

COOLER

“I got locked in the cooler.”
“Was that meant to be some kind of punishment?”
“I would like to apologize for not showing up.”
“You found your prince. Why should I object?”
“I am never going to be that depressed that I am going to give up on my game.”
“And you have it.”
“How else do you want me to describe it?”
“I am completely drained of any kind of feeling.”
“You have traded up.”
“Another kind of zombie.”
“Let’s talk about business.”
“We were almost there.”
“I needed to close down my creative project.”
“Are you coming?”
“I want to apologize.”
“Apologies are weak.”
“There is still time.”
“Answer me, honey.”
“I really can’t care. If you don’t want to know, you don’t want to.”
“Know.”
“We are starting late.”
“Everything stopped.”
“That is so pretentious.”
“We can pretend for a while.”
“Some things do not work.”
“You are asking too much from me.”
“I got my life back.”
“What kind of life is it?”
“You cannot ask for something that you cannot give.”
“You are relying on good faith.”
“Roll down the windows.”
“You are going to have to beg.”
“The margin of return is a whole lot worse.”
“That works for now.”
“Smile for the camera.”
“Sneer at me.”
“Why is this necessary?”
“You need more time.”
“I have one goal.”
“And that is.”
“You owe me one.”

“I come from one school of thought.”
“Don’t think.”
“You hurt my brain.”
“This is only the beginning.”
“My ideas attacked me.”
“This will work itself out.”
“We are clearing out.”
“I can give you everything that I have.”
“What more is in the tank?”
“We push out in space.”
“We will get there.”
“I have been there.”
“This is edifying.”
“We really aren’t dealing with the same shit.”
“What are you doing?”
“I am there to help.”
“I am there to help.”
“That is a complete show.”
“You are worse than Mr. Wonderful.”
“Are we working together?”
“I am going to be honest. I am not holding my breath.”
“I want to see things as they are right.”
“I am trying to change my role.”
“No one changes anything.”
“I need a jolt.”
“This is the first day of the rest of my shit.”
“I will get in better this time.”
“You have everything that I need.”
“I show up.”
“I want all this to be equal.”
“How did you do it last time?”
“I paid owed, and I got nothing back.”
“They cut off my power.”
“Don’t worry. I am almost there.”
“This is not meant to last.”
“Nothing is.”
“I do have to go to work.”
“Money stands.”
“They are developing a new standard.”
“What am I holding on to?”
“And I will be rescued at the last moment.”
“Did you listen?”
“We are together.”

“No one is looking.”
“We are looking.”
“What is the complaint?”
“We have got so fucked up.”
“What kind of music?”
“They are going to round us up.”
“I can tell you the secret.”
“You don’t know the secret, so I cannot clue you in to the real secret.”
“That does not give an answer.”
“What is regulating the engine?”
“The mix of air and fuel.”
“Where do I take this?”
“Take it to the bridge.”
“Stand with more authority.”
“I see him, and he fucked with me.”
“Who is running things.”
“Control the situation.”
“You never do.”
“Face it.”
“No one does.”
“Why should I tolerate this?”
“I am not going tolerate.”
“Concentrate, and remember.”
“There are two lines.”
“Crash.”
“I felt that you would understand.”
“I do not want to interrupt my life, but what do you want to tell me?”
“That is a choice.”
“That is a choice.”
“I am going to think that this is wonderful. Then I am going to wonder what it is.”
“There is a place where this all makes sense.”
“The butcher, the baker, and the candle-stick maker.”
“Is that your profession?”
“I am way back of the line.”
“What is the temperature.”
“Can you ever know?”
“You have to know why I look like this.”
“This is my best friend.”
“Do you care?”
“That is not going to happen.”
“No drama.”
“You took the head off the concierge.”
“I am not responsible.”

“You rescued me.”
“That does not work.”
“There is a string.”
“Pull on it.”
“I was never involved.”
“There is zero accountability.”
“Until you collapse on the ground right in front of me.”
“What do you call that?”
“I am not going to leave the house with you looking like that.”
“You don’t have to leave.”
“You do not know what it means to leave.”
“THAT COUNTS FOR NOTHING.”
“That was not meant to be important.”
“Get the work done.”
“You know what I am going to eat.”
“That holds for nothing much.”
“It never happened.”
“Flesh and bone.”
“We will cut.”
“Guardian.”
“I am never close to a solution.”
“The select few.”
“The few of the few.”
“I got it wrong.”
“When do you become a leader?”
“Who is leading whom?”
“Where is he headed?”
“A wedding.”
“Get him to the church on time.”
“Which church?”
“If anyone has a reason to stop the ceremony, let him.”
“Meet me now.”
“Get in this car.”
“Buy me a meal.”
“I am easily convinced.”
“None of this ever lasts.”
“There is still time.”
“None of it.”
“We are working together.”
“A team.”
“Surveillance.”
“I like the look.”
“I like the art.”

“I get it.”

“Buy me dinner.”

“Get me out of here.”

“I will combine it all in one soul.”

“The one thing that I thought that you had, you don’t.”

“We will never be on the same page.”

“Why?”

“What can I tell you.”

“What is really there?”

“What do you want to see?”

“I will be back at it again.”

“The house is going to fall down.”

“I am going to fall down.”

“I can help you to rise from the dead.”

“But you will not.”

“We were working together.”

“This is the dissolution of a partnership.”

“And what is that going to do.”

“One partner. The other partner.”

“The art.”

“Is it time?”

“I think that we are understanding the impossible.”

“There are different ways to balance our bad habits.”

“I am very obedient.”

“I am not going back that place.”

“It could be more solid.”

“Introduce me to your friend.”

“Are you a serious person?”

“Explain it.”

“There is a pipeline.”

“What else is in the line?”

“That was yesterday.”

“This has nothing to do with you. Nothing to do with anyone.”

“What is happening at home?”

“I gave you a different name.”

“Are you allowed to do that? Do you have the authority?”

“Then I realize what it is all about.”

“My authority is divine. I look at the collection of numbers. It moves toward a single understanding, and I am invited to participate. If I learn these numbers, it will lead me towards a more lasting understanding. This can empower me against the declining world economy. Demand has gone down, and supply has been reduced. But you don’t worry about these things because you know where to check in.”

“I am not looking for a lesson in economics.”

“You are living it whether you know it or not.”
 “I know what I have.”
 “I know what I will have.”
 “I like to take it easy.”
 “You take it easy by taking it heavy.”
 “Darling, let’s take pleasure.”
 “This is where the pleasure ends. The world is destroying me.”
 “If I do not leave the house, I have everything that I want.”
 “I am staring, but I am not seeing.”
 “And I go back to work.”
 “You need to see what I do.”
 “You need to do what I see.”
 “This is your forum.”
 “Thank you.”
 “I could complete this on my own.”
 “I could complete my own.”
 “This is a business.”
 “Is there too much supply?”
 “Where do we take it?”
 “It has got tangled up.”
 “I work.”
 “I guess that you do.”
 “You can explain this.”
 “I do not want to hurt myself.”
 “I do not want to hurt.”
 “Why was I not supplied with an opening?”
 “Someone was talking with the animals.”
 “Human discourse is reduced to these modes of belonging. We have lost our higher-order combinations.”
 “I do not want to be mean.”
 “Be mean!”
 “I think that I really messed up.”
 “This will work.”
 “You have made matters worse.”
 “We are all doing worse.”
 “Worse is always better.”
 “That is what you bring.”
 “And you sugar-coat it.”
 “What else do you do?”
 “If this is such a lucrative job prospect, you should not be trying to shake me down.”
 “It is much better than you can know.”
 “Why is this good?”
 “Who are you? How do you hear the words? How do you understand yourself?”

“If I look at my family, we are fucked up somehow.”
“We are perfect at home.”
“We come to share.”
“I need to start somewhere.”
“I need to start.”
“I was going to work with you.”
“I did not work.”
“This does not work.”
“The words will set you free.”
“What is free?”
“Free market.”
“What is this doing for education?”
“I do not want to think about this.”
“What about opportunities for your children?”
“They will have three streams of income.”
“Who is helping you?”
“Make the system work for you.”
“Who gives you the power?”
“Who gives you the love?”
“Can you make this novel about me?”
“I am tracking Leo’s Lending Service.”
“He made another loan.”
“When was revenue generated?”
“On Thursday and Friday.”
“What about the other days?”
“Who is servicing the debt?”
“This jacks up demand.”
“Can I have a cheese roll?”
“You will get what you want.”
“Are you just a bite away?”
“This was genius.”
“I took a bite.”
“Keep talking, and this will make you seem as if you are more intelligent.”
“I am.”
“Understand these numbers.”
“I am getting things fixed.”
“All of this will make sense.”
“I have only showed you part of the story.”
“What did I do wrong?”
“You made too much noise.”
“This has been going on forever.”
“I am on the verge of a visitation.”
“We are not looking for miracles. I need to match the supply with the demand.”

“Give me enough.”
“Then they run out completely.”
“That is the basis for the visitation.”
“You’re shit kicked in.”
“Can you save me?”
“There is no saving.”
“We are one.”
“There is no one. Where do you find your cash?”
“I print it.”
“This is good for your anxiety.”
“What does this mean?”
“Should I care?”
“I can wait.”
“Give me what I am looking for.”
“I care.”
“We all do. But we are trying to figure out what that means.”
“He used the piano to help him scan.”
“You will be free.”
“No one will be.”
“I had my card punched.”
“Do you want me to tell you about the encounter with the Lord?”
“I got that stuff”
“I cover this moment.”
“This is too much to balance out my meds.”
“Funny.”
“You only get a few rides.”
“Where else are you going to go?”
“I keep wondering where you go when you go.”
“Go home!”
“Back to Mars.”
“The moons of Jupiter.”
“That was not a good meal.”
“What is the issue?”
“What is one statement that means anything?”
“Love yourself for whom you truly are.”
“Do not break on me.”
“Touch the back.”
“The dinner is coming.”
“Can I sample your plate?”
“The vulture circle.”
“Where is this going?”
“Where do you want it to go?”
“I will go where you want me to go.”

“How did you animate that bear?”
“That is all that matters anymore.”
“Are there any other kinds of gestures?”
“You can reject the program.”
“They all have.”
“And you show up at the same time.”
“Synch the watches.”
“Do not worry.”
“We could use different words.”
“Words of love.”
“Worse for the wear.”
“There is only one thing to worry about.”
“Do people care?”
“The end is near.”
“The near is here.”
“Will love save us?”
“We can save ourselves.”
“How do we do that?”
“Cluck, cluck.”
“What else is going on?”
“Do you think that I like this?”
“It is all this. Then it is none of this.”
“Now, you hate me.”
“We will fix that.”
“What is her name again?”
“The names are not consistent.”
“This is the beginning.”
“I will arrive in good time.”
“She is in to it.”
“Do you know the difference?”
“I am the difference.”
“The way and the life.”
“How is that possible?”
“You are keeping the sink clean.”
“Do you have enough anesthetic to operate?”
“They were all so cruel to me.”
“Cruelty is not part of the repertoire.”
“We can animate.”
“Total propaganda.”
“Stick to the script.”
“Where are you hiding?”
“What is left out?”
“He will fix me.”

“Does he fit?”
“Not this story.”
“It is.”
“That will work for me.”
“That will not work in the classroom.”
“I will not.”
“You lost that teaching job.”
“I manage a grocery store.”
“When will the pay raises occur?”
“That is all connected to labor policy.”
“The sister and the mother suspect.”
“What is suspected.”
“You went over to the other side.”
“That works for tonight.”
“I get the prize.”
“Does it fit?”
“Is this what you really worry about?”
“I am going to have to stay here until the end.”
“That could have been my life.”
“I am sobering up.”
“Do you have some medicine?”
“Do you have a headache?”
“I have inflammation.”
“Is this poetic?”
“I am the poet.”
“And you are the lover?”
“Anne left.”
“They were going to cut off her head.”
“The rhyme was not good.”
“This is not meant to rhyme.”
“How does it hold together?”
“By the heart.”
“What are you writing?”
“What are you seeing.”
“I am getting turned on.”
“This is much closer to me.”
“I have sampled all the flavors of sauce.”
“Keep talking.”
“I understand what really motivates you.”
“It is that time of the morning.”
“It is that kind of life.”
“It begins where it ends.”
“We need to wash the sheets.”

“It is all about one thing.”

“I move when I need to.”

“Of course, you do.”

“This is enough to make me stay.”

“Keep it going.”

“There is something else important.”

“I am not interrupting something important, am I?”

“This is never going to work out.”

“I have too many expenses.”

“Do I need to play?”

“First serve.”

“I provide a service.”

“She just rolled in.”

“Does that work for anything?”

“I can cook you a meal.”

“I am believing my belief.”

“That is the best way.”

“I can rescue you.”

“I need to recuse myself.”

“And what is this?”

“There is some kind of craft.”

“That has come to mean something completely different. We exaggerate slight variations, so we don’t have to pay for anything of value.”

“Value.”

“Do you really care about that?”

“I do.”

“You fit right.”

“Power.”

“Nobody really does that.”
