

## THE TIME OF DESIRE

Since these moments of desire felt as if they were cumulative, this made Ed feel as if he was experiencing a progressive development. He was moving towards an understanding.

“What did you need to know?”

“I don’t want people to treat me as if I am some kind of lab animal. You are always asking questions about my behavior as if you have some kind of unique insight into my nature. You don’t know what you think that you know.”

“We can help you to discover who you are.”

“I am not really looking for you to ask me whole battery of questions.”

“This is going to be better than you know.”

“I felt this crazy shame. I think that it developed from being arrested for theft.”

“Did you do it?”

“I reminded them that they had the wrong guy.”

“This had nothing to do with me whatsoever.”

“This was what I was good at.”

“I learned how to take things without any real consequence.”

“Did you get a rush?”

“I knew that it was going to happen for me.”

“I am not that desperate.”

“What else could you be doing?”

“I am waiting for my moment to come.”

“Don’t worry. It is going to be all right.”

“I can’t see.”

“This will be very good for you.”

“Where is your mind?”

“Holding on to whatever life I have left.”

“And what kind of job do you do?”

“Networks. I connect all the power together.”

“And where does that lead?”

“I do not need any more than I should.”

“What does that tell you about human interaction?”

“It is not what I starts with; it’s where I end up.”

“And where is that?”

“What is the principle?”

“I think that I am an excellent judge of character.”

“Believe that shit.”

“I know how to monitor your habits.”

“I know what is good for you.”

“That would have worked for me.”

“How do you go from what to who?”

“What do you start with?”

“Something processed.”

“Did you get those dinner rolls.”

“I feel as if everyone understands me all too well.”

“Time bores me more than you know.”

“You are the face to fill up these pmoments with hope.”

“How does evolution work?”

“You do not understand.”

“You never understood.”

“There are two ways of seeing things.”

“I didn’t bother with this.”

“But you still get it done.”

“There is a clear field.”

“They mock us.”

“You want to be governor.”

“I make things happen.”

“If someone didn’t sweep your streets, you would be knee-deep in garbage.”

“I work on the garbage pickup contracts.”

“I made this all go away.”

“What is your resentment?”

“There is a personal resentment.”

“I have sat at the table and heard the recrimination.”

“What do you object to?”

“They work harder than I do.”

“They work. And you have your messed up ideology.”

“What are we talking about?”

“You look better every moment.”

“We cleaned up democracy. Now, tyranny can proceed.”

“I always get that wrong.”

“The face will last.”

“I am working on it.”

“Be honest. There is nothing that you can do for me that is going to make me feel better about myself.”

“Drink some of this.”

“You can make it from what you have.”

“I take a long time.”

“I take a long time.”

“This is a long goodbye.”

“What can you do to love yourself?”

“This is an interesting question.”

“That could have blown me away.”

“What else do we do?”

“We make things.”

“This is the basis for innovation. It sequesters critical resources for those who already

have it.”

- “All power to the bosses.”
- “What will time tell us?”
- “Eat your meal, and do not complain.”
- “This is not a glamor show.”
- “I made the machine.”
- “I am the machine.”
- “Do not think about me.”
- “Go deep.”
- “Take your cut.”
- “This will go on until the end.
- “Have a chip.”
- “I am trying to control myself.”
- “Bring your brother.”
- “What are you thinking about?”

I wanted to provide an answer key, which could help in the development of what was to come.

- “What else is there?”
- “I like to feel excited.”
- “But you may not feel excited.”
- “Time is an important part of biological development.”
- “The process is getting better.”
- “What is that about?”
- “I am trying to explain my fashion choices.”
- “You only have five days to come up with some answers.”
- “That really did nothing.”
- “It created an unpaid debt.”
- “I keep having hope.”
- “I want to know.”
- “Was knowledge an important part of the process?”
- “The role of hope is immensely important.”
- “He has found what he needs.”
- “I lose my way.”
- “We can go back to where we started.”
- “I have an understanding of the mind and body that I can explain over time.”
- “I sucked it up.”
- “Who else is there to share?”
- “I accept my demise if you do.”
- “Your role emerges with a special clarity.”
- “I squeezed some fresh juice.
- “Anything to fill my time with excitement.”
- “Are you mocking me?”
- “That was the basis for his anthropology. Everything is running out.”

“No, there is an excess.”  
 “Why did he like that?”  
 “There was really no obligation on his part to do anything.”  
 “I really thought that things would change.”  
 “Is any of this habit-forming?”  
 “Can I finish this off for you?”  
 “I am coming back for you.”  
 “I only want you to think about one thing.”  
 “THE NIGHT GETS MORE DESPERATE AS IT GOES ALONG.”  
 “Then you cross over.”  
 “We are not talking about the surpassing.”  
 “Why does that seem to be important?”  
 “I am so incomplete.”  
 “Are you afraid of these things?”  
 “I want to believe that everyone is participating.”  
 “And they do.”  
 “What does that do for you?”  
 “I thought that I was entering another realm of existence. I was barely concerned with eating or sleeping.”  
 “That is a disorder.”  
 “I saw it as a mystical form of being.”  
 “I wanted to say something.”  
 “I will take care of this in the light of day..”  
 “There is no more day.”  
 “What became the fascination with the night?”  
 “I didn’t have to work. I could bet money just by breathing.”  
 “That never happens.”  
 “I needed less to survive.”  
 “That will work for me.”  
 “Should I participate?”  
 “I had a choice.”  
 “What would the full cost be?”  
 “There are choices.”  
 “Breathe this.”  
 “You can live on this alone.”  
 “You are suffering from malnutrition.”  
 “What is absent from your diet?”  
 “The one thing that holds it all together.”  
 “Rescue me.”  
 “I am helping you to design your nature.”  
 “What else is happening?”  
 “This is an exercise.”  
 “Were you good at this?”

“I was brilliant.”  
“We cannot get a story going. We cannot get anything going.”  
“Tell me your name. What is your career?”  
“You are getting desperate.”  
“We had a guest.”  
“You could have been the guest.”  
“I want to know.”  
“We are all working on the same thing.”  
“We see this in different ways.”  
“I work at this.”  
“What are your actual thoughts?”  
“This became a mess.”  
“Where are you hiding?”  
“Something big is about to happen.”  
“I do not have the money.”  
“Is it worth going along with this?”  
“What is the destination?”  
“I felt as if I has a proof.”  
“Nothing here would explain anything whatsoever.”  
“How do I relate?”  
“I can seem my life sifting thought my hands.”  
“Love could not be any better.”  
“I see what I want.”  
“A meal.”  
“Skills to make this a better world.”  
“I need to ask.”  
“We will all ask.”  
“Do you love me?”  
“I don’t know you.”  
“I do not want to see that version of my demise.”  
“We start with great things.”  
“Our view have all been censored. But the opposition is all over the news.”  
“There could be a different kind of balance.”  
“That is not what I want.”  
“There is a difference in quality.”  
“Eat the shit.”  
“I want the mustard.”  
“The sensuality.”  
“That could connect thes moments. That is the frightening part of it all.”  
“I will take it.”  
“Time asks us to take it.”  
“This is a constant process of gratification.”  
“What just fell?”

“I am on the verge of a wonderful self-realization.”  
“What did just taste?”  
“What else is there?”  
“I am so good at this.”  
“No one gets it.”  
“What is occurring in the shadows?”  
“You are going to need a great deal to survive in this situation.”  
“I need you to be more specific.”  
“What are you bringing to the table?”  
“Some silver ware.”  
“I am looking for action.”  
“This could be a familiar action.”  
“Like eating.”  
“You are a familiar action.”  
“You are my familiar action.”  
“Time went to a different place.”  
“I understand you better.”  
“This is lovely.”  
“That means nothing to me.”  
“LOOK AT MY FACE.”  
“What is this supposed to be about?”  
“Stare in my eyes.”  
“You have no connection to anything else in your life.”  
“We are never going to finish this.”  
“What are you bringing?”  
“The medicine.”  
“This once meant something.”  
“I wondered who you were.”  
“I saw everything from the outside.”  
“Where do you work?”  
“I do not want to breathe in too deeply.”  
“Show me that you care about yourself.”  
“That is not going to help me.”  
“I can make you better.”  
“Move the table.”  
“This is not going to turn out well.”  
“You need a soliloquy.”  
“Where is this going to end up?”  
“In possessiveness.”  
“What are the revenues?”  
“It’s an accident.”  
“How can I be fixed up?”  
“What would be better advice?”

“If I am driven to silence, there is no story.”  
“That happened to you.”  
“There are rules.”  
“We could do a replay.”  
“I am always distracted.”  
“This does not have to be explained.”  
“There is no way to explain it.”  
“This does not work.”  
“I am not asking for something significant.”  
“That would work for you.”  
“A long smile..”  
“A different look.”  
“Don’t hate me.”  
“The children are crying.”  
“That is supposed to count for something.”  
“How does it count.”  
“We match,”  
“That is too much.”  
“You are holding back.”  
“I am never completely present.”  
“I am being invited to a different place.”  
“What else do you need?”  
“Here’s a plate.”  
“That is going to destroy me.”  
“Those are the rules.”  
“What is Lancer worried about?”  
“I cannot even be totally here.”  
“Do not lick your fingers.”  
“That becomes a career.”  
“What are your plans for a career.”  
“To replace parts.”  
“To enhance parts.”  
“Who is making this happen?”  
“There is a lot of money in this stuff.”  
“It would be better to get it right the first time.”  
“There is never any first time.”  
“I need to react.”  
“Everyone else reacted.”  
“If you aren’t going to be friendly, I will find someone who will.”  
“What are we waiting for?”  
“For tomorrow to be exactly like today.”  
“I have a two week plan.”  
“You made the basket.”

“That does not change my life significantly.”  
 “I could ask for a redo.?”  
 “I don’t want to go to the store with you. I don’t want to take a train. I don’t want to work for the government. I don’t want to go to school. I don’t want to go to the library.”  
 “Identify yourself.”  
 “I have run out of skills.”  
 “We were great friends.”  
 “What is in there?”  
 “Love.”  
 “The love of my life.”  
 “Chocolate sauce.”  
 “We are easily pleased.”  
 “Explain the big plan.”  
 “I move around a lot. I want someone to demonstrate at of interest in my life.”  
 “You could use a dietician.”  
 “That is the them of the book.”  
 “Come tell me.”  
 “Sweep it all away.”  
 “This is a crisis.”  
 “These are my animals.”  
 “These are my favorite foods.”  
 “We are just the same.”  
 “Why should I think that you’re life is going to improve things for me?”  
 “How did you get this going right?”  
 “I am uncontrollable.”  
 “I am moving my pinkie.”  
 “I need to deal with people who have more control.”  
 “I am trying to get my body back.”  
 “What does this have to do with me?”  
 “This is going to be an important day for me. I am going to look at my skills. I am going to look at my dreams. I am going to see what I need to do to realize my dreams.”  
 “You are really fucked up. None of that is going to do much of anything.”  
 “Revenues.”  
 “And expenses.”  
 “Where does all the equity go?”  
 “I just need you to keep counting.”  
 “I am hiring.”  
 “What is that about?”  
 “And you finally get what you want.”  
 “This is not an after-school project.”  
 “I feel as if I am on display.”  
 “And that works for you.”  
 “You cannot make the steps to change anything.”

“Are you staring at me?”  
“That is an eye problem.”  
“Do you think that works?”  
“This is so fucking boring.”  
“I am giving you all my life.”  
“Did you ever take a good look?”  
“I took a good long look.”  
“I never liked what I saw.”  
“Some things you cannot see.”  
“My doctor tell me about that.”  
“That is not it.”  
“What is it really about?”  
“I do this a lot.”  
“Then there is that thing.”  
“That totally about now thing.”  
“Do not leave me this way.”  
“This is only about my desires.”  
“Who will protect you through this?”  
“That will be even better.”  
“I only need to wait a few days.”  
“I am here.”  
“What would you do at home?”  
“What propels a historical era.”  
“That will save me.”  
“I have no understanding whatsoever.”  
“Do you want money?”  
“This guy is not helping with my homework.”  
“That does nothing.”  
“Where is this headed?”  
“You acted as if you created this.”  
“And that is all that it takes.”  
“Are there dynasties?”  
“Does this go beyond a plan for the future?”  
“It is better that I never tried.”  
“There is a moment when I don’t want to be a part of any of this.”  
“That so broke me down.”  
“That works for me.”  
“That is slowing me down.”  
“I needed to respond in the moment.”  
“That is responding in so many moments.”  
“I didn’t come here without a cure.”  
“Get it while you can.”  
“Then it gets really crazy.”

“It is not just what I see.”  
“She has no idea.”  
“I do not need someone repeating my life back to me.”  
“What is your real aim?”  
“How does that react with your meds.”  
“It makes me hesitant.”  
“What are the other flavors?”  
“What are the other favors?”  
“This is not meant to be performed.”  
“What do you have here.”  
“I need to take it apart to put it back together.  
“I can tell.”  
“I did not work hard enough.”  
“Just do the job, and shut up.”  
“You are blocking me from seeing the flow of history.”  
“You will not reach that point.”  
“I wish that you would deal with it.”  
“There are some other possibilities.”  
“You want what you cannot have.”  
“You get what you want and wonder.”  
“What is the time.”  
“That was easy.”  
“I am back at my house trying to rearrange the menagerie.”  
“And nothing happens.”  
“That will not affect me.”  
“You made some really silly mistakes.”  
“I am back.”  
“You are the five dollars that I misplace.”  
“What does that mean?”  
“I am looking for originality.”  
“What kind of training did you have?”  
“I do not need much.”  
“The star falls from the heavens.”  
“That is crazy shit.”  
“It is closer than I know.”  
“That guy is very loud.”  
“There is something that he needed to say last night.”  
“It is echoing.”  
“He cannot control what is going on around him.”  
“Do you like that kind of thing?”  
“I have a physician.”  
“Some one needs to control the dose.”  
“Are we being fed this?”

“You are a natural.”  
“You come with a team.”  
“I am trying to figure out the group dynamics.”  
“What do you want this to mean?”  
“You took our shit.”  
“I have this under control.”  
“Friend to friend.”  
“I lost all my motivation.”  
“It does not go like that.”  
“And you are committed.”  
“When do you realize that it is not going anywhere?”  
“When it does not go anywhere?”  
“Why do they hate us?”  
“Because you wrecked my car.”  
“Is this an answer.”  
“This is all about time, not history.”  
“Does this work?”  
“There is a not a lot of dynamic.”  
“What do we share?”  
“A different devotion to the world.”  
“We are back to the same show.”  
“Time is a treat,”  
“Keep watching.”  
“There is what I want and what I get.”  
“You are a very unstable person.”
