

**ATTENTION**

“So, Mr. Smith, we meet again.”  
 “That is my cue.”  
 “Smith?”  
 “No.”  
 “Is this a work force?”  
 “You are going to have to ask. You are going to have to make something happen.”  
 “Will it?”  
 “That will be just enough.”  
 “We will continue.”  
 “Continue.”  
 “There is no alternative.”  
 “Some other shit is coming.”  
 “Be prepared.”  
 “I will clean up.”  
 “Do you want more?”  
 “You need to see this.”  
 “I am looking. It does nothing.”  
 “There are different levels of hell.”  
 “How does that work?”  
 “You do not even know what questions to ask.”  
 “There is only one thing that matters to me.”  
 “That machine needs to keep counting.”  
 “What did I miss?”  
 “The love.”  
 “The time.”  
 “Everything is for the now.”  
 “And this work.”  
 “For what it is worth.”  
 “I do not get enough.”  
 “In a better world.”  
 “Buy this.”  
 “This is genius.”  
 “This will prove something for you.”  
 “What about the purchase?”  
 “It will go through.”  
 “This is a birthday drink.”  
 “What do you mean?”  
 “I have not understanding.”  
 “I am trying to be too nice to everyone.”  
 “You need to give more of yourself if you want to gain some kind of sanctification.”  
 “Do me a miracle.”

“I make my own rules.”  
“That does not work.”  
“I know what you are going through.”  
“It is all appropriate to the lifespan.”  
“We were breaking that identification.”  
“You believe that you have more power than you really do.”  
“Do you want to pay? This will be real money.”  
“I have a source.”  
“Who made it happen?”  
“Why does this matter?”  
“You need a source.”  
“Look.”  
“It is all your effort.”  
“What more do you want?”  
“A fair shake.”  
“A shake.”  
“And all of that is removed from the drink.”  
“What remains?”  
“Be fair.”  
“We are in one place.”  
“That is not what you think.”  
“This is about to end.”  
“The electricity was there.”  
“And the power failure followed.”  
“And that made more sense than I could imagine.”  
“And you are going to complete the cycle.”  
“That all that matters.”  
“I am much more powerful.”  
“Why did you ruin this for the rest of us?”  
“I have lived a million lives for you.”  
“Add one more.”  
“Who did the illustration?”  
“What are you trying to illustrate.”  
“What are the alternatives?”  
“Do not destroy our fun?”  
“It never happens like you hope it will.”  
“They already left.”  
“The understudy has come in.”  
“I am truly sorry that there is nothing else.”  
“That was supposed to say it all.”  
“And it did.”  
“What is in the news?”  
“My demise.”

“That is not even a possible.”  
“That is why we are working on our own.”  
“I will do all this on my own.”  
“You have no idea why I hate that.”  
“What is the destination?”  
“This is not doing anything for me.”  
“This is not doing anything for me.”  
“That is so sad.”  
“Sad.”  
“I am going to have to talk to the director.”  
“This operation has no leadership.”  
“Watch the lines of force.”  
“That was wonderful.”  
“He told me as much.”  
“As much.”  
“I cannot move.”  
“No one wants to bother.”  
“Why is that better for my vitality.”  
“This will prevent a bad future.”  
“I will take that.”  
“I will take more that.”  
“And it goes on for a long time.”  
“It cannot go on.”  
“I have cleared out two sheets of info.”  
“And that makes a difference.”  
“Who is watching?”  
“The souffle baker.”  
“That was wonderful for what it is.”  
“I do not want to get that close.”  
“We start with a biography.”  
“That could be my story.”  
“We add the related connections.”  
“The brain transplant.”  
“What else is left?”  
“There is no reason for any of this.”  
“We pretend that there is.”  
“That is beyond impossible.”  
“This is where we are headed.”  
“They are becoming afraid.”  
“Look at the actual results. Not what you are told to see.”  
“We want to educate you about the history.”  
“And your history results in this shit.”  
“You are getting it wrong.”

“It is meant to be wrong”  
“They will chase you down.”  
“And I will remember.”  
“All this stuff got zeroed out.”  
“I am looking for something more.”  
“What could that be?”  
“You tell me.”  
“There is a glimpse.”  
“A bunch of glimpses.”  
“What I am really after.”  
“And that is going to work for you.”  
“That is all that matters.”  
“A level of sweetness.”  
“Where did you end up?”  
“No one is watching me.”  
“I need to get this on paper.”  
“I need to get rid of this.”  
“It never works like that.”  
“That is how we got here.”  
“This is going to be masterful.”  
“Let me fill out the story.”  
“And what does that do for either of us.”  
“This is a clear match.”  
“This has to work somewhere.”  
“You have no idea.”  
“I do know.”  
“We are more than a team.”  
“I need to see the pictures.”  
“And we are taking order from higher up. What is any of that about?”  
“And that works.”  
“I am thinking about you all the time.”  
“What do you have for me?”  
“They could not afford the property.”  
“What about the taxes?”  
“You always have some excuse.”  
“Are you kidding?”  
“You are behind the times.”  
“Did I mess up?”  
“And that will not work.”  
“And there is no edge.”  
“I am glad that this is happening.”  
“This iwll be closer than you know.”  
“If I had any say, I will not have any say.”

“And this got it started.”  
“I am back to staring at the clock.”  
“What are you giving me that is different?”  
“Different therapy.”  
“There is going to be such a delay.”  
“We do not need you.”  
“We do not need you yet.”  
“That is perfect.”  
“That is perfect for me.”  
“What do you have for me?”  
“You tell me.”  
“What was that about?”  
“This level of closeness.”  
“And what does it mean to me? What does it mean for me?”  
“I put it all in place.”  
“Where is Ryan?”  
“She had to work a double.”  
“She may show.”  
“She has found therapy.”  
“She has found love.”  
“We are making things right.”  
“There is not right here.”  
“There is another way to say no.”  
“How many results are here?”  
“Who is collaborating?”  
“Simple explanations.”  
“There is more than that.”  
“I am more focused.”  
“If there is.”  
“Peel off bills.”  
“What else is there?”  
“Step up.”  
“Step out.”  
“Am I in the right life?”  
“You tell me.”  
“That is impossible.”  
“She is easily taken in.”  
“That is good for the both of us.”  
“There is somewhere that this makes a difference.”  
“There is nothing else.”  
“Who are we celebrating?”  
“There are other ways to see this.”  
“And you came back.”

“I was trying to sleep, and my cat was all restless.”  
“This is not my life.”  
“You are moving much further ahead.”  
“What if I showed you?”  
“Sorry.”  
“Sorry.”  
“You could have asked”  
“This is getting close.”  
“Too close to ask.”  
“I am hungry.”  
“I am cold.”  
“I am thirsty.”  
“Be nice.”  
“I am looking for some tenderness.”  
“Look good and hard.”  
“I am stopped dead in my tracks.”  
“You could have helped.”  
“I need to slow down the progress.”  
“You will have a choice.”  
“And you solve the possible.”  
“War crimes.”  
“Not in our house.”  
“Which side are you on?”  
“Not the right one.”  
“If they don’t get you, we will.”  
“That is better than perfect.”  
“That is perfect.”  
“This is built to last.”  
“I am glad that he is having so much fun.”  
“I am going to abandon everything that I have worked for.”  
“You are part of the game.”  
“The sense of balance.”  
“I need to work on myself.”  
“This is all real for you.”  
“Too real.”  
“And I am back on the line.”  
“I will tell you how you have to pay this.”  
“Pay to the accountant.”  
“This is an expense.”  
“I want to win.”  
“Down the line.”  
“Be quiet so mama can have fun.”  
“We are different levels of the same thing.”

“And that works out for you.”  
“It works for all of us.”  
“Tell me true.”  
“It is all working together.”  
“This is not worth anything.”  
“Tell me.”  
“You have zero opportunity.”  
“Power moves.”  
“I am not that good at doing this.”  
“There is still time.”  
“I AM NOT THAT GOOD AT DOING THIS.”  
“This is something very real.”  
“I will give you everything.”  
“We are all in a room together.”  
“Who is we?”  
“You, me, and the rest.”  
“Which rest?”  
“What do they know?”  
“They show up.”  
“That is not enough.”  
“That meant something.”  
“I can give you what you need.”  
“We are coming back.”  
“Back to what?”  
“Someone owes something.”  
“It will all be adjudicated.”  
“I am not part of any of this.”  
“You pay for the taxes.”  
“That is all that you pay for.”  
“I want a real accounting.”  
“You are not going to get one.”  
“You trusted these people.”  
“You trusted these people.”  
“You are making claims.”  
“What are the claims about?”  
“Do my taxes.”  
“I will not give what I cannot get back.”  
“How did that work?”  
“Make the move.”  
“You did.”  
“What are you doing?”  
“Your memoir.”  
“Is that all?”

“Your personal confession.”

“I am begging you.”

“WHAT?”

“You will make this better than last night.”

“How does that work?”

“I go back to your house.”

“This is your house too.”

“Who is paying the taxes.”

“There are laws.”

“We need clear principles.”

“I cannot see.”

“We need clearer principles.”

“You are sleeping in my bed.”

“Everything fits for tonight.”

“Here take this one.”

“This is going to be simple.”

I was asked to do a a more thorough breakdown. She wanted financial documents. She wanted biographical evidence. This was going to result in some crazy shit.

“You are too close.”

“Make the move.”

“We are not going anywhere.”

“And you are back in court.”

“What were the necessary court documents that could accelerate a settlement? I could not figure this all out on my own.”

“Have you been hired to help with the case?”

“I am not sure if there is a case.”

“I cannot do this on my own.”

“I have decided this.”

“We all have.”

“You have hidden talents.”

“I hardly realize what any of this is about.”

“What if we did?”

“You do not believe it.”

“I need way more cash.”

“I learned something.”

“And I learned something more.”

“This became something magnificent.”

“I could not successfully move like that.”

“I succeed, and I fail.”

“I need to do it all this week.”

“This could help organize the shit.”

“And we quit.”

“Who else is part of the settlement?”

“Is this a class action suit.”  
“What else is involved?”  
“I am not involved at all.”  
“Different seasons.”  
“Are we going to be able to sell?”  
“Do you have buyers?”  
“Do I think about this?”  
“If you really thought about it, it might make a difference.”  
“And you like that.”  
“I need to take it further than that.”  
“What is that about?”  
“This is curiosity.”  
“And I have nothing to do with that.”  
“I have everything to do with that.”  
“There are few options here.”  
“I am free.”  
“How? It is going to take some brain power.”  
“That is more than impossible.”  
“Tell me that you love me.”  
“What is left?”  
“This is so perfect?”  
“Do you have the contract on this place?”  
“I have no idea what you are saying.”  
“Are you trying to sell the place?”  
“There is no money in any of this.”  
“What is that about?”  
“Think about the concept.”  
“I am trying.”  
“How did I get there?”  
“This is the next level of bull shit.”  
“Keep trying.”  
“I will not be for the final reel.”  
“This is way beyond me.”  
“You need to ask.”  
“This is only about one thing.”  
“I am trying to figure it out.”  
“There is a competition.”  
“Were you looking for this?”  
“Do you want to waste your time?”  
“It might be worthy it.”  
“They are telling it like it is.”  
“That must have been difficult.”  
“What is really going on here.”

“None of this makes any difference.”

“I am back to basics.”

“I am on my way out.”

“We worked it out.”

“They gunned him down, and there was no story after that.”

“That is shit.”

“We need to make this better.”

“Dream on!”

“You need to.”
