

HOW

“Melinda, why do you believe that you have a better understanding than anyone else?”

“He left all his money at my place.”

“I cannot even explain how that happened.”

“Do not hit me.”

“He broke a glass over my head. Fortunately, it did no damage.”

“Where does it hurt?”

“He expected a response from me that I could not give.”

“Scoop it all out.”

“What else is left?”

“Total belief.”

“Everything is water.”

“We got flooded out.”

“You are not doing the same things that I am.”

“And what do you want?”

“I am not looking for criticism.”

“I did not confiscate this for myself.”

“Why are you playing games?”

“I want to see how she is going to respond to me.”

“What ends up happening?”

“This is too simple.”

“We are all falling down when faced with the march of history.”

“That has no effect on me.”

“Will you see the political roots of your oppression?”

“I see very little.”

“Why do you believe that you are different?”

“Look at how people treat me.”

“If they treat everyone with such reverence, then you are showing me nothing.”

me.”

“This is more than brilliant.”

“You need some latitude.”

“I am spreading out.”

“What is her name?”

“Melinda.”

“What are you working on?”

“This is something very important.”

“The importance will continue.”

“I have other considerations.”

“What is really happening in the world?”

“Melinda sees, Melinda knows, Melinda wants to share.”

“What is preventing you from being more cognizant about your actions?”

“This is not my doing.”

“Nothing goes anywhere.”

“You broke this, and I am wondering if I can ever fix it for you.”

“There is a story behind this.”

“We express shock about our lives, but we do nothing to change it.”

“What can we do?”

“Find a physical trainer.”

“There is still this gap.”

“She wants the whole world, but she does not understand why that does not make her happy.”

“I have achieved happiness.”

“Take a bite.”

“Take a swing.”

“What are you doing?”

“I am figuring it out.”

“This is my vocation.”

“I found out what I needed to do.”

“This is where the contempt starts.”

“When someone gets that deep inside of you, it can mess with thing

“I want you to take a shot with me.”

“I am not in the same place.”

“We can share a meal.”

“They know who I am.”

“I will understand once and for all.”

“If only the eavesdropping would work.”

“Melinda, he likes you.”

“It could all be something else.”

“Tell me what you are doing.”

“I am trying to discover a method that will make sense of everything in my world.”

“Everything.”

“The glass.”

“The look.”

“The watch.”

“Can you explain the importance of symbolic behavior?”

“Symbols are meant to have a universal appealing. They speak for a number of different cases. Symbolic interaction is supported by a shared belief. You can't overcome that symbolic regime simply by finding contrary examples. You need to depose the overall belief system.”

“What is that about?”

“Try as you may, you may not get anywhere.”

“This is your life once and for all.”

“Crisis, they all want to go home with you and enjoy your stories about a terrible childhood.”

“We can interact our life in a different way.”

“You get what you want.”
 “Guys, we have what we want.”
 “This matters for much of nothing.”
 “Who is keeping track.”
 “Did I ask for this?”
 “I want to apologize for being a loser.”
 “You are on the wrong side of history.”
 “I can talk.”
 “You are trashed.”
 “This is a competition.”
 “Crisis is coming out on top.”
 “This is not that kind of story.”
 “I got all the numbers.”
 “Do you want to come back to the chaparral?”
 “What is going on there?”
 “We can sleep protected by my security system.”
 “They have their eyes on you.”
 “They found you at home.”
 “This is not homework.”
 “This is your work.”
 “We did.”
 “There did this start?”
 “On a stormy night.”
 “This was going to be everything.”
 “What are you going to do for all this time?”
 “I am going to find glory in my belesings.”
 “I remember that conversation.”
 “I REALIZE THAT THIS IS PLACE OF FUN. I HAVE MY FINGER ON THE PULSE.”
 “It is going to take a long time before I realize what I need to do with my time.”
 “She is here.”
 “The world is here.”
 “The keys to the kingdom.”
 “None of the keys fit my muscle car.”
 “This is not an investment.”
 “What do you want to know?”
 “Are you hot?”
 “Am I hot?”
 “I am getting fucked up again.”
 “Is that what gets it moving?”
 “I an trying to understand the instantiation of symbolic play in a place such as this.”
 “What is really going on here?”
 “I am trying to get people to respect me for the work that I do.”

“What do you do?”
“I think that there is an affinity.”
“Who has the money?”
“I am planning for some big shit.”
“The big shit is all gone.”
“That is going to work.”
“It is better than that.”
“Where did we start?”
“In a junkyard.”
“That is boring as fuck.”
“There is an alternative.”
“Go where the money is.”
“I died along the way.”
“What is behind that?”
“Is this a waltz?”
“There is a danger of infection.”
“This is more than a danger.”
“I do not want to interfere.”
“That is all that I do.”
“Why are bothering me?”
“I own you.”
“He kept saying that shit to me.”
“What did it have to do with my life?”
“I was there.”
“Work a little harder.”
“Sing a little song.”
“No one is watching you.”
“No one notices you.”
“We are back at ground zero.”
“That means different things to different people.”
“No one wants context.”
“We are talking about it now.”
“You have no idea what is coming.”
“They really don’t like you.”
“What is left?”
“I have privileges.”
“Your card has expired.”
“I do not want to be reminded anymore.”
“It needs to be more strategic.”
“I am changing memories.”
“This is what I want to remember.”
“And you get passed up.”
“This is no longer Rels’s story.”

“I got passed up.”
“This is what she loves.”
“She lives for this.”
“We could use different numbers.”
“I could feel my exile more profoundly.”
“I am living for the now.”
“I pretend that I care.”
“I thought that I could make it happen.”
“Nothing happened.”
“What did that do for my body?”
“They solved the problem.”
“All hands on deck.”
“You could have been a star.”
“Then there was the star.”
“I WANTED TO INVITE HER TO THE DINNER.”
“I need to move a whole lot quicker.”
“That has no effect.”
“None.”
“I am being turned up.”
“That mix does nothing for me.”
“It is a clear hybrid.”
“Why do I need to do so much?”
“You have been turned on.”
“What does that mean?”
“You try to find the source of the symbolic interaction.”
“It will all be different.”
“Hit is again.”
“Hit it again.”
“Where is this headed?”
“I am saving for my future.”
“I am trying my best.”
“You think that you know.”
“LOVE AND HATE.”
“I do know.”
“Get out while you can.”
“Is that an act, or is that how you really feel?”
“You tell me.”
“We are going to try one more time.”
“I saved for that.”
“I am trying to hang on.”
“Why do I look at this again and again?”
“I had a dream about you.”
“There are too many dreams to classify.”

“Your body does not know. What is now, and what is then?”
“What are you doing?”
“Will that work?”
“Why are you enjoying this?”
“This is how we live.”
“Who put it all in a package?”
“Do you want it that much?”
“This sells itself.”
“I got turned on.”
“Get the pencils out.”
“What is that about?”
“We need a temporary note.”
“We are going to build there.”
“I am more than ready for what is coming.”
“What is that?”
“What is really happening in the world?”
“Are you kidding?”
“That is what makes me wonder.”
“And you show up now.”
“Are you’re going to wonder about your role?”
“I realize what is expected of me.”
“We can roll back the tape.”
“She wil not be as prominent in the new version.”
“I cannot be that into myself.”
“That could be everything for me.”
“We all disappear in a cloud of smoke.”
“None of this could work for anyone.”
“I have got this.”
“There is was too much here.”
“I realize that.”
“I was way out there.”
“And you were cured.”
“You are cheating.”
“I came back for more.”
“I am lucky that I did not get in that bus.”
“What does that mean?”
“I fucked up seriously.”
“None of this is about me.”
“There is a system.”
“This is not something to worry about.”
“You think that it reveals some kind of symbolic awareness.”
“This is all so over.”
“We brought him along.”

“That is all that you have.”
“That is all that he will ever have.”
“Who are you working with?”
“This is more than everything.”
“You made changes.”
“I am transformed.”
“That is a lot to reveal.”
“You are going to have to move again.”
“He was very quick.”
“I want to join in.”
“I am going to die here.”
“You can be reborn.”
“You only have so many lives.”
“Everything has been ripped up.”
“And you distinguish yourself.”
“You reveal your true character.”
“That will work.”
“What happens for the rest of your life?”
“We plant potatoes?”
“We eat a more balanced diet.”
“I need to tell you something.”
“Why should I keep on?”
“This is working with your memory.”
“What is the the basis for the insult?”
“You don’t grasp it.”
“What is he expecting?”
“The second coming.”
“We are not compatible.”
“Give it a chance.”
“Do not insult me.”
“You created a fantasy because you liked her.”
“No, I like her because I created a fantasy.”
“We have to keep working until things become perfect.”
“How much of a risk is there?”
“You didn’t need to say that?”
“What are you going to make of it?”
“There will be consequences.”
“Where?”
“You have to know the history for it to make a difference.”
“You need to leave.”
“Things are going to happen for me if I stay.”
“There’s nothing to be afraid of. Give in to the moment.”
“I don’t have enough philosophy.”

“You’re all water.”
“I am being washed down the drain,”
“Flow.”
“I am solidifying,”
“You need to keep an open mind.”
“I need ideas.”
“I am deep in it.”
“I am moving with the moment.”
“I can tell what you are all about.”
“I could change.”
“Good luck.”
“What do I need to put in my drink?”
“Hemlock.”
“You need small doses.”
“I like my life.”
“Do other people like you?”
“I adjust.”
“It happens as it happens,”
“I am developing a competing book, and it much better than anything that you are doing.”
“Where have you been?”
“You don’t see it.”
“Do you know where you are pushing this?”
“It will be pure venom.”
“This is a total impossibility of understanding.”
“If you are going to fall in love with me over the period of two hours, that is crazy.”
“What movie are we watching?”
“You tell me. You turned it on.”
“I’ve seen it before.”
“What do you stand for?”
“This is the day after.”
“We cannot go back in time.”
“What is your name?”
“Where is Crisis?”
“He is acting out his shit.”
“What is the foundation?”
“How deep can I get in your head?”
“What is that about?”
“I am getting out before the world messes with me.”
“That is not going to work tomorrow.”
“I don’t want to earn. I want to be.”
“I am issuing notes.”
“Do you think he cares about your shit?”
“This is not going anywhere.”

“Slam the door.”

“It is locked.”

“No, it is sticking.”

“I am not going to try to explain this.”

“You need accelerate.”

“There is a crate of cat food in my car.”

“Get another one.”

“I bought five.”

“What is this really about?”

“This will get you some free stuff.”

“I missed the cut.”

“That is terrible.”

“I felt an electrical shock.”

“I cannot follow that.”

“Rels was supposed to make it come together. If you have a chance do something about it.”

“That is impossible.”

“I am trying to follow this.”

“This is way too personal.”

“The boat is sinking.”

“I have been appointed to save everyone.”

“What are you doing looking at me with that nasty stare?”

“I thought that you wanted to learn about my method.”

“Crisis, you have some things to finish here.”

“I never realized that I had been invited.”

“You play a critical role in our development.”

“We really see each other in such different ways.”

“That should have resulted it in a tilt.”

“What is that about?”

“She is going to make an entrance.”

“She has style.”

“More than that.”

“I feel as if I failed myself.”

“Pull it out.”

“Dusk, you need to clean all of this up.”

“That is what I am really afraid of.”

“I am trying to help you out.”

“We all have that moment, and it is bad news from there.”

“Who is determining the bad news.”

“I was not this.”

“We all were. Then we hit some snaga.”

“Your hope is such a small part of the story.”

“It still is a part.”

“You need to save it up until it is valuable.”
 “Do you feel valuable.”
 “Do not love me.”
 “It does not work like that.”
 “You spend time with people, and you share emotions. These feelings are not independent of your experience.”
 “We all need to be prepared.”
 “I am not easy. I have dreams. I want someone to share those dreams. Career and family.”
 “A different society.”
 “We were trying to plant a seed.”
 “Some simple thing.”
 “Do you find that pleasant?”
 “This is going to come back to you.”
 “What have you been doing all this time?”
 “You cannot expect your life to all reset after dealing with shitty stuff.”
 “You have to keep yourself upright.”
 “I am doing what I can.”
 “Are you eating well?”
 “This is a consciousness question.”
 “Can I look?”
 “I want to do more than look.”
 “I will take care of thiw when I get home.”
 “That will lead towards a cure.”
 “Why do you look like this?”
 “I am always casual.”
 “I could not control myself.”
 “I only need somewhere to finish this.”
 “My name is Rels.”
 “You are not in this scene.”
 “I hate waiting.”
 “I have no idea what I am waiting for.”
 “We are all waiting for hope.”
 “I am trying to describe the withering away of the social contract.”
 “He is a hard worker.”
 “I met him in strategy class.”
 “What is that all about.”
 “How does he do that?”
 “I quit my job to paint.”
 “The machine ate him up.”
 “He is not the first.”
 “I hate to seem mean.”
 “That is part of you nature.”

“Is this a nature-nurture question?”
“This is the last opportunity to change.”
“Do you like the outfit?”
“It works for me.”
“I need to figure things out. Who are you? What do you stand for?”
“Why do we have to live this way?”
“Shut up, and keep shoveling.”
“What am I digging?”
“The flowers need to be planted.”
“There is more involved.”
“The miracle grain.”
“I lost my place, then I found it.”
“You understand, but you do not understand.”
“It is difficult to explain this kind of disassociation from experience.”
“Is it a psychological disorder.”
“This is a social pose.”
“There is so much to do.”
“I am helping you along.”
“We are getting closer.”
“It has been a challenging few weeks.”
“What have you discovered?”
