

VISITATION

“Something really great is happening. I am happy to oblige if that is what you are hoping for.”

“I studied his performance over and over again. I started to see something critical in his gestures that spoke to more than the immediate reality. He seemed to project to a different way of interacting with the world. It was as if he called the flames down from heaven. I wanted to understand how he could have such charisma.”

“This feeling could be shared. Others could exhibit this same inspiration. They could take it further. They could enhance it with persona features of action. This could go further. It could get people thinking about this way of acting. These responses created of total confidence. The viewer wanted to reflect this same feeling of exhilaration. It was not simply this representation. It implied an opening to a different realm of existence. This was the invitation to a total transformation.”

“I do not understand.”

“This can be lucrative.”

“That was never the intention. It was a kind of ultimate devotion. And that feeling was sustained through subsequent representations.”

“The consumer product was meant to be identical to similar products. But the performance was supposed to have a unique quality in itself. The composition provided a path to the total manifestation of the creative object.

“Why would I be different?”

“Your connection to work. Your connection to representation.”

“How does that work?”

“I am here, and I am not here.”

“None of that means anything.”

“The chaos.”

“Controlling the chaos.”

“How do you do that?”

“That is all so embarrassing.”

“You can start with the two pennies.”

“That is not going to do something.”

“The court is going to hear oral arguments.”

“Where will that go?”

“You are looking for something that is never going to be here.”

“Love.”

“A more assertive gesture.”

“When will this end?”

“Let us try to be reasonable.”

“I cannot deal with this.”

“I am more of a mother fucker than you are.”

“That is not we are looking at.

“This is supposed to be something more conventionalized.”

“Where will hide this time?”
“That is a good question.”
“I am not looking for the money.”
“It is the move.”
“What does that mean?”
“Imitate.”
“You will always be that ouway.”
“Do not be afraid.”
“You have what you want.”
“They splattered red paint.”
“There is always a human rights claim.”
“More that that.”
“Eat the eggs.”
“I am waiting for the chicken.”
“You may be waiting all your life.”
“That is so funny.”
“Do I have to do this shit?”
“I can’t even laugh.”
“Who understands how to do this propaerly.”
“This is never going to do anything for me.”
“Or it all will.”
“Who is holding the world down?”
“Do not eat that shit.”
“What are you talking about?”
“Could you imitate those move?”
“It is not how he moves. He has a skill.”
“Say that you are sorry.”
“This is a rift.”
“I did not say a thing.”
“I am moving ahead with the methods.”
“How do you do this?”
“I will not participate.”
“I do not believe.”
“What do you have?”
“He died giving himself to love.”
“When will this end?”
“When I get off work.”
“I will see you on Tuesday.”
“I appreciate your contribution.”
“I am way beyond any sense of conviction.”
“Why do you do what you do?”
“Who is missing?”
“We take what we get.”

“What are you going to do about the money?”
“Where is the resentment?”
“This is built to fail.”
“What are you holding for me?”
“You deliver all the cash here.”
“This is a religious thing.”
“And I am going to do it along with you.”
“What is the great fear here?”
“That others will not understand what is actually occurring on stage.”
“It is the ritual.”
“Where does that take us?”
“Why are you asleep?”
“I cannot stay awake.”
“These are different representations of the same kind of presence.”
“You keep believing that there is more.”
“He gave all his body to this gesture.”
“We were friends.”
“There is more than that.”
“There are all these random elements.”
“Chaos is the invitation for something new.”
“And what is that?”
“We are going to get bored soon.”
“What else is involved?”
“You are on a constant trajectory.”
“They loved me.”
“Why couldn’t you have just lived with that? Why did you keep looking for more?”
“How does this occur?”
“That is next to impossible.”
“This is terror taken to the next level.”
“This will not last forever.”
“This is not the first time, and this will not be the last.”
“We blame the past for the excesses of the present.”
“We have stopped being able to detail actual behaviors, and the source of these actions.”
“We are heading back in time.”
“Ask Lancer about this.”
“What does she have to explain?”
“She has so much to explain. I have difficulty trying to understand what actually went on.”
“I feel small.”
“I am not participating.”
“Do not feel bad.”
“No one feels bad. They just do what they do.”
“What about the performance?”
“The performance system.”

“How does this work?”
 “It is a mix.”
 “What is next?”
 “I am going to cry on camera.”
 “You need a song.”
 “This is the signature song.”
 “How does it go?”
 “I do not have enough to give.”
 “There are so many layerws.”
 “I am being threatened for what I bleive.”
 “When do experience a break?”
 “We used to peel back the layers and see the real world.”
 “Now, real is what you want to see.”
 “You could die on camera, and no one would shed a tear.”
 “That is training.”
 “It does not work the same way anymore.”
 “There is a total devotion to what is seen.”
 “Or total doubt.”
 “How else do you want to see it?”
 “And what is unusual?”
 “There is nothing evident.”
 “Now, we have lost the trail.”
 “Let me show you the requisite emotions.”:
 “Is that needed?”
 “I want to be front and center.”
 “You are taking jobs away.”
 “There is no money.”
 “It is all built into the back end.”
 “I play with a winner.”
 “That is a crime.”
 “We are not dealing with legal issue.”
 “None of this goes anywhere.”
 “It is all in the front end.”
 “You only get a little of what you pay for.”
 “I get cafeteria privileges.”
 “I get office privileges.”
 “All of that is possible.”
 “All of that is almost there.”
 “I am all here.”
 “When can I leave?”
 “There is no leaving.”
 “There is only purity.”
 “I do not have it in my possession.”

“I had this cleaned up.”
“I am going back in time.”
“You will get destroyed.”
“But you will love it.”
“Why cant you ask?”
“It was so obvious.”
“I see it.”
“I thought that it was something else.”
“This was a different way of reactin.”
“I am drooling.”
“I am supposed to remember everyone in the room.”
“DO YOU REMEMBER ME?”
“I am trying to remember the performance.”
“My friends did things to destroy me.”
“And what were they.”
“I hope that you are going to gfill me with love.”
“I cannot keep the elements straight.”
“This is all chaos.”
“In a bad way.”
“They thought about it in a different way.”
“We could not have that moment again.”
“You need to ask more.”
“I pay for now.”
“I use cash.”
“I am waiting for someone to pick me out.”
“That is all that we care about.”
“I am committed to an idea.”:
“Gratification.”
“I got all on your gestures.”
“I got off on what you did.”:
“This is only getting more difficlut.”
“The next phase on your life will be a wonder.:
“Now, I graps the problem.”
“What should I do?”
“Pretend that it never happened.”
“It was on the screen.”
“I watched it over and over again.”
“Now, it is inside.”
“That is going to hurt so much.
“You need to make something happen,”
“I am having trouble explaining this.”
“That makes sense to me.”
“The whine.”

“The ceremony.”
 “She will complete the circle.”
 “I need a transfusion.”
 “Is this more ritual?”
 “You are being called to the action.”
 “Where does our life end up?”
 “On the floor.”
 “A mish mash.”
 “What got us to this point?”
 “There are little details that represent a way of being.”
 “I can kiss it better.”
 “When you promise something that you cannot deliver, that really makes things seem
 shitty.”
 “I want to hurt with you.”
 “My turn.”
 “And that is all over.”
 “I broke my arm.”
 “You remind me of someone that I love.”
 “There is so much shit going on here.”
 “Should I disagree?”
 “There is another way to get here.”
 “I can get lost in bull shit.”
 “Where is this headed?”
 “You are getting too close.”
 “That is how the ceremony goes.”
 “I want one of those.”
 “A little push, and I can see things that were never there.”
 “Where did it start?”
 “I made some serious mistakes.”
 “I am so done.”
 “How does that happen?”
 “Twist the lines.”
 “What is that about?”
 “This will not always be like this.”
 “Do you think that tells me anything that I do not know?”
 “This is when the universe explodes.”
 “He could feel it in his body.”
 “This guy really knew it.”
 “I am tripping over my orders.”
 “Do you see what you want?”
 “I do.”
 “I do not.”
 “I am waiting for you to say something else.”

“It is nothing like that.”
“What mistake did you make?”
“I pretended that I was deeper int the shit.”
“Where were you?”
“You tell me?”
“I need to be living less in the moment, and more in the moment to come.”
“And that will make a difference.”
“I need a microphone.”
“What is being amplified.”
“The real world.”
“I got stood up.”
“I cannot care.”
“Did you see that sizzle?”
“He is going to bring the world down.”
“And now we understand all too well.”
“They always do this.”
“Wait until your cue.”
“I am the cue.”
“I have nothing to work with.”
“He was in the middle of the shit.”
“Do not choke.”
“I am the cue.”
“I am looking for something a little bigger.”
“Like an earthquake.”
“Then you crash up and down at the same time.”
“What were you celebrating.”
“Do I need to steal this?”
“You already were.”
“That is worse than embarrassing.”
“I have green lawns.”
“That was not the song.”
“I know where this is headed.”
“A car accident.”
“I am not going to leave the house.”
“Break this down to the basic element.”
“I am going to leave.”
“You cannot leave.”
“Can I watch?”
“There is nothing to watch. Clean up all the shit.”
“She will know.”
“She will get in my face.”
“Where is this headed?”
“This is so tight.”

“That is that basis for belief:
 “He wants to win this.””
 “I have lost too many times.”
 “Exaggeration.”
 “Reaction.”
 “I can’t explain.”
 “This is all that matters.”
 “You got on the wrong bus.”
 “You believed that you were something that you would never be.”
 “The lifespan.”
 “These are memories.”
 “And things that you are trying to forget.”
 “What do I want to see?”
 “That will never do it for me.”
 “The spectator.”
 “I become the spectacle.”
 “I am a little more expressive than that.”
 “It is an idea.”
 “A gesture.”
 “What is the celebration?”
 “Total belief.”
 “I cannot explain this.”
 “I cannot sort this out.”
 “There is no explanation.”
 “Give me a second.”
 “The blessing is coming.”
 “That was a tough week.”
 “I am trying to get good at what I do.”
 “Get good.”
 “That is the most brilliant thing that i hae ever seen.”
 “Since the Resurrection.”
 “And the life.”
 “Is it always like this?”
 “This is not a test of the wills.:’
 “I wish that I could do this.”
 “We will teach you.”
 This was supposed to be a lesson in leadership.
 “I have a vision in my mind what that is.”
 “This is not something that you can explain.”
 “He made me love that side of myself.”
 “This is where is gets cultish.”
 “There are different ways of explaining this.”

If there was a biological foundation for this way to thinking, how could this biology

provide the foundation for psychological awareness?

“In order to develop the idea, you need to develop a habitat.”

“This is all performative.”

“I would like a better explanation.”

“We develop an excellent understanding of our origins,”

“She just walked by.”

“I cannot even afford a broom.”

“This is a luxury instrument.”

“It is signed.”

“Made by a master craftsman.”

“How did we get to this point.”

“Some people want a head start?”

“What if we go back to the garden?”

“There is an assassin in the garden.”

“This could have meant something important to me.”

“You cannot love everyone.”:

“The cult is all about total immersion.”

“I want to join in.”

“We all need an echo.”

“This is the transcript.”

“Do you realize what you are admitting to”

“No one will ever know anything more.”

“Every aspect can be exaggerated”

“What else remains?”

“Will you remember?”

“I want to chill things out.”

“Chilled to the bone.”

“You can finish.”

“This is total theater.”

“What are the real feelings?”

“I like everything.”

“That will never do it for me,”

“You cannot win by losing.”

“We are moving to that point.”

“Finish this while you still can,”

“What is this really about?”

“She will take me to the river.”

“This is all about the engine.”

“How does that work?”

“A reflecting universe.”

“It does not reflect.”

“This line is not symmetric.”

“Does this go beyond idealized projection?”

“This is another example.”
“It should go.”
“But it does not.”
“I CANNOT LOVE YOU.”
“We need to move further along.”
“Lancer has all this figured out.”
“Ask.”
“This gets even crazier.”
“Rescue me universe.”
“It does not reflect.”
“The machine needs to keep on until it runs down.”
“Then it is all done.”
“All done.”
“This is a different way of seeing the same thing”:
“The machine will run out of energy.”
“I will not lose energy.”
“You get this way better than I do.”
“There is not that much attachment to method.”
“But there is a method.”
“There is a method.”
“Just keep saying what you need to say.”
“THIS IS YOUR CHANCE TO CHANGE THE MOVEMENT OF TIME.”
“Time is in a free fall.”
“But it falls towards a specific place.”
“The universe is slanted that way.”
“I cannot be like you.”
“Learn the dance.”
“You cannot repeat shit like that.”
“What if we like it that way?”
“That is too fast for me to react.”
“Too much energy for too little return.”
“What will father say?”
“Where have you been hiding.”
“In a place where people do not hide.”
“I left my legacy at home.”
“And that makes sense.”
“I was being nice.”
“Complete the drill.”
“Say what you need to say.”
“This is a meteorite pushing o through.”
“Which covenant is this?”
“The new one.”
“Where does this end up?”

“A mix of mixes.”
“And that is contagious.”
“That was something different.”
“A moment when I have it all.”
“When I have nothing.”
“Now, I get it.”
“Evacuate the Ark.”
“What else is in there?”
“I have the magic.”
“He had the magic.”
“What was his favorite food?”
“I only want desperation.”
“This is another kind of surrender.”
“You have made yourself into a celebrity.”
“You are needed.”
“This is expected.”
“It is always a team.”
“We could do this somewhere else.”
“You need to start now.”
“I can see this fading.”
“We all surrender to the same beast.”
“That is Crisis’s belief.”
“I made a mistake.”
“I need to make this into something.”
“Then it is nothing.”
“Hurry up!”
“Can I exaggerate what is happeningi nth3e moment?”
“You are a selfish lover.”
“He died getting what he needed.”
“Ask me.”
“I am still doing what I have always have done.”
“All this scribbling.”
“I fail the same way everyday.”
“And I succeed.”
“You will sort this out.”
“Only here.”
“This hardly connects together.”
“It connects in body.”
“I have a sponsor.”
“I do not.”
“Watch me die.”
“That is the beginning of the movement.”
“I was expecting somethig else.”

“That is madness.”
“Take the rock to the basket.”
“The rock is getting heavier.”
“They drain it first.”
“How does that work?”
“This is good clean fun.”
“I want to join in.”
“This is the end of this stuff.”
“Whay do you talk like this”
“I knew it would end.”
“That exaggeration is going to be the story.”
“That was called a strut.”
“This is everything.”
“We are gone.”
“What about the anthro class?”
“We do not have to do any more.”
“She is even more perfect.”
“Come to my town.”
“Would you make the leap.”
“Help me complete the story.”:
“There is no completing your competing.”
“The island theory.”
“It is in the car.”
