

PASSING THE PEN

“This is up to you more than me.”
“There is some secret key that could provide an innovative understanding.”
“You still believe that.”
“We are inspired.”
“I have you covered.”
“These people are good at doing puzzles.”
“They are not walking home.”
“What are you sharing? What do you actually know?”
“You can help me to fill out time.”
“I am making my own world.”
“What is in there?”
“If I cannot eat it, it is not worth hearing about.”
“Can you turn up the volume?”
“I don’t want to give anything to anything.”
“The volume is much louder.”
“You are going to win that wrestling match.”
“Go ahead.”
“We are planting right now.”
“It is December.”
“This is before the snows.”
“There is no snow here.”
“I was sure that this would be a wonderful experience.”
“I should never have showed up.”
“I need to know the answer to the basic questions.”
“Now.”
“I have wasted a great deal of energy.”
“To what avail?”
“This is a mahor issue.”
“You still have time.”
“Let the hour glass run down.”
“The egg is ready.”
“Do you care?”
“Fundamentally, that is all that I care about.”
“Are you ready for me?”
“Who took us to this point?”
“What is this about?”
“I should have come dressed.”
“So we fill out time with out expectations.”
“Tonight will still be like tomorrow.”
“Yesterday.”
“You are a believer.”

“This is difficult to explain.”
“I don’t want you to think about me as if I am some kind of refuse dump.”
“I would have planned this differently.”
“You do that.”
“And what is your problem.”
“This will have negative effects on me.”
“Home time and free time.”
“Work time.”
“Smile.”
“Something went wrong.”
“You realize who is supporting you.”
“I was never part of this.”
“Where do we go?”
“What have you figured out?”
“I have figured out nothing.”
“And nothing is seen.”
“This is not my story.”
“I want to tell you something.”
“He will take over the story.”
“You want to make this work out.”
“The temptation.”
“We are all here.”
“You could have planned it out.”
“I am doing it right now.”
“To the galaxy.”
“And there are million of other possibilities.”
“You do not understand the complexity of one possibility.”
“What is that about?”
“You make up things, and they seem to mean something.”
“Who else could do this?”
“Who else is doing this?”
“I am doing it for you. I am doing it with you.”
“Are you trying to get in my shit?”
“We have no connection whatsoever.”
“Does that work for you?”
“We are going to have to take separate cars.”
“The sickness is catching up with me.”
“I am on this.”
“The freaks are waiting for me.”
“Huh!”
“They have direct contact with extra-terrestials.”
“Where else could I be right?”
“I have zero margin.”

“Where will this end up?”
 “Where did it start?”
 “It is all in the same zone.”
 “Are you working?”
 “And you’re not. You’re applying the paradigms that you’ve picked up in the work world.”
 “But I am creating something for the now.”
 “Don’t let it happen.”
 “It already did.”
 “You did it to me.”
 “Do not touch me.”
 “It is you again me.”
 “What is this really about.”
 “I got what I needed.”
 “Who is following?”
 “We all are.”
 “We will succeed.”
 “That is work.”
 “How are you protecting yourself?”
 “There is no protection.”
 “I only want to see,”
 “I do not want to have to deal with that.”
 “Bring the shit with you.”
 “I am going to call you.”
 “I am not really that into this.”
 “Let me help you with this.”
 “You need to leave.”
 “You have no idea what is coming.”
 “What is that?”
 “Is that pure stuff?”
 “That is classic.”
 “Are you going to get it down?”
 “Clean out the trash cans.”
 “It is garbage night.”
 “What else do you do?”
 “I paint houses.”
 “I do roofing.”
 “What are you saving for?”
 “This is more than a movement.”
 “Where is this headed?”
 “I run an auto-detailing place.”
 “How are cars?”
 “Did I miss something?”

“I thought that you were putting it all together on your own.”
“I inherited it from my uncle.”
“Are you good at this?”
“I have skills.”
“You are not a nice person.”
“What is that about?”
“I wish that was me.”
“We could teach you things.”
“That does nothing for me.”
“Thuis will be good for me.”
“Did any of this matter?”
“It mattered to me.”
“Were you bored waiting?”
“I am waiting all the time.”
“It’s a killer pet.”
“I am going to need CPR.”
“Whatever that means.”
“It will all make sense tomorrow.”
“You say that, but is it true?”
“What is crawling around in there?”
“What are you talking about.”
“Everything that I saw, everything that made sense is gone.”
“Far gone.”
“Go.”
“You need to leave.”
“That will make sense.”
“I need to move faster than that.”
“Duck the punch.”
“What does that mean?”
“You put it all together when you get home.”
“Are you a team?”
“She steals, and I fence.”
“That is some crazy shit.”
“I am a collector.”
“You can’t keep your inventory.”
“I want to ask you.”
“You suffering contributes to your development.”
“It is a lot more complex than that.”
“Kill the monsters.”
“You are going to invite some evil in our midst.”
“What is evil?”
“You are continuing on with your shit.”
“What makes you that way?”

“What’s in the water.”
“Family background.”
“You know hat is happening.”
“It won’t take long.”
“What is that about?”
“The synapses are getting worn.”
“I do not know what that means.”
“You need to be ready for this.”
“I had crazy energy.”
“What are you like on the floor?”
“How long has this game being going on for.”
“Look at what I got.”
“We do not want to hear about that?”
“How do I create the right chemical balance.”
“They watched you, and they waited for that moment.”
“It is in the sauce.”
“The suauce is good.”
“They have been working all day on it.”
“I will get to it another day.”
“What is that about?”
“Nothing that you really care about this.”
“I have been wondering all my life.”
“Wonder on!”
“You are going to have to go into a lot detail.”
“I cannot even look.”
“I am trained.”
“How can that possibly work?”
“What is happening here?”
“I had that idea.”
“Was that all that you had to offer.”
“You need to let this finish.”
“One more step.”
“I am working in a new medium.”
“Can you make this miracle work for me too?”
“It is all about my helper.”
“She will make it click.”
“I do not know where to look.”
“Watch the money.”
“Am I doing better?”
“You are doing wonderfully.”
“I have discovered oil.”
“Do you have the mineral rights?”
“What do you want to ask of me.”

“There is a lot more going on.”
“I thought that this would mean something.”
“I was touched by the higher presence.”
“You are going to be a whole lot worse than this.”
“It got inside.”
“I havwe been visited.”
“What came your way?”
“What is the source?”
“You have asked one two many times.”
“I am owning time.”
“I am moving so much faster than you.”
“What happens at the carnival?”
“We eat.”
“Do you know what that is called?”
“Why does that not work for me?”
“Everyone slows down.”
“They get it.”
“Wake up.”
“What contributed to this.”
“BOOM!”
“Why do you not have what you truly need?”
“I do not have the mineral rights.”
“I need to leave.”
“He has the act running right.”
“Do you know what I have?”
“What is simple version?”
“The meal.”
“There is too much bread.”
“How do you manage that?”
“Less miracles, more reality.”
“You cannot stay.”
“It is coming to an end.”
“Someone has got me.”
“How does that work?”
“The sauce.”
“Save the money.”
“I am going to a performance space.”
“I cannot do one more.”
“I need a closer look.”
“Look out, and look on.”
“Where does that come from?”
“Where?”
“You put something in my Diet Coke.”

“How does that work?”
 “Look at the good stuff.”
 “The breading.”
 “That is so wonderul.”
 “Did that work?”
 “I need to show you something.”
 “Do not leave me this way.”
 “All that ended.”
 “How did you get it to work that way?”
 “Do not fwr in my face.”
 “Chill.”
 “He fucked it all up.”
 “You will work.”
 “Where did you go?”
 “I got in one of the cars.”
 “Which one?”
 “Who is the driver?”
 “Add another bite.”
 “You cannot leave like this.”
 “I am not ready.”
 “The cat saw things.”
 “Is this going to be enough of a story?”
 “The cat is dangerous.”
 “What does that mean?”
 “Snake, watch out.”
 “I talked to you. Now, I want to talk to my friend.”
 “That does not say much.”
 “I am chasing after something.”
 “I cannot explain too much. I do not feel well.”
 “We will all feel better.”
 “What can you do? We are asking you what are you skills.”
 “They do not understand history.”
 “And you do. Have you been listening to the details? You hear what you want to hear.”
 “Where else could you be?”
 “I could be at work.”
 “What else do you want to see?”
 “I work longer thqn long.”
 “This is not about that.”
 “Does thatb work for any of us?”
 “Clearly, it does.”
 I was not going to leave the house if no one could offer me a ride home.
 “What are the cats telling us?”
 “Imagine if Crytal hah something important to share.”

“She does have something important to share.”

“She edits scripts.”

“What should be in there?”

“More longing.”

“Less fear.”

This was not a script. It described what was going on right before my eyes. I did this all for your benefit.

“Do you see what is really going on?”

“Are you thanking me for my view of history?”

“What is I was?”

“I don’t see much.”

“What do you say on Monday morning?”

“I need to work harder.”

“I need to work with someone else.”

“Is that superior performance?”

“Turn on the machine.”

“That will be sufficient for me.”

“Can I take that?”

“No, you cannot.”

“How long will this take?”

“I need to forget what happened today.”

“I need to erase all the experiences that happened in the last four years.”

“Does it work?”

“Are you mad?”

“Instruct me what to do.”

“I will.”

“We are not going to wait any longer.”

“All the deer are affected.”

“Of course, they are.”

“You really seem quite naïf.”

“I am only looking to even myself out.”

“You can do that.”

“The store is closed.”

“Everyone wants to feel right.”

“Double what you are looking for.”

“How do you get away with that? Doesn’t anyone see you as in interference?”

“That is it.”

“I was looking for someone who could explain all these details to me.”

“You are the right one.”

“There is nothing more here.”

“This is out time away.”

“It is so tense. We remember what we did during the week. We could not escape.”

“Where are you?”

“I am in your face.”
“Was I supposed to react?”
“You couldn’t help it. You did react.”
“I question all this, then it comes back to me.”
“They love you.”
“My mother called me Loveable.”
“What else is happening?”
“The inheritance is coming.”
“We inherit the greed.”
“What do we have?”
“We have what we can hold on to.”
“I wish that was me.”
“ I wish that was me.”
“Honey, you arrived.”
“And this is all there is.”
“All.”
“Fresh face.”
“You are controlling the meal.”
“You are ctonrolling is life.”
“You remind me of my pet cat.”
“Meow.”
“What are you looking at?”
“I am trying to understand your resilience.”
“Can I pose for you?”
“What do you care about?”
“I have goals.”
“That is silly.”
“Do not stop me from being myself.”
“That is not my life.”
“Was it planned?”
“You let that cat run wild.”
“I took him to the vet.”
“What else is going on?”
“There is a knock at the door.”
“We need to deal with this.”
“This is something wonderful for my life.”
“Do not touch.”
“It is a mental connection.”
“I used to be all physical.”
“What changed you?”
“I do not want to think about this.”
“Read the book.”
“I did not expect this to be a complex preparation. I woke up and jumped in the car.”

“Was that the exact sequence?”
“Is that your car?”
“What is this about?”
“He hurt me.”
“Keep on with the story.”
“That is a movie.”
“Do you want more where that came from?”
“I work from home.”
“I work from my car.”
“We are not far enough along.”
“Do you want me to explain the consequences of a couple of bad days.”
“You want to scare me.”
“He looks at me, and he has everything that we want.”
“Our lives play out like this again and again.”
“What can you differently?”
“I can whistle a song.”
“What about the dog?”
“What happened to you.”
“Someone saw me. He thought that he had a cause.”
“Were you prepared?”
“You have a lot of caring.”
“These people are so fucked up.”
“How is that even possible?”
“I do not want to lose this.”
“You will not lose it.”
“There is still time.”
“Who is giving the order?”
“This is another level of confusion.”
“What can help put it into place.”
“A cause.”
“I do not want to leave.”
“There is still time.”
“I cannot answer.”
“Does he care enough?”
“He is looking for an invitation.”
“I will be there.”
“Do I need to risk my own shit to get shit to work for me.”
“I lose it all at the carnival.”
“You were doing so much worse.”
“That never happened like that before.”
“Why are we leaving so early?”
“We love our lives.”
“Who else cares?”

“Who else cares?”

“Be clever.”

“This is a form of ritual.”

“Should we keep doing this?”

“We are doing this.”

“I want you to do a count.”

“They came looking for you. There was this room behind this wall in the closet.”

“I am too sick to explain any more.”

“There was money behind there.”

“What was this really about?”

“What else is in the closet?”

“Could we be any closer?”

“These are two variations of getting lost in the wilderness.”

“What else is there?”

“I don’t think that you can follow along.”

“You didn’t know about any of this.”

“This is a deep revelation.”

“The cat is happy.”

“Is that all there is?”

“You could blackmail him.”

“What are you doing on your time off?”
