

INTERRUPTION

“I cannot remember what is in my notes.”
 “I have solved the questions.”
 “I thought that showed something unique.”
 “He is an expert at doing this.”
 “How can you characterize the expertise?”
 “We all accommodate.”
 “You can think that same way.”
 “He is awfully confused.”
 “He knows all about the moment.”
 “The tiger is coming alive.”
 “You have solved the transmigration problem.”
 “At a certain point, it is all a distraction.:
 “The poor fly!”
 “Nothing is as it seems.”
 “Except what it seems.”
 “I am developing defenses.”
 “Did you dress for the event?”
 “We are losing the sense of events.”
 “You need a thread to hold it all together.”
 “This is between me and my friends.”
 “Stay here.”
 “Do not let anyone bother you.”
 “This will last for a while.”
 “HE WAS TRYING TO DIRECT MY ATTENTION.”
 “There is a lot more going in my life.”
 “There is a lot less going on in his life.”
 “And you have focused.”
 “Clean lines.”
 “What do you know?”
 “Some strange ritual shit.”
 “And that leads towards what.”
 “I saw it on the screen. Look at this smile. This is how I am supposed to respond.”
 “Why are you still interfering?”
 “That will work.”
 “He has a category system.”
 “With push-buttons and human flies.”
 Someone else wondered.
 “Are you collecting dead flies?”
 “These are not collectibles.”
 “This is a way of life.”
 “I exaggerate my abilities.”

“Who can help?”
 “There is a lot of effort spent in eating.”
 “This is my point of entry.”
 “The alarm went off.”
 “I know who are you. I do not want to know.”
 “We are observing the sharks.”
 “What does he know? What dose he share?”
 “I own this space.”
 “You still have to believe.”
 “I know you through and through.”
 “You keep making it seems as if you are more knowing.”
 “What do you know?”
 “This is reaedy for activation.”
 “How does that work?”
 “Do you want clarity?”
 “No one can tell me.”
 “If you get impatient, you will be punished.”
 “This is not supposed to end here.”
 “How can you interrupt the flow?”
 “Just tell me that this is the time for you to shenge the world.”
 “That makes me think differently about my world.”
 “I wanted this to work for you.”
 “You have a needed in.”
 “How does that function?”
 “Finish me off here.”
 “I put a lot of faith in you.”
 “This will not end in vain.”
 “I understood that.”
 “Play to the strong suit.”
 “This seems like some kind of torture facility. And you get used to breaking people down. You get in their heads and fuck them up. You provide them with few resources for any kind of self-actualization.”
 “Do not hurt me.”
 “I am not taking anything that is yours.”
 “How does this work?”
 “Total focus of my abilities.”
 “What else can you do?”
 “I know what else you can do.”
 “There are things to get donw.”
 “You need to eat.”
 “This is not supposed to go like this.”
 “You go out before you can get out.”
 “And you leave something here.”

"I cannot map the universe."
 "Map it, and forget it."
 "He figures that he has it down."
 "He does."
 "You have time."
 "A few variations of the Wolf's Tale."
 "And people will object."
 "There is not a fair balance."
 "I cannot sympathize."
 "I am with the wolf."
 "What else is there?"
 "A drill."
 "People can be so cruel."
 "Industrial strength cruelty."
 "This was supposed to be about relaxation."
 "What are they really up to?"
 "You are perfect for me."
 "Did you escape?"
 "That is all that matters."
 "You do not have a limo outside."
 "I am back at home."
 "I did not get an investment opportunity."
 "I did what I needed to do."
 "I need an introduction."
 "You have no idea what is involved."
 "I get it all."
 "I need more food."
 "Then it is all gone."
 "I got hungry."
 "Where is this headed?"
 "I am so into the moment."
 "That is perfect for me."
 "I never knew."
 "I only knew."

"You could change the dynamics. You know what is going. You could characterize it to
 a t. But you want instant gratification."

"There is no philosophy."
 "Could you explain that to me?"
 "I make it happen on its own."
 "They will get someone else."
 "It will all be righted in the end."
 "Some loose concept of karma."
 "You know it better than anyone."

“Then you escape.”
“And there is nothing.”
“There is everything.”
“No one cares about tihs.”
“Do you care?”
“That is pathetic.”
“The style will not set you free.”
“You win on this one.”
“Are there any other possibilities?”
“We let the clock run out.”
“You have more belief.”
“That is not really an answer.”
“There is the other side of the equation.”
“I want to get in.”
“I want to get out.”
“This is a private prison.”
“It is something deep to do with the state.”
“I will think about that later.”
“Do you want to watch?”
“Watching does not change it.”
“What do you have?”
“Where does all the money go?”
“Security, surveillance, and psychiatry.”
“Where did we start?”
“What is missing?”
“You are going to have to run.”
“That will not work.”
“You can glide.”
“Get me another beer.”
“Are you turning the screws?”
“I want to forget everything that is important.”
“I want to forget.”
“And how does that work?”
“That could have been marvelous.”
“You looked dangerous.”
“I was.”
“I collected all this.”
“There is a memory.”
“We worked as part of team.”
“What is in there?”
“Why do you believe that you can do better?”
“We have have a method.”
“And it may not work.”

“It barely hurt. They found this technique to destroy you with barely any feeling.”
“What was that about?”
“I have already surrendered so much.”
“What do you want Relly.”
“I want thing that no one can give.”
“In all this overdetermination, that is all there is.”
“You can’t ask someone to do the same thing over and over again and expect anything difference.”
“I need some help with this.”
“That is what they tell you. It is all part of the hurting.”
“You will find an answer.”
“I will not find an answer.”
“I found what I needed.”
“There was something that was here.”
“There is a technique.”
“What is the result.”
“I should not have come here.”
“They tighten the screws.”
“How will that work?”
“I do not want to be in that place.”
“You have numerous choices.”
“And ou take tis one.”
“They do so much shit at me at work.”
“That is some kind torture theory.”
“And it works.”
“I can stare.”
“That is a different way of seeing things.”
“That is only going to make more of a mess.”
“Do not look for order in disaster.”
“This is all part of the job.”
“You could quit early.”
“They are not going to let you out.”
“Were you sentenced?”
“These are things that I cannot control.”
“I used to be a nurse.”
“I wanted my money right away.”
“What are you working on?”
“How did that all happen at once?”
“Aghast.”
“You know too well.”
“I like this all too sell.”
“It started to make sense.”
“You are easily satisfied.”

“I am put in the cell for a longer period.”
“You see what you cannot have.”
“This will upset all of us.”
“We need to do it this way.”
“I am coming down.”
“I jumped into the waters.”
“Is it all a go?”
“That is what I have been waiting for.”
“The fish in the barrel.”
“I have big plans.”
“The fish.”
“Come to the house.”
“Make that a go.”
“The fish.”
“The hooks.”
“I want to say no.”
“I say no.”
“I cannot wait.”
“I will put it into simple terms. I am here.”
“You were not looking where you were going.”
“That is mythic.”
“How did I get like this?”
“You are trying to make it seem better.”
“And there is nothing else here.”
“Nothing.”
“Stop that.”
“Sing along.”
“Take a breath.”
“He found something to hold it all together.”
“Were you ever looking?”
“That does nothing.”
“That does nothing.”
“Why should I care?”
“Why?”
“That never worked.”
“I make it work for me.”
“I have arrived.”
“We are all here.”
“I have finally arrived.”
“What else is in there?”
“Something that is provoking my allergies.”
“This is not an infinity.”
“It sure seems like it.”

“And the feeling will not stop.”
“Did it fall apart?”
“Do not admit it.”
“This should never happen again.”
“And they drained me of all my energy.”
“I am coming back.”
“He is confident.”
“That cannot be explained.”
“Explain it.”
“Explain the art.”
“Why should it work?”
“You could return.”
“And what would that prove?”
“There is no proof.”
“I was there first.”
“I was there before anyone else.”
“This is not some kind of dream.”
“I take what I am given.”
“We were going to get out, and now we are all trapped.”
“That is not going to happen for you.”
“You are trying to accelerate experience.”
“I do not even know what is happening to me.”
“There is a moment that is coming.”
“You skim off the excess.”
“The bad influence is rubbing off.”
“We all found our level.”
“I cannot breathe.”
“You have biography to share. What else is there?”
“Bad performance.”
“More bad actors.”
“We all lagging in place.”
“He is going to jump up.”
“JUMP UP NOW.”
“What is going on in there.”
“This will not get better.”
“I do not need to deal with your hysterics.”
“Where are you when I need you?”
“Relly, I need you.”
“I could do this.”
“Don’t leave me in here.”
“They released everyone else. Why are they particularly afraid of you?”
“That will never work.”
“Work at it more and more.”

“There is no special technique.”
“You are still in the cell.”
“This is a trade off.”
“I have something that I need to do.”
“Why did you not learn?”
“You have no idea that it was all a scam.”
“You have things to sell.”
“He gave me a gift.”
“If we never talk about it, then it is as if it never happened.”
“Follow the trail.”
“I want to be memorialized.”
“What would your biographer say?”
“That you have been asleep through most of history.”
“That is why Lancer is losing her story.”
“I need to help.”
“Who is this?”
“How was this some form of rescue?”
“I need more than that.”
“I got it.”
“Hang on, and it will be more important.”
“Add details.”
“You give me the creeps.”
“I need to get at it.”
“I do not like this resolution.”
“It’s you.”
“There is some mail for you.”
“I am getting pulled along by history.”
“Hang on in the hopes that something will mean something.”
“Why are you here?”
“I need to ask.”
“You are the double.”
“This is the beginning and the end of my career.”
“Did you actually get out?”
“You think that you will understand.”
“You have no idea.”
“I can help you to spend what you have.”
“What you don’t have.”
“This is leading toward a mystery.”
“I am very tired.”
“I am on the move.”
“I am not on the move.”
“None of this matters.”
“What does matter?”

“The policy.”
“And you cannot embody the policy.”
“They are soaking all of our resources. Do you even understand what is happening?”
“I am on another plane of existence.”
“You were writing for me.”
“I need that critical intervention.”
“What is any of that about?”
“It will not be close.”
“And that will be the end.”
“Do you have anything else to say?”
“This is a fad.”
“How can you make that work?”
“I am selling everything that I have.”
You came prepared for this. This was a special form of an education.
“Why does that make you unique?”
“I did the job.”
“They did a job on me.”
“After alligators ate you up, what was left.”
“You better be good at this.”
“Another gator.”
“It jumped at me.”
“You seem to enjoy this.”
“Do not confuse the days.”
“I know what you are about.”
“You need to ask.”
“That is all that matters.”
“I get fucked up, then the universe seems to come to me.”
“I am going to wash the dishes.”
“There will be nothing else left.”
“You are doing a good job.”
“NO PROMOTION.”
“This is a way of life.”
“Total satisfaction.”
“What is that really about?”
“More gators.”
“I cannot walk back.”
“Why will that work for me?”
“What are you really offering?”
“A lot of savings.”
“A lot of forgetting.”
“I do not want to forget.”
“We are going to have to negotiate the biographical details.”
“And you quit.”

“You pretend that there is more.”
“There is policy.”
“And there is dealing with sharks and gators.”
“I have a good plan.”
“You will get it right.”
“And you will not.”
“This better be good and fantastic because the follow up is going to be good and shitty.”
“We will do it today.”
“This is ony going to get fantastic.”
“Who wants to see that?”
“People who are more fucked up than I am.”
“That is a wonderful way to describe this marvel.”
“I do not believe it.”
“And it all falls out.”
“The pretense is turning me on.”
“How does that work?”
“I am telling myself that there is more to it.”
“Ane there is.”
“You are so fucking boring.”
“The good part is coming.”
“Do not trust the costume.”
“Do not trust the silliness.”
“More shit.”
“This is where is all goes to shit.”
“He has an act.”
“Apparently.”
“Dusk is looking fo you.”
“What is really there?”
“Nothing worth considering.”
“They will do it.”
“Did someone drop a twenty.”
“That is counterfeit.”
“How did you last the conversation?”
“I did not realize that.”
“It is all about what you think you have.”
“Have another drink.”
“I am in control.”
“What are you after?”
“I will not ask.”
“I can pretend.”
“How do I get in?”
“Thread the needle.”
“Check the blood.”

“This is all that I need.”
“There are moments.”
“What are you going to do when the electricity goes out?”
“I can drag this out.”
“Someone needs to equalize.”
“I do not like that arrangement.”
“Take what it is.”
“I was there.”
“There is too much risk.”
“You are revealing all the industrial secrets.”
“That is supposed to be an explanation.”
“What else could it be?”
“They call this kind of thing a rationalization.”
“That does not seem like a fair assessment.”
“That worked for what it is.”
“Why is this going anywhere?”
“You better get on board quickly.”
“I could call you out.”
“It is that simple.”
“I need to give you time.”
“So little time.”
“You need to live it for what it is.”
“What is it?”
“What are you bringing with you?”
“Do not think about it too much.”
“I only want the cash.”
“There could be a surprise.”
“And you believe that will work.”
“They are telling you that you have something that you do not have.”
