Give me a little more.”
“I can organize it.”
“I can fill in.”
“You do the official shit.”
“What is on line thirty-eight.”
“Fight for love.”
“More than that.”
“I will finish.”
“That will not be enough.”
“You tried to stay ahead.”
“I want more than that.”
“What could that be.”
“You need to be more dynamic.”
“It is in the mix.”
“Will you do it.”
“I was born to do it.”
“How does it work that way?”
“Where does it go next?”
“More expected shit.”
“Is this a poem?”
“This is how we make things happen.”
“We believe.”
“And we are back for the night.”
“I left all my shit.”
“Are you ready to pay the admission charge?”
“I get it all for free.”
“What is that?”
“You said that you were on board.”
“Why will tomorrow be right.”
“You decide what you want to convey.”
“I have this down.”
“I do this all the time.”
“Do you even matter?”
“I walk a fine line.”
“That means that you crawl.”
“You need to be more precise.”

“Bad baby.”
“Children cannot solve this.”
“How does this soak all the meaning?”
“He is nothing.”
“That will be a great first move.”
“Make money off me.”
“Make me money.”
“We are not even close.”
“It is all back to work tomorrow.”
“I am going to be able to escape.”
“That could not be worse.”
“I have the technique.”
“You are there to destroy me.”
“Do you want me to trust you.”
“I am trying to figure out what kind of person that you are.”
“Someone to take all your shit.”
“They all love you.”
“What are you becoming?”
“You hit the ceiling.”
“That was not obvious.”
“Deer in the headlights.”
“I will complete it in good time.”
“You can push it.”
“I want to see it.”
“And what else do you have?”
“I have what does not work.”
“How can that be?”
“You do not thing about it at all.”
“There are so many ways to make this happen.”
“They all say the same thing.”
“Fuck the accounts.”
“What about the revs.”
“They have been cleared out.”
“What is left.”
“More than a hope.”
“Is there time?”
“Keep going quickly.”
“I thought that I was supposed to love you.”
“Why do you make it happen like this?”
“I need to clear out.”
“I am in a fog.”
“I could jump in right there.”
“Jump in.”

“I have waited for this.”
“Which one will work for you?”
“We go the distance.”
“We show all that we can.”
“That gives us a greater hope.”
“What can you take from this?”
“Think more about it.”
“You could design.”
“Go back to the beginning.”
“I have this down.”
“Have you met him?”
“He does it.”
“He taught me shit.”
“That is not worth much of anything.”
“Much of what.”
“I can dance.”
“You will be dancing.”
“That does not sound pretty.”
“Take me to the bridge.”
“Push me off the branch.”
“We all want to end the night the way that we started.”
“More than happiness.”
“Unhappiness.”
“Inappropriate behavior.”
“Bad, bad, bad!”
