“You look like an abstract expressionistic.”
“She claims that you are connected to the intelligence services.”
“How many Mallomars are you going to eat?”
“Give him a stage.”
“Give everyone a stage.”
“That is how it works out.”
“How did you learn those skills?”
“That is an artificial sweetener.”
“It is a code.”
“That guy is the code buster.”
“You ask for something that cannot be given.”
“How does that work?”
“It has a whole lot to do with how you create energy.”
“Please do!”
“How many centuries will it take you to know?”
“It is not up to me to figure it out?”
“You make jokes about it.”
“Everything is overdetermined. Everything is underdetermined.”
“That always worked.”
“And now it does not.”
“When will it work?”
“I cannot bother thinking about it.”
“What are the reference points?”
“We are bringing it back.”
“We met for a wedding.”
“None of that makes sense.”
“I still need some room.”
“Where is this going?”
“Can you control yourself?”
“There is only one concern.”
“I cannot hold it together.”
“Did you invent a sweetener.”
“That is an interesting health question.”
“What are you hoping to hear?”
“Taste.”
“Does he understand how the game is played?”
“You have it down perfectly.”
“Here is the question: can you describe the force equations.”
“This needs to be part of a complete project.”
“That was a brilliant moment.”
“We established the steady state equations.”

“And the system dynamics have changed.”
 “He will get the now.”
 “What are they really about?”
 “Turn on the electricity.”
 “I am not expecting this to mean anything.”:
 “She is drinking alcohol from a milk carton.”
 “And you are sneaking away to pound smack.”
 “Don’t even try.”
 “Don’t even try.”
 “I needed to have that conversation.”
 “Know it now as it has to be.”
 “Who are your enemies?”
 “This could be you.”
 “This will be you.”
 “You have arrived.”
 “That did nothing.”
 “That is thoroughly brilliant.”
 “You want the real thing.”
 “And you think that goes somewhere.”
 “Do not play that card with me.”
 “Maybe, it’s worse if it doesn’t affect your work.”
 “I need to talk with you.”
 “Is that the best deal that you can give me?”

I needed to take the time to plan out my performance. I realized what choices that I might make in the moment. I needed to create a more intense dynamic. I would be skipping steps. I would realize where I was headed.

“A lot of it has to do with repetition.”
 “We are teaching the baby.”
 “It is more than that.”
 “Who else can succeed?”
 “I see the continuity.”
 “You are going to need to break it if you want something more to happen.”
 “I would not worry about it.”
 “You are on the verge of something.”
 “What is in the carton–milk?”
 “I do not want to spend time thinking about it.”
 “I need to get good at what I d.”
 “What is in the baby book?”
 “That all fits with the story.”
 “Get him a drink.”
 “I worked it for what is was.”
 “Then I got to the next stage.”
 “She is helping me with the references.”

“You are going to need a lawyer.”
“They have this under control.”
“Rels, if you can do this, you will be brilliant.”
“I need to ride the wild horse.”
“I can survive this.”
“Are you sure?”
“I am very good.”
“Then it is all going to end.”
“Shuffle the cards.”
“Every deal will lead to the same result.”
“That is how it is all put together.”
“I am protecting what I have been given.”
“How do the words work together?”
“Someone needs to clean all this up.”
“This was perfect. This was not.”
“Can you ever be?”
“Do not ask Lancer?”
“How many people in the room?”
“Lancer, Crisis, Dusk, and Rels.”
“And who are you?”
“I had no idea things were like that.”
“It is all about work.”
“And you have been matched.”
“What is going on beyond the door?”
“There is another room where they are indoctrinated.”
“And that ended.”
“It has all ended.”
“Who is cleaning up?”
“The world is changing.”
“Our session is up. I cannot talk about such things.”
“This is not going to improve your chances.”
“What am I looking at?”
“He is deep inside.”
“What does that tell you creatively?”
“Probably nothing at all.”
“That is what I said the myself.”
“That is what my parents told me.”
“Were you listening closely?”
“All too closely.”
“My dad.”
“That was perfect.”
“I am waiting for you.”
“I am waiting for you.”

“What is waiting?”
“He will get what he wants.”
“What is there?”
“I do not want to interfere.”
“Who said that was permitted.”
“That is parental permission.”
“I am really fucking things up.”
“I need to apologize.”
“I can be somewhere else.”
“There was some other moment when I coincided.”
“I need to finish this.”
“I am not going to stop this.”
“Give me advice.”
“NO!”
“Do you want yes.”
“What are you getting?”
“A reminder of my past.”
“I am so glad that it works like this.”
“I am not even sure who I am talking about.”
“Aidan, you could use a disguise and come back.”
“They will get me on a retinal scan.”
“There is so much history to go over.”
“Have things changed that much?”
“A lot of echo.”
“I used to rule this place.”
“Only one half of the consciousness.”
“What is left.”
“I do not want to interfere.”
“Thank you.”
“We both agree.”
“I will not hurt anyone.”
“You are going have to clean a little problem.”
“There are different ways of seeing ourselves.”
“What is the other half?”
“Making things.”
“I am the thing to be made.”
“I got things so wrong.”
“You did.”
“I will take it.”
“I am perfect.”
“I am imperfect.”
“I cannot do a thing.”
“What happens when you can figure it out?”

“I am trying to explain Dusk to herself.”
 “There is something so important left out.”
 “This is the perfect day for this to happen.”
 “How could you have made this better for me?”
 “I could have held that blank stare for days.”
 “How much effort does it take to guess the shit that is in your head?”
 “Do you have a concern.”
 “Do not listen.”
 “It does not matter.”
 “I made everything that matter matter.”
 “You got to live it up: you never know.”
 “This is the time to know.”
 “I need to walk away when I can.”
 “I can.”
 “I can.”
 “We all can.”
 “I can let you have this.”
 “Take it for what it is.”
 “Why do you act like that?”
 “Then someone has to go in the sewer and clean the shit.”
 “The pipes are all clogged up.”
 “What is not here?”
 “I want to do it and forget it.”
 “This is not a conversation.”
 “Who is behind this?”
 “Do not move.”
 “What is going on in the next room?”
 “Dusk, you tell us.”
 “Crystal, you tell us.”
 “I am going over the film dialogue.”
 “I am trying not to interfere.”
 “I am really glad that you have an opinion.”
 “You know me all too well.”
 “I left my room.”
 “I know.”
 “I know.”
 “These are question you cannot answer because you do not answer the questions that you cannot answer.”
 “I wish that you knew something.”
 “These are not things that I want to think about.”
 “There was the high school experience.”
 “There could have been more.”
 “You have the opportunity to do so much more.”

“Do more acid.”

“What will that do?”

“Nothing.”

“Nothing.”

“That is all the same.”

“It is same, but different.”

“This is so much garbage.”

“The words give us an alternative.”

“So you really don’t have to deal with a social theory.”

“That can happen at a snail’s pace.”

“I am trying to fight a snail.”

“That is really hopeless.”

“Which screen am I looking at?”

“You could pretend that this is something worth thinking about.”

“We are on the raft, and we are sinking.”

“Tell me what is going on at work.”

“I may have to leave.”

“You are long gone.”

“I cannot be two places at once.”

“That is not what they say.”

“I put gas in the car. There was air in the tires. The gears were working, and I drove over here.”

“This could not be more wonderful.”

“I called in sick.”

“Call in sick for me.”

“Say that you are my mother.”

“Mother.”

“I was waiting for Crytal to tell me something.”

“Rels, you could run this one.”

“We are joined together in some deep way.”

“A deep way.”

“I cannot join in.”

“We had a great time.”

“We peel it down to nothing.”

“What can you give me?”

“This was going to be the best day of my life, and I feel in asleep in the middle of some crazy shit.”

“The body is the body.”

“Is that your rule?”

“Dusk, what do you want to say?”

“Say what is necessary to say.”

“Do you remember this?”

“Why should I?”

“I need to learn how to say nothing.”
 “Nothing.”
 “Nothing.”
 “Nothing.”
 “We thought that this was everything.”
 “And it seemed to be.”
 “But it was all that we could do without something to do.”
 “I do not want to get in the way.”
 “It was a long day.”
 “He does that thing with his lip.”
 “She does this thing with her lip.”
 “Do you see how we are really fucking with the social order?”
 “These are people, who have a limited understanding of the social order. They have zero grasp of the legal system.”
 “I did not spend anytime in.”
 “They tried to get you.”
 “When do I have to stop?”
 “That was influential on me.”
 “This meant so much to me.”
 “I am everywhere now.”
 “I have been cleaned out.”
 “You started so late.”
 “Why is this not interactive?”
 “There is so much to take care.”
 “You could be her.”
 “I am not.”
 “Who is who?”
 “What are you doing now?”
 “I was sure that this could be my turn.”
 “There are not turns.”
 “You only need to get out of here.”
 “She cannot describe all the variations.”
 “There are doing the same problem. But they are doing it in a different way.”
 “My insides are coming out.”
 “That is some kind of death watch.”
 “Do they even know the difference?”
 “I can make fun of my foibles.”
 “Who is helping you?”
 “Someone who cares.”
 “How do we deal with the accounts?”
 “This is almost worse than it could have been.”
 “They asked me to stay an extra shift.”
 “And what did you get.”

“I am negotiating overtime.”
“I am so over this.”
“What do you care about?”
“I am not going to do something back.”
“Where are you now?”
“That is not enough to get to me.”
“Where does this happen?”
“I have explained what I am after.”
“I am glad that worked.”
“It worked to help me move from one lily pad to another.”
“You are ruining something that is great.”
“Did you realize that you were interfering?”
“She moved, and I moved.”
“And who has this down now.”
“We did a fair exchange?”
“I need to get up from work.”
“I saved.”
“This could have changed things.”
“It did not.”
“Honestly, what is there”
“Nothing that I want to look at.”
“We are collecting for the holidays.”
“That has nothing to do with me.”
“What else do you have in the tank?”
“The car is falling apart.”
“That is not possible.”
“You are making this more difficult than it has to be.”
“These are possible doors to open.”
“Open them all.”
“That is more than wonderful.”
“I do not want to be bast away.”
“Where does that work and not work.”
“What am I missing?”
“Nothing good.”
“That was wonderful.”
“That was wonderful.”
“That was wonderful.”
“I could have done that.”
“You did not do anything about that.”
“I do that when I get high.”
“That is unreal.”
“I do not want to hear.”
“That is too easy.”

“We are going to ask a more difficult question.”
“That does not help you at all.”
“One of you is going to have to win this.”
“This will be good for you.”
“What will be the problem for tomorrow.”
“Put one in and take one out.”
“Put one in, and take one out.”
“The culture has gone out the window.”
“Nothing makes anything but nothing.”
“That does not work for me.”
“You are at home.”
“You are at home.”
“I NEED TO GO HOME!”
“How many times can you do this?”
“I can take it apart and put it back together again.”
“How do we end like this?”
“This is five hundred years of life.”
“I loved how you did this.”
“You told me that we were back in the caves.”
“I opened a door.”
“Something better happened.”
“This will not work at all.”
“She froze me out.”
“It started out emotionally. Then it became financial.”
“Do not do this.”
“This is total punishment.”
“Give me a piece of celery,”
“And that will do it.”
“I am not good at providing balance.”
“What do you have at your disposal?”
“This will not make a difference.”
“A million variations of the same thing.”
“This is the pleasure principle.”
“I never saw it in that way.”
“Are you watching me?”
“Watch!”
“There is an act.”
“I have found what I need.”
“Is he feeding you?”
“Pieces of a banana that have not ripened.”
“This stuff is waiting for you.”
“I am very terrible at this.”
“You are so good at being terrible.”

“What is that about?”
“Do not interfere.”
“I have been reminded of that commitment.”
“How many paychecks is that?”
“Not as many as you are going to give to me.”
“He does not have to give as much.”
“He has a future.”
“I am writing about someone, who I know and love.”
“Who appreciates what you know?”
“You are going to interfere your memory.”
“That is lovely.”
“That would be everything.”
“Some kind of praise.”
“I can never deal with waht I want to deal with.”
“Dig a hole.”
“What do you have there?”
“You did not come back.”
“I need to know.”
“Keep moving up.”
“How did you betray me?”
“I am not like you.”
“That is how the world is put together.”
“We go into the labs.”
“What are they mixing?”
“They could do this at home.”
“You have the demand. We aremeeting it.”
“Stop it at the border.”
“There is so much cash involved.”
“I still have not pierced those inner rooms.”
“Now, you have what you need and want.”
“I am going back to my place of origin.”
“Join in.”
“I remember all this.”
“I am really in the way.”
“All that works for me.”
“There is another side to this.”
“I could have accomplished pretty much the same thing.”
“I am going to let you talk over the machine.”
“Make me feel right.”
“Are you allowed to drive like that?”
“And you will understand that.”
“I cannot say.”
“That is a puzzle for me.”

“A real puzzle.”
“Where did you find me.”
“Somewhere that I do not want to be.”
“This once made sense.”
“There is not much sense to make.”
“That might work for you.”
“You told me that you have a trainer.”
“I am getting much better at this.”
“What are you going to do about it?”
“I do not want to hurt anyone.”
“Get away while you can.”
“I want to make this more festive.”
“Is that all that it takes?”
“He is going to make things happen.”
“I love the mise-en-scene.”
“What is that about?”
“The large panorama.”
“What is going on?”
“I cannot explain it.”
“You need to be able to use words.”
“I am completely satisfied.”
“Now, we are friends for life.”
“Crisis, you are distracting me.”
