

SCIENCE

“We could refine our measure.”
 “This is how we see things.”
 “This is how we want to see things.”
 “Does this have to take forever?”
 “Is this how you want to see things?”
 “There are numerous things that I want to teach you,”
 “These things cannot be taught.”
 “We are living this.”
 “I do not want to live it like this.”
 “Adjust the measurements.”
 “Then you are not experiencing the same thing.”
 “Can we share?”
 “Do not get too close.”
 “You are more than a little too close.”
 “You could adjust the measurement.”
 “These are created in pairs.”
 “This understanding is not created.”
 “I need to retrace.”
 “Strip the shell away.”
 “You cannot shed the outer layer.”
 “These are two kind of attachment.”
 “This is a big winner.”
 “There is audience potential.”
 “This helps to charge the engine.”
 “I am glad that you can identify that.”
 “I have so many other problems with the world.”
 “Think about your bank account.”
 “You accept what you have.”
 “And you go from there.”
 “I like that version.”
 “And you find that original.”
 “The world is not original It is the form that is given.”
 “I have what I want.”
 “Something clean.”
 “We have it.”
 “And that makes a difference.”
 “I could do it with my eyes closed.”
 “Do it.”
 “I am getting everything wrong.”
 “I am not pretending.”
 “And all that is said in an insulting tone.’

“That is what we started with.”
“The universe is over-determined.”:
“And what do we get with the meal.”
“This is dessert.”
“I keep working.”
“I do not.”
“That is the difference.”
“More of your shit.”
“I could change.”
“I could.”
“We all could.”
“We are about to.”
“I have been waiting for this.”
“I wanted to give my soul to you. But I cannot give you more.”
“The universe could be built with other particles.”
“Like what.”
“The love particle.”
“The truth particle.”
“The desire particle.”
“The perversity particle.”
“That is enough for me.”
“That is not enough.”
“I am everywhere.”
“I am nowhere.”
“Ex cathedra.”
“I did a bad thing.”
“I am out of options.”
“Exaggeration.”
“The dogs are calling.”:
“I left early.”
“The wolves are calling.”
“I left early.”
“The rats are calling.”
“I left early.”
“Is this an image of the world, or is a reflection of your devices to measure the world?”
“We try to account for those tools.”
“How do you do?”
“Exceedingly well.”
“Wonderfully well.”
“Some crazy shit is coming up.”
“You missed the span.”
“We have a wonderful life.”
“That is not how others see you.”

“I am only the writer.”
 “The failed industrialist.”:
 “We can talk about it in different ways.”
 “How is it?”
 “These are people with limitedawarebess. And they have a book of universals. The understanding of the lifespan.”
 “I need to be told to stop.”
 “This hurts.”
 “You could investigate.”
 “What is the one particle that would have teh most breadth?”
 “That is so embarrassing.”
 “Do not worry about it.”
 “Of course.”
 “The universals.”
 “And the scripture.”
 “The abridged version.”
 “The abridged life.”
 “We are living it like it is.”
 “This could not be better.”
 “Crunch on this.”
 “I love the sandwich.”
 “Never let me go.”
 “There is attraction and repulsion.”
 “This is how they count it.”
 “That makes no sense to me.’
 “I am not here.”
 “I am carrying on.”
 “I want to sig up as a spectator.”
 “And you are going to get rid of this shit?”
 “There could be an alternative.’
 “This is a church.”
 “I thought that this was science.”
 “Who is running this?”
 “A circus.”
 “We have made it.”
 “I cannot care.”
 “I thought that it all came down to a button that was not buttoned.”
 “There is something else.”
 “That is what happened last year.”
 “There is a fork in the road.”
 “I would rather say nothig.”
 “Why are you not talking?”
 “I am not in the same car.”

“I am not in the same ship.”
“I am going down heavy.”
“Who else is in there?”
“Go over with this me again.”
“I love you.”
“Je t’aime.”
“How close is that?”
“I am melting.”
“Did you order the eggs?”
“Two different locations.”
“So much noise.”
“And where does this lead?”
“Tell me what you think.”
“Think it.”
“The noise is bleeding through the walls.”
“The particles are held within.”
“The lead.”
“The exile.”
“Why am I here?”
“Do you know what I think?”
“A different species.”
“That is too hideous.”
“I know everything in my environment.”
“You cannot go back.”
“Go back.”
“Give it a different name.”
“The prelude.”
“I could have done this.”
“I need to get all these influencwes out of my head.”
“Where else can we go?”
“There is a balance somewhere in between.”
“You need to understand how I feel.”
“I make it up as I go along.”
“It should mean something more.”
“That would do everything ofr,e.”
“What else awaits?”
“Who is running this?”
“You have to break it own before you build it up again.”
“I do not want to interfere.”
“This is how the sovereign talks.”
“We have overthrown the regime.”
“The replacement.”
“You have eliminated the glue.”

“We break it down even more.”
“Desire and lack of desire.”
“That is perfect for me.”
“I have a plot.”
“We talked about this.”
“That could have been perfect.”
“We made it back.”
“You cannot wear that here.”
“We have planned this.”
“What is the underpinning.”
“You have not given us a chance to be ourselves.”
“I have been destroyed by my desire to love.”
“What particle is that?”
“Do not interfere.”
“Where do we start?”
“The community.”
“What is that really about?”
“I am trying to understand.”
“What did you learn?”
“Push this aside.”
“It is your turn.”
“This is not enough of a forum.”
“How did I end up with this?”
“It is not what it seems.”
“You believed it.”
“This word means escape.”
“This is annihilation.”
“You cannot build a complete form from annihilation.”
“You only know what surface.”
“I need a complete picture.”
“Please don’t.”
“This is another variation.”
“Do not think about it.”
“He went way too far.”
“I do not care.”
“We see it in different ways.”
“I appeal to you.”
“We once were friends.”
“There is so much money here.”
“Sit with the notes.”
“I am so deep in it that I cannot do any different.”
“Sit with it.”
“We are going to take what we can.”

“Smile.”
“Smile away.”
“I do not have options.”
“You have arrived.”
“What are the key elements?”
“I cannot enumerate them all.”
“The show ended.”
“Only to start again.”
“More particles.”
“Time over time.”
“The path.”
“Parallel paths.”
“Different universes.”
“And it all comes down to the same thing.”
“There is not much invested.”
“Is that the only way to see the world.”
“It is all about measuring the framework.”
“Do not rain on my parade.”
“We have two months of parades.”
“What else do you lack?”
“Do you hate me?”
“Which version fo the world is this?”
“In through the out door.”
“Each particle has its own door.”
“Do not go through the wrong door.”
“And you like that?”
“I like what you want me to like.”
“This is how the public works.”
“We do not accept that connection.”
“That does it for me.”
“Super fantasy.”
“I can help you.”
“They did.”
“I got with the wrong folks.”
“We become something that we are not.”
“How do you want to see this?”
“I do not know.”
“That is not what I wolr on.”
“I make the rings for the machine.”
“How does that work?”
“This thing is going to malfunction.”
“That is all they know.”
“I can do the same role.”

“He says thirty five roles.”
“We can do without five. They will not make heaven.”
“What is left?”
“You have fun.”
“This means more than it seem.”
“Are you going to connect?”
“I need some time away.”
“We are not going to talk about this.”
“And it has to be like that.”
“Only a few people understand.”
“This is not forever.”
“WHAT DO YOU WANT ME TO SAY TO YOU?”
“I have all the parts.”
“I have time in my favor.”
“This is nothing but shit.”
“I was looking for her.”
“I called.”
“I am going to do this again and again.”
“That did not hurt.”
“It was part of the ritual.”
“They have one more chance to make an impression.”
“And all the particles reset.”
“That is a a terrible way to see the world.”
“I am the foundation.”
“The way, the truth, and the life.”
“And we lose the melody.”
“Oh fuck it.”
“I say oh fuck it.”
“We all say fuck.”
“I am so far along. But I have nowhere else to go.”
“I heard that they are going to take it for themselves.”
“I got what I wanted.”
“I needed to give it back.”
“Does that even make a difference?”
“You are still the boss.”
“I want flail away at the bottom.”
“That is not a method.”
“I use the mirror.”
“One of us will get destroyed.”
“This was the biggest things of all time.”
“This is a song.”
“I felt the earthquake.”
“No one else did.”

You came all this way with the idea of expressing how all this held together. It wasn't just an image. It was a more complex way to describe a scientific connection."

We could count all the objects.

"How are you trying to convey this information?"

"This is a different thing."

"A different way of seeing the world

"Pose for the camera."

"I did not ask help until it was done."

"I am done."

"We are at the Holiday Inn."

"What does that mea?"

"Listen to the band."

"And you have gone to a safe space."

"It did."

"Like what."

"Like you."

"Get back on the tour bus."

"What are you telling us?"

"Real shit is occurring all around us."

"And who is managing this?"

"The master."

"Time is not like this.":

"This is a different glue."

"So much to get over."

"Get over it."

"Get back on the tour bus."

"Are you trying to mess with history?"

"I am dying out here."

"Take a breath."

"You can head home."

"I want that."

"I stop trying."

"We can present it in a different way."

"Do not go out the wrong door."

"There will be a deadly collision."

"Could I make it any different?"

"It tasted so good."

"Meet me."

"That is too much symmetry."

"And you arrive here."

"You have all the answers."

"Answer the questionnaire."

"And you try to say more."

“Are you lazy?”
“That is their contention.”
“This is too much.”
“Do you have a sister or a cousin?”
“I have my own method.”
“We all do.”
“Read this.”
“We count all the rhinos.”
“What is that about?”
“This is not a zoo.”
“We are much deeper.”
“Take it if you want.”
“What do you get?”
“Genius.”
“This is the glue that hold it all together.”
“Together.”
“I had an alternative.”
“This is all fraud.”
“What are you hiding?”
“I like to pretend.”
“And where does that end up?”
“They ask, but you do not answer.”
“Then you say what needs to be said.”
“You get all the gifts.”
“That is not worth that much to me.”
“This is all a matter of framework.”
“That means get excited.”
“Completely excited.”
“You cannot wear that.”
“This is all on you.”
“There is so much in your favor.”
“You have been knocked off you game.”
“Don’t leave until you tell me that you love me.”
“Love thing.”
“When does this start?”
“Take some of the pressure off.”
“These people are good at what they do.”
“They need a little more motivation.”
“Destroy me, lover.”
“This makes no sense.”
“Get in line.”
“This adds to the velocity.”
“What is that about?”

“Add what you want.”
“Take this.”
“He has got it down.”
“It is not on the page.”
“The turtle know.”
“I do not know what that is about.”
“She is hiding.”
“There are two real points of entry.”
“Maybe a thrid.”
“Maybe none.”
“Rels has all this done. She can work with a script.”
“I am going to need to try this.”
“I need to do this.”
“She could take over the story.”
“Has he been doing this all night?”
“Take a page out of my book.”
“Did she like?”
“I hope that I did not get this wrong.”
“I cannot work this with a string of compliments.”
“You needed to work on this.”
“I am trying to understand the performance.”
“This is so technical.”
“You have a cause, And it goes overboard.”
“This will create more persstent stress points.”
“Hold it together.”
“There is only one person in the world who can do this.”
“We are on opposite sides of the law.”
“You want to forget so much history and start over.”
“There is only one preoccupation.”
“No one even understands this.”
“You haver it.”
“I more than have it.”
“We can make new rules.”
“Understand the orbits.”
“A different kind of movement.”
“I want to understand something more.”
“You need a obbst.”
“There is so much more.”
“That amateur vibe.”
“I see it.”
“What is that?”
“A lot of sparkle.”
“Stuff it in me.”

“Jump up and down.”
“Is this an illness?”
“It can be fixed.”
“I am not trying to look more perfect.”
“What is that related to?”
“That is all that I need.”
“I many have to quit.”
“He has a great model.”
“I have lost everything that I started with.”
“That was not really me.”
“This is done in its own way.”
“What do you want ot aks for?”
“Are you all knowing?”
“Did you plan this?”
“It was not planned.”
“The show is nearly over.”
“All the energy has been sucked out.”
“There is a plan and a performance., I am both.”
“How is that?”
“Watch my hands. Get in my brain.”
“That would take a science.”
“Particles.”
“I have lost my way.”
“What does he really do?”
“What does any of us do?”
“He buys you a drink, and he thinks that he can run the dance.”
“Someone.”
“No shit.”
“Who is really paying?”
“The committee.”
“I got a grant.”
“And you did not see who causev this.”
“What is this really about?”
“Do not let it hurt me.”
“It does not hurt.”
“Step up, step out, make it a go.”
“We are going to hourly.”
“I am paid a consultancy fee.”
“What is it based on?”
“Selective memory.”
“We have all the selections.”
“There could be more.”\
“Talk to the wizard.”

“He says the same thing.”
“I gave an answer before.”
“There is a new way to do this.”
“Take it for what it is.”
“I have my own version.”
“You have crossed over into your own version of frustration.”
“Things change at night.”
“Another revolution that did nothing.”
“Nothing.”
“I went there too.”
“This is what I prefer.”
“We are having a terrible time.”
“I think that I know the way.”
“You have a lot of promise.”
“You can look this over,=”
“We can advise.”
“Sell.”

“
