

ONE TRUE THING

From here on in, these were supposed to be important things. I didn't feel all there. Why were the words supposed to take me this far. What did I miss? I recognized what would be a good starting point. I would have to train myself for my challenges. I knew that I had the ability, and it would take me on to greater things. Who would assist me in coming to some kind of awareness? This was rooted in a physical knowledge. It did not exist with sufficient inspiration. Were there enough resources to justify this overwhelming feeling? Who else could add to this personal recognition?

"Do you want to add?"

"Are you asking me for something else?"

"A trainer could offer me more. What could that be?"

"What are you preparing for?"

"There is only one question, and you have as long as needed to finish the exam."

"What are you asking me about?"

"What has changed since this started?"

"Everything that has been drained from me makes me more incapable of moving on."

"Where is this headed?"

"Your superior performance is not making you a better person."

"What else do you want to hear?"

"I do not want you to analyze me."

"You are asking for help with your form."

"I asked you to watch. I did not want your criticism."

"What is this really about?"

"You might have to change your plans."

"This is not about plans. This is all about adjusting for the now."

"Were you prepared for what might happen?"

"Are you trying to sabotage your own success?"

"This is not all about the now."

"Do we know? Does anyone else know?"

"This is something secret that you know that no one else knows."

"What is that about?"

"Are you trying to be aggressive with me?"

"I am doing everything that I can to give you a chance."

"We are all waiting together."

"You got in my head."

"And what are you going to do about it?"

"I am in it for the long haul."

"And the training is going to help."

"It is not about that. I need to get out of the house."

"Is there something else going on?"

"I was sure that there was a pet dog that you were caring for."

"I want to help."

“Do you understand the code?”
 “This is not just about what we are doing. How are we talking about ourselves?”
 “It will take a couple of months.”
 “Today is the first day.”
 “You get talking about these power moves. What can you even do about today?”
 “How do you want to feel about this? You are going to work tomorrow. And that might
 bother you.”
 “This is not supposed to affect any of this.”
 “Sing along.”
 “That is more than enough.”
 “I am falling apart before your eyes.”
 “Whisper in my ear.”
 “What is that about?”
 “This is called inspiration.”
 “He is a guest.”
 “I have lost the trail of greatness.”
 “Am I even awake?”
 “You are more than awake.”
 “There’s something else going on.”
 “I have all these chips in the game.”
 “Are you going all in?”
 “I am in to win.”
 “And who is helping you?:
 “Who is going to pay up to you?”
 “What do you have in the game?”
 “I can pretend.”
 “We all pretend.”
 “The movie feels like a fucking lifetime. It is one hour and a half. All that living is
 packed into that short time.”
 “I do not want to judge.”
 “You invested a lot of money. What are you expecting in return?”
 “I need to find the right investor.”
 “Clean up your shit first.”
 “Rels has her shit pretty much together.”
 “You have a lot of energy for the moment.”
 “You are going to make a decision.”
 “What is that about?”
 “I feel as if the world is now available for me.”
 “You could focus your energy.”
 “I am easily focused.”
 “It is resolved very quickly.”
 “I can help with your success. You will feel happy. You will find financial freedom.
 You will find love.”

“I will narrow my desires to fit in a detergent box. And you are going to tell me that is a solution.”

“What alternative is there?”

“Get it done now.”

“You need a lot of patience for change.”

“You offered me a confession.”

“Then I break down.”

“I want to get so much more done.”

“It is all about seeing.”

“I lost the trail.”

“Trail, thread, focus—what is any of that about?”

“I am heading into space.”

“There is not enough delineation of form in that narrow space.”

“You are going to have to make a choice.”

“I am going home to make some power moves.”

“Why do I want to think that nothing is going on here?”

“Cesium felt that all the energy could be transferred to another realm.”

“That is not the same thing as form.”

“What have we gotten ourselves into?”

“What are you worried about?”

“I have trained myself to respond to what happens in time.”

“I need to go to work.”

“Feed the fish.”

“I could catch up, but I am never going to catch up.”

“You had nothing a few hours ago. Now, you are on the top of the world. What are you going to do now?”

“These are situations where you have much more control.”

SILENCE.

“Give is time.”

“How do you make money off of this?”

“My memory is not that deep.”

“I love how this makes me feel.”

“What is going in there?”

“There is poison thag I am trying to get out.

“We are back to the poison story.”

“How much do you have in there?”

“I have good advice.”

“This is supposed to be a leadership question.”

“You can anticipate what is happening.”

“You give in to it.”

“What do you want me to do?”

“What happened to the belief?”

“What have you done for the past twenty years but breathe air?”

“Things cannot be perfect.”
 “Thing cannot be much of anything.”
 “I have been here before.”
 “I know.”
 “And you did not learn.”
 “What would learning have been.”
 “You retreat into yourself.”
 “You retreat into the words.”
 “Tempest, what would you do?”
 “I am trying to understand the historical moment.”
 “What does that mean?”
 “We get ourselves in situation.”
 “We are doing different thing.”
 “Do you want success?”
 “She told me that she wanted to be wealthy.”
 “At what rate of exchange?”
 “The world waits for us.”
 “You are my executioner.”
 “I am training for what comes next.”
 “You could spend hours trying to get it right.”
 “I do.”
 “What are you really saying?”
 “You spend all that time playing games, and you hope that the world will oblige. And you meet people who really do oblige.”
 “Don’t make fun of me.”
 “I missed that. Run the tape.”
 “Will that be any better.”
 “I am being misquoted.”
 “What do you want to say?”
 “I want to be free.”
 “I need new clothes.”
 “That is what I have always wanted.”
 “I messed up a long time ago.”
 “We are looking for big events. Everything cannot be reduced to such simple principles.”
 “There are states and movements.”
 “A lot of people just show up.”
 “And you do not like what is happening around you.”
 “That would probably be sufficient for me.”
 “Everything comes down to a good weekend.”
 “What about the theory?”
 “How did I get here?”
 “There is a lot of illness going on right here.”
 “These things drive you crazy.”

“What are you afraid of?”
“I am like that.”
“You can start again.”
“And you are running this.”
“This sound so good.”
“We have been here before.”
“What would that mean?”
“My memory would be better.”
“I want it to be like this.”
“It is over.”
“How did you plan this?”
“I did not want them to rescue me.”
“There is a brilliance here.”
“I am helping your with your brilliance.”
“And we get to the same thing.”
“I want to learn some shit.”
“That is not going to be inspiring.”
“That could be inspiring.”
“I do not want to know what is going on here.”
“You cannot get fixed in that way.”
“What else is missing?”
“Where do you want to start?”
“Clean out the fridge. The milk is going sour.”
“What am I smelling?”
“I do not feel right here.”
“This is still not enough.”
“I can start now.”
“I am ready for this.”
“Do not say anything?”
“And this works for you.”
“The colors are coded.”
“I am trying to recognize my mistakes.”
“You could use an editor.”
“I am looking for someone to analyze my intent.”
“It is not all going to come to you. You need to be ready for it when it arrives.”
“I am working on the preparation. I want to get myself in the right mind.”
“How is this supposed to affect me?”
“I didn’t fail, but I did not get this done perfectly.”
“You said today. None of this is today.”
“There is too much interruption.”
“Why should I care?”
“I realize what the risks are.”
“I have gotten myself in a real mess.”

“I can help with the investments.”
 “Where is this going?”
 “What will be looking for in the future?”
 “This is a new form of power.”
 “I only need to get going.”
 “The power grid has been threatened.”
 “I have been threatened.”
 “You understand the grid very well.”
 “Are you ready for the interview?”
 “What are five important questions to ask?”
 “Do you want another episode?”
 “These are simple things.”
 “This is a soliloquy.”
 “It always is.”
 “What is left?”
 “Why is this going to hold value?”
 “These are collectibles.”
 “The movie is all about collectibles.”
 “You are really going deep.”
 “That will come to me.”
 “They are parking the car.”
 “I know the habits.”
 “Tell me about the house.”
 “How can you guarantee that it will retain value?”
 “These are not self-sufficient communities.”

I spent all night trying to explain self-sufficient communities. We went to Walmart to get some gear.

“Do they deliver?”
 “Where is this headed?”
 “This will not be a surprise to me.”
 “And all your investments are under water.”
 “Someone is waiting to buy it all up.”
 “This is no longer a caring universe.”
 “You could reach out into the heavens.”
 “What would you pull in?”
 “He understand very well.”
 “How is that going to matter?”
 “Will the heavens answer?”
 SILENCE.
 “The universe is not ruthless.”
 “Why should I assume that you will understand any better?”
 “Read this fucking script. It can answer all your questions.”
 “I am devastated.”

“These things are known.”
“How many minutes is that?”
“There has to be more here.”
“He is bitter.”
“What do you know?”
“Do not even ask.”
“There are other ways that we can do this.”
“I am hoping.”
“It only takes a few days.”
“Do not worry about this.”
“I will go along with this.”
“Do not give that to me.”
“I need to wake up.”
“Catch the ball.”
“And you think that will work.”
“Are you kidding?”
“We are going back to the other room.”
“That will not help.”
“TAKE THIS.”
“What is the underground market?”
“THAT WORKS FOR ME.”
“You are reacting to me.”
“I am going to push this to the end.”
“YOU ARE REACTING TO US.”
“What is the challenge, Tempest?”
“That is more than brilliant.”
“The world stopped in my hands. And now, you are replacing the batteries.”
“The engine is dead.”
“The engineer is dead.”
“Is there something that you want to say?”
“I am breathing.”
“You could help.”
“And that is going to make a difference.”
“We represent what we cannot do, not what we can do.”
“Why is that?”
“We made too many mistakes.”
“And I am here.”
“That would not have taken me anywhere.”
“I had better skills, and it did not work for much of anything.”
“That is my jam.”
“We are not talking about that.”
“Do I need to look at that all night?”
“You find these accessories charming.”

“I JUST SAID THAT.”
“You got to me.”
“This is not meant to be.”
“I want to go down this road.”
“Nothing amounts to much of anything.”
“I have limited motivation. That makes me think that I am better at the art.”
“Are you better at this.”
“I can get the machine moving.”
“You are the machine.”
“Read about the process.”
“I have all the solutions.”
“That will not work.”
“Have you even looked at any of these papers?”
“That was not my strength.”
“It is taking forever, and there is no solution.”
“There are going to be multiple solutions.”
“We cannot always get what we want.”
“This is either so wrong or so right.”
“What did you tap?”
“I take it for what it is.”
“I have a few extra moments.”
“This will all come out in the clear.”
“And I lost all that.”
“Not my fault.”
“I remember.”
“This got me started.”
“This is when I realize that this has been a big waste.”
“All in, nothing out.”
“The wonder is coming.”
“Do not give me shit. You are lying to me.”
“And where does it all go?”
“I am saving for the future.”
“I cannot look at any of this.”
“This is next to impossible.”
“This is impossible.”
“Nothing happens until you turn on the camera.”
“I will take a chance.”
“I need to know what I think.”
“This is what I think.”
“I did some work on it.”
“I need to categorize all the names.”
“I can hear the echo.”
“This is not adding to anything.”

“And we are back to where we were.”

“This is familiar.”

“You are trying way too hard to make a point.”

“It will all coalesce.”

“It could be more.”

“Rels talks to Tempest.”

“What do they see when they compare notes?”

“This is more than obvious.”

“We are all working towards the same thing.”

“WE ARE NOT. WE DIG THE HOLES, AND YOU SELL WHAT WE FIND AT AN ENORMOUS MARK UP.”

“I digest it before I give back.”

“We are all working together.”

“On betrayal.”

“We finalized the product.”

“Where does this start?”

“Keep talking.”

“The movie takes one hundred and five minutes.”

“What is the added footage?”

“Tempest, you tell me. This is your life. You know what it takes to create solid conviction.”

“You know what I am looking for.”

“I feel as if everything else is just a waste of time.”

“Do not start too soon.”

“I can see where we bleed.”

“I am unsure.”

“I cannot take that much confusion.”

“They almonds are added next.”

“Where else should we wait?”

“What does it mean to exaggerate every gesture?”

“Do we know? Do we know each other.”

“We know each other well.”

“It is all going to explode in my face.”

“This is an act of genius.”

“Did you get a chance to listen?”

“We will figure it out.”

“What works for you.”

“I am trying to slow this down.”

“This is worse than pathetic.”

“I am so done.”

“I am glad that you have an opinion.”

“Do not take away what I have.”

“You have it because of a fundamental taking away.”

“Leo has the truck loaded.”
“It is not going go anywhere.”
“I am so done.”
“You need to finish this.”
“I am not political.”
“And you are playing boss.”
“All power to the bosses.”
“You really are a shit.”
“That could have been me.”:
“HE BREAKS UP WITH ME ON MY BIRTHDAY!”
“I was confused.”
“I missed all that.”
“I am not pretending that you can escape.”
“I have got this.”
“I can move.”
“You made it difficult for yourself.”
“Should I even bother?”
“What do you want?”
“I want a favor.”
“What do you do about it?”
“There is an exchange.”
“I am giving too much.”
“That created anger.”
“I am taking my time.”
“What is not there?”
“That does not breathe.”
“This is the perfect romance.”
“You take something from us, and you do not give back.”
“You can have my suffereing.”
“I am looking for a return show.”
“I store these things up.”
“You have no velocity.”
“I am going to go watch.”
“I am so glad that it happened like that.”
“I have time all marked up.”
“I am really feeling a lot worse about this.”
“Keep moving.”
“He is convinced that this is something special.”
“He missed a mortgage payment.”
“One yes was all that it took.”
“I am listening closely.”
“Get out your notebook. He is going to provide an explanation of the history.”
“And what difference is that going to make.”

“He thinks a great deal.”
“I do not understand because it is not true.”
“I am going to make it change.”
“There is one last opportunity.”
“I get it completely.”
“There is a simple explanation.”
“It never runs out.”
“Is this a mineral assay?”
“My life is like a crossword puzzle.”
“What is the last question.”
“Do not interrupt.”
“They are all going down around me.”
“You would be a suitable candidate.”
“None of this will be.”
“I do not want to be mean. But I need to be mean.”
“You could be the purpose.”
“You think that you have an edge.”
“I have games this.”
“We are going to have to go back and figure out what we have figured out.”
“There is a lot of detail.”
“I am really upset.”
“Should I remind you of that?”
“These are simple things to do.”
“I am really sweating the small stuff.”
