

ACCOMMODATION

“You showed me what I liked.”

“This is way too long for me to think about.”

“We will put it together at home.”

“I will probably not feel at home.”

“Sad.”

“I have reconciled with the world.”

“Do you feel sorry for me?”

“To a degree.”

“More redemption.”

“She is going to come back to the show all reinvigorated.”

“That will not make a difference.”

“I had an opening.”

“That is the past.”

“I need to link all this together.”

“I raise beasts from the dead.”

“You can calm down.”

“It will never be hilarious.”

“That could not be worse.”

“Worse.”

“Do not get too far away.”

“Why didn’t they cover this?”

“People look at the world differently.”

“I don’t see it.”

“How come I am not more comfortable?”

“Stay hungry.”

“Shit.”

“I am going to break.”

“That is purely garbage.”

“Who is counting?”

“I AM.”

“And nothing means anything.”

“Nothing means nothing.”

“That is very creepy.”

“You did not eat your meal.”

“Where does this end?”

“You tell me.”

“This was turning into something.”

“And I ended up in your car port.”

“Please get me out of this.”

“Look at him. He grew up in this shit. And he thinks that it means something. There is no subtlety to this.”

“He can categorize ti all.”
“Crack.”
“Where were you?”
“The hatred shows.”
“Go with it.”
“Where did this come from?”
“This is where I feel like an exile.”
“Get up, and leave.”
“I am where I was.”
“You have been called.”
“One more try.”
“Who will help us manage.”
“This could explain everything.”
“I DO NOT WANT AN EXPLANATION. IT ADDS TO MY SHIT.”
“Where does that go?”
“Next bus.”
“Your mousey gestures reveal everything.”
“I like the cheese.”
“You are making me nervous.”
“More shit.”
“There is only one choice.”
“We need to stop the AVENGING ANGEL.”
“Shit.”
“Thank the Lord.”
“Thanks, guy.”
“This could have been the worst day of my life.”:
“Honey, how do you feel?”
“I can do some work.”
“I see things very differently.”
“He rescued me.”
“He put off all this until the future.”
“No one understands.”
“Are you kidding?”
“You would be worse.”
“I am the killer.”
“Everything meant something until it meant nothing.”
“Hit the note.”
“I love it.”
“Nothing more is expected.”
“The Avenging Angel took a vacation.”
“None of that mattered.”
“I wished that it did.”
“This is supposed to be big shit.”

“I am on the verge.”
“I DO NOT WANT TO BE ALONE.”
“Do something.”
“I was badly distracted.”
“DISTRACTED.”
“You can take this over and sort out all the voices.”
“The Avenging Angel and Rachel.”
“What did I miss?”
“I missed it all.”
“I am trying to figure it out.”
“Who will help?”
“Dusk cannot handle it tonight.”
“Rels is not here.”
“Ryan will be here tomorrow.”
“It was so wonderful.”
“This get manipulated.”
“What is the result?”
“I can teach you how to express your argument with more authority.”
“Tell me what it will all be wonderful.”
“It will be wonderful.”
“And you love that. You get that.”
“I am working so hard.”
“What is the work?”
“Filing shit.”
“Make me free.”
“You are free.”
“I was denied.”
“I do not care.”
“I do not have to pay.”
“Better costume.”
“The body can do this.”
“This could have been the best story yet.”
“Be honest.”
“If the money is on the ground, it is mine. If it is on the table, it is a tip.”
“That is only going to be worse.”
“Put it all in place.”
“The lecturer fell asleep.”
“I love the baby.”
“I cannot sympathize.”
“Do this.”
“I want something more.”
“I could explain it, but I could not explain it.”
“This is way too easy for you.”

“Where is she?”

“Who wants to know?”

“Who does know?”

“They told each other.”

“It got crazy.”

“I see it.”

“Do not see it.”

“I did not think that this would go on forever.”

“It means nothing.”

“Do I need to respond?”

“Is she coming?”

“No one will respond.”

“Stop this now.”

“What is the alternative?”

“You could pass out in your soup.”

“There are so many layers of not understanding.”

“I cannot be here anymore.”

“I am not.”

“Why are there so many quotes?”

I wanted to figure out who was saying what. I was sure that there was someone here who understood completely.

“I am really in this shit hole.”

“What is that about?”

“Be nice.”

“Some Rachel.”

Rachel was not on the invite list.

“I snuck in.”

“Why would you want to be here?”

“I do not think about it.”

“I have to go through so much bull shit for a result.”

“She could have asked.”

“These are three separate things.”

“I would never be in this place.”

“We want different things.”

“I could have a better concept.”

“I would have a better concept.”

“See that is my name.”

“You are the guest of honor.”

“What do I get?”

“I get it.”

“All that excitement.”

“He does not understand. He thinks that he is wanted. He thinks that he understands the origins.”

“Have a piece of pecan pie.”

“There is so much more.”

“So much more.”

“You love me. And I want to give you so much. It is all me. And I want to explain it to all of you. It is so perfect, and you expect me to be perfect. I cannot be perfect for you.”

“This is sports betting.”

“This is worse.”

“How does that get results?”

“You need to create contests.”

“That seems like quit a wast of time.”

“What else is the alternative?”

“You could be more conscientious in constructing a life story.”

“And I am back in the basement dealing with more shit. I was over that. I did not want to think about any of that. Now, I am back to where I always was.”

“This is genius.”

“There are no interruptions.”

“This will not last forever.”

“What would it mean if we could make things work forever?”

“Satisfaction is so easy.”

“We are hearing it all wrong.”

“Is it a mystery-murder-love story all wrapped into one?”

“Someone cares.”

“That could be the story.”

“Ryan, who do you care about?”

“I can’t care enough.”

“I want you to be different.”

“Ryan, you work too much to take over this story.”

“You love your life too much.”

“She is brilliant.”

“I need to get over this before I go back to work tomorrow.”

“Next week.”

“I get lost in emotional ping pong every week.”

“What good is that for you?”

“This time will be different.”

“You work with the guy.”

“Jealousy is going to do you in.”

“He is not that kind of guy. That is why I picked him.”

“This is not going to last very long.”

“Roll over!”

“Where does that go?”

Ryan was singing along with the song.

“That says too little about your nature.”

“What do you want me to say or be?”

“Do this forever.”
“Never quit.”
“She really knows nothing.”
“You have brainwashed me.”
“Made me forget everything.”
“Sports betting.”
“I like to win.”
“Winners are losers.”
“Get away from the table, and take a risk.”
“I am not going down.”
“Ryan, you worked your way into this story.”
“We are as different as night and day.”
“Doesn’t anyone care?”
“There is no honesty.”
“She said that she loved me.”
“She lied to me.”
“That is so terrible.”
“I will go along.”
“And there is nothing else.”
“Get the fish dish.”
“That hurts.”
“Do you believe in a personal savior?”
“If he agrees to forgive my sins.”
“Sin no more.”
“This is an industry.”
“You do what you can to get what you can.”
“Want to come to my wedding?”
“How did you get like this?”
“And you get it perfectly.”
“We cannot cast for Sly. You cannot tell me that you know him. That geometry has changed. And whatever remains has no dynamics.”
“Is this tragic?”
“There is something else.”
“Ryan, do you know?”
“I knew Sly,”
“I was a believer.”
“That is hideous.”
“Jump out the window.”
“They told me that they would catch me. But this is beyond trust.”
“And you still trust.”
“I CLOSED THE WINDOW.”
“I am waiting for the pages that you were going to send me.”
“You sent me love.”

“I am putting together a different show.”
“That is everything.”
“I killed the rabbit.”
“The rabbit was brought back to life.”
“This is a replaceable part.”
“How do rabbits work like that?”
“And we are back in the same place.”
“And we want the same thing.”
“You can play the role for the night.”
“That is what Sly did, And he pretended that there were originals.”
“Were there numbers?”
“Is this a universal?”
“That once meant something more.”
“Will you sign me to a deal?”
“What is the rest of the deal?”
“No one can do it for you.”
“I will need to look.”
“I am watching the ice melt.”
“That is all there is to it.”
“What is the source of the energy?”
“I need to shut someone up.”
“We have the cooling coils.”
“Is that how it works?”
“What is the source?”
“I have been waiting for you.”
“What is in the basket?”
“Common question,”:
“The picnic lunch.”
“Do not eat it.”
“I am asked to leave.”
“I am asked to stay.”
“You need to present the lecture.”
“You are on.”
“I want to look and know. I want to soak it up. I want it to be part of my being.”
“You are a different kind of believer.”
“Short-term shit.”
“Can you smell the change?”
“The organic chemistry.”
“Who was the chemist?”
“The chemist of the universe.”
“What do I include?”
“Shit.”
“We can make this simple.”

“Songs.”
 “Belief.”
 “Work.”
 “Tomorrow.”
 “I have got it.”
 “I do not.”
 “You are asking me for something that I can never give you.”
 “Be small.”
 “Be large.”
 “Where is this headed?”
 “To the bank.”
 “We will do this at home.”
 “Home.”
 “Dangers of exaggeration.”
 “We are developing new ways to negotiate.”
 “You tell me.”
 “Where did you go?”
 “And that stuff is good for you.”
 “And you found what you were lookingfor. :”
 “A sandwich.”
 “Jump out of the show.”
 “I told you what to do.”
 “I HAVE MY OWN BELIEF SYSTEM.”
 “I am a transfer student.”
 “Where are you headed?”
 “There is money for me.”
 “We always end up at the same place.”
 “I am not into home improvement.”
 “This became your job.”
 “And you kept us wanting more.”
 “More.”
 “Where did Ryan go?”
 “She is at work.”
 “What are the options? Home improvement, adult education, life coaching.”
 “All that stuff is a distraction.”
 “They have it.”
 “They do.”
 “I am good at doing this.”
 “I get it.”
 “I am your publicist.”
 “What is there to the story?”
 “I live in Franklin, Tennessee.”
 “Who pays for the house?”

“You can sleep on the plush rug.”
“I start to assume things.”
“She is not going to like that.”
“This is not her house.”
“This is not her story.”
“Now, we are out of things to say.”
“A lot of noisy people.”
“What did you want?”
“I am back where I started.”
“Do you like this?”
“Not enough repetition.”
“Will this go anywhere?”
“Go there for me.”
“Go there for me.”
“I tried to get rid of these house guests.”
“Write this on the page.”
“He is working for me.”
“What are you doing?”
“Moving car parts.”
“This is too labor intensive.”
“I am trying to do meditation.”
“I want you to ask.”
“There is all the stuff with the equations.”
“And the bang.”
“That is a freak show.”
“Do I have problems with biology?”
“Know me.”
“Too much anger.”
“Take the fucking property.”
“What is your objection?”
“I want to forget.”
“I cannot think about this kind of thing forever.”
“These were forever beliefs.”
“Ryan, forever beliefs, home improvement.”
“You are implying all this shit. It does not cohere.”
“The fun ended.”
“We will fix that.”
“Why the lull?”
“This is a show.”
“You are so patient.”
“Why not me?”
“You have a different view of work.”
“This could be you.”

“It was all you.”
 “Nothing but you.”
 “Nothing of you.”
 “She has basic goals.”
 “We fixed the motor.”
 “And how did that work?”
 “I am only at the beginning.”
 “Nada?”
 “She had so much to discuss.”
 “I do not understand any of these people.”
 “Throw the ball underhand.”
 “So much glee.”
 “No one is looking at the numbers.”
 “The bank is full.”
 “You want to be a winner too.”
 “You have been assumed into heaven.”
 “It is all heaven.”
 “And you have destroyed it for us all.”
 “What are you burning?”
 “I wanted to know.”
 “You are sad. You assume that your meager knowledge will make a difference. You are going to need to work on this.”
 “No one wants anything.”
 “We are rushing to a new place.”
 “Just go along.”
 “I need to remember an image.”
 “You have one.”
 “What did I do wrong?”
 “There is a volume to finish.”
 “I am on TEAM RYAN.”
 “Is that a thing?”
 “We could go back to Azza.”
 “There are so many points of entry.”
 “I will not interfere.”
 “Then what happens.”
 “Who else is left?”
 “There is another city.”
 “By bus.”
 “Go up the Vegas strip.”
 “The art district.”
 “She needs a sign.”
 “Some comedian told her everything.”
 “The Lord is coming.”

“These are the last of our days.”
“Who is doing the Rapture in Vegas.”
“A residency.”
“That would work for me.”
“Everything is bigger than life.”
“Except life itself.”
“Where did this start?”
“She is so good at showing up.”
“Why does she want this to be something else.”
“Why is there a sacred text.”
“We want more of the same thing.”
“We would like to teach the children.”
“Remember that exactly as it is. You will have to reproduce this scene.”
“He built a duplicate of the White House.”
“They used it in movies.”
“How did money work that way.”
“No high speed rail.”
“A place to bury the bodies.”
“None of it means anything.”
“That will be fine.”
“I do not need a story.”:
“What did you lose?”
“Can I suffer with you?”
