

THE FINAL ALERT

“A lot of people do not even know the difference.”
 “What is the difference?”
 “When you hurt someone’s feelings.”
 “She suffers well.”
 “I am saving this for someone.”
 “Let me snack on it until she comes.”
 “I do not have time for this.”
 “Someone does.”
 “I was on the verge of an understanding.”
 “You better believe that you have it all down.”
 “I am entertaining the world.”
 “Is this getting better?”
 “Conrad has this down.”
 “How does he do it?”
 “I will take the scraps.”
 “Eat up, America.”
 “I need to get better at this.”
 “We need to transport.”
 “I want to go somewhere that has more posing space.”
 “We can work on your posing skills.”
 “Everyone is under the same spell.”
 “You are addicted.”
 “Knowledge is.”
 “This is more knowledge than you know.”
 “What does it mean to get promoted.”
 “I have an agent.”
 “I have a publicist.”
 “We are teaching you how to tumble.”
 “We need some silent time.”
 “A fly got caught in the mechanism.”
 “You are all drinking the same juice.”
 “DUH!”
 “I can get you fixed.”
 “It is hard wired.”
 “I am doing the soldering.”
 “You fucking jumped the shark.”
 “I am the shark.”
 “Are your teeth sharpened?”
 “My life is sharpened.”
 “Shark attack.”
 “What is the remedy?”

“There is this guy Vito, and he is fucking with everyone.”
 “Vittorio?”
 “That is another side of his character.”
 “I am going to fuck you up.”
 “The shark has taken over the asylum.”
 “What does he use?”
 “He has a poison bite.”
 “He ravages me.”
 “You are going to require a needle and thread.”
 “Some of these parts lock together.”
 “Don’t change.”
 “How much juice do you have?”
 “I have the juice factory.”
 “She said a bad word.”
 “She gave the chemical composition rat poison.”
 “I will not remember any of this.”
 “I can give memory pills.”
 “Do you remember what this guy Vito did?”
 “She assumed a different apparition.”
 “If I need to take on a different persona.”
 “I have been doing bad things.”
 “The new identity enables me to adopt diminished capacity.”
 “What did you lose?”
 “Vito made contact with his shit.”
 “Will he be condemned?”
 “Vito made me do it.”
 “Tell me the truth.”
 “Vito is a shit.”
 “Law and order.”
 “Too much is happening in front of my face.”
 “I do not want to think about that shit.”
 “Turn on the magnification.”
 “You will only see what you want to see.”
 “The world from fifty thousand feet.”
 “The world from another planet.”
 “Vito will never get caught. Julia is propelled in the stratosphere.”
 “She has a new rose.”
 “You are my guide.”
 “Why should I bother?”
 “Go where the money is.”
 “Another non-productive off shore account. It is not going to get the piggies to market.”
 “We are in DEFCON 1.”
 “Do you want to come to my place and watch me piss on myself?”

“Sure!”
 “SURE!”
 “YES!”
 “Where are you from?”
 “The source.”
 “Blood diamonds.”
 “How long will that drive the economy?”
 “There is a nuclear alert, but these clowns think that they are going to win this one.”
 “I have a new model.”
 “The QUEEN OF THE APOCALYPSE.”
 “Vito wants to get bad.”
 “Show me the map.”
 “I thought that I saw something.”
 “Radioactive activity.”
 “A blip.”
 “Vito is very worried.”
 “Caesar is going to finish this off.”
 “And the people are going to stay asleep.”
 “There will be resurrection.”
 “We will be screaming at each other.”
 “And that is going to do it.”
 “Victor is good at taking names.”
 “He is so far behind the curve.”
 “There were three blasts.”
 “This is going to take some sorting through.”
 “I do not want this to be predictive.”
 “Why would this be a warning.”
 “We are going to return home and watch the our self-destruction on television.”
 “You better add to the show.”
 “You have no idea that they are telling you something.”
 “You are the mascot. We cannot get rid of you.”
 “Why are you allowed to have this alter ego? What is alter?”
 “I do not want to come back to the horror movie.”
 “What will come out of this.”
 “A lot of imposters and imposters posturing after imposters.”
 “This is all beyond me.”
 “Hang in there.”
 “She is not coming.”
 “Hang in there.”
 “I do not want to break it to you.”
 “There are generations killed for the vanity of a few. But it is not a psychological issue. They do not realize that we are in the midst of something important.”
 “Is there a split?”

“The Vito-Vittorio thing.”

“It is way worse than this.”

“We need to do something about it once and for all.”

“What do you do at work?”

“I bend steel.”

“That is the mystery of industrial production.”

“There is that moment when you no control over the processes around you. You cannot generate enough personalities to deal with all the variations around you. This does not lead to good art.”

“The body is nourished.”

“And the soul?”

“The soul is an exaggeration of the states of the body.”

“What kind of mind do you need?”

“A mind for something painless.”

“I got distracted.”

“You are free-associating into chaos.”

“I am keeping my eyes on you.”

“RADAR.”

“Sell.”

“There is no equity.”

“There is no equity.”

“Leverage your off-shore accounts into a war.”

“That is not going so well.

“You are not writing fast enough.”

“They are moving too fast for me.”

“You lost the reflections.”

“Lera, can you do the physics.”

“I did not see the end game.”

“Someone tossed over the board.”

“There was another nuclear blast.”

“This is not a video game.”

“No one knows the fucking difference.”

“Are you kidding?”

“They are hiding in a corn field in Iowa.”

“Lera escaped.”

“She was in a shleter.”

“This was a brain trust.”

“I want to be escorted out.”

“You have the coes.”

“The codes make no difference.”

“How is that?”

“This is all detonating on its own.”

“Have a heart.”

“People are embracing disaster.”
 “Vito made me do it.”
 “Did you see his smirk as half the world went up in flames?”
 “IT IS NOT MY HALF.”
 “Go for it!”
 “I am going to go nuclear on you.”
 “Of course, you are.”
 “The energy stopped.”
 “There needs to be a denouement.”
 “I think that I missed something.”
 “Hope.”
 “I will be sending it out.”
 “Build a shrine.”
 “There will be a miracle.”
 “Pray.”
 “That is absurd.”
 “That will not be enough for me.”
 “What do you need?”
 “What we always need. A transfusion.”
 “Is that going to work?”
 “Should I watch?”
 “Everything starts with a belief. There needs to be a material aspect of the sign.”
 “What are you doing for work?”
 “I am doing a lot of shit. I am doing things that I do not want to do.”
 “I know what has to be done. I do what I need to do. I get others to buy a place.”
 “When do you stop, and when does the movement begin?”
 “You obviously had a terrible education. Let us move into the dark closet. What clothes are in there.”
 “He finally has an audience.”
 “We have been talking about that.”
 “If he had a better understanding of the economic system, we would listen.”
 “I need to make this work.”
 “Do not try to destroy me.”
 “I am not going to let this affect me.”
 “What can you do?”
 “What is to be done.”
 “Where is this going to end up?”
 “You can lecture me at nine in the morning.”
 “Thank you for your help.”
 “I can count that on ten fingers.”
 “Thank you for making my job better.”
 “That is my skill.”
 “Talk softly to me.”

“Where is the highway out of here?”
“I have been waiting all week for a car part.”
“Why can’t you make it yourself?”
“That was the beginning of the story. I work in car parts factory.”
“He still has an audience.”
“Is he your father?”
“No, he is our supervisor.”
“Does he establish the quotas?”
“I could find some used parts.”
“I am going to wander around the junkyard looking for something unique.”
“Keep talking.”
“I will.”
“The door is open.”
“You could hang out somewhere else.”
“You could practice silence.”
“I will get to it later.”
“How did you become part of this?”
“There was nowhere else to hide.”
“There are too many frequencies.”
“They are canceling things out.”
“This is a marriage born in hell.”
“There is something about burning.”
“Where did I lose the trail?”
“Can I borrow your tent?”
“Are we arguing?”
“Where did this get started?”
“You asked me to a picnic. I thought that you were going to have everything to eat.”
“This is a code.”
“Tell me when I can breathe.”
“There are too many for a sports team.”
“I can lob the ball to you.”
“Whose birthday is it?”
“This is a complete list of my vocabulary words.”
“I can add a few more.”
“I think that we are dealing with the same list.”
“I can work with skin and bone.”
“Where is this headed?”
“We were talking about shadows.”
“Is there another way to describe this?”
“I am engaged in prayer.”
“I learn from the preacher.”
“That seems like a terrible way to think about belief.”
“Some things, you do not see on your own.”

“Why will I feel better in the morning?”
“Everything that I believed, everything that mattered seems like a whole lot of nothing.”
“There is an operating room in the basement.”
“Who built it that way?”
“It has its own generator.”
“That is too much to think about on my own.”
“What was there in the beginning?”
“What can you deal with?”
“The animal in the room.”
“There are no animals allowed in the operating room.”
“I have someone helping me.”
“I have someone working with me.”
“The words are working me.”
“I need you to clean those stains in the carport.”
“I am collecting bones.”
“Chicken bones?”
“Do these things have mythic powers?”
“I already received enough.”
“How can you do that?”
“I am living the book.”
“The good book.”
“Is there any other?”
“What was today’s sermon?”
“This was amazing. I didn’t think that I would value silence this much.”
“Who is paying you?”
“These connections are ambiguous.”
“You had a job. Who is doing the the paying?”
“I am not sure if I have done this to anyone’s satisfaction.”
“I am a memory restorer. Like an art restorer.”
“I can only deal with so much domination.”
“The leaf crushed me.”
“This is the only way that I can make anything of my present.”
“We are not finished.”
“Do you have a will?”
“Do you have an estate?”
“Who is protecting the things?”
“Who is protecting the children?”
“This is too much to worry about.”
“Conrad did a dance.”
“That is all that matters.”
“I am doing an authoritative history of illness.”
“There is too much useless information.”
“We work to live.”

“Of course. Have fun.”
“You told her to have fun. What were you really saying?”
“He gave me a motorcycle, and he told me to take it for a spin.”
“How did that go?”
“I called Willy.”
“I called Conrad.”
“I called Aaron.”
“This is a story of origins.”
“I want to give you a blessing.”
“They are all naked.”
“Stripped to the bone.”
“You are talking about the buzzards in friendly ways.”
“Let me jump on that.”
“Everyone is late.”
“That will work. It is still early.”
“There is time for revelation.”
“See what you want to.”
“That will work.”
“Don’t go crying on me.”
“Then I will fall asleep.”
“You said that you are waking the dead.”
“I am trying to take care of the living.”
“Do whatever.”
“They are waiting for me.”
“Do they pay you for waiting?”
“I am trying to turn it into a kind of prayer.”
“You pray by breathing.”
“What else is there?”
“Face recognition.”
“What am I supposed to recognize?”
“I need to shut down.”
“That is cruel.”
“What do you notice?”
“You are trying to do too much.”
“Everything promises so much to so many.”
“Is there a theology to go along with it.”
“There was a moment when it was new. Then someone made a mistake.”
“You are never going to have the resources to describe things as they are.”
“There is a lot of retrospective.”
“What is at the bottom of the ocean?”
“We are not even close to that point.”
“I can head home now.”
“That is so relaxing.”

“The crazy feeling has passed.”

“There is a hospital bed available.”

“I like your revisions.”

“We are excellent historians.”

“I do not want to be good at this.”

“Respect.”

“You are not even close to a resolution.”

“You are angry.”

“I want to learn when to hop on the merry-go-round.”

“I am given to a different belief.”

“What is your song?”

“What is your hope?”

“I want to collect the tears from heaven.”

“What if they are not tears?”

“I still believe that they are.”

“I have tried to get to the root of the problem. But there has been all this mystification

about industrial processes. There are the two moments. The work is shitty. But there is a realization that shines in the night sky.”

“All the parts are in place, and I do not think that anything will change.”

“Are you looking for change?”

“I think that this is the time that history is about to speak.”

“Why am I not included?”

“What do you want to say? What does the world say to you?”

“That steel is molten, and it can be shaped.”

“My mind is shaping ideas.”

“You are in the middle of the fun.”

“The mind shaping.”

“Everything is melting.”

“We will find a form.”

“We have a mold.”

“Break the mold.”

“She is coming.”

“She fits the mold.”

“Where is she now?”

“She is on a pilgrimage.”

“How can you keep this going?”

“This was moment that meant something.”

“I was there.”

“You gave me so much.”

“I took so much.”

“What can you give?”

“A lot of heart.”

“I am close to the hidden ocean.”
“I plunge within.”
“Start with a story and complete it.”
“I am so lost.”
“I do not want to reveal what I am actually thinking.”
“They are monitoring you.”
“They are trying to find that moment when it will all make sense.”
“We do not want to lose. We cannot lose.”
“The world loves you.”
“You cannot create me.”
“You just have.”
“Nothing appeals to me.”
“I am melting.”
“The procession continues.”
“Do you want to give it a religious flavor?”
“How did you get here?”
“I was part of a caravan.”
“And you ended up here.”
“That is not something that I really think about.”
“He is helping with the clean up.”
“I am exhausted from watching three movies.”
“I have been doing a lot of crying.”
“I will just get destroyed.”
“I am doing my best to protect myself.”
“Send me milk money.”
“Send me milk.”
“The cheese stands alone.”
“Do not disturb.”
“We are all disturbed.”
“I need to finish the coloring book.”
“It is a sacred book.”
“This could not be better.”
“That is what I am afraid of.”
“That is what I am afraid of.”
“What is the real goal?”
“They want to destroy the world. Tale to Lancer.”
“No one is supposed to know.”
“There was a moment when this was perfect.”
“And that is all that there is.”
“Who is leaking?”
“It is upstairs.”
“Why don’t they fix the plumbing?”
“That is all that it takes.”

“What I am saying does not work. I need you to take over.”
 “I will.”
 “I am in the wrong room. I am eating the wrong thing.”
 “No one was going to figure it out at home.”
 “Take a break.”
 “It is one long break.”
 “And there is so much more to add.”
 “It is up to you.”
 “I am not receiving what I really need.”
 “It would be a life plan.”
 “I just need a place to touch down.”
 “I am trying to coordinate the life skills.”
 “You could have stopped this.”
 “What was the cause? Who benefits?”
 “I do not. I cannot.”
 “This is so far from actual realization.”
 “Get a cat.”
 “Where is this coming from?”
 “I guess that I do not have the book that you need.”
 “This is a machine manual.”
 “Do you want to intervene?”
 “I guess that will help.”
 “Here, take the book. It could help.”
 “What if you were doing different work?”
 “We are not talking about individual efforts”
 “I did not create the mess.”
 “I just want someone who says yes.”
 “Yes.”
 “Yes, yes, yes.”
 “Where does this come from?”
 “Eternal return.”
 “Do I have time for this?”
 “You are way beyond me in predicting what is going to happen next.”
 “I was counting on nothing.”
 “You did not even notice anything.”
 “I want to play.”
 “I want to share.”
 “We are on the verge of a manifesto.”
 “What would that be?”
 “The parts are exchangeable.”
 “There is not integrity.”
 “Betrayal is my only hope.”
 “How does that work?”

“At least, there is a pulse.”
“I get what I needed.”
“Come, and see me.”
“I cannot save everyone.”
“Save one person.”
“That would not be a faith.”
“This is more what I am looking for.”
“Did you even care?”
“Should I?”
“I like caring for animals.”
“We are trying to develop a systematic way of thinking.”
“That will accommodate what I am doing here.”
“This is way simpler than I can imagine.”
“Have you thought about the story?”
“There is a promise.”
“That is all that I need.”
“I am not going anywhere.”
“There is a lot of time to do a lot of nothing.”
“Do you have reservations?”
“I always do.”
“Service with a smile.”
“What matters?”
“How do you leverage this?”
“I thought that I knew.”
“I really want to know.”
“We have a place reserved for you.”
“I could help you. I could make something happen.”
“You are a tribute to the faith.”
“What does that mean?”
“I missed all these thing.”
“You do not understand how to make it a go for the long haul.”
“I need to walk.”
“This is not moving as quickly as expected. What skills do you have?”
“I have a great memory.”
“I am looking at professional skills.”
“I can snow board.”
“What does that have to do with the world economy.”
“We all think that we have a little to do with the movment of the world.”
“We need to do more.”
“This is the same thing seen from alternative angles.”
“I am glad that you picked up all the insects.”
“I am making dinner.”
“How is that any different than what you have been doing in the past?”

“There are only two threads, two currents, two rivers.”

“Which one are you following?”

“I am following the right one.”

“We sent someone out to find you?”

“I am perfectly okay.”

“If you saw things from a little closer, you would have a better understanding of the motivation.”

“He is not going to work this in his favor.”

“Conrad could be a religio.”

“Who else would believe?”

“Serve me?”

“That is how it works?”

“Who is coming along?”

“I have been found out.”

“This is more than wonderful.”

“This is true caring.”

“That is how science works. There needs to be a caring subject.”

“What is the source?”

“You need to make this work?”

“Faith will not complete the efforts.”

“Who else is working at this?”

“Where can I go to forget this?”

“Faith was supposed to offer the basis.”

“I wish that was me.”

“That could be you. You need to believe in the fundamental tenets of faith.”

“I am not about this magic thing.”

“You need it!”
