

## THE TRIAL

The charge would require an accusation supported by extensive evidence. The evidence would go to the heart of the actions by the accused. The charge would have to be serious in nature. The intent of the individual would need to be clear. There would also need to be clear evidence that linked the individual directly to the described behaviors.

“You are dealing with individuals for whom there are no complaints. There is a belief that their actions may have contributed to the detriment of others. And these effects can be very evident, but there needs to be a clearer connection that establishes the true nature of these actions, and it should be extra clear arguments that the named individuals acted in this manner.”

“Do you really expect that there will be any kind of accountability for what happened to you? The world is not built that way. There is not enough contrary will to counter this kind of behavior. People are too seduced by the power of daring. This explains that force that individuals feel from within.”

“Can you observe bad people without being bad yourself?”

“I see myself as more of a victim. I did not reflect that monstrosity.”

“We are observing the actions of the writer. What do you know? What are you reporting on?”

“How have you contributed to this degradation?”

“What are you talking about?”

“The wet dog syndrome.”

“What is that about?”

“You fail to admit your contribution to the moral decay.”

“This is more personal.”

“This is so deep.”

“And you deal with your enemies, but the terror is still there.”

“And you oppose evil with evil.”

“This requires more than catch phrases.”

“We need to review the evidence.”

“These are cruel people, who desire to oppress others.”

“And you become that way.”

“How do things go that way?”

“We do not want a simplistic view of the world.”

“Who are the guilty?”

“What is the root?”

“That is all a little too deep for me.”

“The body is rotten.”

“You have been left too long in the rain.”

“Indeed.”

“I am tired of all this slop.”

“He is good at this.”

“Go for it.”

“Do you think that you will escape.”

“No one escapes.”  
“I knew it was you.”  
“Where will the body be interred?”  
“What is any of that about?”  
“I care.”  
“We all want to care!”  
“Resurrection method.”  
“That is where it is headed.”  
“What do I get?”  
“A bumpy ride.”  
“The disciples have taken it so much further.”  
“It is a different struggle.”  
“We need to make some major choices.”  
“What do I get?”  
“Anything that you can carry. Anything that you can eat.”  
“You are eating me out of house and home.”  
“We stop looking at the root.”  
“We no longer understand who we truly are.”  
“Are you going to find what you are after?”  
“This is building.”  
“Do you want to teach me something.”  
“I want to detail this case.”  
“There will be no case.”  
“Who are you working with?”  
“The committee.”  
“Repetition.”  
“Where are you hiding?”  
“Are we reinforcing old rituals or creating new ones?”  
“I am taking my time.”  
“They are manipulating the legal system.”  
“And we cannot stop them.”  
“Who can stop them?”  
“These are two sides of the same coin.”  
“This is where they started to print money.”  
“Explain that to me.”  
“What kind of change do you expect?”  
“Do we need to adjudicate this case?”  
“Who is next?”  
“What do you desire?”  
“I need to be everywhere at once.”  
“That kind of omnipresence is the primary form of illegality.”  
“When is the next day that we are together?”  
“There is a committee meeting.”

“We are avoiding the legal issues.”  
 “We could create a brief.”  
 “It does not go that deep for me.”  
 “I need someone to talk to. I need someone to talk to. I need someone to talk to.”  
 “That has created problems for you before.”  
 “Are you getting more realistic about my behavior?”  
 “Tell me a secret.”  
 “Will I be around to implement change? Will I be around?”  
 “There is a universal.”  
 “We work hard.”  
 “Those who think that they have better control over the machine.”  
 “Do not get caught.”  
 “Complete the show.”  
 “That is the tomorrow question.”  
 “Do we need to know?”  
 “We have technologies.”  
 “I am the only technology worth knowing.”  
 “That seems shocking.”  
 “If we were doing this on our own, would we come to a solution.”  
 “I don’t want to spend that long thinking about it.”  
 “This is early for you.”  
 “Is it worth it?”  
 “I take what I need. I take what I get.”  
 “Work should never be like that.”  
 “We are not willing to look at the case with the care that it demands.”  
 “What would the motivation be?”  
 “Did you drop money?”  
 “This is a dream.”  
 “What is the exchange rate.”  
 “What kind of energy do you have?”  
 “That is fantastic.”  
 “If only we could organize this energy.”  
 “And you fade?”  
 “What causes that fatigue?”  
 “Training.”  
 “I am weak.”  
 “You need to be stronger.”  
 “Do you go along?”  
 “You wanted to have a higher level of satisfaction. How much were you willing to compromise your principles?”  
 “What can you really do for me?”  
 “I could get involved.”  
 “This is a legal issue.”

“Do you understand the ramifications?”  
 “I do not want to destroy it for you.”  
 “If you are successful with the case, that many not change the social circumstances in any way.”  
 “What do you want from me?”  
 “I can tell you what this really means.”  
 “In very simple terms, he knows what he is after. And he is able to promise thing.”  
 “And what is the result?”  
 “This is a question of his temperament.”  
 “Why is this potentially a legal issue?”  
 “You better be nice.”  
 “We are not collectively responsible.”  
 “We need to deal with these issues in a collective manner.”  
 “We will solve this.”  
 “We will rescue ourselves.”  
 “We both want the same thing.”  
 “A different form of currency.”  
 “I can feel it inside.”  
 “You read this completely different than I do.”  
 “Where does this end up?”  
 “At home.”  
 “That could be me.”  
 “Look at the case. What was it really about?”  
 “We have gone to a bad place.”  
 “Total distraction.”  
 “I need to be safe.”  
 “This is not going to the bad boy.”  
 “What are you saying?”  
 “What should I want here?”  
 “You are the only person who sang along with me.”  
 “What does the investigating officer desire?”  
 “Honestly, is there a legal case here?”  
 “If there isn’t, does that mean that you will go along with the behavior.”  
 “Are we going to make it back?”  
 “We need to work on this.”  
 “I will jam on the piano.”  
 “I am not going to end up here.”  
 “You are already dead to me.”  
 “Back to the farm.”  
 “The chicken or the egg.”  
 “This guy raided the chicken coop.”  
 “That do they do with him?”  
 “This is too much to deal with.”

“There are games.”  
“There are winners.”  
“There is betting.”  
“What will we need to start?”  
“I DO NOT KNOW WHERE TO START.”  
“You may be named a co-defendant.”  
“I do not know where there is a crime.”  
“What is the alternative?”  
“You need to be more assertive.”  
“Who is on the same page?”  
“What is on the same page?”  
“We are all going back to the same place.”  
“Cops and criminals.”  
“Where do you stand?”  
“We need to do a better analysis of the legal system.”  
“I am not going to break the law.”  
“What do you in there?”  
“All the glasses that I have stolen from the bar.”  
“Will this end up as a case?”  
“Who do we accuse?”  
“What is the basis for the accusation?”  
“This is not collective guilt.”  
“This is shocking.”  
“Who else is an accomplice?”  
“What are you willing to do to get what you want?”  
“I will work.”  
“I will work hard.”  
“Will you cheat?”  
“What is that about?”  
“I have already lived a lifetime in a few minutes.”  
“And I am embracing that.”  
“I want to know and understand.”  
“Do you know what damage is?”  
“How did he touch me?”  
“What did he want?”  
“What does anyone want?”  
“What would you do?”  
“You need to hope that the world will forget.”  
“These are different risks.”  
“You should not do things that are going to jeopardize your future.”  
“What is my responsibility?”  
“This was a great beginning.”  
“I do not want to ask for more.”

“What do I do as I wait?”  
“I start making silly mistakes.”  
“And that is an excuse.”  
“What kind of life is that?”  
“This is all contrived.”  
“I will will tell you the reason.”  
“This is a kind of relationship to time on.”  
“I am not going to lose my way.”  
“I am still afraid.”  
“We can love you.”  
“Why should I believe that?”  
“I saw it.”  
“I confronted time in its immediacy. This is my future.”  
“Can you separate yourself from the legal ramifications?”  
“I make so many mistakes.”  
“Where do I go?”  
“I need to be very smart.”  
“What is that really about?”  
“You tell me.”  
“Who are you paying?”  
“I am giving everything to the committee for justice.”  
“What is that about?”  
“How will they distribute resources?”  
“We are on top.”  
“Where is this going?”  
“Who else is involved?”  
“You lied to the world.”  
“Jump on board.”  
“We are working on this together.”  
“There is not enough time.”  
“Can I go on forever?”  
“No, you cannot.”  
“You need to arrive earlier.”  
“There is some crazy stuff in this dossier.”  
“You put your hand in the mouth of a lion.”  
“Nothing is as it seems.”  
“That is not going to work for me.”  
“How will I know?”  
“What is your connection to the suffering?”  
“He exploited that.”  
“How does that become a legal issue?”  
“I have a week to think about it.”  
“I have only one thing to think about.”

“It is gone quickly.”  
 “I need some of that.”  
 “That is more than tasty.”  
 “I do this to make.”  
 “I do this to unmake.”  
 “This is going to require a great deal from you.”  
 “I need a payoff.”  
 “Which side of drunk are you on?”  
 “What does that have to do with the case?”  
 “You are going to claim diminished responsibility. But you remembered enough to keep  
 on with this behavior. You cannot claim immunity.”  
 “I need to make the move now.”  
 “I am in the midst of some crazy shit.”  
 “Look at the transcript.”  
 “This was part of his aggressive nature.”  
 “He enhanced this side of his character.”  
 “There is a lot more happening.”  
 “Where are we headed?”  
 “There is an empty chair.”  
 “I indulged too much.”  
 “I do not want to go the same place.”  
 “I can only do this forso long.”  
 “I should stop here.”  
 “STOP!”  
 “I have seen things that truly freak me out.”  
 “Do not let that bother you.”  
 “I will start with this.”  
 “I need to develop a work flow.”  
 “Does this lead to a conviction?”  
 “What kind of perrson are you?”  
 “I do not know.”  
 “Do I need to join a movment?”  
 “Just say what you are about.”  
 “I do not think that this is a matter for prosecution.”  
 “Why?”  
 “What did I contribute?”  
 “What did I want.”  
 “Be nice.”  
 “BOOM!”  
 “I did not want to end up here.”  
 “I see it.”  
 “I want another flavor.”  
 “You are very devoted.”

“That did everything for me.”

“That is truth.”

“And I don’t take chances.”

“What else is there?”

“You assume that there is a lot more to it.”

“You should know. You have been there.”

“This becomes very complex.”

“And this is not what I need.”

“What is the design?”

“This was not design. This was not an art piece. This was shit.”

“Could you change your point of view?”

“I don’t slow down.”

“Slow down!”

“What do I really love?”

“There are two critical moments that are related to a stronger awareness of the self.”

“What does this have to do with the case?”

“There may not be case.”

“We do not have a sense personal awareness without a stronger awareness of the facts.”

“All this combined into one kind of understanding.”

“I can only do one thing.”

“Others will do it.”

“Pay the cash.”

“That is a total waste of time.”

“That would only work if you were already there.”

“What is the sequence?”

“I wake up.”

“I get some shit done.”

“I wake up”

“I am an active participant.”

“I am not going to work that hard.”

“I cried.”

“It was not worth it.”

“Please, do not like this.”

“Stare me in the eye.”

“Love me for what I am.”

“I am what I love.”

“The transcript seemed to point to that understanding.”

“They are fierce.”

“And we feel hopeless.”

“THERE IS STILL A BELIEF THAT OUR KNOWLEDGE WILL LEAD TO A LASTING CHANGE. INFORMATION HAS AN INHERENT MOMENTUM THAT LEADS TOWARD SOCIAL TRANSFORMATION.”

“What do these cats want?”

“Cat food.”  
“Fancy Feast.”  
“That is not enough to explain what is at stake.”  
“I am so done.”  
“I am so done.”  
“I will not leave the house.”  
“You need to review this with the legal team.”  
“What kind of legality is this?”  
“I am crashing down.”  
“DOWN.”  
“I need to see someone.”  
“I have lost too much.”  
“You will improve.”  
“You will be loved.”  
“You will pose.”:  
“You will dance.”  
“We will move together.”  
“And I get involved.”  
“I get involved in my life.”  
“What is this really about.”  
“I do not like the selection.”  
“I am not trading down. We are on the verge.”  
“A special kind of caring.”  
“I can inspire.”  
“Call me as soon as you can.”  
“Is this a movment.”  
“There are others.”  
“Where are we.”  
“We are looking for lasting explanations.”  
“I push to the edge of my abilities.”  
“Is this all that you want?”  
“Shit. I got caught again.”  
“That does not work here.”  
“There are rules.”  
“These rules do not apply.”  
“Would you describe that as principles?”  
“I never want that to happen to me.”  
“It did happen.”  
“You added to the mix.”  
“I need some one thing.”  
“Is that a savior?”  
“What does that mean?”  
“That will not result is any kind of redemption.”

“I am afraid.”  
“Why does that contribute to any kind of understanding?”  
“There is not much in this file.”  
“I believe that they are taking things out.”  
“That is how we hold together.”  
“I am going to use some glue.”  
“That holds together.”  
“You cannot blame me.”  
“You put yourself in a bad situation.”  
“It was not me.”  
“I have been in that same place again and again.”  
“There is a cause.”  
“And the voice.”  
“Why do you see yourself as immune.”  
“He could be the guy?”  
“What else is involved?”  
“Submission.”  
“Is this a whim or a principle?”  
“We need to develop the legal philosophy.”  
“Every step does not need to be perfect.”  
“I am looking up to you.”  
“What crashed down?”  
“The ability to read.”  
“And that is what you are protecting.”  
“Secret room shit.”  
“You are too comfortable.”  
“I need to be precise.”  
“I am playing around with silliness.”  
“Have another helping.”  
“He is in charge.”  
“There is something else that I am looking for.”  
“Where did you get caught up?”  
“I found some of the documents that they tried to get rid of.”  
“Does that increase his culpability?”  
“Everyone will deny.”  
“We will have to return to this.”  
“You are putting this together. What kind of responsibility do you bear?”  
“That will be everything for me.”  
“Put me in the back of the vehicle, and give me some definition.”  
“I only want you to do the numbers.”  
“They are giving you maximum protection.”  
“Plausible deniability.”  
“There is a game that we all play.”

“There is a game that we all play.”  
“This is so wrong.”  
“There is a rift.”  
“What is that about?”  
“This cannot continue forever.”  
“Three choices.”  
“Slow it down.”  
“The family story.”  
“The family food.”  
“I see a mark on the skin.”  
“The alien ships are here.”  
“Why do they see?”  
“Some crazy shit.”  
“Worse than that.”  
“What is that about?”  
“I was not looking for an easy answer.”  
“You compromise on this shit.”  
“You want to have fun.”  
“Or you do not leave the house.”  
“Be careful.”

“We do not have to pretend.”  
“The dossier asks for a little more.”  
“Where is this headed?”  
“Why does that turn you on?”  
“There are two ways of seeing this.”
