

**WASTE DISPOSAL**

“How do I cash this?”  
“This has taken a long while.”  
“What is the alternative?”  
“I will be back.”  
“I am back.”  
“I am here.”  
“There is one other alternative.”  
“This could take days.”  
“Who can do this for me?”  
“Who can do this for me.”  
“I do not want to open an account.”  
“We cannot do anything about this.”  
“That still does not work.”  
“What does work?”  
“Who works?”  
“I will not be back of a while.”  
“How can they make anything happen?”  
“This was blast.”  
“Does that do it for you?”  
“I am hurt.”  
“This makes no sense.”  
“It never does.”  
“He is not in control.”  
“He is the control.”  
“What else is left?”  
“Historical documentation.”  
“What is historical falsification?”  
“That is a good question.”  
“The bad people all become the good people.”  
“They are killing us from both sides.”  
“That is all that matters.”  
“Find the killer.”  
“He stopped himself.”  
“That is all so evil.”  
“I do not understand.”  
“Be honest with me.”  
“I hardly care anymore.”  
“There was a time that caring was everything.”  
“What flavor oxygen is this?”  
“Passion fruit.”  
“I am inside.”

“Look to see what you can steal.”  
“You assume so much.”  
“What is my personal responsibility?”  
“You will understand as the night rolls in.”  
“This is about so much more than our personal accountability.”  
“What else is there?”  
“You clean it all up after the fact.”  
“You get others to take care of it for you.”  
“There were alternatives.”  
“This is what I really want.”  
“Are you truly wanted?”  
“That is a freak show?”  
“I clean up, and I start again.”  
“There are options.”  
“We have question about our moral lapses.”  
“I am not thinking about it.”  
“This is all that I think about.”  
“That is more than I can think about.”  
“You will be rewarded.”  
“And they tell me that.”  
“I cannot bother.”  
“This is a lot more than that.”  
“And this upset me.”  
“How did that happen?”  
“Who is interfering.”  
“I was there before.”  
“I am there.”  
“We make apologies.”  
“But that is never enough.”  
“I should have given you more.”  
“And there is an entity that rewards us all.”  
“We have taken steps.”  
“These are different kinds of beings.”  
“That is enough to destroy me.”  
“This is a different night.”  
“And less pressure.”  
“And we get someone to talk.”  
“That is still not enough.”  
“What would enough be?”  
“How can we change things?”  
“We can have better control over our present.”  
“Our past.”  
“The days are winding down.”

“Is that some kind of vigilante justice?”  
“She won’t be able to handle this.”  
“That does not amount for much of anything.”  
“Hold your breath, and wait for the next pahse.”  
“You are ruining my vantage point.”  
“Obviously, you did not plan.”  
“This is a different kind of table setting.”  
“What else do you think about?”  
“No one is going any deeper.”  
“And you put this dossier together.”  
“No one cares. The same thing happens again and again.”  
“This is way too much togetherness.”  
“I want the world to love me.”  
“I want the world to love me.”  
“Get this right.”  
“I like this. But I do not like it anymore.”  
“This is a big bad world.”  
“So bad.”  
“What else do I need to take?”  
“Time.”  
“Clear it out.”  
“This is a connection that is supposed to last. Even the beliefs are overdetermined.”  
“You can walk out.”  
“I am gone before I have arrived.”  
“And that is a whole reel.”  
“What else happens?”  
“You tell me.”  
“I want to watch.”  
“What is there to see?”  
“I need a way to take care of this.”  
“Santa tried.”  
“A lot of people tried.”  
“That is your embarrassment. You are never good at handling financial mattters.”  
“I feel boxed in.”  
“It was not supposed to be like this.”  
“No one will ever understand.”  
“Even those who understand have no inkling.”  
“And you think that you are different?”  
“We want to ask you something short and sweet.”  
“Do you know?”  
“That seems to ruin everything.”  
“I have simple needs.”  
“We need a better understanding of the legal system.”

“These are social issues.’  
“We trusted you.”  
“Or we did not trust you.’  
“Are you thoroughly bored now/”  
“Why should I allow that to happen?”  
“Did you change?”  
“They changed me back.”  
“How will you ever understand eloquence.”  
“I was there before.’  
“Who do we trust?”  
“From one day to the next, nothing will change.”  
“And we pretend.”  
“Look charming.”  
“They do not give me much credit in my life.”  
“This is only facet of your life.’  
“What is that?”  
“Too much to explain.”  
“We have gone back to being ourselves.”  
“There will be no kind of social change.”  
“I want to get fucked up.”  
“Diminished capacity.”  
“This is better than that.”  
“I can tell you where I want to be.”  
“I can’t keep track.”  
“I need to go back home.”  
“Someone stole the dossier.”  
“Everyone got free.”  
“I do not plan this.”  
“What do you want to see?”  
“What is that about?”  
“All too human.”  
“Are you sweating?”  
“I am looking for a change.”  
“I am turned on.”  
“Out of here.”  
“Were criminal charges ever possible?”  
“Then it is all going dissolve.”  
“And you have worked on this.”  
“I have worked on this.’:  
“That would be perfect for me.”  
“You need to think about this.”  
“And I do.”  
“This is perfection.”

“I will combine the elements.”  
 “This would be a good time to leave.”  
 “What are you going to do when you get home?”  
 “Work on the business.”  
 “There are different possibilities.”  
 “That cannot be remedied.”  
 “This is not a physical connection.”  
 “Do not try to compliment me.”  
 “What is the objection?”  
 “We were on the verge of a clear understanding. Now, I deal with this shit.”  
 “You are too involved in not being involved.”  
 “I am holding on.”  
 “And that can be totally meaningful for you.”  
 “WHO IS TALKING?”  
 “WHO IS PAYING?”  
 “You need to understand the economics.”  
 “What are you doing?”  
 “Letting the inebriated lead the blind.”  
 “That could end up being the same thing.”  
 “There are no skills.”  
 “It is always so much the same.”  
 “And you are heading deeper.”  
 “I really am.”  
 “A disciple.”  
 “This is all about legal ramifications.”  
 “And total devotion.”  
 “I am not very far along.”  
 “Give me the cash.”  
 “I WANT YOU TO BELIEVE IN ME.”  
 “Or do not believe in me.”  
 “There is a coherent narrative.”  
 “Than buries my head in the same shit over and over again. You need to escape.”  
 “That is only little of what I need.”  
 “Is there one master narrative? Or a bunch of really shitty stories? All this disappointment.”  
 “That works.”  
 “That will never work again.”  
 “I do not want that stuff.”  
 “That is amazing.”  
 “The little fish.”  
 “I am thinking about it.”  
 “What does that mean?”  
 “What do you do with your time?”

“I watch television.”  
 “So you want me to watch you watching television.”  
 “I can make you feel good some of the time.”  
 “That does nothing for me.”  
 “You are too far along.”  
 “Do you have something to prove?”  
 “That is the point. No one here has anything to prove. There is no proving. I wish that there was a reason.”  
 “Where there is a will, there is a way.”  
 “We agreed to this on the first day of class.”  
 “Where did it go from there?”  
 “To the dinner table.”  
 “No arguments about the entree.”  
 “We are more than friends.”  
 “I can give you everything that you love.”  
 “This is a movement.”  
 “You keep saying that.”  
 “I hope that you did not do something terrible.”  
 “I am on my best behavior.”  
 “Revenge goes nowhere.”  
 “You ruined my night.”  
 “I can only give so much of my heart until my heart runs out.”  
 “You need a boost.”  
 “That stuff can cause a heart attack.”  
 “You are not at the center.”  
 “That was where I got started.”  
 “What did you drop?”  
 “Fuck it. I will give the farm to you.”  
 “The farm is not yours.”  
 “We will do a survey.”  
 “And what will it show.”  
 “This was going to be love.”  
 “Does anyone like that?”  
 “No one.”  
 “Everyone.”  
 “It is easy to transform consciousness.”  
 “That could be illegal.”  
 “What does that ever mean?”  
 “Tell them all to go back home.”  
 “There are three trajectories.”  
 “You are hanging on.”  
 “I am going to need to talk to you.”  
 “And you think that I am listening to you through all this.”

“I am trying to keep track.”  
“Why is the world like this?”  
“You tell me.”  
“I am going to wait.”  
“You have pointed him towards a greater understanding.”  
“And that worked for you.”  
“It was a little something.”  
“A few bad days.”  
“And a constant interference.”  
“No one knows or cares.”  
“It ends here.”  
“Interrupt me.”  
“I have choices.”  
“Sure, you do.”  
“I didn’t think that everything would disappear so quickly.”  
“We are going to work to make all the pieces fit.”  
“Those claims have ended.”  
“Someone said that we would be talking about diamonds.”  
“That is coming.”  
“This is worse than I could imagine.”  
“Imagine.”  
“They want be rid of me.”  
“Do not let that affect you.”  
“What is the next performance?”  
“I am being called.”  
“That is total belief.”  
“There is a ritual.”  
“That strange basement shit.”  
“Do not leave until we have had a chance to talk.”  
“That does not matter.”  
“That only matters.”  
“The world will be watching.”  
“I can taste the blood.”  
“You are giving me back my past on jet fuel.”  
“What do they call that?”  
“This could be your story?”  
“What are the origins.”  
“A bad family.”  
“I wish that I had a different place to start.”  
“Hang on.”  
“Hold with.”  
“That was not good.”  
“Are you following me?”

“You need to go.”  
“You know that I saw the dossier.”  
“What did you see?”  
“She is not here waiting for me.”  
“I thought bad about something that was so good.”:  
“You are the interference.”  
“Repeat the challenge.”  
“Don’t I wish.”  
“I do wish.”  
“That was easy for me.”  
“Let us admit that it has all crashed down.”  
“That has a bad effect.”  
“Are you kidding?”  
“There are all these things that you cannot figure out by looking.”  
“I have seen a lot.”  
“What is that about?”  
“I see the grid. I have the means.”  
“How many people can fit in that chair?”  
“I want to explain.”  
“There is one place that we can explain it all.”  
“She is gone.”  
“Stay tuned.”  
“I do not want to lose the trail.”  
“That is hideous.”  
“We see the future so differently.”  
“I am already the past.”  
“Do not ruin it for me.”  
“I will not.”  
“I will not rise above this. I cannot rise above this.”  
“I live in this.”  
“This is the explanation.”  
“You are going to tell me that people enjoy their oppression.”  
“I think that there are people who identify with oppression.”  
“And that does something for you?”  
“It reminds me of everything that I need to do.”  
“It reminds me of everything that you cannot do.”  
“It reminds me of everything that I cannot do.”  
“I took a hit.”  
“Are you kidding?”  
“I can tell.”  
“I can tell all too well.”  
“I am not making the world worse.”  
“There is a lot of energy to throw off these influences.”

“I needed to open my eyes.”  
“She will take over the story.”  
“That is her hope.”  
“What does she know that no one else knows.”  
“They dynasty.”  
“The fear of being myself.”  
“In this world, it makes a difference.”  
“Nothing gets done.”  
“I opened it up as the best as I could.”  
“I am going to need to apply myself.”  
“Go ahead.”  
“I do not want to interfere.”  
“Where did you go?”  
“Somewhere that I will be loved.”  
“It does not take much.”  
“How can I hold the world together.”  
“And you allow that.”  
“I continue to exaggerate.”  
“This is only near the beginning.”  
“What are they talking about?”  
“Bad shit.”  
“Are you willing to own it?”  
“If I own it, there is not much else for my life.”  
“How is that?”  
“The Christmas ornaments that get pumped up to reflect the truth.”  
“And you just found that out.”  
“Can I put in an application?”  
“He is guiding me through this.”  
“And he loves that.”  
“I love that?”  
“Turn it on.”  
“The beginning of a confession.”  
“He will not admit that he fucked up anyone.”  
“Live, and let live.”  
“The dossier was not about me.”  
“It could have been.”  
“Why are we losing the trail?”  
“Do not quit on me.”  
“We start too early.”  
“I take it all and more.”  
“But we did see it.”  
“It is performance art.”  
“I know you.”

“Do not try to dress me down.”  
“What is that about?”  
“These people get too close, and there is all this seismic activity.”  
“You touched me.”  
“The denial begins.”  
“He probably could use some legal advice.”  
“No one has a voice.”  
“Once you lose your support, no one is holding you up.”  
“And that works?”  
“Does that work?”  
“None of that matters, or none of that could matter.”  
“He is so funny.”  
“He is so pumped up.”  
“And there is so much invested.”  
“We are losing the trail.”  
“Who were we following around?”  
“We are powered.”  
“And this is good.”  
“This could be so much better.”  
“I need to complete the drill.”  
“Everyone has taken the drill.”  
“That could be the basis of a legal argument.”  
“I have two goals, and one explanation.”  
“Leave now.”  
“This could be a future.”  
“He is always in the middle.”  
“And you give each other a cause.”  
“That is how we live.”  
“Are you kidding?”  
“Take that.”  
“I do not want to try.”  
“I need a trainer.”  
“More than that.”  
“She tried to draw blood.”  
“Was it good blood?”  
“I like the smile.”  
“I nurtured this.”  
“Why am I not taking it any further?”  
“Too many clowns.”  
“Does the joke match the body?”  
“Let me be!”  
“Who is protecting you?”  
“Where should I end up?”

“What do you want to tell the world.”  
“There is so much property moved here.”  
“What is this? A secret real estate market?”  
“That would be a sufficient explanation.”  
“But it is not.”  
“I will accept.”  
“We all accept.”  
“Don’t you want more than that?”  
“I asked for it.”  
“I want to be sure.”  
“You cannot be sure. Especially if you are working from a disadvantage.”  
“I am getting so much less.”  
“And what is left.”  
“I have a lot of words.”  
“And they only mess with people.”  
“This could be the basis for a criminal charge.”  
“Who is going to speak against me?”  
“What is the statute?”  
“You tell me.”  
“I am doing my best to tell the world.”  
“I want to know.”  
“There is nothing to know.”
