

SEEDS

“Will we ever get to the root?”
“What is the source?”
“More plants.”
“You are a plant.”
“We have a mole.”
“What are you really about?”
“We need to operate.”
“What are you going to put inside of me?”
“This machine is haunted.”
“How does that work?”
“It creates its own wish-list.”
“I am not even trying.”
“I create enough theory to help me to show up.”
“You are going to need more.”
“What is the motivation?”
“It is going to arrive in time?”
“I love your work.”
“I am going to do so much more to come to some kind of resolution.”
“I am plugged into the world.”
“I want what everyone else wants.”
“An electrical connection.”
“The system is going to shut down.”
“This was all that works.”
“I captured the complete gesture.”
“Don’t steal my turkey sandwich.”
“Give them what they want.”
“I am trouble.”
“I am playing troubled.”
“The method is going to fuck you up.”
“I am back to where I was.”
“One hour and a half. Two weeks. Six years.”
“You are pulling me away from my foundations.”
“I am still working with the miracle concept.”
“We are in three dimensions.”
“The current is on.”
“I am going to need some time.”
“Did you get it?”
“There are too many interferences.”
“That is part of the portrait.”
“What is your idea of good fear?”
“Good cheer.”

“We have not left Houston.”
“And you go home, and pass out.”
“Save this for later.”
“HA! HA!”
“Can I help you with that book?”
“I have colored pencils and construction paper.”
“The world is destroying me.”
“Can you reflect that look?”
“That is not going to amount to anything.”
“More trash.”
“I am completely done.”
“That will not function.”
“What is in there?”
“Eat the sandwich.”
“I may be making the biggest mistake of my life.”
“I can help with that.”
“That makes me uncomfortable.”
“I hide that feeling from the world.”
“I am doing this to be confusing.”
“What is the concern?”
“I do not want someone to interfere with my serious projects.”
“Maybe, you are taking yourself too seriously.”
“Physics takes the universe too seriously.”
“That hardly works.”
“I cannot explain it.”
“What is your major concern?”
“That I will be the only person here.”
“You will have to get your own drinks.”
“What will you make for yourself?”
“Something that helps me forget what I want to remember.”
“Would they have enough wherewithal to overthrow the occupiers?”
“We keep turning things upside down.”
“If we work quickly enough, we come to a clear resolution.”
“I can carry the books from the library to my house.”
“Do you like the real thing?”
“It give us real purpose.”
“Am I making a mistake?”
“Take this page and remember it. It will help with your sense of displacement.”
“Is there anything less?”
“You put me in a terrible situation.”
“You make me feel as if I am so much more important than I am.”
“For those seven months, it seemed to make sense.”
“My memory stopped working so much.”

“They chopped down the tree in my yard.”
 “You can plant another.”
 “I am going to arrive back home, and none of this will mean a thing.”
 “What else can you buy me?”
 “I am going to buy you an abandoned mall.”
 “There is a lot of discussion about that.”
 “A society which likes to demolish everything.”
 “That is not that difficult to understand.”
 “It easier to bury your crimes.”
 “We are all going back to the mansion.”
 “That place is ill-repaired.”
 “That could be a job for me.”
 “That is the only thing that matters.”
 “My memory is playing tricks on me.”
 “You are not a nice person.”
 “What does that mean?”
 “These are two ways to respond to the same issue.”
 “Bury that shit.”
 “I can’t find my money.”
 “None of us can.”
 “That is how it works.”
 “Do not even think about it?”
 “Are you the soulless one?”
 “Do you want to come to the ranch?”
 “I will be asked to leave.”
 “I am going to raid the kitchen first.”
 “How much were you able to go?”
 “You need to ask?”
 “If I wanted that, I would ask for it.”
 “This is where you make the mistake of your life.”
 “You have fifteen minutes.”
 “That does not result in an understanding.”
 “Roll down the hill.”
 “Who is following?”
 “You can come live at the ranch for free. We are not going to let any freak live there with us. We are selective. We are doing our best to create a family-friendly environment.”
 “A family that plays together can create a society together.”
 “What is the society about?”
 “What are we about?”
 “We only need fifteen minutes.”
 “We have already crossed the line.”
 “I did not realize that I was a candidate.”
 “This is freaky shit.”

“Way worse than that.”
“Write all the names down on a piece of paper.”
“Your name is at the top.”
“What does this mean?”
“We are establishing kinship structures.”
“The automated world has become part of our natural habitat.”
“That is how things work on the ranch.”
“I have been invited.”
“Can we vote someone off?”
“You are the only person with a mature vibe.”
“What does that mean?”
“He owns the farm.”
“I am collecting for a charity.”
“That can be lucrative.”
“We need to expand the ranch.”
“I am having enough trouble holding myself together.”
“Then you can care for me.”
“Bring me vitamins.”
“The ranch is a caring place.”
“You don’t come here if something isn’t already off in the real world.”
“I tried to get a job. I really didn’t get along with people.”
“This can be a second job.”
“It is a second job.”
“And how much of yourself do you get for this?”
“We can do this quickly.”
“I think that I have enough people working toward a solution.”
“I hope that I will be ready when I get the call.”
“I have gotten the call.”
“It did not work out.”
“When will he stop?”
“He will be asked to stop.”
“The family is just like that.”
“Who else is part of the group?”
“We have some ranch hands.”
“I hear that there is a pretty penny in that safe.”
“I think that it is hard as fuck to get in the safe.”
“Do not exaggerate your challenges.”
“Why bother?”
“You tell me.”
“You have to take away something to get something.”
“We need to do more.”
“I crossed over to another level.”
“I do not need advice.”

“What are you going to do?”
“I see this so much more differently that you do.”
“I feel as if I am going backwards.”
“That is what is important to him.”
“We will come to that.”
“There is so much ahead of us.”
“What got in the way?”
“We got in the way.”
“I am hardly the same person.”
“All you people on the ranch are total freaks.”
“We could go to another ranch.”
“None of us have that much money.”
“I should have zagged.”
“You would have hit the same challenges.”
“That is not different.”
“Prance.”
“That will not be sufficient for my future development.”
“We could have a tournament.”
“How many years were you in?”
“I shared a cell with Vince Green.”
“And you want to lecture us on responsibility.”
“I will tell you how I feel it.”
“There is something that I need to do to change.”
“What am I looking at?”
“Do you know what is going on in this ranch?”
“I do not have any this together.”
“They used rats.”
“Glue.”
“That is where I am headed.”
“You can change everything.”
“I heard about someone who was good at that.”
“It started at the ranch.”
“I am not into self-help.”
“They will help you out.”
“That is impossible.”
“That is genius.”
“What are you on?”
“Self-realization.”
“And you sold it.”
“We are relying on the distribution of resources.”
“What do you eat at the ranch?”
“Big burgers.”
“He would raid grocery stores.”

“Someone has to feed the horses.”

“This was a movie set.”

“What kinds of movies?”

He found young people, who had come to town recently. They didn't have much direction, and he could offer all of them a foundation for their personal development.

“You can't make a meal out of doughnuts.”

“Just add some sausages.”

“This will be good for me.”

“That stuff is not good for you.”

“Let's pick this up in a few days.”

“I do not want to ruin this.”

“I have been waiting for a wardrobe update.”

“Trust no one.”

“Trust everyone.”

“We are going to have to do something to show the society what we are made of.”

“If I wait here too long, I am going to miss my calling.”

“You are an angry person.”

“Anger takes over.”

“Now, we have switched places.”

“What are you afraid of?”

“I am not doing the numbers.”

“And you finally figure it out.”

“It happens everyday.”

“Do the numbers?”

“You cannot change your spots.”

“I am not that kind of being.”

“Where do you get your inspiration?”

“Help me up, silly?”

“I am not going to lie to you.”

“None of that works.”

“You can clean the kitchen,”

“I didn't come here to clean kitchens.”

“Everyone does a little work.”

“We need to share.”

“The bedrooms have become a real mess.”

“Where are we?”

“I want to know what you think about at home.”

“We do not think about that kind of shit.”

“This guy.”

“We are going to have to get him off the ranch.”

“What is the problem?”

“He is trying to impose his opinion on other people.”

“When do you realize that it is not going to happen?”

“When I puit all the parts together.”
“This is hopeless.”
“Someone has to feed the cattle.”
“I am tired of burgers all the time.”
“We could trade with a chicken farm.”
“This is a privilege.”
“Who is making this go?”
“Someone is running the place.”
“The heart makes it a go.”
“Shit, we are both using English.”
“Get back to that chicken farm.”
“Who is going to kill the chickens.”
“You need to stop with those homicidal impulses.”
“There is not hurting here.”
“I need a new body.”
“I thought that I could hang out here.”
“Are you watching the movie.”
“I do not want to look at the movie.”
“What more could we have here?”
“You are getting too close to me.”
“She has the money.”
“She looks like she is rolling.”
“They are going to take advantage of her.”
“This takes a lot of effort.”
“Just take this.”
“He takes advantage of these poor girls.”
“Could you put it in a different way?”
“I am glad that you have decided to share.”
“Why?”
“If I need to think about this too much, I do not think about this at all.”
“He touched my hand.”
“There are so many things that are wrong here.”
“I have a real sense of humor.”
“Do not touch my hand.”
“Why should I relate?”
“I had nowhere to stay.”
“I took the wrong exit.”
“You will find the ranch. Keep driving. It is at the end of the road.”
“She is a humorist.”
“I like it when you talk dirty.”
“What other resources do I have?”
“Get out of this place before it affects you in the strangest ways.”
“I did not need this.”

“You took it.”
“Who is working with you?”
“It will all come out in the wash.”
“What detergent are you using?”
“The Vince Green model.”
“They all have it going right.”
“What were you doing when you started?”
“I cannot explain it to any of you.”
“And people wonder about that and care.”
“That is how the ranch works.”
“Explain that.”
“What am I looking at?”
“I love that.”
“You are all aboard.”

“I have helpers.”
“They do not call them elves here.”
“Disciples.”
“You leave the fold.”
“I hope that you have closed the circle.”
“This guy is sad.”
“He is getting in my head.”
“This better be worth my while.”
“Should I react?”
“Maybe, that was not part of my life.”
“That made me sick.”
“I did some architectural work.”
“What is happening on the farm?”
“They got more chickens.”
“I do not like chicken.”
“Someone has to take care of them.”
“How many chickens are eaten per day?”
“I am counting all of them.”
“What else is there?”
“I am not looking for an explanation.”
“How does this ever happen?”
“You got the world that you wanted, and you complained.”
“Too much information.”
“I can add some information.”
“Repeat.”
“Do the laundry.”
“I will do the other work.”
“Why were you like this?”

“I got a reprieve.”
“Let me sing along.”
“That is impossible.”
“I will join in later.”
“I heard that there is another version.”
“Give us all props.”
“I left out a name.”
“Are you hateful?”
“Do you understand?”
“That does not require a lot of effort.”
“Go over the manifest.”
“What did they deliver here?”
“The truck stops here.”
“Did we order all that stuff?”
“The land of plenty.”
“I turn to you, and you are not there.”
“What is happening here?”
“I need to leave the ranch.”
“No one leaves the family.”
“You are back from El Dorado.”
“What just happened?”
“That kid is sad.”
“But he does his own thing.”
“We are pushing this to the edge.”
“I need to brake quickly.”
“Tex took the truck.”
“Duke just told a joke.”
“I am dating Duke.”
“Does he make jokes at home?”
“I have some bad times and some good times.”
“Join me for the good times.”
“That took a long.”
“I love the look.”
“Bring me a biscuit.”
“You ate the plate of doughnuts.”
“I thought that I was the last at breakfast.”
“I do not want to share.”
“I start, and I cannot stop.”
“That is how you can escape from the farm.”
“Prison farm.”
“Vince Green is working hard.”
“He has turned the place into a fortress.”
“The police are about to arrive.”

“That is his revenge for his own failures.”
“He will never be accepted.”
“You could treat me that way.”
“Where did this start?”
“The best shit starts at home.”
“I left the family.”
“And you made your own.”
“They take care of the horses.”
“They take care of the houses.”
“I am trying to get away from work.”
“That is the difference.”
“You assume something about yourself.”
“I cannot contribute.”
“This has nothing to do with contributions.”
“I want to be part of the team.”
“How do I stay on the top of the world.”
“I cannot join in.”
“We are all a little touched.”
“How much did you pay for that piece of shit?”
“You are not part of the show.”
“Miracles that take place in record time.”
“None of this is appreciated.”
“We are going to need to be more stable.”
“Do I need to listen to this shit?”
“I got turned on.”
“I have been here before.”
“I am sure that this seems important to you.”
“I do not want to get involved.”
“Do you want to make some noise to prepare me for what is coming after?”
“What is coming after?”
“You need to wait?”
“I am glad that Lord visited to you.”
“This is getting very strange.”
“I am glad that you can make fun of other people’s beliefs.”
“You are very dangerous. All of you people are very dangerous.”
“I have so much difficulty trying to explain this.”
“Do not touch the body.”
“That makes no sense.”
“Come back to the ranch.”
“I am getting ready for tomorrow.”
“The answer is in my pocket.”
“They are going to do a search, and they will realize what you stole.”
“I never stole a thing.”

“You said that you ate all the doughnuts.”
“They were offered.”
“This is not a buffet. We need some work done.”
“I am a guest. I am not a ranch hand.”
“I only had a salad for dinner.”
“That is very clever.”
“I really care about that.”
“That is not going to affect me in any way.”
“More than clever.”
“Crisis is doing the check in.”
“Do you have luggage?”
“Do you have a passport?”
“I have all the shit that I need.”
“I never thought that we would get this done.”
“We are doing it to the beat.”
“I need to stop the dialogue.”
“You have made me sick.”
“I need to let the germs dry.”
“What is that about?”
“You are not the kind of person that I like.”
“Get ready.”
“This made sense in the bedroom.”
