

TIME LAPSE

“You need to calm down.”

“You can tell me what is wrong, but you do not have a method to fix it.”

“There is not much time to change the presentation.”

“That is what I have wanted.”

“Tell me what you need.”

“I play with the other team.”

“There have been failures.”

“I have played until the end.”

“I want something from you.”

“This is not an economic transaction.

“You have not picked the best circumstances for altering the conditions.”

“What are you describing to me?”

“We could use a messiah.”

“There needs to be a little more irony here.”

“Stare back.”

“I think that I understand.”

“There is a lot more to do.”

“I only want to touch.”

“There is more than that Tempest.”

“I need to wait this one out.”

“What follows is going to be too exciting.”

“We have been failing.”

“You only need on success.”

“I need certainty.”

“There is a more thorough fabric.”

“I am becoming distracted from my plans.”

“Who gets all this stuff?”

“How can Tempest’s book be turned into some kind of radical document?”

“I will ask another time.”

“How do you live it?”

“I live it without fear.”

“The snake is going to attack.

“You walked away before you could complete the book.”

“I need more time.”

“We can introduce character with special powers.”

“We already have unique powers in explaining how human intervention provides a framework to view the world.”

“We can give in these negative impulses, but that will only worsen the lives of people.”

“We are shaping the world as we go along.”

“What are you staring at?”

“I missed the high points.”

“You know what that is about?”
 “A perversity.”
 “A kind of marvel.”
 “You are impressed with your sense of nothingness.”
 “What does that mean?”
 “A back-handed insult.”
 “I am trying to convince you to be more productive.”
 “I want to put the pieces back.”
 “You need to interact in an effective manner to create change.”
 “We have become convinced that our imprint is a disruption. But you need a science.
 This is not about holding your breath and hoping that things will be better.”
 “There is a lot going on at the parts plant.”
 “They were called robber barons for a reason.”
 “It went much further than that.”
 “I know things.”
 “This is no way to end.”
 “We are only beginning.”
 “Will that work?”
 “I need to concentrate.”
 “Perhaps, you want to know.”
 “This is a cure.”
 “How does that work?”
 “Total focus.”
 “We go back to a time before the irritation.”
 “How do they all escape?”
 “I am watching closely.”
 “That is a form of devotion.”
 “This is too involving.”
 “This provides the simple form of your interactions.”
 “This is more of a warning.”
 “Can you deal with all the factors?”
 “I have been told that I am wonderful all night. I have been told that I am wonderful all
 my life.”
 “Where is that headed?”
 “A lot of recrimination.”
 “I have a real life.”
 “I do not bother anymore.”
 “I wish that your story was not so disastrous,”
 “DFACS has a solution.”
 “I have new methods of teaching.”
 “That was not meant to happen like that.”
 “Too many warnings become a form of seduction.”
 “I do not want to think that everything can lose focus that easily.”

“They jumped the gun.”

“A false start.”

“I am only looking for one thing.”

“I need something to hold on to.”

“The process.”

“There are these workbooks full of equations. Does that describe the process. What is that about?”

“Who are you really?”

“I am waiting for the better part of confession.”

“Where is shit buried,”

“It is a matter of following time.”

“You do not want to understand the process.”

“They have their eyes on me.”

“This could be more.”

“Do not expect that people will look out for you.”

“What is that about? You cannot use your personal shortcomings to generalize about the imminent decay of society.”

“Where does that come from”

“All this important information was destroyed.”

“Who is going to figure this out?”

“I had a skill.”

“Did you call it journaling?”

“That is not much good.”

“What about your accounts?”

“I am sure that you are hiding here.”

“If I am, you will never find me.” “

“How can you ever make up for this kind of shit?”

“Memory and fantasy.”

“That is a greater distraction.”

“Where is clarity?”

“He doesn’t move with authority.”

“All that can be corrected.”

“You have arrived.”

“You will have to destroy his associated.”

“Who else remains?”

“He is not as proficient as he appears.”

“He does not need to fix the machine. He only needs to call maintenance.”

“This stuff cannot be fixed.”

“This is you.”

“You do want to discover the explanation.”

“What is further explanation?”

“I have thought about you all my life.”

“I did not want to see that?”

“Are you running away?”
“This has given you a sense of purpose.”
“There is a garbage strike.”
“The garbage is piling up.”
“They have turned this into a waiting game.”
“If the social opposition was better organized, it would not be a waiting game.”
“They have isolated this garbage strike.”
“People like their garbage picked up.”
“They like other features of the society.”
“What is this about?”
“Everything is falling apart at once.”
“I want someone who is better at completing the sentence.”
“You have it one more day.”
“And that is all that there is to the performance.”
“Can you hold the note?”
“Which one?”
“I keep moving until I cannot love anymore.”
“Are you in line?”
“Everyone is trying to escape the disaster.”
“There was a chemical explosion.”
“I want to be asked. I need to be reminded.”
“I am all finished.”
“This version is even better.”
“They are giving away free food.”
“I will accept it.”
“What is the catch?”
“The fish.”
“We need to love everyone.”
“I will be loving everyone.”
“Spiritual belief got a boost.”
“Do not try to disturb me.”
“You have no idea how this will end up.”
“I will not be able to complete anything.”
“How can I make this succeed?”
“There is a plan.”
“I map out all the assholes who have fucked with my life.”
“Is there a pattern?”
“There is a joke.”
“Do not mess with my life?”
“Thank you for letting me finish.”
“That is how it is meant to work?”
“Final principles!”
“I want to file for damages.”

“What does that even mean?”
 “Ask Vittorio. He said that he was willing to pick up the tab.”
 “I don’t even think that his sponsor is doing that good.”
 “He has a line of credit.”
 “He will surely need it the way that things are going.”
 “None of that sounds very positive.”
 “I am not one to pretend. I never am.”
 “As long as you keep moving.”
 “I can still sign my name. I can get lawyers to complete the case.”
 “If you are eager enough, someone will take up your cause. There is money for everyone.”
 “Not if you sue someone who has nothing.”
 “That is only a warmup for something more formidable.”
 “You need to keep track.”
 “You are a very busy person.”
 “What am I waiting for on your end?”
 “What else do you have in your arsenal?”
 “I am working on a memoir.”
 “Anything to distract us from the bigger picture.”
 “That one person’s pain is bigger than someone else’s.”
 “What do you want to say?”
 “Do not distract me from the security zone.”
 “What is this contributing?”
 “Honestly.”
 “I can make all this better.”
 “I want happy faces.”
 “Is that meant to be some kind of joke?”
 “What else do we fill in? How long can we make the tragedy last?”
 “Vittorio, how long can you keep the camera on her face?”
 “They are moving in on my close up.”
 “Be the horror that you always wanted to be.”
 “It is no longer a horror movie.”
 “It’s a thriller. We want to explain her grievance.”
 “In an impenetrable way.”
 “What are the causes?”
 “That is exactly it.”
 “I can make things sell.”
 “You can sell the unthinkable.”
 “Why did you leave me alone in the woods?”
 “That is in the script. We wanted to hear you scream.”
 “That is a little ruthless.”
 “You signed a release.”
 “I did.”

“When are things going to get better?”
“We are going to love you forever.”
“There is always someone new suffering.”
“I need to get home to complete my business.”
“I wish that I had an alternative.”
“You could go home after work.”
“What are you willing to put up with?”
“I cleaned up.”
“I have a new team.”
“Did they let you do a script?”
“It is more like American Gladiators.”
“What does that even mean?”
“We all wear white makeup.”
“Of course, you do.”
“The blood has been drained from our faces.”
“What are you saving?”
“We are all going back.”
“You did me right.”
“Get on my right side before the angel shows up.”
“That is how revenge is calculated.”
“What is that about?”
“Ask the gladiators.”
“There is so much nonsense.”
“We are almost there.”
“I have got my eyes on you.”
“No one sees anything. We are all in a fog.”
“I am going to need six eager people.”
“I am not even sure if I am going to be eager enough.”
“I will get you next week.”
“I have seen the footage from the slaughterhouse.”
“That is hardly appealing.”
“He has sympathy for his victims.”
“What kind of horror movie is that?”
“We all need to walk away clean.”
“There is a shower.”
“That sounds appealing.”
“I wish that there was another way.”
“I am very eager.”
“That is not going to cut it.”
“What else is expected?”
“Acting.”
“My character is already dead.”
“Are you motivated?”

“Not for long.”

“What else is to be expected?”

“Some story when your brother punches you in the mouth. Or your uncle locks you in the closet.”

“I was looking for his suit.”

“Am I actually related in blood?”

“You can do this. Just close your eyes, and I am going to pour this down your throat.”

“I am choking.”

“You need to rehearse moments like this.”

“And that will help in which way.”

“What are you doing that is special?”

“Investment banking.”

“And you have taken a bath.”

“How else can we explain this?”

“I am prudent.”

“Are you laughing at me?”

“We still perform to a laugh track.”

“That makes our lives particularly funny. You do not even need punch lines.”

“We are working together.”

“Anything original gets quashed before it has a chance to start.”

“This is the hilarious part. No one will see or hear it.”

“There is trouble.”

“I am having trouble with myself.”

“Save this for me.”

“I will be back.”

“You surely will.”

“That is totally okay for me.”

“I have been taking diction lessons.”

“You speaking more clearly. Now, you will have to sign the checks.”

“We are going to work on penmanship.”

“Just scribble. We will attest that it is you.”

“I am running out of skills.”

“You are a placeholder.”

“There is not enough invested to make a difference.”

“Get him to sign with automatic withdrawals.”

“We have to do that.”

“You are such a good actor.”

“I do not want to lose what makes me good.”

“You are always trading up.”

“You have no idea how many clients that I have.

“They all have the same thing.”

“They all have a little.”

“Why couldn’t they get you under contract?”
 “I am not willing to give away everything that I have.”
 “That does not pay for the bacon.”
 “I never ordered a sandwich.”
 “You are going to need a little more to get me interested.”
 “What are you talking about?”
 “Property.”
 “Sit around, and have a wonderful conversation.”
 “I am listening.”
 “What else is there?”
 “Your hair looks great.”
 “I am working on that.”
 “I made her a deal.”
 “We work as a team.”
 “It is better to have a partner. She can set the mark at ease.”
 “You have a head start.”
 “Is that really impervious?”
 “My heart can cut glass.”
 “What does that mean?”
 “Spoken as a true professional.”
 “You are taking a little longer to hatch.”
 “I am clean.”
 “And what is that supposed to be?”
 “That is my original flavor.”
 “Barbecue sauce.”
 “It is good. I am not sure how much of myself that I want to invest in these activities.”
 “I am glad that you have an audience.”
 “You do understand.”
 “I was built to understand.”
 “You need to be a little more aggressive.”
 “I am off the clock.”
 “That is what I do.”
 “I am not going to move. That is my deciation to the canvas.”
 “I have seen you mock me before. This is not going to end well. You have this guy following you around. And he is up in your shit.”
 “I cannot look you in the eye.”
 “Maybe, I can get you on another go around.”
 “Do you know what I really think? I got put in the wrong life. And I am waiting to be shuffled back.”
 “That is all that it is going to take.”
 “I am a doctor.”
 “In the new version, you make people sick.”
 “I do not have time for that?”

“I am going to hide in a closet. There will not be enough light for much of anything.”
 “I am glad that you can use your money and your time so productively.”
 “My broker just walked in. Give me a moment.””
 “I really hope that you have some shit at home.”
 “I only want to get a few days ahead.”
 “I need hazard pay.”
 “That will not work.”
 “Let’s meet for dinner.”
 “You are irresistible.”
 “I feel like a plague.”
 “That is the point.”
 “No one seems to notice.”
 “There is the next step.”
 “Everyone is embarrassing.”
 “Everyone is embarrassed.”
 “There are not enough resources for any of us.”
 “I should have got into another line of work.”
 “You make them sick in order to make them better.”
 “That is super cynical shit.”
 “I do the clean up.”
 “I have something important to take care of.”
 “I need you to take the initiative.”
 “There is even less chance of that happening.”
 “He is protecting what he has.”
 “He says that he is an activist.”
 “And the society is going inactive.”
 “Work harder.”
 “This is the path to prosperity.”
 “And you really believe that.”
 “I am just going to end up at exploitation city. At least, I will know that everyone is about
 delighting in the pain of others.”
 “I couldn’t even if I wanted.”
 “I am caught between two intolerable options.”
 “At least, this fits my character.”
 “You need to react quickly.”
 “My name is Vittorio.”
 “We have already heard about you.”
 “Do you want to hire me?”
 “You should pay us. We have a better story.”
 “I cured one malady”
 “You cannot cure your character.
 “I can take something for it.”
 “And what is that?”

“You can scrape the bottom for me.”
 “Cover me.”
 “This is a crossing pattern.”
 “No one is going to rescue you.”
 “Do not be so cruel to me”
 “Cruelty is my business.”
 “I do not like to think about that.”
 “I can make everything that you are not.”
 “Give me a break.”
 “I am sure of this.”
 “Where does this end up?”
 “In the hell of our desires.”
 “In an empty cereal box.”
 “Are you some kind of heartbreaker.”
 “I want to break that heart.”
 “I cannot do two things at once.”
 “What is next?”
 “This is not about a song and a dance.”
 “Everyone comes here.”
 “I am looking for a stage.”
 “The motivation needs to be more involved.”
 “I am in absolution mode.”
 “How does that work?”
 “I sold myself to the highest bidder.”
 “What are they bidding?”
 “This is for sale.”
 “What does a soul need?”
 “We need to figure that out.”
 “Do you appreciate what is here?”
 “This inch of space.”
 “How do you do it?”
 “I purge the sin out of my being.”
 “What is sin?”
 “Anything that will destroy me.”
 “He will never reach the river.”
 “I need you to do this.”
 “You may understand this.”
 “I am here.”
 “He is the owner.”
 “It is only about belief.”
 “The flesh is free.”
 “Is this a biological question?”
 “YOU ARE AFRAID OF SELF-CONSCIOUSNESS. AND THAT IS GOING TO

MOVE THE STORY TO THE NEXT LEVEL.”

“I am good at these two things.”

“We are doing an extra close up.”

“There will be blood.”

“We do not even need blood. We only need theory.”

“What are you holding on to?”

“I was not pretending.”

“Someone is going to have to exceed herself.”

“You have it way worse than I know.”

“I am getting closer.”

“The dog got in my shit.”

“The dog always gets in your shit.”

“I have one goal.”

“To bark.”

“We will be friend in the end.”

“I am studying the bending light rays”

“I knew that I made a mistake.”

“I am in it for the long haul.”

“These are multiple reflections of the ray.”

“Who actually understands?”

“I’ve got my eyes on you.”

“I am working.”

“Hit the mark”

“Where is this going?”

“Hit the mark.”

“I am doing your homework.”

“So many doubles.”

“You have a clone.”

“You will get what you want.”

“There is a lot in this.”

“This can really be the ticket.”

“I need an assistant.”

“You have to establish the rules.”

“These are the rules.”

“This is not going to turn me on.”

“I do not want to watch.”

“I am so better at this.”

“You were never good.”

“We just got off work.”

“We worked it at home.”

“I found three points of reflection. What does Marchesa know? What does the dangerous duo know? And what does the model know?”

“What are you modeling?”

“This will work.”
“Marchesa, what is there to teach?”
“She lost contact with talk on the shop floor.”
“They are not even good at making it a go.”
“I only need to come over.”
“You invaded me.”
“I had all this in my hand.”
“Is this easy for you?”
“I am good at doing the geometry.”
“This is some crazy stuff.”
“None of this is going to work.”
“You can pretend.”
“Give me your heart.”
“My heart is an investment firm.”
“I do not understand.”
“If you repeat it enough times, it becomes true.”
“It is true.”
“I am in the middle of something.”
“Give me a little heart?”
“I am not like you.”
“I am.”
“I will need this at some point.”
“Everything will be revealed.”
“You do not have enough in the tank.”
“I need a miracle.”
“Julia, you will need to make a power move.”
“How did this guy make it in here?”
“Sit down, and I can explain it.”
“If I have a choice, that makes a difference for me.”
“I have given too much of myself to this.”
“You need not to see in order to see.”
“Where does this come from?”
“I know what you do. WHAT DO YOU NOT DO?”
“I am back for more.”
“You know what is going to happen.”
“You are asking me not to look.”
“Are you going to try to blackmail me?”
“Are you kidding me?”
“Don’t take advantage of me. At some point come up for air.”
“That is a simple explanation.”
“You do not expect enough to stay in one place. Go out in the world.”
“I am irresistible.”
“I have been inoculated.”

“Everyone will fatigue.”
 “The show will blow up in your face.”
 “You are my wonderful.”
 “You do not have a craft. Otherwise, you would take a lot of time working on it.”
 “I am actually involved.”
 “I don’t want to miss that.”
 “You have missed that.”
 “You have become the story. You have lost the thread.”
 “I need to plot it out.”
 “This is overdetermined.”
 “I need you to watch things for me.”
 “You are supposed to get behind this.”
 “Go for broke.”
 “Take it. But give it back.”
 “You can figure it out.”
 “This is not something that I worked out on my own.”
 “Who is the maker?”
 “Who is the breaker.”
 “You need to destroy before you can make anything.”
 “Cut it with the platitudes.”
 “They have got me this far.”
 “That is all that you are defending.”
 “I died a thousand times.”
 “This time I am going to get it right.”
 “I am getting closer to a resolution.”
 “There are enough revelations for me.”
 “Write my name.”
 “On your soul.”
 “What is a soul? How can there be actual perdurance from a set of independent experiences.”
 “Is she impressed?”
 “Where does this go?”
 “Where is this headed?”
 “We have to ask the question.”
 “There is only one question worth asking.”
 “I got the promise. THAT IS ALL THAT I NEED.”
 “This is quantum.”
 “Who are you working with?”
 “Pain marks the soul.”
 “That makes no sense.”
 “You have the drink, but you do not have yourself.”
 “Is that all that it takes?”
 “She does not have a craft.”

“You have no idea what I am talking about.”

“She will arrive.”

“That is too much belief for me.”
